RETROSPECTIVE.

We are compelled to omit editorial matter. We find it absolutely impossible during the campaign to give that variety which is necessary to make a paper readable. Our ideal is daily marred, so we abandon all hope of doing better until after the elections. In the mean time we will endeavor to make the SENTINEL as fresh and efficient as possible under the circumstances.

We have been very kindly presented with a "Season ticket" to partake of the "Cold Sparkling Soda and Mineral Waters" of Messrs. Doepp & Jones' elegant establishment. It will afford us high satisfaction to avail ourselves now and then of the invitation.

We published the call of the meeting in Oxford in Saturday's paper. On yesterday we followed a different copy and erred. The meeting is on 14th.

Be sure to read the Address of our candidate for Superintendent of Public Works, J. H. Separks, Esq. It rings out the right sort of music. With two such worthy working-men on the ticket as Merrimon and Separk, we cannot believe that it will be beaten.

LOCAL DOTS.

Gen. A. J. Dargan is in the city.

Read the new advertisements.

Potter's cigars are cheap and excellent.

A gill of strong Sage tea, taken at bed time will break night sweats.

The Republican County Convention meets sometime next week.

J. G. Wilson, Esq., of Charlotte is in the city.

Large number of alleged kukluxes arrive every day.

No cases at the police court yesterday (Tuesday) morning.

Potter's green turtle soup is all the go. It can't be beat.

Remember the Horace Greeley Minstrel Troupe at Tucker Hall to-night (Tuesday.)

K. P. Battle, Esq., and family leave to day (Wednesday) for a visit to the North.

There will be a church meeting of the M. E. Church on Sunday next to agree upon the plan of the proposed new church.

Our friend Nat. L. Brown has opened a first-class Confectionery store on Fayetteville Street at Brigg's old stand. Nat. will have everything in apple-pie order and treat customers liberally. Call and see him.

The Chief Clerk of the Treasury is getting up a table descriptive of the different classes of bonds issued by the State prior, during, and since the war, for works of internal improvement. This is made necessary in the department to give information to bond-holders. It will be printed in circular form.

Woodson, of the *News* seems to take great interest in a certain class of cases to be investigated by the U. S. Circuit Court. We suppose that he has passed through so many ordeals of this kind that he regards all such as a joke. He is mistaken; we have not been summoned. We are sorry for the young man and sincerely hope he will get through the Summer without the hydrophobia, no matter who bites him.

Capt. Ike Young, ain't you ashamed of yourself? You know you wrote every one of those laudatory notices of your speech (?) appearing in the last issue of the "*Arab*." There are about seventeen of these laudatory notices, calling for copies of the speech, and were written, we believe, by Capt. Ike Young.

We learn that Judge Rodman was called from the city on Monday to his home in Washington, N. C., by a telegram announcing the illness of his child.

SPECIAL MEETING OF THE BOARD OF CITY COMMISSIONERS.—Yesterday (Tuesday) the Board of City Commissioners held a special meeting for the transaction of some city financial matters.

Mayor Whitaker presided and Commissioners Prairie, Stronach, Battle, Churchill and Dunston were present.

Mr. Battle stated the particular object of the meeting to be to discuss the propriety of issuing interest bearing bonds for a short time in lieu of the outstanding city notes and warrants. This would not increase the city debt, being a mere exchange of securities. In order to bring something tangible before the meeting, he moved that the Treasurer be authorized to issue, not exceeding $15,000, of one and two year 8 per cent bonds of the same description as those heretofore issued, in exchange for such city orders and matured bonds as may be tendered within the next sixty days.

After a discussion, participated in by Messrs. Gorman and Prairie, the proposition was adopted.

On motion the Board adjourned.

SUPREME COURT.—This court met yesterday at 9 a. m. All the Judges present except Justice Rodman. The following cases were disposed of:

L. Froelick vs. South Express Company. Duplin county; argued. Battle & Sons for plaintiff, and Moore & Gatling for defendants.

Cannon, Stokley & Co., vs. H. H. Robinson *et al*, New Hanover county; argued. M. London for plaintiffs, and Robert Strange for defendants.

E. Wescott, adm'r, vs. Henry C. Hewlett, New Hanover county; argued. W. S. & H. J. Devane for the plaintiff, and Robt. Strange for defendant.

