Rev. James B. Robbitt, Editor, and Rev. H. T. Hudson, Associate Editor of the *Christian Advocate*, have left for Trinity College Commencement.

Henry Timrod was one of the truest poets the South has ever produced. We are pleased to learn that our favorite North Carolina publishing house, E. J. Hale & Son, of New York, are about to publish a complete edition of his poems in one volume, to be edited by Paul H. Hayne, one of the most gifted living singers of Southland. Price $1.50. Fine gilt $2. Send on your orders.

Presbyterian Church.—The pastor, Rev. J. M. Atkinson, preached on Sunday night from Matt. 7: 21, 2. It was a capital discourse. The opening was especially rich in condensed thought. The language of Mr. Atkinson is singularly tasteful, appropriate and happy, indicating always high culture and patient study. We are not acquainted personally with any minister who excels him in the use of felicitous phrases and exact language. He is certainly one of the most erudite gentlemen in the State. The attentive hearer cannot fail to be edified and pleased with his preaching.

The Best Disinfectants.—Charcoal or burnt clay will generally answer all purposes as disinfectants of foul sinks, drains, etc. Dry burnt clay will absorb and hold most foul odors in its substance, preventing them from contaminating the air. All families should prepare it for their own use. The ordinary clay earth completely dried and pulverized will answer every purpose. Powdered charcoal put in a bag and suspended in a cistern will do much to keep the water pure and free from offensive substances. Charcoal has wonderful absorbent qualities. When the air is impure it can only be disinfected with some volatile substance in the air. Soft water is a good absorbent of poisonous substances from the air, and a little ornamental fountain that works by being wound up like a clock is of great value in a sick room. The jet that it makes, falling in a sort of spray, helps to purify the air and in summer cools it. Such a fountain is ornamental as well as useful. Pans of pure water in the sick room are better than nothing.

Turtle Soup.—Yesterday (Monday) Potter, at the Star Saloon, served up this delicious soup to his customers and supplied many families. It was indeed a dish with which the most fastidious epicure could find no fault, as to the material used, seasoning and cooking or to the manner in which it was served. Families can be supplied to-day (Tuesday.)

U. S. Circuit Court.—This Court yesterday opened at 10 a. m., Judges Bond and Brooks presiding.

The Court gave attorneys an opportunity to make motions before the calling of the docket.

The civil docket was called but no cases were tried.

The criminal docket was next called. A large number of defendants, indicted for conspiracy, &c., were transferred to the western circuit. A large number of defendants, in kuklux cases from Moore and Chatham counties, were recognized to appear at the next term of the Court. Those defendants, together with witnesses, to the number of 50, have been compelled to leave their homes, crops, &c., two or three times, and put to the expense of coming to this city.

The court adjourned at 10 a. m., this morning (Tuesday.)

Personal.—Lt. Gen. Theo. Holmes, of Fayetteville, late of the Confederate Army, was in our city yesterday. We are happy to learn from his friends that the General is looking well and is in good spirits. The General was a gallant officer and our State is proud to claim him as her son.

The Fayetteville *Eagle* thus writes of the address of Rev. A. W. Mangum, of this city, before the Warrenton Female College:

The address of the Rev. Mr. Mangum was full of wit, humor and eloquence. The high literary reputation of the speaker was fully sustained in this effort.

Horace Greeley Minstrel Troupe. This troupe will give an entertainment at Tucker Hall this (Tuesday) evening. Though this is an amatuer troupe, a number of its members possess rare musical talent, and those who may attend their performances will be sure to pass a pleasant evening.

Our friends in Granville and other tobacco counties who sell tobacco in the eastern counties are informed that complaint is made of the inferior article that is sold. The Tarboro' *Enquirer* thinks that high grades of chewing tobacco would be in demand. By all means meet the demand with a good article.

Turpentine.—We have concluded to publish daily the price of turpentine, as so many of our subscribers are interested in it:

Visitors at Davidson College during Commencement week this year may expect to see and hear as follows:

The Baccalaureate Sermon by the Rev. Dr. Phillips, and the Christian Association by the Rev. J. B. Mack, of the Presbyterian Church, on Sunday, June 23d. On Wednesday may be seen and heard the gallant Gen'l J. B. Gordon, as the Orator before the two Literary Societies, and the Alumni will welcome their brother the Rev. J. D. Burkhead, of Ga. At night the public may decide between the representatives of the two Societies.

