Meeting of the People's Building and Loan Association at the court house Friday evening.

The erection of a new and magnificent building upon the site of the Cape Fear Bank is contemplated.

The following interesting interrogatives have been propounded by an anxious and earnest inquirer after truth. He is unmarried, lives in the country and is 48 years old:

Who is "Dolly Varden?" Is she a widow with children or a nice gal without incumbrances? Maybe she is kin to "Enoch Arden's" wife.

Dolly Vardens.—We learn from a lady of high social position who has quite recently returned from a trip to New York, that the everlasting Dolly Varden dresses have never been worn North except by the lower classes, and they only wore them for a short time. "So Dolly" is "done for," very early in the season.

Masonic Festival.—We learn that the Masonic fraternity of this city will hold sometime during the month of June, a strawberry festival, the proceeds of which are to be appropriated to the erection of the proposed Masonic Temple. We also learn that at that time the plan of the building will be provided from the architects at Albany, New York, and will be on exhibition, and that the work of digging the foundation will be shortly afterwards commenced. The ladies are to be invited to assist, and as they are never backward to assist in the advancement of the good and meritorious cause, their countenance and assistance may be safely counted on in this instance.

What is Said.—No one must suppose that the Associate can believe himself entitled to all that is said about him. He is, however, none the less thankful, and all he can do is try his best to deserve a part of what members of the press have written concerning him. He offers his profound thanks to the editors who have been so kind as to publish in their papers the following notices:

Mr. T. B. Kingsbury has become Associate Editor of the Raleigh *Sentinel*. We have long been an admirer of the productions of Mr. K's pen, and we do not think he has a superior (and but few equals) in this country as a polished and interesting writer. He will certainly add popularity to the *Sentinel*, and we hope he will meet with abundant success which true merit and talent deserves.—*Char. Dispatch.*

Mr. John Spelman has left the Sentinel and is succeeded by that fine scholar, Mr. T. B. Kingsbury, of Oxford.—*South. Home.*

It is also with much pleasure that we welcome our talented friend, T. B. Kingsbury, Esq., to the assistant editorship of the Sentinel, made vacant by the resignation of Mr. Spelman. Nothing we might say here could add to the high reputation of Mr. K., as an able writer and consistent patriot. Hail good Mr. K. *Goldsboro' Messenger.*

Our talented correspondent "Tuscarora" *alias* T. B. Kingsbury, has become one of the Associate Editors of the Raleigh *Sentinel*. He is an able reasoner, polished writer, a profound, well read scholar and agreeable gentleman. A long course of careful study and research eminently fit him for such a position, and while we are fearful of losing his contributions to our columns, we can but wish him that success which his talents deserve.—*Roanoke News.*

In the last two years two boys and one man have been killed accidentally at the N. C. R. R. depot.

Beat his Daughter.—On Monday night one Archy Murphy, colored, who lives in the Eastern Ward of this city, proceeded to chastise his daughter, Isabella, with a club for some misconduct. The fond parent knocked his gentle but erring daughter with the club as inflicted several severe blows upon her while in a prostrate condition. The screams of the girl drew a crowd to the place and by their interference the enraged parent was induced to suspend the further castigation of his offspring.

A Richmond Arab.—Arab has been to Granville and thus writes of his impressions to the *Richmond Dispatch*:

From Warren county we enter Granville county, so celebrated for its fine tobacco. We traveled along the road-bed of the Roanoke Valley railroad as far as Townesville. The citizens along this route hope at no distant day to again hear of the snorting of the iron horse echoing through their woods and along the Roanoke valley. We presume it could be rebuilt a comparatively a trifling cost, as the road-beds seems to be in a tolerable state of preservation. Oxford, the county seat of Granville, is a beauty in the way of rural villages. All who visit here say this of Oxford.

Oxford Notes.—Tobacco sold at Taylor's warehouse on Friday last at the following prices:

Coal cured at $26 to $30 per hundred lbs.
Sun " at $10 to $12 " " "
Lugs " at $5 to $7 " " "

There was a tobacco Richmond buyer in town last week.

The gardens are drying up. There has been no rain for four weeks.

Messrs. Jones, Osborn & Co. have commenced the building of their commodious warehouse which is to be substantial throughout, to be inclosed and painted. A very particular friend in a letter of the date of the 12th writes:—"The new warehouse is to be one hundred feet long and sixty wide and forty-five high. It is located near the Presbyterian church just back of those beautiful elms in front of the Peace lot, and will be the largest tobacco warehouse in the State. Under the elms will be seats for visitors, and I have heard that an ice house would be underneath the house." The firm is composed of men of the right sort—wide-awake, reliable and with capital enough for all purposes connected with their business. So in a very short time Oxford will have two warehouses, and there is some prospect of a third one being erected. It will soon attract buyers from Richmond and other points, for it is situated in the midst of the best tobacco section on the American Continent. May great success attend your efforts gentlemen!

Meeting of the Board of City Commissioners.—Monday evening the Board of City Commissioners held an adjourned meeting. Mayor Whitaker presided and all of the Commissioners, except Mr. Gorman, of the Western Ward, were present.

