THE SALE OF ARMS QUESTION. When Carl Schurz and Charles Sumper licit sale of arms to the French during tyrant's little soul; and they will act the progress of the Franco-Prussian war, all the Grant dogs opened full mouthed upon them. Big dogs and little dogs- ever of talents he may possess, backed by Blanch Tray and Wheetheart, all barked all his canning and knavery, if possible, and yelped most vociferously. It was to deceive the people, and by artful ap quite apparent that something serious peals, bold assertions, specious arguments was to pay behind the political dropcurtain. All the party hands united in dash" the "maturest counsels" of his ad enouncing Schurz, Sumner & Co., as un't versaries, but he will signally fail in his faithful Senators and unpatriofic Ameri attempts; all tris diagnises will be torn cans. Harper's Weekly, vile enemy of the away, all his deceptions will be exposed, South a paper that has penistently en all his sophistries blown to the skies, all dearnred to defame and rob the South his base and despotic acts will be thor and has travestied our most sucred pughly ventilated, all his gross and say griefs—this vile panderer to power at once employed the genius of Nast to burlesque those Senstors and to make infamous their praise worthy acts. Pur parenthese, let us say, we do not remember that Sum per ever rendered his country before any service that was truly valuable. He is a dirty work of a party scavenger. From subjoin the presentment of the Grand dreamer, a scholar, a rhetorician, but fa natical and foolish. But in the affair of places by a thousand speakers, his outthe sale of arms to France when that

> country was engaged in a furious war, mner acted with a wisdom and patrio

tism that were quite commendable.

For some weeks but little has been and Billy Holden in running the North be made. After Carl Schurz's two very Carolina ralivoad. Major Smith ran some able and eloquent speeches upon the sub of the best mechanics of the State into ject, it was impossible for the Adminis Virginia to hunt world because they dured tracton friends in Congress to ignore the matter or avoid investigation. A few Virginia, Tennessee, Kentucky and days ago, Mr. Acker, from the minority of other States have hundreds of young men the Committee on Expenditures in the War Department, submitted a report in an be instructed at our own University reference to the sale of arms to France. by such scalawags as Pool, and such car. It will be seen that the facts elicited go pet-baggers as Marilio and Brower. If to establish the sad fact that in this de. they have seen the spirit of the innovator the Grand Jury had presented the trustees partment as in all others, the Administra- and despot in all that he has done. He e Grand Jury had presented the trustees partment as in all others, the Administra and despot in all that he has done. He civilized nations call modesty. The men rame, the following carpet-haggers tion is corropt and unfaithful to law, will find that no man, in North Carolina exhibit considerable talent for carving in ity report states that the greate were officers of the War and Ordinance al guarantees and legislative privileges Departments, or were connected there with impunity; and he will find that Man," will after death turn into a crow with. It argues that the War Depart, the constituted powers of the State are rian construction to the act of Congress more durable than the will of any placeof July 20th, 1968, authorizing the sale man, however unholy his ambition or of damaged arms, ordinance stores &c., insatiable his desires, or accomputous his ought to be the rule. It shows as one man to avert the danger, and to farther, that the War and Ordnance De save the state and country. In the heart partment must have known, or could have of our people-there is too much love for the greater part - nearly all -of the arms and right, to tolerate by their votes any were delivered at the pier in New York experiments in the arts of destruction, city, which was the pier of the French | They will hold their public arreants to the were in the habit of landing; that some those petty tyrants-men of the smallest of the arms were delivered directly on mental calibre, but broadest capidity and board of French steamers in the presence ambition-Grant the Uncless, and Caldof persons in the employ of the Ordance | well the Infinitesimal -- that they cannot | gather are Buresu in New York city, and some were subsest this government ordentroy the actually delivered in boxes that bore the liberties of a free people. marks of R F which was understood very generally to stand for French Repub-

ent for the arms sold was only \$219,705." 33. This sum is said to have been expended in transportation and getting the arms ready, but no items of expenditures have been furnished: Only one person is known to have received any commissions for the ctions. He got \$10,000 from som imore arms dealers, who operated for

the Navy Department.
The whole business throughout is disreminds us in session, was closely scrutinized it would reveal the indiction in the E. City Economic 1 deformed by sickets and hip joint disease the session, was closely scrutinized it would reveal transcence, ignorance and wrong throughout Whoever may be elected to fill the pext the indiction in the History of North Carolina, and one suicidal. THE RADICAL NOMINEE.

