RALEIGH COTTON MARKET.—Reported for the SENTINEL by Lynn Adams, Cotton Factor, Grocer, &c., Market Square.

RALEIGH, April 29, 1872.

Receipts to-day 30 bales; price firm at 21 1-4 cents.

Gen. Wade Hampton, of South Carolina, delivers the Memorial Address in this city on the 10th prox.

Two mules were taken up yesterday morning by Policeman Hunter, running at large on the street, and lodged in Dunn's Livery Stable to be claimed by the owner.

Yesterday morning Policeman Doyle reported Chas. Bryant, col., at police headquarters for stealing a plow from Geo. Griffis. Warrant issued.

Joseph Price, a lad of 17 years of age, son of the late Alfred Price, accidently fell from a boat at Wilmington on Friday evening and was drowned. At last accounts the body had not been recovered.

Theo. N. Ramsay, Esq., Editor of the *Banner of Temperance*, has just returned from a short trip to the eastern portion of the state with an addition of some hundred names to the subscription list of his excellent paper.

OIL STAINS IN MARBLE.—Stains in marble caused by oil can be removed by applying common clay saturated with benzine. If the grease has remained long enough, it will have become acidulated, and may injure the polish, but the stain will be removed.

Two colored waiters at the National Hotel in Wilmington, named John Kittrell and Frank Roe, became involved in a quarrel, on Saturday morning, which resulted in the former stabbing and killing the latter. The knife entered the deceased under the left collar bone (the clavicle) extending several inches into the chest and severing the subclavian, causing death to ensue in a few minutes. Kittrell had a preliminary examination and was committed for trial.

The New Orleans *Picayune* concludes a very flattering notice of Miss Alexander, a young debutante, on the boards of that city, as follows: "The fair subject of this paragraph belongs to one of the oldest and most respectable families of North Carolina, and is closely allied and related to some of the best people of that State. In her noble effort to make her own way in this world she richly deserves the sympathy and hearty support of her Southern countrymen. Although alone, unheralded, and comparatively a novice on the stage, her modest personal worth and marked histrionic ability have already gained her warm and influential friends here, on and off the stage. As an actress, Miss Alexander has not her superior among any of those in the various stock companies of our different theatres; and as she is a hard student, is talented and ambitious, we do not hesitate to predict for her both fame and fortune."

HON. S. H. ROGERS.—A dispatch from Washington yesterday states that the disabilities of Hon. S. H. Rogers have been removed by the *House*. We rather think they have been *entirely* removed.

Samuel Hawkins, charged with beating his wife, was arraigned before His Honor on yesterday. Samuel was discharged from custody as it was proven that he had only slapped her after having been much provoked.

CONCERT AND EXHIBITION.—The pupils of St. Augustine Normal School (col.) will give a concert and exhibition at Metropolitan Hall this evening at 8 o'clock. The programme is a well selected one.

An extra train will be run on the Raleigh & Gaston Railroad on the night of the 8th of May to enable delegates to the Southern Baptist Convention coming on the Petersburg & Weldon Railroad to reach this city early next morning, the day of the meeting of the Convention.

UNMAILABLE LETTERS.—The following letters are held in the postoffice of this city for lack of proper postage:

C. C. Sewers, Charlotte, N. C.; Mrs. V. H. Cates, Durham, N. C.; Mrs. Judy Pogue, Yorkville, S. C.; Mrs. F. F. Rice, Rochester, Monroe county, N. Y.

MAKING VOTES.—On Saturday Tod. R. Caldwell, our accidental Governor, pardoned out of the Penitentiary John Hairston, col., Phillip Hairston, col., and Buck Hairston, col., all from Davie county. They were sentenced for a term of three years each for larceny.

A RARE CHANCE—FOR SALE!—The valuable property next door above the State National Bank will be sold on Saturday the 4th of May, at 12 o'clock, if not sooner disposed of. The lot extends from Fayetteville street to Wilmington street. Building (new) two stories and 120 feet deep. Terms easy. For further particulars apply to PHIL. THIEM.

GOV. HOLDEN and family are expected home in a day or two. It is understood to be the Governor's intention to resume the editorial harness, and it is more than likely that his *friends!* will hear from him. He is vindictive and not apt to forget the slights and snubs he and his have been subjected to since the close of the impeachment trial. He comes with the endorsement of the Grant administration, and the small-fry faction of the party in this state had better get from under. The dry bones already begin to rattle.

THE A. M. E. CHURCH SABBATH SCHOOL EXHIBITION, on 23d inst., in the Metropolitan Hall was a pleasant entertainment. Every one present was delighted; it was a complete success. The dialogues, declamations and recitations were good; the songs of the Aolian Glee Club and select singers were excellent. At the request of many citizens, white and colored, the exhibition will be repeated to-morrow (Wednesday night) the 1st of May. An important addition will be made—the crowning of Queen of May. The stage will be ornamented and decorated with flowers, &c., &c. For particulars see handbills.

