OUR CAMPAIGN PAPER.—Be sure to read our REDUCED RATES as they appear in the column containing a Prospectus of this paper.

It is universally conceded that Mr. A. Fuller Crane is the best singer and finest looking delegate in attendance upon the Southern Baptist Convention.

Messrs. Doepp & Jones, the accomplished druggists of this city had their splendid soda water fountain beautifully draped in mourning on memorial day.

JUDGE KERR.—Among the delegates to the Southern Baptist Convention is this distinguished gentleman from Caswell county.

WE call attention to the advertisement of Mr. Horace Waters, of New York, the well-known piano manufacturer, who is in the city at the National.

LOUISBURG MALE ACADEMY.—We learn that Rev. Dr. *Craven*, President of Trinity College, will deliver the Literary Address before the pupils, friends and patrons of the Louisburg Male Academy, on 30th inst., at 7 1-2 o'clock, p. m. Dr. *Craven* is a vigorous thinker and will treat the audience to a repast at once savory and nutritious.

THE YARBOROUGH HOUSE.—We regret our inability to-day to publish the long list of recent arrivals at this popular hotel. We will publish all in our next. The Associate, by invitation of the courteous proprietor, Dr. Blacknall, dined at the Yarboro' on Saturday. Among the delightful dishes served were green peas, cucumbers, squash, strawberries and pine apple, from Charleston, S. C., and ice-cream, and other good things made at home.

DR. A. M. POINDEXTER.—This very eminent divine whose death occurred at his home in Virginia, a few days ago, was native of North Carolinian and was born in Bertie county. He was a half brother of Rev. William Hill Jordan, recently of Granville, but resident we believe now in Chatham, a man of eloquence and gifts. Dr. Poindexter was, we suppose, about sixty-three years of age. He was one of the best platform speakers and debaters we have ever known—pointed, logical and incisive. He was an ornament to christianity, a devout, pious, consecrated servant of God. He has gone up higher.

REV. DR. WINKLER.—This distinguished minister from Charleston, S. C. was one of the speakers at the Mass Meeting held in the Baptist church Friday night, for the promotion of the Foreign Mission cause. The writer was prevented by his editorial engagements from attending the meeting, but is not surprised to learn that Dr. Winkler produced a profound impression by his masterly effort. We have regarded him for years as one of the ablest men in his denomination, and do not hesitate to say, that he has probably no peer in the convention, for compact vigor and acuteness of intellect.

We hear the speeches on the same occasion of Rev. Drs. Brantley and William, of Maryland, highly spoken of.

CORDIAL WORDS.—No man is insensible to praise. The associate confesses that after doing what he can to meet the demands upon him, he is gratified at his labors are received with kindly words. He has been recently placed under obligations by a few editors who have very handsomely welcomed him to the fraternity. He returns to them his sincere acknowledgements. Maj. Engelhard of the Wilmington *Journal*, after announcing the retiring of John Spelman Esq., and its purpose to publish a Weekly Campaign paper, thus refers to the associate editor:

Mr. Kingsbury, his successor as the Associate Editor of SENTINEL, is one of the most polished scholars and writers in the state. Of indomitable energy, his heart and mind brim-full of the work before him, we predict for him a brilliant and successful editorial career.

Both gentlemen have our best wishes.

The Newbern *Journal of Commerce* taxes the modesty of both editors in the following style:

THE SENTINEL.—The Raleigh SENTINEL is one of the largest as well as the best paper in the state. Mr. Turner, has within the past few days, associated with himself one of the most elaborate writers in the state—Mr. T. B. Kingsbury—a gentleman who has large and varied experience in journalism, and is justly recognized by the editorial fraternity as one of its brightest ornaments. Mr. Turner himself is too well known to our readers to require commendation at our hands—he is a bold, fearless writer, well informed upon all the political topics of the day, and in fact the right man in the right right place. Success to the SENTINEL and its new management.

SOUTHERN BAPTIST CONVENTION.

