

THE SENTINEL.

NORTH CAROLINA.

Plenty of fish in Wilmington market.

The Grand Chapter of Royal Arch Masons of North Carolina meets at Wilmington next Monday.

The graves of Federal soldiers at Wilmington were decorated on yesterday with appropriate emblems.

Capt. Fred Phillips of Tarboro, will deliver the Literary Address before Wilson Collegiate Seminary on 27th of June.

The Conservatives of Halifax have nominated for the Senate, Capt. W. H. Kitchen for the House Dr. E. G. Matthews and E. T. Branch—a good ticket.

Dr. E. O. Elliott, of Stateville, has purchased the White Sulphur Springs, in Catawba county, and will open them for the reception of visitors.

Dreux, who killed Keith a short time ago, and who was thought to be too dangerous to be judicially examined on Thursday night, The guard, fearing nothing, had taken asleep. The negro was then shot, inflicting a wound from which he died in a few minutes.

Haywood W. Harris, Esq., of Craven county, was killed by lightning on last Sunday.

He was a young man, prospective and enterprising. He leaves a wife and two children.

So says Newbern J. of Commerce.

The Ad. ville Pioneer says, that two boys were wounding near Beaufort last week, when one threw the other, who, in striking, struck his head against the leg of an iron post, inflicting a wound from which he died in a few minutes.

Haywood W. Harris, Esq., of Craven county, was killed by lightning on last Sunday.

He was a young man, prospective and enterprising. He leaves a wife and two children.

So says Newbern J. of Commerce.

STABBED APPAREL.—Last evening at about 11 o'clock, a negro residing in the eastern part of the city, stabbed his father in law, it is thought fatally. The negro escaped. We did not learn the cause of the stabbing.

Garrison.—Major Archibald McLean, who has been the cashier of the Merchants and Farmers National Bank, sent in his resignation last Saturday. This Major left last night, to accept the cashier's position in the new bank just organized in Fayetteville, his old home—Char. D. Spots.

SUDDEN DEATH.—We regret to learn of the death of Dr. Edmund R. Gibson, which took place at his residence in Lock Township, on Tuesday evening last. He died sitting in a chair, of heart disease. He leaves a large family and many relatives to mourn his loss. Aged about 64 years. Salisbury Banner.

RAILROAD NEWS.—The Asheville Pioneer says, we have just learned through the Daily Times, that the W. D. W. N. C. & R. R., that Major Rollin, President of the road, received, and reported that he had closed a loan with the Southern Railway Security Co., to build the road from Wolf Creek to Asheville, and to Waynesville, N. C. This we regard as extremely reliable.—Charlotte Dispatch.

VIRGINIA.

CONTRADICTED.—The report that the Alexandria and Washington railroad had been sold to the Pennsylvania Central Railroad Company is contradicted on good authority. The Pennsylvania Central Railroad Company may have purchased the Washington, Alexandria and Georgetown railroad, which commences at the south end of the Long Bridge and goes into Washington. We think this most likely.—Alexandria Sentinel, with

NEW RAILROAD.—Gen. Mahone has sent a special engineer, Mr. Head, on a reconnoitering expedition down New river, from the Bridge to the mouth of Bluestone, with a view of building the narrow gauge railroad, for which a charter was granted by the last Legislature. The demand for coal, by the Bradford Iron Works Company, is pushing the matter ahead, and we believe, will put it to its completion.—Petersburg (Giles co.) Gazette.

REMARKABLE LONGEVITY.—That was somewhat singular coincidence in the death of two venerable people of Henry county last week, who resided in the same neighborhood and who departed this life within a few days of each other. They were Rev. Silas Minter, aged 83, James Gravely 90, Joseph Gravely 94, and Mrs. Nancy Thomas 81. They all lived on Leatherwood, no two of them more than two miles apart.

There still survive four worthy and venerable members of the Gravely family, to whom the two named above belonged—three brothers and one sister, at ages varying from 83 to 90 years.—Danville Register.