The Radical candle the little finelfungus, of the Capital, toli he organes at Oxford, among a hundres absurd and ridiculous atterances that if they voted for the Conservatives they would lose their liberties. Of course the ignorant darkey believed all this, and will o continue to believe as long as he is told that his liberties are not secured, but can Conservative party.

But is anything other than misrepreses tation and unfairness to be expected of of success in to deceive the credulom negro, knowing well that the army of officesolders and office seekers, will be true to their instincts and swine-like will est at the trough at which their daily swill is

until August. The people of North f r unately for them, know a good deal of this small man's doings; they know something of the un scrupulous and bitter feelings that fill this wisely and well, when the election day comes. Doubtless he is ready with what and false statements, to "perplex and nee " deformity" be

" Anatomized in every nerve and sinew With constant courage and contempt of fear."

The people will not be allowed to forget his flagrant and oft-repeated abuse of power-his high-handed measures-his rages and indecencies will be heralded and denounced; his usurpations, his crimes, his baseness, shall also be exposed again and again, until even his hard cheek shall burn, and even he will not days defend his "devilish deeds" any longer "With necessity, the tyrant's plea "

friends may urge that his outrages upon the rights of the peeople may be con doned. He may angelly insist that he was moved by high impulses and noble have followed him from the hour he accidentally became Governor through all istence, have but few wants, exist princi-his revolutionary and tyrannical acts, and pally upon deer meat, fish and wild bercidentally became Governor through all at least when the people are unawed by at least when the people are unawed by in bead work, and in braid work. They ment had given a very loose, latitudion stronger and higher and broader and which is dangerous to a republi- scia. The people are fully aware of the can form of government, where a strict danger, or will be before the August and the body is burnt. The body during construction of all acts of Congress November elections, and they will rise up cnows, if they had been so inclined, that country; too deep an attachment to order ch French vessels stricted accountability, and they will teach

To condemn by an overwhelming defeat those corrupt and aggressive officials ficial.

Buring the period of child birth the law, is women are excluded from their houses. shows that some of the arms were is to vindicate the majesty of the law; is delivered after October, 1870, the day on to perpetuate the blessings vast and undelivered after October, 1870, the day on which it was certainty known that the Remingtons were the active agents of the French Republic, or government.

The report then argues, that this proceeding might have resulted aerically as Prassis might have taken umbrage at such a violation of the neutrality laws, if it had been as captions as some other government, who properly regards our social well-neutrality have been involved in all the horrors of a war with the greatest power in Europe.

As to the financial matters, it seems that the total amount received by the govern-size the total amount received by the govern-size that the readers would infer, that a hardy race, living as they do almost in the open air, and surrounded by all the external conditions, which tend toward good health; should be the most free from disease, but such is far from the total amount received by the govern-size and digusty of his country will vote against the re-election of those magnificant to the open air, and surrounded by all the external conditions, which tend toward good health; should be the most free from disease, but such is far from the conditions. Some nine months since a building formerly used as a school-room, located just inside of their village, was opened as a Dispensary for their special benefit, medicine and medical attendance furnished them gratultiously. The daily attendance increasing from 250 the first month to 500 fw the mouth of the remains from the part of the part of the peaceting the health of this tribe, to which we will briefly allude. We suppose that the readers would infer, that a hardy race, living as they do almost in the open air, and surrounded by all the external conditions, which tend toward good health; should be the most free from disease, but such is far from the control of the peacet of the purity, integrated the processors; every man who cherises to enjoy in peace and the processors are the control of the peacet of the purity integrated the peacet of the purity integrated the peacet of the peace cent incapables twin fellows in crime and oppression-Ulyanes the First, and Febr