THIRD DAY'S PROCEEDINGS.

President Byce called to the convention to order at 9 a. m.

The usual half hour was spent in devotional exercises, which were conducted by Mr. A. F. Crane, of Md.

At the expiration of the half hour the President declared the convention open for business.

The proceedings of yesterday were read and confirmed after being corrected in a few unimportant particulars.

UNFINISHED BUSINESS.

The report of the committee on the Home and Foreign Journal being the unfinished business, its consideration was resumed. The question recurred upon the substitute of Rev. Mr. Worrell, of Ky., to suspend the publication of the Journal and that the corresponding secretaries be requested to furnish the weekly Southern Baptist journals with the matter they have hitherto contributed to the Home and Foreign Journal. [The original report recommended that the Journal be printed on book paper and that a more liberal policy be pursued in the distribution of the Journal and that a competent editor be employed at a suitable salary.]

Rev. Dr. Sumner, of Ala was in favor of continuing the journal if the convention would properly sustain it and make it what it should be, but if it was intended to allow it to remain in its present languishing condition, then he wished to drop it.

Mr. Worrell withdrew his substitute.

Mr. Ellyson supported the original report.

The question on the adoption of the original report was put to the convention and carried.

Rev. Dr. Curry, of Va., from the committee on Colored People submitted a report.

On its adoption the previous question was called for but not sustained.

Pending any definate action the

SPECIAL ORDER

was announced, to wit: The report of the committee, to whom was referred the letter from the Texas Baptist Convention proposing biennial sessions of the Southern Baptist Convention. The committee recommend that the annual sessions be adhered to.

Rev. Dr. Jeter favored biennial sessions. He moved to amend the report by providing for biennial sessions, thus granting the request of the Texas convention.

Dr. Henderson, of Ala., favored biennial sessions.

A. F. Crain, of Baltimore, supported the amendment.

Gen. J. G. Field, of Va., argued in support of the original report.

Pending the discussion of the matter, the second

SPECIAL ORDER

was announced by the chair, to-wit: the report of the Sunday School Board.

Rev. Mr. Broaddus, of Va., moved to postpone its consideration.

On motion of Rev. Dr. Brantley, of Md., the motion to postpone was laid on the table.

The report of the committee on the financial condition of the board was read.

On motion of Rev. W. D. Thomas the report was laid on the table until the report of the committee on the future plans and operations of the board be presented.

Mr. Ellyson moved to postpone the whole matter until the committee on the future plans of the board be ready to report.

Rev. Mr. Thomas, of Va., moved amend by saying, that when the report of the committee on the future operations of the board is ready, that it shall be proceeded with at once.

Rev. R. Brantley, moved as an amendment to the amendment that the Board be abolished and the work committed to the States.

Rev. S. Landrum of Tenn., President of the Sunday school Board next addressed the Convention. During his remarks he said that if the Board did not have the hearty and unanimous support of the Convention its effectiveness would be gone and it had better be abolished. Rev. Mr. Manly of Ky., spoke in opposition to such abolition. He gave an eloquent description of the struggles and trials which the Board had undergone in its efforts to work out successfully the mission assigned them. Instead of abolition he thought all the aid possible should be given to the Board, as it was in his opinion, the best means of educating the masses and disseminating the teachings of christianity, &c.

On motion of Dr. Broadus, of S. C., Rev. Mr. Devotie, of Ga., read the report of the convention on the future plans of the Board for information. The report took strong ground in favor of sustaining the existence of the S. S. Board, and sustained some of the most important measures suggested in its report. Dr. Devotie was followed by Dr. I. T. Tichenor, of Ala., late President of the Board, in opposition to the abolition.

A paper was read from Rev. J. R. Graves, of Tenn., stating that if the Board was abolished the plates would be returned to the Sunday School Union. Dr. Graves was precluded from speaking as he is suffering from a paralysis of the vocal organs.

Rev. Mr. Dodson, of Tenn., took ground in favor of continuing the Board.

