We are under obligations to Hons. J. C. Harper, S. H. Rogers and J. M. Leach for Congressional documents.

The communication in this number written by a gentleman in Granville is inserted by the Associate, without conferring with any one in the office.

We begin the publication to-day of the proceedings of the North Carolina Agricultural and Industrial Convention held in Raleigh in January last. The proceedings will run through several numbers of our paper.

The pressure on our columns is so great that we are compelled for the present to curtail our editorial space. We give our readers important matter instead from various sources.

We have been sending out for several days copies of our Prospectus for the Campaign Sentinel to gentlemen in many parts of the State. We will be greatly obliged to them and to all of our friends if they will put themselves to some trouble to extend the circulation of our paper. Now do not read this, and then do nothing; but rather go to work for us at once. Let each subscriber get us an additional sub-scriber.

We see from the columns of the Wilmington *Journal* that the Sentinel does not come to hand regularly. We know no reason for this. Our paper is mailed to the *Journal* every day and if it fails to reach its destination, the fault rests with the mail.

The Masonic Mass Meeting last evening came to the conclusion that a Strawberry Festival, for the purpose of aiding in the erection of the Masonic Temple, was inexpedient and the matter was indefinitely postponed.

A speaker at the meeting of the Grant and Caldwell Club, Monday evening, at the court house, declared that the time had come when the line between the white and colored races should be drawn.

Dr. W. H. Murdoch.—We learn that this gentleman has resigned his place as Assistant Secretary of the N. C. Home Insurance Company. He goes to Virginia and Tennessee to sell county rights for the famous Magic Churn. Dr. Murdoch has been a very active and successful officer of our Home Company, and its success has been assured in no little degree by his energy and skill. The President of the Company R. H. Battle, Jr., Esq., in a parting letter bears cordial testimony to the uncommon value of Dr. Murdoch's services. We wish him great success in his new field. Dr. Murdoch will be in Petersburg, Va., on Monday next and we heartily recommend him to the confidence of the citizens of that place.

In our next we will give the statistics for Edgecombe. Our Granville farmers can compare and see how far behind they are. If Granville were as well and generally cultivated as Edgecombe, it would be second to no county in this or any State.

Hop at the National.—The editors of the Sentinel return thanks for an invitation to attend a "Hop" at the National Hotel on next Friday evening. We understand it is to be an elegant affair.

The total quantity of tobacco grown in the country during the year ending June 30th, 1871, was 262,735,341 pounds, which yielded, when manufactured, a tax of $33,578,907. Meeting of the Board of Commissioners.—On Monday evening the Board of City Commissioners held an adjourned meeting in the Mayor's office.

Mayor Wesley Whitaker presided, and Messrs. Battle, Prarie, Ellison, Stronach and Churchill, Commissioners, were present.

The election of tax assessors at last meeting of the board being ascertained not to have been in accordance with the requirements of the city charter, on motion of Mr. Stronach, the matter was reconsidered and a new election gone into, which resulted in the election of D. L. Royster, A. W. Shaffer and Henry C. Jones.

The committee on Salaries were unable to agree upon a report and were discharged.

The resignation of Q. Busbee, City Attorney, was presented and accepted, and I. C. L. Harris was chosen to fill the vacancy.

Mr. Battle offered a resolution that the assessors value all lots which are for sale, or which have been offered for sale for the last 12 months, at no less than two-third of the price demanded. The resolution was adopted.

Mr. Johnson offered a resolution that the Treasurer advertise the Metropolitan Hall for lease or rent. The resolution was adopted.

Mr. Gorman offered a resolution appropriating $153 for seats and benches for the use of the Western Ward School House. After a long debate a substitute, offered by Mr. Battle, that the City loan the Township School Committee $150 for the purpose indicated, was adopted.

The matter of furnishing policemen to keep order at the churches on Sunday and to prevent depredations at Oakwood Cemetery was discussed to some length, when the matter was brought to an end by the adoption of the following resolution offered by Mr. Churchill:

Resolved, That on Sundays, and other days when it becomes necessary in his judgment, the mayor shall be authorized to appoint and commission special policemen to take charge of the Oakwood and other Cemeteries of the City also the capitol and other public squares and lots, together with the various churches and other places of public gathering: *Provided*, That the city shall not be liable for any expense on this account, and the Mayor shall be authorized to withdraw any authority granted under this resolution, and appoint other officers whenever he may deem it expedient.

The matter of a front entrance to the market house was discussed without any definite action. The matter was postponed until next meeting of the Board.

On motion of Ellison, col., W. H. Harrison, ex-mayor, was granted the sum of $100 for services rendered outside of his regular duties when Mayor.

The communications of Mr. P. McGowan was read, and on motion of Mr. Gorman, laid on the table, and the City Collector ordered to call on the parties renting the buildings on Moore Square and collect the rent commencing February 12th, 1872, and the proceeds shall be used for the ornamentation of Moore Square.

The Board adjourned to meet this evening, which is the time of the regular meeting.