The proceedings of former meetings were read and approved.

Mr. Battle thought that on account of the absence of Mr. Gorman the election of city officials should be postponed, and on his motion the matter was postponed until the next meeting.

On motion of Mr. Prarie, it was ordered that when then Board adjourn it adjourn to meet on Tuesday 24th inst.

Mr. Battle offered a resolution instructing the City Attorney to report to the Board whether any, and if any, what changes in the mode of levying city taxes are necessary under the constitution of the State. The resolution was adopted.

On motion of Ellison, it was ordered to pay the poll holders in recent elections $3 apiece.

Ellison moved that the committee of freeholders, appointed to assess damages caused by widening and extending streets, be paid three dollars per diem.

After some discussion the matter was postponed, and referred to the city attorney to ascertain whether or not the Board had a right to pay them.

The consideration of the petition of John Gallagher for a contract, at $60 per month, to water the four principal streets was postponed.

The following liquor licenses were granted:

Jackson Batchelor, Cabarrus street; Nicholas John, Fayetteville street; P. C. Walker, Fayetteville street; Marx Schloss, Wilmington street.

The Mayor was authorized to advertise the ordinance in regard to the retailing of liquor.

On motion, the board adjourned to meet on the evening of the 24th inst.

Dr. W. H. Tutt:

Dear Sir—Having used your Liver Pills and finding none that have done my wife or myself as much good, I would like to know if they would do as well North as here. SOUTHERN BAPTIST CONVENTION.

EVENING SESSION.

The Convention met at 8 o'clock, opened by singing the 26th Hymn, and prayer by the Rev. Reuben Jones, of Va.

N. K. Davis, Esq., as Chairman of the Committee, read the report of the time and place of holding next Convention, which was, on motion, laid on the table.

The special committee on invested funds of the Convention submitted a report. This committee offered resolutions prohibiting the investment of the funds, in any other but public securities. A discussion on the resolutions ensued, participated in by Messrs. Wilson, of Va., and Davis, of Ky. Adopted.

N. K. Davis, of Kentucky, moved that the report on the time and place of holding the next Convention be taken from the table. Adopted.

The resolution read as follows:

"That the next annual meeting of this Convention be held with the Baptist Church at Montgomery, Ala., on Thursday before the 2d Lords day in May, 1873. That Rev. T. G. Jones, of Tenn., be invited to preach the Introductory Sermon and Rev. W. M. Wingate, D. D., of Wake Forest, N. C., be invited to act as Alternate."

On motion of Mr. Jones, of Va., Montgomery was stricken out and Mobile substituted. Discussion ensued which was participated in by Messrs. Jones, Gwinn, Woodfin and Dr. Jeter. Adopted by a vote of 84 to 12.

C. W. Sanderlin, of Maryland, moved to amend the time by inserting Wednesday in lieu of Thursday. Rejected.

The report adopted as amended.

The chairman of the committee on the resolution of Rev. J. R. Graves to return the plates of the Sunday School Board, was, after several alterations and amendments, referred to Sunday School Board.

The report of the committee on domestic missions, reiterates the importance of the education of the Indians and provides measures for the erection of an orphan asylum and select schools among them. It also recommends the acceptance of the subsidy, which will probably be granted by Congress for these purposes.

Messrs. Ford and Wilson objected to this latter provision as at variance with time honored Baptist principles and practice, which were diametrically opposed to the union of church and state in any way and to the acceptance of the patronage in religious matters of any government under heaven.

On motion of Dr. Skinner, seconded by Dr. Devotie, a collection was made to defray the personal expenses of Rev. Mr. Buckner.

Mr. Ellison, of Va., moved to recommit the report with instructions to strike out the clause relating to governmental aid.

The motion to recommit was discussed at some length by Messrs. Devotie, of Ga., Wilson, of Va., Buckner, of Ky., Ford, of Missouri, Adams, of Va., and Prof. Rawlings, of Ala.

Pending the discussion, Dr. Calloway, of Ga., called the previous question, which was sustained, and the original motion to adopt the report was carried.

The resolutions were then read by the president, and the report and resolutions were adopted by a vote of 118 to 26.

Dr. Calloway, of Ga., moved a suspension of the rules, in order to permit Mr. Lowe, of Tenn., to present his report of collections for liquidating the amount due by the Sunday School Board.

H. E. Ellison moved to amend by taking up the general Sunday School report, in connection therewith, and submitted the following resolution which was unanimously adopted.

That this Convention pledge its earnest support for the prosecution of the great work entrusted to it.

Mr. E. supported the same in an able but brief address.

Dr. Williams, of Balt., and Dr. Curry, of Va., favored.

James A. Lowe, of New Orleans, (a merchant of that city) before submitting his report addressed the convention at some length, in which he gave a full and descriptive account of his labors.

Amounts had been collected by the Agent from the States as follows: Tennessee $1,150; Kentucky $725; Alabama $600; Mississippi $1,969.54; Virginia $233 00; Georgia $200; South Carolina $150; North Carolina $138; Missouri $369 50; Texas $50.

