RALEIGH, May 31, 1872.

Cotton to-day steady at 22 1 2. Receipts 10 Bales.

HURRYGRAPHS.

Cotton has advanced within a few days.

Flour has fallen at least one dollar per barrel.

After this number the Associate will be absent for a few days. He leaves some editorial and other matter to represent him in part during his visit to his home.

Rev. Dr. T. H. Pritchard, of our city, will commence a series of religious meetings in the Baptist Church at Tarboro', on next Monday evening.

Although we have written but little for some days, confining ourselves to two or two and a half columns of editorial each issue, matter has accumulated. So to keep from writing, both editors must leave Raleigh for their respective homes

Read our campaign rates and take the SENTINEL. Send in your orders for job work.

AGENT FOR THE MASONIC TEMPLE.—The gentleman left on yesterday for a trip among the lodges in Granville county. He will be at Oxford on Monday and will visit the other points during the next week.

CARTERET COUNTY.—There are 46 deeds for land sold for taxes in this county during the year 1871, filed in the Secretary of State's office. These deeds cover land to the extent of 2,031 acres and brought at the sale only $550.09.

THE EDITORS return thanks to the Committee of the Phœnix Literary Society of William and Mary College, Va., for an invitation to attend the Final Celebration on the 17th June. Our young friend R. Strachan Jones, of Warren, is chairman of the committee.

U. S. CIRCUIT COURT.—This tribunal convenes in this city on Monday next at Metropolitan Hall. It is said that some 1400 or 1500 witnesses will be in attendance and that the expenses of the Court will amount to over $100,000.

WE are much obliged to the *Salem Press* for the following notice of our paper:

THE RALEIGH SENTINEL.—A very material improvement in this sterling Conservative journal has recently taken place. The *Sentinel*, always spirited, and well conducted has secured the services of T. B. Kingsbury, as associate editor, and is really a live first class newspaper.

LOCAL DOTS.

Martin Street, opposite Nash Square, is being widened.

We again call the attention of the Board of City Commissioners to the necessity of taking steps to compel house holders to pay some attention to their back lots.

The Wilmington *Star* has not twinkled in this office in the last three days. What's the matter?

J. W. Marcom leaves this morning to attend the sessions of the International Typographical Union on Monday next at Richmond, Va.

No cases at the Mayor's Court yesterday morning.

Nelson & Miller are fixing up, in handsome style, their new saloon under the Market House.

Col. Tolcott, Superintendent of the Richmond and Danville Railroad and its North Carolina branch, arrived in this city yesterday afternoon, on a special train, on a tour of inspection. He leaves this morning for Goldsboro'.

U. S. Marshal Samuel Carrow is still absent from the city.

The Board of City Commissioners meet this evening.

The committee appointed to solicit contributions for the erection of the new Methodist Church are still actively at work. We suppose their collections must, by this time, amount to something like $5,000.

Letter in the postoffice for Belo High, Terra Bonna Parish, La. It is held for lack of proper postage.

There was no excitement in town yesterday save "Buck Beer" and the Italian string band at Potter's Star saloon.

Ruffled shirts and pea green cravats are now popular in this locality.

Photographs of our next Governor, Hon. A. S. Merrimon, are now in great demand

An insane radical, with more money than brains, wants to bet his pile that this county will give a republican majority of 1000 in the next election. He is either crazy, or what is worse, an idiot. Wake will give a *healthy* conservative majority.

As a general thing the gardens in and about this city are in a flourishing condition.

Quiet is now reigning in the temperance camp. We do not know whether the peace is permanent or not, perhaps it is only a short truce.

Mr. Kingsbury, our Associate, left this morning to visit his family in Oxford.

Mr. Prairie, the late city treasurer, has turned over the papers, &c., of his office and Mr. Churchill, the treasurer elect, has entered upon the duties of the office.

Beaufort will have a large delegation from this city this summer.

We were glad to see that "Jack Woodson," has almost recovered from his recent injuries and is enabled to hop about the streets.

Our market has a profusion of beets, shoops and cherries.

Over 128 deeds, mortgages, &c., were registered in the Register of Deeds office in this county during the past month.

Read the column of new advertisements.

Remember the concert at Tucker Hall this (Friday) evening.

Work on the proposed Masonic Temple will, it is thought, commence some time during the latter part of this month.

WE are glad to see Capt. Woodson sufficiently convalescent to be out again.

