We were pleased to see in our office yesterday, Maj. W. S. Young, of Florida, but a native of Wake, and Edmund Jones, Esq., member from Caldwell county in the House of Representatives.

Municipal Election in Charlotte.

Gen. John A. Young, the democratic candidate, was re-elected Mayor of Charlotte on Monday by 120 majority. Last year Gen. Young's majority was only 14.

Affray.—Monday evening a general row and free fight at the house of Judy Austin, col., situated in that romantic locality known as Gallows Hill in the western portion of the city. The police was despatched to restore peace but no one was arrested, only the following being reported at Police Headquarters as participants: N. C. Dunston, col., Richard Crabtree, col., Henry Nash, col., Matthew Freeman, col., and Tom Taylor, col. Too much Whitaker election was probably the cause of the row. We did not hear of any one being injured.

Another Kuklux Raid.—The minions of the administration are about to open the campaign for Grant. We learn that Deputy U. S. Marshals Bosher, Miller and Clarke will start for Harnett county in a day or two to intimidate white democratic voters in that and adjoining counties with arrests and threats of arrest. We understand that they have more than two or three hundred democratic voters down in the black list. We hope the people of that section will not allow themselves to be intimidated but will show a bold and determined front, and in August next come up a solid body and vote their persecutors into that obscurity in which they dwelt before the hand of tyranny resurrected them.

Mrs. Gov. Worth arrived in this city yesterday afternoon from a visit to her son in Wilmington.

The poll-holders yesterday were engaged in making out certificates of election for the newly elected city officials.

As a consequence of the election Monday, on yesterday new hats were out in force on the streets together with some long faces.

Strawberries will be seen in our market in a few days, Wilmington already has them.

W. H. & R. S. Tucker, proprietors of Tucker Hall, have purchased for their Hall one of Knabe's elegant grand concert pianos. These gentlemen are indefatigable in their exertions to make our what it should be.

The Commissioners appointed to lay off and ascertain the dividing line between the counties of Randolph and Davidson have performed the duty assigned them and have filed their report in the office of the Secretary of State.

Appointments of Judge Merrimon. The democratic conservative candidate for Governor will address the people of Chatham, at Pittsboro', on Tuesday, May 14th.

He will also address the people of Carteret at Beaufort on Monday, June 3d.

Delegates to the Southern Baptist Convention arriving in the city, are requested to report immediately at the Baptist church where they will find the committee appointed for the purpose of conducting them to their places of abode while in the city.

Municipal Elections.—We learn that Mr. Reilly, the radical nominee, has been elected Mayor of Fayetteville by a majority of 33. The democrats elect all of the board of commissioners save one.

We also learn that J. B. Whitaker, the radical nominee, has been elected Mayor of Goldsboro'.

Kittrell Springs.—We are glad to learn that Major T. H. Blacknall, brother to our worthy host of the Yarborough, Dr. G. W. Blacknall, will open on the 15th of June for the reception of visitors this popular summer resort. The fact that many are already engaging rooms is indicative that Kittrell's will be the great summer resort of the State during the coming season. An excellent band of music has been secured and everything done that can be conducive to the comfort and pleasure of the guests. As most of our readers are acquainted with the liberality and energy of the Blacknalls and the numerous attractions of Kittrell Springs, we deem it unnecessary to say anything further.

Gone.—The following heads of State Departments are either at home taking their ease and pleasure or are busy electioneering to the utter neglect of duties they have sworn to perform. Tod R. Caldwell, Governor, heads the list; next comes our weighty Treasurer, Dave Jenkins.

H. J. Menninger, Secretary of State, is at Cincinnati, sitting at the feet of Horace Greeley, taking lessons in philosophy, politics and agriculture.

Henderson Adams, Auditor, is, we suppose, at his home in Lexington, too drunk to get back or go anywhere else.