PROBABLE FATAL RAILROAD ACCIDENT.—NINE CARS DEMOLISHED.—About 4 o'clock yesterday evening, the North-bound train of the Orange, Alexandria and Manassas Railroad, ran over a cow near Springfield station, 8 miles from Alexandria, causing the engine and nine cars to be thrown from the track and broken to pieces, the cars being literally piled on top of each other. The engineer, Mr. Charles Keys, was severely, but we are glad to learn, not dangerously injured, and a brakeman named John Kid well as badly burnt that he can't possibly recover. Another brakeman and the fireman, the names of neither of whom are reported, were also slightly injured. The train is reported to be a total wreck, and it is remarkable that any car on board of it escaped.

PERSONALS.

The present State of Georgia has but one editor, and she is Maggie May, of Mosley's Weekly, published at Home.

An eccentric Connecticut gentleman, recently deceased, left to religious institutions \$75,000, to his son \$10,000 and to each of his five children \$400.

President Grant intends going to Long Branch after the adjournment of Congress. Afterward he and his wife are to visit the great lakes, returning by way of the St. Lawrence river.

The eccentric Henry S. Foote, of Tennessee, who has won on all sides in politics, announces himself as an independent candidate for Congress.

Ex Governor Francis Thomas has left Maryland for San Francisco, on his way to Asia, to assume his duties as United States Minister to Peru.

A Dublin paper says that Dan Shumway, a noted rough, killed at Moore two weeks ago, was buried face downward, with a pack of cards in his hand.

Mr. Townshend, of the New York Mail, receives, it is said, a salary of \$5,000 from Mr. Daly, of the Fifth Avenue Theatre, for his assistance to that able manager in the literary work necessary to the proper placing before the public of the outcome of whatever may be produced at his theatre.

At Houston, Texas, a week ago, ex-Governor General Roger took the stamp for Greeley, and called upon all good rebels to give him their support.

POLITICAL NOTES.

Gov. Montgomery Blair, in a letter to the Newark (N. J.) Journal, says: "It is no time to count individual grievances. Greeley has done us many heavy blows, but since he has come to rescue the country from the brutal tyranny which so disgraces us all, my heart grows warm to him, and is purged of all resentment for the heavy blow he has struck us in past conflicts, by the reflection that it is only because he has been so stern an opponent of the democracy through life that he has now in his power to save the country."

Massachusetts police have had a session in the election of E. W. Bird, identified as a Republican "of great strength" in the central portion of the State, who has made a speech pronouncing his abandonment if it shall not nominate President Grant, and his conditional adhesion to Grant, and the conditional adhesion to the democracy.

AN ADDITIONAL ARTICLE.—Washington, May 27.—It has been reliably ascertained that the vote of the Senate advising and consenting to the additional article to the treat of Washington was forty three against eight.

MISCELLANEOUS.—It is understood on good authority that Senator Alcorn, of Mississippi, and Governor Powers' successor in the gubernatorial chair, will take the stump for Greeley. Mr. W. H. Kitchener, representative Morphis, of the second Mississippi district, who is a strong Republican, is also in favor of the Cincinnati ticket.

INDIANA.—From Indiana, letters predict that the State will be carried for Greeley by 30,000 majority if his nomination is endorsed at Baltimore.

INDIANA.—Private letters from Iowa, received in Washington from numerous anti-slavery sources, agree there is little doubt that the Democratic State Convention, to be held on June 11th, will endorse the Cincinnati ticket and send delegates to Baltimore pledged to its support.

Garrison.—Smith, the old time New York abolitionist, having written a letter advocating the re-election of President Grant, is replied to by Hiram P. Crozier, his political co-worker for thirty years, who thinks it is time we should have peace, and goes for Greeley.

HON. THOMAS L. JONES, ex United States Senator from Kentucky, writes a letter to advocate the endorsement of Greeley and Brown by the democratic convention at Baltimore. He says not to do this would be unwise, if not, in the present condition of affairs, unpatriotic.

EX-GOVERNOR BERIAH MAGOFFIN, of Kentucky, has written a letter strongly endorsing the liberal platform and nominees. He says that if the democracy expect to get control of the government and retain it, it must first recover its old position as the party of progress.