DEMOCRATIC-CONSERVATIVE DISTRICT CONVENTION.—As this convention convenes in this city on next Thursday to nominate a candidate to represent this district in the next Congress we re-produce a list of the delegates appointed to represent this county:

D M Barringer, J B Dunn, G W Thompson, B C Manly, R F Temple, C M Busbee, I W Barbee, W W Pace, R H Battle, Mills H Brown, B Y Rogers, E C Woodson, J C Syme, J J Ferrell, A M Lewis, Seaton Gales, J P Hines, S J Allen, F Beavers, Gaston H Wilder, Geo H Snow, L D Stephenson, J J Bailey, W H Whitsaker, Lewis Peck, J H Bell, Alphius Montague, S T Williams, C F Dowd, O L Burch, J C Palmer, W H Murdock, S G Hayes, A S Merrimon, J H Flemming, A T Mial, Geo V Strong, R O Parker, J A Temple, Ark Royster, Thos P Devereaux, I Adams, Jr., Isaac Rogers, Reuben Flemming, Patrick McGowan, G H Alford, J H Separks, W R Cox, Douglas Bell, W V Clifton, C J Green, L C Manly, C N Allen, W E Pierce, W J Hollerman, J T Leach, W H Jones, A P Hopkins, R B Haywood, Ovide Dupre, D G Fowle, S A Ashe, J H Rogers, Rob't Taylor, Bryan Green, J J Litchford, V Ballard, G T Stronach, Wm Andrews, B H Norris, T D Sledge, W A Blount, Alfred Upchurch, J M Ellington, E G Haywood, Carter B Harrison, Reuben Flemming, T N Hamsey.

MAJ. SEATON GALES.—The Asheville *Citizen* thus speaks of the two addresses made by our eloquent townsman during his recent visit to that place:

"His literary address was distinguished for the matter of it especially, and for its elegant and varied diction, its beauties of style and phraseology, and the forcible and pleasing delivery of its author. We will not undertake to give an outline of this master-piece of eloquence. We might say as much of his address on Odd Fellowship. Indeed it was thought by some to be superior to the other. In this opinion we do not concur. With our poor judgement, we cannot well see how anything could excel the literary address. The visit of Major Gales to our little town will long be remembered. The genial gentleman, the accomplished scholar and "eloquent orator"—he is one of old North Carolina's sons of whom she may well be proud. We hope to have him among us many times in future."

FASHION ITEMS.

The rage for coral continues unabated

London smoke is the fashionable color.

High standing collars are again in vogue.

Alpine sticks and parasols are now combined.

Colored linen appears with the warm weather

Brides adhere to Quakerish gray for travelling suites.

Yachting ties are are rapidly superseding the Lord Stanley scarf.

Ladies' shoes are now made to lace on either side of the foot.

Sailor's hats are voted common and vulgar in genteel society.

Flounces continues the principal mode of trimming skirts.

Nilson collars continue to hold their own, despite fierce opposition.

Turban hats—always genteel and pretty—are in fashion this Summer.

Would-be Brummels now insist upon two and three buttoned kid gloves.

Lace sacques worn over light colored silks are exceedingly effective and stylish.

The old fashioned opera cloak has been discarded for a sleeveless affair of white silk.

Chatelaine purses for ladies are fastened with a ring and chain to the middle finger.

Full dress parasols are of lace or white silk, with narrow frills, and gold or coral handles.

Garden hats are made of muslin, but the queen, of park and conservatory hats, is the wide Italian Leghorn, that flaps over the brow, and is worn with a fichu crossed over the bosom.

CATHOLIC CHURCH.—The duties connected with his mission have again called the pastor out of the city. There will consequently be no Mass in St. John's Church until his return. But he reminds parents and children that Sunday School will be held as if he were present, and hopes the attendance will be prompt and full.

OUR CONTEMPORARY.—The *Tarboro' Southerner* pays a high and deserved tribute to the merits of the NEWS. It affords us pleasure to bear testimony to the enterprise, energy and ability of our neighbor, and would copy the article referred to but for the crowded state of our columns. Our highly esteemed friend Capt. S. T. Williams, the political editor, richly merits what is said in the concluding paragraph which we copy.

"The political department, especially, is most ably conducted—wide awake, versatile and readable—the influence of which cannot fail to be powerfully felt in the present exciting campaign.

RALEIGH FEMALE SEMINARY.—F. B. Hobgood, Esq., the worthy and capable principal of this flourishing institution, has furnished us with the last catalogue. There are seven teachers. Rev. Dr. Pritchard is President of the Board of Trustees. The number of matriculates is 104. Board and English tuition cost $100 per session. The course of study is thorough and extensive. Latin, Greek, French and German are taught. The next session begins on July 29th and closes December 31st. It is a superior school and is a credit to the Baptist denomination and to this city.