Prof. Alex. McIver, Superintendent of Public Instruction, intends soon to take his deposition, but we suppose he will postpone his trip until he can make up his mind whether he's a radical, liberal republican or democrat.

Fashion Dots.—The latest name for fans is "zephyr coaxers."

Jet bandeaux for the hair is again a feminine fancy.

Entirely plain note paper is now entirely used by those particularly nice in epistolary matters.

Solitaire pearl earrings are more fashionable than diamonds.

Colored silk stockings are the stylish feminine foot toilette.

"Incarnadine" is the name for a color. The appellation is applied to a very light flesh color.

Short grey crepe veils are very fashionable this season.

Our Paper for the Campaign.—We would call the special attention of our friends throughout the State to the Club Rates of the Sentinel for the campaign. We offer to furnish the different editions of the paper—Daily, Semi-Weekly and Weekly—for either three or six months at reduced prices. Subscribers for *three months* will receive the paper until after the August election and the returns from the entire State have been received. Those taking the paper for *six months* will be supplied until after the Presidential election in November, thus obtaining the results of the election.

The Sentinel is proud to know that it has many friends in every county and town in North Carolina, and we would take leave to urge upon them, and upon all Democrats and Conservatives, to aid in circulating our paper. We are determined to make it efficient every way during the great contest between thieves and honest men in the great and memorable campaign of 1872.

Go to work at once. Form Clubs in every neighborhood and help us in our efforts to break down the most corrupt party that ever cursed any people.

The Sentinel reporter will attend upon the deliberations of the Southern Baptist Convention, and furnish our readers with such reports as we can find space for.

Dr. Craven of Trinity College was put in nomination by his friends in the Greensboro' Convention for the office of Superintendent of Public Instruction. This was done without the Doctor's request as he was not a candidate.

Many delegates to the Southern Baptist Convention will have arrived before our next issue. The adjoining counties will no doubt contribute largely to swell the attendance. This by large odds is the most imposing ecclesiastical body that ever assembled in our city.

Henderson Election.—The Conservatives and Democrats of Henderson elected all of their nominees in the recent municipal election. The following is the ticket:

Mayor—Capt. S J. Parham.

Commissioners—W. W. Young, Harrison Lassiter, Jr., Col. H. Harris, Capt. R. G. Moore and J. R. Barnard.

Messrs. Lord & Mills, from Central New York, are now stopping at the Yarboro House in this city. Mr. Lord is a practical butter and cheese maker, and he wishes to have the farmers, and all those who are interested in good butter, to call and have a talk with him on the science of making butter, and how they can make the farm pay better than to make cotton or to plant corn. Mr. Lord will give a practical lecture on the art and science of making butter at the proper time and place, of which due notice will be given hereafter.

Child Burnt.—About 12 m. yesterday a little colored boy aged 5 years, while playing about the kitchen of Mr. J. C. L. Harris, where his mother is employed as cook, was severely burned about the breast and arm by his clothing taking fire by coming in contact with the stove. The screams of the child attracted the attention of its mother who seized a tub of water and throwing the contents over him extinguished the flames. The child though suffering a good deal of pain is not supposed to be in any serious danger.

Doing up a Shirt Bosom.—Make a gum arabic powder—put it in a pitcher, and pour on it a pint of boiling water (according to the degree of strength you require) and then, having covered it, let it stand all night. In the morning, pour it carefully from the dregs into a clean bottle, cork it and keep it for use. A table-spoonful of gum water stirred into a pint of starch that has been made in the usual manner, will give to lawns (either white or printed) a look of newness when nothing else can restore them after washing. It is also good (much diluted) for thin white muslin and bobinet.

Very Kind.—Our city contemporary, the *News*, a few days ago paid the following handsome compliment to the associate editor. It said:

"We are pleased to see our friend, Mr. T. B. Kingsbury, of Oxford, in the city. We learn Mr. K. has been temporarily engaged to aid in conducting the Raleigh Sentinel. Mr. K's. ability and skill as a writer, his fine literary taste and his scholarly attainments will be a valuable addition to any paper, and we congratulate our neighbor on securing the services of such an admirable newspaper conductor."