No eye or ear should be turned from the Seniors, who for four long years have been preparing to make their bows at entrance in life, on Thursday Commencement day.

Methodist E. Church.—The sermon of Rev. A. W. Mangum, the pastor, on Sabbath morning was based on Matt 7: 1-5. It was eminently searching, pointed and earnest. It presented the dangers and sinfulness of *officious judgment* clearly and forcefully. There were plain, wholesome truths discussed and some telling hits made. Altogether it was calculated to do good and would benefit the community at large if attended to. It was such a sermon as might be most judiciously preached to every man and woman in the land, for all have sinned more or less in the manner pointed out in the discourse. The congregation was large and attentive.

Mr. Mangum gave notice that on next Sabbath the rite of infant baptism will be administered, and on the following Saturday and Sunday, Quarterly Conference will be held, the time having been changed.

At night he preached another sermon, the last of the series, to young men. We referred to this series on a former occasion.

Supreme Court.—Court met at 9 a. m., yesterday. All the Judges present. The following cases from the 4th district were called and disposed of:

State vs. C. Clifton Taylor, New Hanover. Attorney General for the State; no counsel for the defendant. Stricken from the docket; New Hanover county to pay the cost.

L. Froelich vs. Southern Express Co., Duplin. Battle & Sons for plaintiff, and Moore & Gatling for the defendants. Left open.

State vs. Nathan Purdie *et al.*, Bladen. Attorney General Phillips for the State; no counsel for the defendants. Argued.

Henry Melvin *et al.*, vs. James K. Melvin *et al.*, Bladen. Continued.

Thos. D. McDowell, adm'r. vs. W. H. White, Bladen. Continued.

Cameron, Stokley & Co., vs. H. R. Robinson *et al.*, New Hanover. M. London for plaintiffs and and Robt. Strange for defendants. Transferred to end of district.

Michael Cronley vs. Frederick Hall, New Hanover. Battle & Sons for plaintiff and M. London for defendant. Argued.

E. Wescott, Adm'r, vs. Henry C. Hewlett, New Hanover. Robt. Strange for plaintiff; no counsel for defendant. Continued.

Doe on demise, S. W. Nash *et al.*, vs. Wilmington & Weldon R. R. Co. M. London and R. Strange for plaintiffs, and Moore & Gatling for defendants. Transferred to end of district.

Dr. Wiley J. Palmer.—From the Inspector's Report of the Institution for the Deaf and Dumb, Canada, over which Dr. Palmer, so well known to our citizens, presides, we copy the following extract:

"Before closing this, my first report upon the Institution for the Deaf and Dumb, I have pleasure in recording my entire satisfaction with the manner in which Dr. Palmer has discharged the duties pertaining to the position of Principal during the past year. To the zeal, energy and good judgment displayed by him in the general management of affairs attributable, in a large degree, the success that has attended the first year's operations of the Institution."

We have no doubt that these kind words are eminently just. Dr. P. sustained an enviable name in this community for fidelity and zeal in the discharge of his duties when at the head of our Deaf and Dumb Institution. We like to chronicle the success of North Carolinians abroad, but we would rather have their services at home.

Dr. Weil.—This gentleman recently from Berlin, Prussia, comes to us highly recommended as an Oculist and Optician. A distinguished citizen of Wilmington writes to us, that he has been employed by all of the most prominent citizens of that city, who have had occasion for his services, and with universal acceptability. He may be consulted at the Yarborough House.

Causeless Depression.—This expression is often used, but it is manifestly absurd. Gloom and melancholy are not spontaneous. They are unnatural mental conditions and usually have corresponding causes. If there is no apparent reason for despondency, it is a symptom of physical disease. In nine cases out of ten the stomach, the liver and the bowels are responsible for the cloud which rests upon the brain. In all such cases immediate and prompt relief may be obtained by the use of Hostetter's Stomach Bitters. If the digestive organs are weak an invigorant is necessary; if the liver is disordered an alterative is required; if the bowels are constipated or irregular a gentle aperient is needed. In that famous vegetable remedy these three medicinal properties are commingled with several others of scarcely less important character, and hence it speedily cures every species of hypochondria arising from material causes, by removing the causes themselves.

In the summer, when disorders of the stomach and bowels, bilious complaints and all diseases which affect the assimilating and secretive organs are especially prevalent, the importance of having this invaluable tonic, alterative and corrective in every dwelling, and within the reach of all who travel by land or water, cannot be over estimated. As it is a staple article throughout the country it would be next to impossible to find a settlement, near or remote, unprovided with a stock of this famous vegetable restorative.