MEETING OF THE BOARD OF COUNTY COMMISSIONERS.—This Board met yesterday at the Courthouse pursuant to adjournment.

J. B. Bailey was granted a license to retail liquor at his farm.

The County Treasurer was ordered to pay Peterson Dunn $997 for building Roger's bridge, across Neuse river. The same officer was ordered to pay M. G. Todd $270 for building the bridge across Buffaloe Creek.

L. D. Stepenson was allowed $20 for repairing the bridge across Steep Hill Creek.

Isaac Holderfield was allowed $3.75 for services as guard at the Workhouse. The matter of the disputed road in St. Mary's township was taken up, but owing to some informality in the presentation of the case proceedings were quashed. The matter will be again brought up in a different shape.

On motion, the Board adjourned to meet again on the 15th inst.

MATRIMONIAL.—Not much was done in this line in this county during the past month. The following is the list:

A WHOLESOME SENTIMENT, THAT IS ABSOLUTELY TRUE.—Physicians throughout the world agree as to the necessity for diffusive stimulants in medical practice, but complain, and with good reason, of the impossibility of obtaining them pure. The difficulty here presented would be a serious one indeed, if the class of agents was limited to the adulterated liquors and wines of trade. It vanishes, however, when the absolute purity and extraordinary restorative properties of Hostetter's Bitters are taken into consideration. As a stimulant the article is absolutely free from everything objectionable; but this is only one of its recommendations. If it were nothing more than an excitant its effects would be fleeting. It might refresh and revive the system for a few minutes, but could produce no permanent benefit. The stimulating elements of the Bitters is a means, not an end. The tonic, and alterative and aperient vegetable juices combined in the preparation are the agents that impart vigor and regularity to the weakened and disordered organization the spirituous principle being valuable as assisting diffusing their influence through the system and otherwise facilitating their operation. Alcohol, even in its purest form, is not so much a medicine as a motive power, by which the properties of the vegetable kingdom may be brought to bear upon the debilitated and disordered organs that require renovating and regulating; and it is in this way that the pure essence of gin is incorporated in Hostetter's Bitters increases the efficiency of the purely medical ingredients.

KEEP THE HAIR UNBLEMISHED.—"I am like an old hemlock—withered at the top," said a venerable Indian Chief, pointing to his thin and bleaching locks. Thousands of men and women in civilized society, much younger than the old Sagamore, are like him, "withered at the top," simply because they have neglected to use the means of preserving and beautifying the hair which science had placed at their disposal. If Lyon's Kathairon is faithfully applied once or twice a day, to the fibers and the scalp, it is just as impossible that the hair should decay, wither, fall out or become harsh and fuzzy, as that a meadow, duly refreshed with nightly dews and sunlit rains, should become arid and barren of green blades. This matchless preparation not only keeps the hair silky and the skin on the head in a healthy and clean condition, but actually multiplies the filaments and imparts to them a lustre, flexibility and wavy beauty unattainable by any other mode of treatment. It does not, like the metallic and sulphurous hair dyes, dry up the natural moisture of the scalp, but supplies nutriment to the roots of the hair and vigor to the fibers.

DR. SAGE'S CATARRH REMEDY.—$500 reward for an incurable case. Sold by druggists, or by mail, 60 cents. Address R. V. Pierce, M. D. Buffalo, N. Y.

FLAVORING EXTRACTS are of primary importance in cookery; and of all articles of this description the highly concentrated Standard Extracts, prepared by Joseph Burnett & Co. Boston are pronounced by leading cuisiniers—Professor Blot among the number—the purest and best.

HUMAN WRECKS.—Every day and hour we meet with broken down specimens of humanity—wrecks that seem past hope of salvage. At least seven-eighths of these might be filled with new vitality, by a course of Dr. Walker's California Vinegar Bitters. Many are suffering from the reaction of rum potations bitters or powerful minerals. It is characteristic of Dr. Walker's Great Restorative that it neutralizes the effect of these so-called remedies, and accomplishes, in due time a perfect cure.

NATURE GIVES US TEETH but she does not preserve and purify them. That must be done with Fragrant Sozodont. The dental bone and its enamel coating are made insusceptible to all destructive influences by the daily use of this benificent preparation.

$50 000 DOLLARS WILL BE PAID for any remedy which will cure Chronic Rheumatism, Pain in the Limbs, Back and Chest, Sore Throat, Sciatica, Croup, Diphtheria, Colic, Sprains and Vomiting, quicker than Dr. Tobias' Venetian Liniment; established in 1847; never fails. Sold by all Druggists. Depot, 10 Park Place, New York.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 60,000 families continue to burn Pratt's Astral Oil and no accidents directly or indirectly, have occurred from burning, storing or handling it. Oil House of Chas. Pratt, established 1770, New York.