Police Items.—Yesterday morning Champion Mason, col., was arraigned before his Hon. Mayor Whitaker, on a charge of committing an assault upon Sam Yancey, col., with a deadly weapon. The testimony all went to exonerate Sam from any blame in the matter. In the scuffle Champion struck at Sam with a knife and inflicted a gash just below the left clavicle. After hearing the evidence his Honor required bail of Champion to the amount of $200 and being unable to give it he was committed to jail.

Our Advertising Rates.—Our rates for advertising are as low as any paper in the South having as large a circulation. We have taken the trouble to compare our rates with other papers, and find that we are not above the average charges. Our paper not only circulates all over North Carolina, but has subscribers in nearly every state in the Union. Our circulation is gradually increasing, and, as an advertising medium, the Sentinel is becoming daily more desirable. In addition, we have so arranged reading matter on every page as to make it more valuable than ever before for advertising purposes. We are advertising as cheaply as is consistent with the value of our paper as a medium for reaching the people and with safety to our enterprise.

The leading business houses of Raleigh do a large trade with the surrounding counties as well as with Wake, and the Sentinel circulates extensively all through them.

Shaw Collegiate Institute.—This institution is under the direction of the American Baptist Home Mission Society, and is designed to educate freedmen for the Baptist pulpit. In May, 1870, the Society purchased the elegant mansion and grounds of Hon. D. M. Barringer, at a cost ranging from $12,000 to $15,000 and in a few months established an institution of learning bearing the above name. It is designed to erect a large building capable of accommodating from three hundred to four hundred pupils, and already one wing (the left) is nearly completed and will be occupied during the next scholastic term. This wing can comfortably accommodate over a hundred pupils and has cost something over $10,000. It is thought that the building, when fully completed, will be the largest edifice, devoted to educational purposes, in the South. It is also proposed to erect, at an early date, on the front eastern corner of the lot, a large and handsome building which will be used as a female college of high grade.

Very Kind.—Among the kind notices that appeared in the papers concerning the Associate he values none more than the following:

The Raleigh Sentinel.—This journal has lately received an accession to its editorial staff in the pen of T. B. Kingsbury, Esq., of Granville, who is justly regarded as one of the best and most accomplished scholars in the State.

The Sentinel under the manipulation of Mr. Kingsbury will be of noble service in the cause of polished journalism, and during the campaign now opening will continue its noble efforts in behalf of democracy and right.—*Lattleboro' Advance.*

The papers of the State are welcoming Mr. T. B. Kingsbury, the talented associate editor of the Raleigh Sentinel, into the ranks of the fraternity with high and deserved compliments. Mr. K. is justly considered one of the most finished and scholarly writers in the South.—*Raleigh Banner of Temperance.*

Complimentary.—The last Kinston *Gazette* contains the following complimentary remarks in regard to the editorial staff of the *Sentinel*, all of which we endorse:

We have before noticed the reappearance of Mr. T. B. Kingsbury on the editorial staff of the Raleigh Sentinel. Mr. K. is undoubtedly the most polished writer in North Carolina, and his ready pen will prove a mighty engine of destruction to the radical dynasty in the present campaign, while the whole State owes Mr. Turner a debt of gratitude for the able and fearless defence which he has so successfully waged against the Radical aquisition in the South.

Well might Pool & Co wish to *lose* him in the Albemarle Sound!—*Daily Voice.*

FROM WASHINGTON.

Washington, May 27.—The day of adjournment is not certain. It is supposed that the Senate will ask the House to extend the session at least till Monday; otherwise, the tariff fails. The House, however, has control, and should the majority refuse or the minority filibuster, the session closes at noon on Wednesday. The probability is that the House will indulge the Senate.

Lieutenant Henry Porter, of the Revenue Marine, is dead.

CONGRESSIONAL.

Washington, May 27.—The Senate bill reported for the payment of the Kentucky war claims, was adopted.

The judiciary committee has been discharged from the consideration of petitions allowing foreigners to become President, the constitutional acknowledgement of God and the exclusion from office of persons addicted to liquor.

The tariff and tax bill was resumed. The discussion developed the fact that the Senate had determined to hold back action on the appropriation bill thus compelling the House to prolong the discussion.

House.—The Brazilian steamship subsidy was discussed, when an increased subsidy was again rejected by 79 to 112.

Dawes moved to suspend the rules and adopt the concurrent resolution extending this session till Monday, the 3d day of June at 12 o'clock. He said he had no doubt that unless the session were extended there would be an extra session of Congress, to which there would be no immunity. He believed that the Senate would get through with its business by Monday next. The resolution was adopted by 133 to 24.

The conference committee on postal appropriations struck out the Brazilian steamship subsidy, and the bill passed.

Quesada is near Lenan Vea with a small force, Carrella and Segovia are near Saptillo, and will soon be in front of Monterey. It is doubtful if Cevallos' cavalry will be remounted in time to move against the enemy.