Rev. Dr. J. W. M. Williams, of Md., place I as much importance upon the workings of Sunday Schools as any one. The question with him was the best means of prosecuting the work. He thought the work should be taken in charge by the Board of Domestic Missions. He could see no utility in employing two men to do one man's work.

Rev. Mr. Haygood favored the dissolution of the Board.

Rev. Dr. Brantley again took the floor in urging the adoption of his amendment.

Pending any result the hour for adjournment was announced.

Rev. Mr. Pritchard, of Raleigh, announced the appointments for preaching on Sunday. These appointments can be seen by a reference to the local column.

A cable dispatch from Rev. Mr. Yates, Missionary to China, dated Paris, announcing the restoration of his voice, &c.

After prayer by Rev. J. Stout, of N. J., the convention adjourned to 3 p. m.

[The reporter in the proceedings of Friday omitted to state that the Young Ladies' Benevolent Society of the 1st Church of Montgomery, Ala., contributed $50 towards building a church at Rome.]

[A lack of space compel us to omit the afternoon proceedings until our next issue. The same necessity operated to prevent as full a report of the morning proceedings we would otherwise have had.]

DEAD OR DYING.—Where the hair is unnaturally dry, you may be sure that it is dying; and unless artificially vitalized, it will soon be as dead as leaves in November. Feed the withering fibers and stimulate the torpid scalp with LYON'S KATHAIRON, and the evil, which must otherwise soon culminate in baldness, will be speedily remedied. It is absolutely necessary for the health of the brain, that it be kept moderately moist with a preparation capable of nourishing and invigorating it. LYON'S KATHAIRON fulfills these conditions, and is the only article that actually *puts new life into the capillary tubes*, through which the natural nourishment has ceased to pass. This pure and harmless vegetable preparation is absorbed by the skin of the head to the roots of the hair, and passes into the filaments by the force of capillary attraction.

DIED SUDDENLY OF HEART DISEASE.—How common is the announcement. Thousands are suddenly swept into eternity by this fatal malady. This disease generally has its origin in impure blood filled with irritating, poisonous materials, which, circulating through the heart, irritate its delicate tissues. Though the irritation may at first be only slight, producing a little palpitation or irregular action, yet by and by the disease becomes firmly seated, and inflammation or hypertrophy, or thickening of the lining membrane or of the valves, is produced. How wise to give early attention to a case of this kind. Unnatural throbbing or pain in the region of the heart should admonish one that all is not right, and if you would preserve it from further disease, you must help it to beat rightly by the use of such a remedy as shall remove the cause of the trouble. Use Dr. Pierce's "Golden Medical Discovery before the disease has become too seated, and it will, by its great blood purifying and wonderful regulating properties, effect a perfect cure. It contains medicinal properties which act specifically upon the tissues of the heart, bringing about a healthy action. Sold by all first class druggists.

A NEW BEAUTIFYING AGENT.—All Dentifrices had their drawbacks, until the Salubrious Bark of the Soap Tree was brought from the Chililan Valleys to perfect the far grand Sozodont, the most delightful article for the teeth teat a brush was ever dipped into.

"CHILDREN'S LIVES SAVED FOR 50 CENTS."—Every case of Croup can be cured when first taken, by Dr. Tobias' Venetian Liniment, warranted for 24 years, and never a bottle returned. It also cures Diarrhœa, Dysentery, Colic, Sore Throat, Cuts, Burns and external Pains. Sold by the druggists. Depot, 10 Park Place, New York.

VENUS herself would not have been beautiful if her complexion had been bad. If beauty is skin deep, it is necessary to secure and retain that part of it; and ladies instead of resorting to paints and powders, should remember that an impure, blotchy, or sallow skin is the proof of feeble digestion, torpid liver, or vitiated blood, for all which DR. WALKER'S CALIFORNIA VINEGAR BITTERS is a safe cure, and effectual remedy.