A BEAUTIFUL WHITE, soft, smooth and clear skin is produced by using Dr. W. Laird's "Bloom of Youth." It removes tan, freckles, sunburns, and all other discolorations from the skin, leaving the complexion brilliant and beautiful. Sold at all druggists. This preparation is entirely free from any material detrimental to health.

JUST THE REMEDY NEEDED.—Thanks to Mrs. Winlow's soothing syrup, we have for years been relieved from hopeless nights of painful watching with poor suffering teething children.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers. RISLEY'S GENUINE GOLDEN BELL COLOGNE WATER according to the original formula of Prevost, Paris, so long and favorably known to the customers of Harland, Harral and Risley and their branches, for its fine permanent fragrance is now made by W. Risley and the trade supplied by his successors, Morgan & Risley, Wholesale Druggists, New York.

CARBOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy ever known. Price 5 cents per box. John F. Henry, sole Proprietor, 8 College Place, New York.

CHRISTADORO'S HAIR DYE.—This magnificent compound is beyond contingency, the safest and most reliable Dye in existence; never failing to impart to the Hair, uniformity of color, nourishment and elasticity. Manufactory, 69 Maiden Lane, New York.

SWAPNIA is Opium purified of its sickening and poisonous qualities. It is a perfect anodyne not producing headache or constipation of bowels, as is the case with other preparations of opium. John Farr, Chemist New York.

FROM WASHINGTON.

WASHINGTON, May 30.—No department of business was open to-day.

Heavy rains interfered with the decorations here and northward. No outrages reported and but little general interest manifested.

Hon. S. S. Cox is seriously ill.

The Senate has finished the internal revenue bill.

The tax on whisky remains at seventy cents per gallon, but on tobacco a uniform tax of twenty-four cents per pound was agreed on, being an increase of four cents over the House rates.

The exports of bonded warehouses for tobacco were abolished, but all tobacco now in bonds is to be allowed to remain for twelve months, though no new entries are allowable.

CONGRESSIONAL.

WASHINGTON, May 30.—SENATE.—Engaged in the consideration of the relations between labor and capital, with the prospects that the whole subject will be dropped.

HOUSE.—Butler renewed his amendment of the force bill. The speaker ruled the privileges of a report at any time by the Outrage Committee, lapsed. When any members moved a suspension of the rules, this almost certainly excludes all violent partisan legislation, this session.

The House adjourned upon Butler's motion.

SENATE.—Scott, from the select committee on Southern outrages, reported bills to amend the enforcement act, and the supplementary civil rights bill, which were read the first time. Bayard objected to the second reading of the bills. He questioned the propriety of the reference of these bills to this committee, which had been organized for a special purpose and certainly not to take cognizance of such matters as were involved in these two bills. He (Mr. B) did not even know that these bills had been referred to the committee until it met yesterday. The proper reference for these bill was to the Judiciary Committee.

The Vice President stated that it was perfectly competent for the Senate to refer bills to any committee.

Kellogg called up House regarding quarantine regulations on the Gulf and Atlantic coasts, which passed with the Senate amendments. It goes back to the House.

The tariff is being considered to-night.

HOUSE.—The Senate has passed the Senate bill extending the act of June 22nd, 1860, in relation to the confirmation of private land claims in Florida, Louisiana and Missouri, with an amendment proposed by Mr. Sheldon, authorizing the confirmation of all claims or proof of possession by the claimants and those from from they derive titles, &c., the cession to the United States of the territories, out of which said States were formed. The extension is for three years, and it is believed that under the act, all claims may be satisfactorily settled.

Van Trump, rising to a personal explanation in respect to a charge against his official conduct as a member of the sub-committee, in the kuklux investigation, sent to the Clerk's desk and had read an article from the Columbia S. C. Union, quoting from the Baltimore *American*, to the effect that Van Trump had declined examining an important witness, a distinguished Democratic lawyer, who knew and could disclose too much of the kuklux history. He denounced the statement as false in every particular.

Stevenson, another member of the sub-committee, also made some remarks on the subject, and in reply to Van Trump, he bore testimony to the great zeal, activity and energy exhibited by his colleague, and to his honorable and high-minded conduct in the whole matter.

Poland, chairman of the kuklux committee, also made some remarks particularly in consideration of a statement by Van Trump that Senator Scott had a special spy along with the sub committee.

Butler, of Massachusetts, inquired of the speaker whether there was any possibility of committing a vote on the enforcement bill so long as motions to suspend the rules were unimpaired. The speaker replied that there was not. Butler then moved to adjourn. (Laughter.)