The Tenacity of Truth.—When a nation as clear headed as the Americans once become convinced, from long experience and observation, that an article possesses superior excellence as a medicine, not all the preposterous clamor of all the worthless nostrum venders in the universe can shake their belief in its efficiency. Truth is a very tenacious thing, as these worthies are beginning to discover. Plantation Bitters has too firm a hold upon the popular esteem to be in the slightest degree effected by the cold water distribus which the advertisers of fermented slops, "without a particle of alcohol," are so fond of launching against alcoholic preparations. The public knows very well that this peerless renovant and tonic does contain spirits, but it also knows that they are of the purest and most wholesome description, viz: fine old St. Croix, the most active and beneficial diffuser of its remedial and invigorating properties throughout the system which could possibly be adopted.

Pimples on the Face, Eruptions, Blotches, Scrofulous diseases, and all sores arising from impure blood, are cured by Dr. Pierc 'a Golden Medical Discovery.

A Healthy Digestion.

Life is rendered miserable when the digestive organs are impaired. Food becomes repulsive; the body emaciates; the mind depressed, and melancholy broods over you. TUTT'S VEGETABLE LIVER PILLS is the remedy for these evils; they produce sound digestion; create a good appetite, impart refreshing sleep and cheerfulness of mind.

Charleston, S. C., Aug. 1, 1869.

Dr. W. B. Tutt:

Dear Sir—I wish to inform you, and if you desire you can publish it, that I have been afflicted for upwards of seven years with dyspepsia. I could eat nothing that agreed with me. I became emaciated, had no energy, and felt gloomy and melancholy all the time. I have been using your Liver Pills for three weeks, and have experienced the greatest benefit. I have a fine appetite, and can now eat anything. I cordially recommend them to all who have Dyspepsia.

CONGRESSIONAL.

Washington, June 8.—The Senate at nine o'clock this morning passed the sundry appropriatement bill with ninety-two amendments, including Kellogg's supplemental force bill, extending the federal election regulations, which now apply to cities of twenty thousand inhabitants, to all voting precincts.

House.—The opposition to Kellogg's force bill, which passed the Senate this morning, is fighting to keep it on the Speaker's table. This will defeat the sundry appropriatement bill, which involves some thirty thousand dollars, to which Kellogg's bill is an amendment. It requires two-thirds of the House to take action on the bill, and as the democrats seem determined, an extra session is quite probable.

House.—The bill removing several political disabilities passed.

The sundry civil appropriation bill, with the Senate amendments was received in the House at noon to-day, with a resolution that the Senate insists upon its amendments, and asks for a committee of conference.

Mr. Garfield made the motion that the bill be taken from the Speaker's table, and referred to the committee on appropriations.

The Democrats opposed this act, as the Enforcent act had been put on the bill by the Senate, and that the amendment was objectionable to them. As the bill was on the Speaker's table, it required a two-thirds vote to take it up, but if it should be referred to the appropriation committee, they could report it back, and a majority vote would pass it. As long as the bill remained on the Speaker's table, the Democrats had the power to prevent its passage, and this they announced to be their intention unless the objectionable amendment was taken off, as the responsibility of putting it on rested with the Senate. The Democrats made a proposition to let the bill and all amendments, except the enforcement act, go to the committee to be reported back and passed by a majority vote, the enforcement act to be reserved on the Speaker's table under the two-thirds vote rule.

Garfield would not agree to this, and the democrats intimated that they would defeat the bill rather than pass it with this obnoxious amendment. The matter was discussed for some time, when objection was made to further discussion, and the bill took its place on the Speaker's table. Subsequently, Campbell, of Ohio, offered a resolution that the bill and the amendments be referred to the committee on appropriations, and that all amendments be reported back and passed by a majority vote, except the enforcement act amendment, which should require a two-thirds vote to pass it.

This resolution the Speaker refused to entertain upon a point of order raised by Hoar, of Mass, and declared the effect of it was an effort of the minority to reserve to themselves the right to defeat the bill against the wishes of the majority.

Beck offered a resolution, declaring that the action of the Senate in putting on this amendment, was in violation of the constitution of the United States, and directing the clerk of the House to return the bill to the Senate, with the request that they rescind their action on the enforcement act amendment. Upon this, Beck moved to suspend the rules and pass it.

This motion was defeated by a vote of 74 yeas to 97 nays.