There yet remained $750 necessary to pay off the Sunday School debt which was raised by private subscription.

Dr. Williams, of Baltimore, submitted a report on "Bible Women." This report recommends the organization in all the churches of foreign missionary societies to be composed of females.

The chairman of committee reported on African missions. (One or two other reports were received and adopted, which we were unable to get.)

Dr. Calloway, of Ga., offered the following resolution of thanks which were unanimously adopted.

That this convention return a vote of thanks to the brethren and sisters of the church, and to the citizens of the city of Raleigh for the genuine and generous hospitality extended to the delegates; also to the hotels and boarding houses for reduced rates; delegates at reduced rates; also the city dailies for reporting the proceedings of the convention; also to the various denominations of christians for the use of their houses of worship, and to the Messrs. Tucker for the use of their excellent city hall; also to Maste s A. M. Lewis, Jr., and B. B. Lewis, and to the ushers of the church for the careful and polite attention to the convention in session.

On motion of A. Fuller Crane, it was ordered that 2,500 copies of the minutes be printed.

On motion of Dr. Sumner, of Ala., the Treasurer is ordered to pay the amount of the funds in his hands for Bible distribution in proportion to the three Boards of the Convention.

The reading of the minutes were dispensed with.

Thanks were returned to the President and Secretaries for the efficient discharge of their duties.

The Convention closed with the singing of the 105th hymn of the supplement to the tune of "Auld Lang Syne" and prayer by the Rev. Dr. W. A. Broadus, of Virginia. At 11:30 o'clock the Convention adjourned to meet in Mobile in May next 1873.

FROM WASHINGTON.

Washington, May 13.—The court of claims has adjourned to November. All important cases adjudicated. Several important cases go over at the request of the claimants because the proof is incomplete.

The conference committee have adopted the House substitute to Morrill's amendment to the deficiency bill, with some restrictions with regard to payment from the Treasury.

CONGRESSIONAL.

Washington, May 13.—Senate—The President to-day transmitted to the Senate the correspondence between the United States and Great Britain relative to the treaty of Washington, accompanied with a brief message. The envelope bore the word "confidential."

A short time after the reception of the documents the Senate went into executive session, when they were read.

It appears the design of the President was to ascertain the views of the Senate as to a new article to the treaty, withdrawing the claims for consequential damages from the American statement of the case, with the provision, in substance, that whenever England, or the United States shall be at war, and the other a neutral, the neutral will make no complaint for any indirect, remote or consequential injuries or losses resulting from a failure to observe the neutral duties.

It is agreed that Great Britain will agree to the proposed new article, and that both governments are anxious to save the treaty by this means, it was thought proper to place the Senate in possession of all the facts in order that the executive, acting upon their advice, might pursue the negotiations so as to secure the consummation of the treaty in a manner satisfactory to the two governments.

There was a debate after the reading of the documents involving the merits of the question.

A motion was made to remove the injunction of secrecy but failed, and the message and documents were then ordered to be printed in confidence and referred to the committee on foreign relations.

There is scarcely a question but that the Senate will advise the acceptance of the additional article to the treaty.

Senate committee of conference has been ordered upon the House amendment for refunding the taxes upon burned whisky.

Goldwaith's bill for bridging rivers emptying into Mobile Bay, passed.

Election law and deficiency bill was argued at great length, when the Senate went into executive session over a message from the President marked "confidential."

House—In political colloquy to-day after Voorhees speech against Greeley, several members of the House spoke briefly to the effect that the Baltimore Convention should rule. Voorhees himself said he never bolted a nomination.

Butler, of Mass., from the Judiciary Committee, reported a bill for removing the political disabilities from all persons who aided the late rebellion, except senators and representatives in the 36th and 37th Congress, officers in the judicial, military and naval services of the United States, and heads of departments and foreign ministers of the United States passed.

Clarke, of Texas, was unseated and Giddings sworn in.

Senate—The Senate is considering the supplemental enforcement bill.

House—Voorhees, in a personal explanation, made a bitter anti-Greeley speech. It is the sensation of the day.

VENUS herself would not have been beautiful if her complexion had been bad. If beauty is skin deep, it is necessary to secure and retain that part of it; and ladies instead of resorting to paints and powders, should remember that an impure, blotchy, or sallow skin is the proof of feeble digestion, torpid liver, or vitiated blood, for all which Dr. Walker's California Vinegar Bitters is a safe cure, and effectual remedy.

BURNETT'S COCOAINE.—No oils, neither pomades or alcoholic washes—foreign or domestic—can compare with Cocoaine as a Hair Dressing. It anchors the hair firmly in the scalp—gives it new life and lustre—and renders it the "crowning glory" of both sexes, old and young.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 60,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling it. Oil House of Chas. Pratt, established 1770, New York.

A BEAUTIFUL WHITE, soft, smooth and clear skin is produced by using G. W. Laird's "Bloom of Youth."