We also clip the following from the Raleigh correspondent's letter to the *Norfolk Journal*:

"We have called at the *News* and Sentinel offices, and found them flourishing. T. B. Kingsbury, one of the best writers of this State, is editing the Sentinel this week, the other editors being in attendance upon the Convention. Mr. Kingsbury is a polished writer, and would be an ornament to any paper with which he might be associated."

Masonic.—In looking over the proceedings of the Grand Lodge of Masons in this State, 1871, we find in the statistical table the following:

Number of Lodges now working,	221
Number gone out of existence,	95
Number formerly and at present existing,	316

We believe that the Grand Lodge has entered upon the second century of its existence, hence, the number of Lodges that have gone out of existence can be easily accounted for. We learn also from a report submitted to the Grand Lodge by the Grand Secretary that many new Lodges have been established upon the foundation of the old.

The number of active Masons or members of Lodges are reported to be 9,322
Resident Masons not members, 1,566

Total number of Masons, 11,148

Number of Grand Lodges on the American continent is forty-six. Number of subordinate Lodges 8,202 with a membership of nearly 520,000. During the year past over 40,000 were initiated into the order in America.

Wake County Democratic Conservative Convention.—The democrats and conservatives of Wake county will assemble in convention at the court house in this city, on Saturday May 18th, for the purpose of nominating candidates for the various county offices to be filled in the approaching election in August next, and to thoroughly organize the party in the county for the coming election. Townships are requested to hold meetings and appoint delegates.

District Convention.—In pursuance of the plan of re-organization adopted by the State Executive Committee of the Democratic Conservative party, we give notice that a convention of that party for the first congressional district has been called to assemble in Edenton on Thursday the 23d day of May, 1872, for the purpose of nominating a candidate for congress. It is hoped that every county in the district will be fully represented in this convention.

FROM WASHINGTON.

Washington, May 6.—Belknap has returned.

The committee on elections have agreed unanimously, to report a resolution ousting Clark and seating Giddings, from Texas. Also in favor of Wallace against McKenzie, from South Carolina.

The appropriations committee have concurred in all the Senate amendments to the deficiency appropriation bill except Morrill's, limiting the jurisdiction of the Court of Claims.

Confirmations—Andrew J. Evans, U. S. Attorney for the Western district of Texas.

William P. DeKnight, Collector of Internal Revenue for the first district of South Carolina.

Edward P. Goodwin, Postmaster for Washington, Ga.

CONGRESSIONAL.

Washington, May 6.—Senate.—Sumner moved to take up the bill for equal rights in schools. Lost by a vote of 17 to 22.

Kellogg called up the bill fixing the first Monday in November for the election of President in Louisiana. Trumbull spoke in opposition to the bill until the expiration of the morning hour, when it went over.

The postoffice appropriation bill was resumed. An amendment increasing the appropriation to nearly six millions passed. An amendment repealing the franking privilege failed by a vote of 22 to 29.

An amendment forbidding former government officials acting as claim agents was lost.

House.—A large number of bills were introduced to force over Hooper's civil rights bill. Eldridge, by way of sarcasm on Kelley, and Maynard, sent up their substitute for the tariff and tax bill, with the title altered so as to read, to further increase taxes and encourage monopolies without adding to the revenue. The reading of it, which Cox demanded, effectually used up the morning hour. Wood, member of the foreign relations committee, reported his expulsion from conference at state department, but it was decided that the House could take no cognizance, and the subject dropped.

Gen. Young got an amendment to the deficiency bill, paying southern census takers of 1870. This carries the bill back to the Senate.

FROM NEW YORK.

New York, May 6.—Niblo's Theatre burning, it is thought the Metropolitan hotel wings too.