How to Quit Tobacco.—*Hearth and Home* says the best thing to hold in the mouth is a mouth full of cold water, renewed every few minutes. It will take away the craving for tobacco quicker than anything else and is wholly unobjectionable. A pine stick is the best of anything to chew, but the objection to that, and to anything that is chewed, is that it over exercises and weakens the salivary glands. In quitting the use of tobacco, quit at once and not attempt to leave off gradually.

DR. WIBEL.—We call attention to this gentleman's advertisement in to-day's issue. He has high recommendations from Gen. Colston, A. Empie, E. Murray, Alexander Sprunt, B. G. Worth, Esqrs., and other well known citizens of Wilmington, and from Dr. McLean and Rev. Mr. Huske, of Fayetteville, regarding his skill as a dentist and optician. He will not remain long in Raleigh, and invites those who may need his services to call upon him at once. Any persons having weak or defective sight would do well to consult him.

U. S. CIRCUIT COURT.—Yesterday morning the Court met at 10 o'clock according to adjournment, Judges Bond and Brooks presiding.

The criminal docket resumed.

U. S. vs. Lewellyn G. Estis, from New Hanover county. (two indictments.) Embezzling public money; defendant recognized in the sum of $5,000 for his appearance at the next term of the Court.

U. S. vs. David Mitchell, *et al.*, from Chatham county, going in disguise and using intimidation; transferred to Greensboro'.

Several cases on the docket, where judgment *nisi* had been entered was stricken out upon the appearance of the parties.

The civil docket was taken up and the case of W. H. Holleman vs. C. Dewey, assignee of the Bank of North Carolina, in bankruptcy, was argued. Messrs. Haywood and Fowle for plaintiff, and Messrs Merrimon and Moore for defendants.

MEETING OF THE BOARD OF CITY COMMISSIONERS—Monday the Board of City Commissioners held an adjourned meeting in the Mayor's office. Mayor Wesley Whitaker presided, and Messrs. Battle, Gorman, Churchill, Ellison and Dunston, Commissioners, were present.

The committee appointed to investigate the loss of the bond of D. A. Wicker, late Clerk of the Market, made a report. The report stated that the committee had sufficient evidence as to the existence of such a bond, and therefore recommended that the City Attorney proceed to sue the sureties of D. A. Wicker in the sum of $2,000, and if necessary employ additional counsel. [In plain English this bond of the late Clerk has been stolen.]

The report was adopted.

The City Attorney submitted a report on the lease of the western basement of the Market-house, stating that the former occupant, Mr. Clifton, had a right to sub let. The report was adopted.

On motion of Mr. Battle, North street was ordered to be opened fifty feet wide.

Mr. Gorman introduced the following ordinance which was adopted:

*Be it Ordained*, That no fish monger, or other person, shall soak fish within the market or vicinity; and any person violating this ordinance shall be subject to a fine of $10.

The following ordinance, introduced by Mr. Gorman, was adopted:

*Be it Ordained*, That it shall be the duty of the Chief of Police to have placed on the street in front of the north and south doors of the city market, a barrel at each door for the deposit of all garbage and refuse vegetation of the market, and hucksters and stall keepers are hereby required to deposit the same therein. A failure to conform to the provisions of this ordinance shall subject the offender to a fine of $5 for each offense.

The clerk of the market shall provide for the emptying and draining of the barrels daily.

Mr. Gorman introduced the following ordinance, and upon his motion it was adopted:

*Be it Ordained*, That no person occupying city market stalls shall be allowed to use but one fowl coop on the street in front of his premises, and no coop shall be allowed within the stalls. The dimensions of the coops shall be as follows: Three feet wide, three feet long, and four feet high, with legs two feet high. The owners of these coops shall be compelled to keep the same scrupulously clean. The same shall be under the supervision of the Chief of Police, and any person violating the provisions of this ordinance shall forfeit and pay a fine of $100, to be collected on warrant by the Mayor, on the complaint of the Chief of Police, or any citizen of the city.

All ordinances in conflict with this act are hereby repealed.

On motion, the order in regard to the condemnation of the stables belonging to the estate of the Mrs. P. Smith, was rescinded, and a committee, consisting of Messrs. Gorman, Churchill and Ellison, was appointed to investigate the matter.

Mr. Battle offered the following resolution which was adopted:

*Resolved*, That the Commissioner of the Sinking Fund have authority to borrow money to pay the July interest on the $50,000 debt and repay the same out of the first special taxes which may come into his hands.