BIBLE MASS MEETING.—The Bible mass meeting held at the Baptist church on Sunday afternoon, under the auspices of the Wake county Bible Society, was largely attended.

At the hour appointed, T. H. Selby, Esq., President of the Society, called the meeting to order. The Rev. Dr. Pritchard conducted the devotional exercises.

The Rev. P. A. Strobel, Bible Agent for the state, was introduced by the President, and delivered an address, in which he gave a brief but succinct statement of the character and design of the American Bible Society. He showed that it is free from all political entanglements and is catholic and national in its spirit and its purposes. He also gave a brief statement of his labors in the eastern counties of the state.

Hon. D. M. Barringer, in a speech of admirable taste, endorsed the views of the state agent, and urged the duty of circulating the Bible as the very best means of advancing the material and religious interests of the people. He alluded the wonderful manner in which God, by his providence, had provided for the spread of the gospel and the conversion of the world through the agency of Alexander the Great, who, in his triumphal march over the world, had carried the language of Greece amongst the nations, and when the Apostles commenced the propagation of the gospel, these people every where speaking the language of Greece were made ready to embrace christianity. So, too, the providence of God was bringing the Japanese to this country and as they learned the English language, they would carry back to Japan our civilization and with it our Bible. Thus is God opening the way everywhere for the great work of the Bible Society.

Rev. Dr. Atkinson, pastor of the Presbyterian church, in a short but very spirited address, endorsed all the views of the previous speakers. He spoke, too, in very flattering terms of the intelligent zeal and success with which the State agent was prosecuting his labors, and regarded his appointment as a felicitous one. He was ready to co-operate heartily in the work of supplying all our people with the word of God.

Rev. Dr. Pritchard, pastor of the Baptist church, could very cordially endorse what the State agent had said, especially in relation to the unsectional and patriotic character of the American Bible Society. During the late war, he had obtained a grant of 75,000 Bibles and Testaments for the use of the Confederate army, and during the great revival amongst the Southern army in 1863, the soldiers could every where be seen sitting around their camp fires, reading the Bibles and Testaments which had been donated by the American Bible Society.

This meeting left a very favorable impression and it is confidently believed that the noble cause in our county, and it is to be hoped throughout our State, is about to enter upon a career of great usefulness and prosperity.

Messrs. Williams & Haywood have our thanks for a bundle of fine cigars with which they on Saturday last presented us. Those of the "plantation" brand are indeed excellent, and we recommend them to all those who are in the habit of smoking. They are neither too strong nor mild and have a most delicious flour. Try them.

WAKE COUNTY DEMOCRATIC-CONSERVATIVE CONVENTION.—The democrats and conservatives of Wake county will assemble in convention at the court house in this city, on Saturday May 18th, for the purpose of nominating candidates for the various county offices to be filled in the approaching election in August next, and to thoroughly organize the party in the county for the coming election. Townships are requested to hold meetings and appoint delegates.

REGISTRATION IMBROGLIO.—On Friday Deputy U. S. Marshals Miller and Clarke presented themselves at the Mayor's office and demanded that they be allowed to register. They were informed that the books were closed, as the law governing municipal elections required. They declared that the books should be kept open on Friday and employed counsel to argue the matter. Yesterday afternoon the case was argued in their behalf by Messrs. R. H. Battle, Jr., and J. B. Batchelor. The registrars, however, refused to re-open the books as they believed they had complied with the requirements of the law.

THE BIBLE AGENT AMONGST THE FREEDMEN.—The Rev. P. A. Strobel preached to a very large congregation of freedmen on Sunday evening at the Baptist church, which is under the pastoral charge of the Rev. Mr. Tupper. At the close of the services a number of the students, who are connected with the colored Baptist Theological Seminary, applied to the agent for supplies of Bibles and Testaments for the sabbath schools which they are superintending, and expressed their readiness to assist in the work of making a canvass amongst the freedmen and supplying the destitute with the Bible.

At a recent trial the counsel for the prosecution, after severely cross examining a witness, suddenly put on a look of severity, and exclaimed:

"That's what I mean."

"Now, sir, was not an effort made to induce you to tell a different story?"

"A different story from what I have told, do you mean?"

"Yes, sir; several persons have tried to get me to tell a different story from what I have told, but they couldn't."

"Now, sir, upon your oath, I wish to know who those persons are."

"Well, you've tried about as hard as any of them."

He was questioned no further on that point.