The second annual convention of the Labor Reform League was held at Cooper Institute yesterday.

A long series of resolutions, favoring women's rights, general equality and denouncing Greeley were adopted at a meeting of the Federal Council of Internationals yesterday.

It is announced that fifteen thousand painters will strike to-day for the eight hour system.

The masons and laborers of Newark will strike to-day for 8 hours and an increase of pay.

The inside of Niblo's theatre is completely destroyed. The stage, lately occupied by Bembold, has been gutted and filled with water. The Metropolitan hotel is considerably damaged.

The minority and majority reports in the Book Concern Scandal, submitted to the Methodist Conference meeting. Only one wall at Niblos Theatre left standing, a contract was made this noon to have it rebuilt by August. All the scenery of Lallah Rookh belonging to the Grand Opera Theatre which has been transferred to Niblos was burned, entailing a loss of $25,000. The different actors and actresses at Niblo's lose four hundred to one thousand dollars worth of property each. A meeting of dramatic professors will be held to-morrow to adopt measures of relief for the sufferers. Various Theatres in the city have already tendered benefits; loss to the Metropolitan hotel entirely by water about $50,000. The adjoining buildings, owned by S. B. & L. are damaged $40,000. Several Masonic and other lodges of secret orders lose heavily by the destruction of the hall over Niblos. This afternoon Manhatten market on foot of west 34th street, caught fire and it is feared it will be destroyed. It is now burning. The loss will be heavy.

New York, May 6.—By the great fire, Metropolitan hotel loses three hundred thousand dollars, Niblos, two hundred thousand, Helmbold's building very heavy. Originated in the dome Theatre, where naphtha was handled, gas pipes melted, explosions occurred. Incendiarism suspected.

The Pishkill Mountains opposite Newbridge are burning. Many million cords of wood were destroyed. It is feared that four firemen were burned in Niblos.

FROM ST. LOUIS.

St. Louis, May 6.—Senator Trumbull has addressed the following to Horace Greeley:

"Allow me to congratulate you on being selected as the leader of a movement which, by the will of the people and God's blessing, is to reform and purify our government.

(Signed) Lyman Trumbull."

FOREIGN NEWS.

London, May 6.—It is thought the motion of Lord Russell for humble advices to her majesty's Government praying that British arbitration at Geneva be instructed to withdraw from tribunal of arbitration until claims of United States for consequential damages are withdrawn, which was to have been made at the session of Parliament to-night, will be again postponed. Uncertain aspect of American Presidential question has had marked influence upon U. S. Government bonds and market, for those securities have lost to-day.

London, May 6.—Don Carlos and one hundred of his followers have been captured by the Spanish Government forces.

London, May 6.—The *Times* this morning says the nomination of Greeley is official, and his election impossible, but will kill Grant's chance of re-election, and make a democratic commission certain.

Paris, May 6.—Three hundred inhabitants of the Province of Navarre have fled into France to escape impressment into ranks with Don Carlos, previous to his engagement with the loyal forces.

Madrid, May 5.—Don Carlos has been completely defeated and is flying with two hundred adherents towards France. Thirty-eight Carlists were killed, seven hundred captured. Insurrection ended.

Paris, May 6.—The capture of Don Carlos is reiterated. Roda certainly fled to France. Spain demands the expulsion of Roda from France.

"It Acts Like a Charm"

This is what we hear on all sides of DR. TUTT'S EXPECTORANT. In cases of Croup, Bronchitis, Asthma and all Pulmonary Diseases it affords instant relief. It permeates the very substance of the Lungs and causes them to throw off all acrid matter. It is very pleasant to the taste. Children take it readily.

New York, August 31, 1868.

Dr. Wm. H. Tutt:

Sir—When in Albion, last winter, I used your Expectorant for my cough, and found more benefit from it than any I ever used. I took half a dozen bottles home with me, and have best to give some of it to my friends. Please send me one dozen by Express, C. O. D.