Smelfungus the Last. HISTORY OF NORTH CAROLINA The papers are still discussing the necesported that Gov. Graham is now engaged ported that they, drame we suppose it is tarrh—together with preumonia, report such a work, but we suppose it is tarrh—together with preumonia, report tiam and veneral diseases—with a various affections of the eyes, con upon such a work, but we suppose it is upon the preparation of a work so much ceded. We clip the following from a

ALASKA TWELVE MONTHS IN SITEAL

encription of the Native Indians, their mode of Life—Physique—Discusse affect ing the various tribs, with description of the manner in which they bury the dead, dec, de

March 21, 1872.

Mesars Editors: The experience and apparauity to observe them-even to inportunity to sowere from seven to the minutize of their every day life. In the territory of Alaska, containing some 360 529,600 acres, it has been esti-mated that there are 75,000 sava, or which we must set down as among our

tribes especially the "Yakutah's" who inhabit the vicinity of Berwig Hay. We shall however, in the present letter

countre ourselves to the one tribe, the twenty four and one half mches. dis ect of which (as we presume also their customs) differs but slightly from that of the other tribal Indians.

For the information of the reader, we will state that our relations with this tribe to which we refer, we may say has been principally "official" pursuant to a per-emptory, but elegantly expressive order one year before being finally burned. We which we remember to have received sometime ago sighted our "subject," and some twelve months ago. In obeying did considerable "potlatching"—enough this order and upon assuming our new role to a least bring us near to the bank upon shis order and upon assuming our new role of duty, we found that our principle concern would be toward extending the lease of life or this tribe—if it were in our power—observe all the rules of etiquette with the care worn. Indian Doctors."—fraternize freely with the "Vegetariana" if there were any such, also the Thompsonians Hydropaths, and also with all the old grand mothers of this tribe, who might make pretensions as mid-wives, the latter of which it would be no difficult matter to recognize. The Lon' orbanient shaped liked attags projecting from the

been found to be agreed and been found to be agreed and that of the Aboriginal tribes, eighty, annuers. We had seen the chief of the which does not include the Indians of which does not include the Indians of therekee" tribe of your state, " Bushy-ad," but we had never seen an Indian Alsaka. Village before this one, and as we entered it for the first time, with our interprets, were not a little surprised to find as we did, so large a settlement. Instead of finding the "Wigwams" which we had the Russian and Indian the Russian and Indian the Company of the Litka Indian further, feeling that the Company of the Litka Indian further, feeling that the company of the Litka Indian further, feeling that we have already trespassed too much a little surprised to find as we already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too much a little surprised to find as we have already trespassed too find as we have already trespassed to f ome 60 or 70 log-houses strung along ti e numbers as to d.f. ceasus. They are the regular Indian stog, which, instead of barking, how! like wolves. We call them

towing: Skin generally fair, bair black, thick and course, with little or no beard-broad flattened face, unusually low fore-bead, and cubic shaped cranium. They lead a placid and contented state of exries-are very, dirty, though they have plenty of water-know but little of what reverence the Crow and are superstition enough to believe that the "Medicin press gratitude for lavors, and what is very remarkable, seem to experience little or no pain upon the infliction of the most se

burn the bodies of the dead, usually allowing an interval of three days before time occupying a sirting posture, the face covered with a mask. The body is gen erally burned, just back a few rods from the house of the deceased, after going through the preliminaries of being served that the same ropes were quickle attrached to a live dog who underwent the ascent to the roof. Their whole maneu likely to prove disgusting. The me gather around the burning pile, leaning on long scaves, and the old grandmother with their blackened faces, loadly ex-pressive of their grief over the deceased. Their wailing and sobbing are purely arti-
