TO FARMERS AND PLANTERS.
Dissolved Reduced Poudrette, of the "Lodi Manufacturing Co." for sale in lots to suit customers. This article is sold for half the price of the other fertilizers, and is cheaper for Cotton, Corn, Tobacco and Vegetables than any other in the market. It is made entirely from the night-soil, offal, &c., of N. Y. city. Price, delivered on board in New York city, twenty-five dollars per ton. I ask attention to the following testimonials:
J. A. J. Askew, of Colerain, N. C., in a letter dated Sept 16th, 1870 says: "I let several planters have some of the 'Double Refined Poudrette.' One says he wants five tons next season to put under corn. I used four tons on corn, and although the season was unfavorable it astonished every one who saw it. I think it the best fertilizer for corn I ever saw."
Daniel Mallory, of New Brunswick, N. J., under date of August 11, 1870, says: "Upon the recommendation of Prof. Cook, of the New Jersey State Agricultural College, who analyzed the Lodi Co's Double Refined Poudrette, I used it very extensively two years ago. This year I used, in connection with a neighbor (N. E. Dudley,) about 60,000 worth of Double Refined Poudrette. I can cheerfully recommend this to be, as I believe, a cheap and valuable concentrated fertilizer."