A MELANCHOLY BREAK DOWN.—There are lively break downs that make an audience laugh, and there are sad and sorrowful breakdowns that make the kind hearted grieve. To the latter class belongs the enervation of body and mind which is usually called "general debility," or "nervous weakness" and which, when neglected, too often terminates in atrophy and death. A wholesome medicated stimulant is the one thing needed in cases of this description, and science and experience unite in pointing to PLANTATION BITTERS as the true specific. The fact that it combines the properties of an invigorant with those of a regulator and alterative, in exactly the proportions necessary to produce a radical change in the tone of the system, and the action of the digestive and secretive organs, is an unanswerable argument in its favor as a general restorative.

"G. M. D."—Don't stand aghast with awe and fear, eyes wide open hair on end and fingers tightly clinched with the idea that these mysterious symbols are cabalistic signs and tokens of some secret organization of masked demons, who carry terror and dismay with their midnight prowlings and disappear on the dawn of morning. Lo! They are only the initials of Dr. Pierce's Golden Medical Discovery, that pleasant medicine which has acquired a National reputation and proven so efficacious in Coughs, Colds, Bronchitis, Consumption and kindred diseases. For these complaints it has no equal. Sold by all druggists.

INFECTION IN THE AIR.—At this season the vegetable world takes a new lease of life; but to the sensitive and delicate members of the human family it is a time of danger and often of great suffering. The moisture which rises from the earth and hangs suspended over it in the form of morning and evening mists and fogs, holds in solution, so to speak, the morbific elements which produce fever and ague, remittent fevers, rheumatism, and many painful nervous disturbances, and which aggravate dyspepsia, biliousness and all minor affections of the stomach and the bowels. This, therefore, is a critical period of the year, a season when the renovating, refreshing and purifying operation of the mightiest of all vegetable tonics and alteratives, Hostetter's Stomach Bitters, is salutation to the weak, and the best security for the continuance of the health and vigor of the strong. Now is the time not only to protect the system against the common ailments of the season, but to prevent the disorders incident to a warmer temperature. Let not the exhausting heats of the summer months find you unprepared to meet them. A course of Hostetter's Bitters, commenced now, will put all the physical energies in fighting trim, double the capacity of the internal organs to repel the causes of disease, refresh the brain and clear it of all hypochondriacal cobwebs, and place the whole physique in an attitude of defence, with every available point fortified and manned and as nearly invulnerable to malevolent influences as it is possible for the human structure to be.

WASHINGTON NEWS.

WASHINGTON, April 27.—Senator Wilson says congress will not adjourn until the amnesty bill passes.

D. Davenport has been arrested on a requisition from Gov. Brown, of Tennessee, on the charge of being a defaulter to the amount of ten thousand dollars as receiver of the McMinnville and Manchester railroad.

It is stated that the committee of the republican caucus have agreed to report in favor of the free tea and coffee bill, as it comes from the House, without amendment.

The April report from the Agricultural Department, on the condition of the winter grain, says: The low temperature of the month of March and the accumulations of winter snow and ice have retarded springing of vegetable life and tinged with gloom the views of the local reporters over a large area at the date of return, and that snow still covered deeply the grain field, and only conjectures, founded on the forwardness and vigor of plants at the opening of the winter and on the mechanical condition of the soil, and the severity of the season, could point to the probable status of the winter grain.

The general tenor of the report carries the idea, not of sweeping destruction by freezing, but of injuries by thinning out by killing in spots and patches, and especially by retarding an early start and vigorous growth. In many cases the plants, apparently dead, were not only steadily improving in appearance, but firmly rooted, and ready with favoring warmth and sunshine to start into sure and steady, if not rapid growth. Where the fields were drained, the soil deep and mellow, the casualties of winter have been unknown. Where the seeding was done with the drill on land having any fair degree of suitable preparation, an almost absolute indegnity from loss by freezing has been secured.

The April returns, as a whole, indicate rather more than an average amount of destruction by winter. The killing retarded the growth, and stunted the appearance, but a sound condition of the roots of plants in suitable soil, or that covered uniformly with snow, may, with favoring weather may secure a vigorous growth and a good yield.

Dr. Tutt's Liver Pills!

As a purgative medicine stand unrivalled. Their action is uniform, certain and safe. They are entirely Vegetable, and do not cause those griping pains that resist pills do.

AUGUSTA, Nov. 9 1869.

Dr. Wm B Tutt:

Dear Sir—I have long been a sufferer of torpor of the Liver and Dyspepsia, and in search of relief I have tried almost every Medicine recommended for those diseases, but have never derived half the benefit from any of them as I have from your Vegetable Liver Pills. They are invaluable, and I would recommend them to all with Dyspepsia, Sick Headache or Biliousness.

Yours truly,
W. J. BLAIR, Late of Danville, Va.