FROM NEW YORK.

NEW YORK, May 30.—James Gordon Bennett is in a very dangerous condition. The sacrament for the dying was administered to him yesterday and his son and daughter, who are in Europe, telegraphed for.

D. N. Botossi, the Greek Consul at this port, published a card this morning stating that the report that the seven Greek communists had been shipped for this country is a monstrous fabrication.

The Committee on the Methodist Book Concern, report repeated frauds, chiefly, if not entirely, in the manufacturing department and bindery, but not of such magnitudes to endanger the financial strength of the concern.

The storm to-day made it necessary for a postponement of the review, by the Governor, of the National Guard.

Edward Wolff, a well known broker, was accidently killed at Plainfield, New Jersey, this morning.

Bennett is reported as better, but not out of danger.

FROM NEW ORLEANS.

NEW ORLEANS May 30.—The Pinchback Republican Convention nominated Warmouth for Governor and Pinchback for Lieutenant Governor. A resolution endorsing the administration of Warmouth and to meet again on the 19th of July at Baton Rouge passed. After adjournment Pinchback made a speech stating that he would support the nominee of the Philadelphia convention at all hazards.

FROM MEMPHIS.

MEMPHIS, May 30.—The statement telegraphed from Nashville that Jefferson Davis had written a letter to Wade Hampton favoring the election of Greeley and saying that the democrats would act unwisely in making a nomination, is untrue. Davis states that he has expressed no opinion in the matter.

FROM AUGUSTA.

AUGUSTA, May 30.—A large meeting of the Democrats of Richmond county, unanimously adopted resolutions favoring an alliance with any party which will secure local self government—the subordination of the military to the civil authorities, the preservation unimpaired of *habeas corpus*, and checking of the centralizing tendencies of the Federal Government; that all other subjects of political contention are insignificant in comparison with these, and that no dictate of principle or honor forbids an alliance of the Democratic party with other assailants of the common enemy, or requires the Democratic party to prefer certain defeat to partial victory.

This is the first important Democratic meeting in Georgia, and is regarded as an index of popular opinion in the State.

FROM CHARLESTON.

CHARLESTON, May 30.—The Charleston County Democratic Convention, held to-day, adopted resolutions endorsing the candidates, in strong terms, and instructing the delegates to the State Convention to use all their efforts, so to shape its action, that the whole influence of South Carolina, at Baltimore, shall be directed to prevent any nomination, other than that of Greeley and Brown.

FROM WILMINGTON.

WILMINGTON, N. C., May 30.—An accommodation train on the Wilmington, Columbia and Augusta Railroad, ran off the track near Grist's Station. Three cars were wrecked and seven persons wounded. C. H. Rickstram, of Cheraw, South Carolina, and Morris Bischaff, of Terre Haute, Indiana, were seriously wounded. All have been brought to this city and placed in the city hospital, and it is hoped none of the injuries will result fatally. The accident was not caused by negligence or carelessness.

To-day, while the United States Revenue Cutter, Wm. H. Seaward, was firing minute guns during the march of the procession to the Federal Cemetery, a cannon was prematurely discharged, shattering the arm of seaman Neill Nelson so badly that amputation becomes necessary.

FROM EUROPE.

MADRID, May 30.—At the session of the Cortes to-day, Admiral Topete, President of the council, stated that the ministry recognized the validity of the convention made by Marshal Serrano with the rebels in Biscay, pardoning those who voluntarily surrender, and requested the members of the opposition not to interrogate the government relative thereto. Upon this announcement, Zorrilla arose and moved a vote of censure upon Serrano. It is said that this action of Zorrilla will cause Marshall Serrano to resign his command. Notwithstanding the request of Admiral Topete in the Cortes that the opposition should refrain from taking any action relative to the endorsement by the government of the course pursued by Marshal Serrano, hardly had the excitement which was caused by the introduction of Senor Zorilla's motion died away, when Senor Martos arose and proceeded to question the government. The President of the Cortes refused to answer. Senor Martos insisted upon his question, when the President declared that the action of the Deputy was insulting to him and left the Chamber. Great confusion followed the retirement of the President. The tumult in the Chamber became general, and amid the din of voices no Deputy could be plainly heard.

WRAPPED UP—I SAW A LADY wrapped up in a shawl that she would not take six hundred dollars for, said Smith to Jones. "I can bet that all follow," retorted Jones, "for I saw a lady so wrapped up in her baby that she wouldn't have taken six thousand dollars for it." And allow us to say that next to a baby, the greatest source of pleasure in many houses is the ALL RIGHT COOKING STOVE, one of the most convenient inventions of this inventive age.