"BURNETT'S COCOAINE."—Nobody, neither pomades or alcoholic washes—foreign or domestic—can compare with Cocoaine as a HAIR DRESSING. It anchors the hair firmly in the scalp—gives it new life and lustre—and renders it the "crowning glory" of both sexes, old and young.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 60,000 families continue to burn Pratt's Astral Oil and no accidents directly or indirectly have occurred from burning, storing or handling it. Oil House of Chas. Pratt, established 1770, New York.

A BEAUTIFUL WHITE, soft, smooth and clear skin is produced by using G. W. Laird's "Bloom of Youth." Removes tan, freckles, sunburns, and all other discolorations from the skin, leaving the complexion brilliant and beautiful. Sold at all druggists. This preparation is entirely free from any material detrimental to health.

JUST THE REMEDY NEEDED.—Thanks to Mrs. Winslow's Soothing Syrup, we have for years been relieved from sleepless nights of watchful waiting with poor suffering teething children.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers. The Peruvian Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic and as a tonic for patients recovering from fevers or other sickness, it has no equal.

RISLEY'S GENUINE GOLDEN BELL COLOGNE WATER according to the original formula of Prevost, Paris, so long and favorably known to the customers of Haviland, Harral and Risley and their branches, for its fine permanent fragrance is now made by R. W. Risley and the trade supplied by his successors, Morgan & Risley, Wholesale Druggists, New York.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

CARBOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy ever known. Price 25 cents per box. John F. Henry, sole Proprietor, 8 College Place, New York.

CHRISTADORO'S HAIRDYE.—This magnificent compound is beyond contingency, the safest and most reliable Dye in existence; never failing to impart to the Hair, uniformity of color, nourishment and elasticity. Manufactory, 68 Maiden Lane, New York.

SYAPNIA in Opium purified of its sickening and poisonous qualities. It is a perfect anodyne not producing headache or constipation of bowels, as is the case with other preparations of opium. John Kent, Chemist, New York.

REV. C. T. BAILEY.—We regret that this gentleman, pastor of the Warrenton Baptist Church, is prevented by sickness from attending the Convention as he had hoped. Mr B. has the reputation of being a clever gentleman intellectually, socially, personally.

THE MEETING IN NASH.—The people of Nash had a most enthusiastic meeting at Nashville on last Thursday. Judge Merrimon made a very powerful speech, occupying two hours. The *Advance* says it gave great satisfaction. Speeches were also made by Maj. John W. Dunham, W. K. Davis, Esq., J. E. Lindsay, sheriff G. N. Lewis, W. T. Griffin, Esq. Capt. Sam'l. T. Williams, Cicero W. Harris and B. H. Bunn, Esqs.

Battle, Kinchen Bailey, J. B. Boddie, W. A. Cooper. For Coroner, Col. R. B. Griffin. For Surveyor, Alexander Hilliard.

Major Jno. W. Dunham, of Wilson and Wm. K. Davis, of Franklin, were selected as candidates to represent in the State Senate the Senatorial District composed of Nash, Wilson and Franklin.

MARRIED:

At the residence of the bride's father, on May 1st, by Rev. J. E. Mann, of the M. E. Church, Mr. JOHN H. FINLATOR to Miss ANNIE E., daughter of Wm. McK. Lumsden, Esq., all of this place.

"It Acts Like a Charm."

This is what we hear on all sides of DR. TUTT'S EXPECTORANT. In cases of Croup, Bronchitis, Asthma and all Pulmonary Diseases it affords instant relief. It permeates the very substance of the Lungs and causes them to throw off all acrid matter. It is very pleasant to the taste. Children take it readily.

NEW YORK, August 31, 1869.

Dr. Wm. H. Tutt:

SIR—When in Aiken, last winter, I used your Expectorant for my cough, and found more benefit from it than any I ever used. I took half a dozen bottles home with me, and have had to give some of it to my friends. Please send me one dozen by Express, C. O. D.