Garfield then moved to suspend the rules and refer the bill to the committee on appropriations.

This was negatived by a strict party vote, 97 nays to 67 yeas, it requiring a two-thirds vote.

The House then resumed other business. An all night session is probable.

Senate.—Met at six o'clock this evening. Yesterday's session over the supplemental force bill was very bitter. It passed by 33 to 12.

Sumner moved as an amendment his civil rights bill.

The chairman, Mr. Pomery, ruled it out of order. Sumner appealed from the ruling, but the Senate sustained Pomeroy, yeas 57, nays 35.

Both Houses have adopted the conference report upon the appropriation for awards of the Southern claims commission.

The House is still filibustering over the supplemental force bill. There seems to be a prospect of a compromise, but in any event the passage of the force bill this session is very improbable.

The Senate agreed to the conference report on the steamboat bill. The House has not yet acted. The details of the report are beyond reach to night.

FROM NEW YORK.

New York, June 8.—Dr. Lanahan has been released on five thousand dollars bail.

Specie shipments to-day were nearly a million dollars. Shipments for the week were 3 4 millions.

There were meetings of the various trades this morning, nearly all indicating that there will be a large turnout on Monday.

The gas men struck this noon.

Commissioner Bumstead, of Jersey City, has been sentenced to 9 months in the State Prison. Commissioner Vreeland will be sentenced next next.

Large detachments of police are stationed at different works to prevent disturbances if any occur.

The workmen purpose to strike for 8 hours, and it is feared that the city will be darkness to-night.

Captain Calvacorous had eighty thousand dollars in bonds with him when he was murdered. There is no certain clue yet to the robbers. Ten thousand dollars reward is offered for the stolen bonds.

The St. Crispins resolved to strike against the reduction of wages. Preparations are made for a parade of all the trades on Monday. The printers threaten to join the eight hour movement early in July.

Dr. Lanahan, of the Methodist Book Concern, was committed to Ludlow jail in default of fifty thousand dollars bail for libel.

W. F. Beer, night editor of the *Tribune*, is dead of congestion of the brain.

FROM BALTIMORE.

Baltimore, June 8.—The clerical committee, by which charges against Rev. Dr. L. D. Huston, of the M. E Church South, have been investigated, after a session of deliberation through the entire night, at five o'clock this morning declared him not guilty of the charges.

The clerical committee before which charges against Dr. Huston were investigated, consisted of Rev. Nelson Head, D. D., of Leesburg, Va., Rev. B. L. Crenshaw, Fairfax, Va., Rev. T. E. Carson, of Winchester, Va., Rev. J. H. Wisner, of Rockville, Md., Rev. J. M. Spangler, of Baltimore, Md., with Rev. Dr. Rodgers, Presiding Elder, as President of investigating committee. The report acquitting the accused was signed by all the members of the committee.

FROM CHICAGO.

Chicago, June 7.—Further reports concerning the great storm of Thursday night in central Illinois show that an immense amount of damage was done in Peoria, Fulton, Knox and other counties in that section of the State. The destruction has been almost ruinous in the city of Peoria—the fences and trees were blown down and cellars filled with water. Every railroad leading out of that city suffered more or less, and no trains left there yesterday.

The Chicago, Burlington and Quincy Railroad had about four miles of its track and many bridges swept away. The Toledo, Peoria and Wabash Road also suffered severely, losing one bridge 15 feet in length and the entire road bed in a number of places. A large force of men has been set to work repairing the damages and there will be but little interruption to travel.

In the town of Hilton, the damages are fearful. The town is almost entirely under water and barns and stocks have been swept miles away.

FROM LONDON.

London, June 8.—The *Daily Telegraph* this morning says it has reason to believe that negotiations with the United States government relative to a definite settlement of the consequential damages controversy, are progressing satisfactorily.

Interest in the race between the Atlanta and London crews, which is appointed to take place next Monday afternoon, increases daily. Betting is now three to one against the American crew.

The most singular circumstance of the storm is the running up stream of the Illinois river. The immense volume of water that poured into the stream has created a backwater and there is a strong current running northward. The river last night was still rising rapidily and fears of serious damage from this source were entertained.

FROM TOLEDO.

Toledo, O., June 8.—There has been a furious storm here. An unfinished building was prostrated, crushing the adjoining building. One was killed and several perhaps fatally wounded.

Two men were drowned by the capsizing of a boat. Grain elevators were uncovered and other buildings damaged.