On motion of Mr. Gorman, it was ordered that the office of the City Treasurer, in the upper part of the market house building, be fixed up with the necessary furniture.

On motion, the Board adjourned to meet again at the regular time, 26th instant.

A GOOD IDEA.—Lots of English women are emigrating to the South Sea Islands and become wives of the natives. Here's a chance for the Raleigh ladies.

Hon. M. W. Ransom arrived in the city yesterday (Tuesday) afternoon, and left on the western train for Trinity College a few hours after his arrival.

THE COURT HOUSE BILL.—Our friend W. H. Jones has showed us a telegram sent him by Hon. S. H. Rogers, which brings the pleasant news, that the bill appropriating, we suppose $100,000, to erect a Postoffice and Custom House building in Raleigh, has passed both houses.

Our neighbors of the *News* have again placed us under obligations by giving us the use of their press to work off our paper. Unfortunately we had another break down on Saturday evening last, and but for the kindness of our friends would not have been able to work off two editions of the SENTINEL. We will be glad to reciprocate the courtesy in any way and at any time, although we hope they will not be as unfortunate as we have been.

### ADDRESS TO THE MECHANICS OF NORTH CAROLINA.

FELLOW CITIZENS:—It is doubtless known to you, that the Democratic-Conservative Convention at Greensboro' saw fit to nominate me as their candidate for the office of Superintendent of Public Works, and as the pressure of my business, which has to be performed with my hands, renders it impossible for me to canvass the State, and see you face to face as I desire, I have deemed it proper to set forth my views in the form of a circular.

I feel proud that I belong to the Mechanical class, whose labors tend so much to develop the resources of the country, and are so largely a benefit to society. It is under your magic skill that the unbowed rocks of the quarry are turned into the sacred temples of religion, that bless and adorn our land; that the rough timbers are converted into beautiful cities; that the mountain ore, through blazing furnaces, is fashioned into turning plows, into busy wheels of useful machinery, into railroad lines and telegraph wires. The vast usefulness of mechanical skill is seen in the houses, sheltering the families of earth; in all the garments, clothing the children of Adam; in all the bridges, spanning our rivers; in all the labor-saving machinery, benefitting mankind; in all the vehicles rolling through the land; in all the locks, protecting property from thieves; in all the commercial ships floating upon the waters. In countries and in every department and condition of life, the clear evidences of their untold usefulness, sparkle as thickly through society as the stars in the blue heaven above us. It is eminently proper therefore, that this class be represented in the offices of our State.

So thought the Democratic-Conservative Convention, when they nominated a working mechanic for the office of Superintendent of Public Works, and I say to you, as fellow mechanics, that I believe the success of the Democratic-Conservative party, will be the success of the Mechanical classes.

The interests of the mechanical classes always flourish in proportion to the general prosperity of the country at large. Now I am confident that the general prosperity of the country will be advanced by the triumph of the Conservative-Democratic party for the following reasons:

First, because this party has and will continue to reduce the expenditures of the State government.

Second. Because the taxes which may be collected for the support of the State government will be honestly applied.

Third. Because the superior statesmanship of this party insures permanent quietude to the land.

Fourth. Because its policy tends to develop the resources of our State. The peace, prosperity and permanent interest of the country, all hang upon the success of our party.

For these reasons I call upon the mechanics and all others to vote the conservative ticket. The direct tendency of the republican party is to burden our citizens with extravagant taxes and reduce the white mechanics to the level of an interior race.

But under the fostering care of conservative success our furnaces will blaze brighter, our anvils ring louder, our machines whirl faster, our business grow livelier, and peace and prosperity will crown our whole land. Let every man then cast his vote for that party whose success insures such glorious results.

I appeal to every true son of North Carolina to exert all his influence to free our noble old State from the shackles of oppression that have well nigh crushed her in the dust of humiliation and shame. Let us go forward with a will and determination to bring her to that standard of pure, economical and honest government that was her crown and glory in the days of our fathers.

Respectfully yours,
JOS. H. SEPARK.

### A Healthy Digestion.

Life is rendered miserable when the digestive organs are impaired. Food becomes repulsive; the body emaciates; the mind depressed, and melancholy broods over you. HUTH'S VEGETABLE LIVER PILLS is the remedy for these evils; they produce a good digestion; create a good appetite, impart refreshing sleep and cheerfulness of mind.

CHARLESTON, S. C., Aug. 1, 1869.

*Dr. W. B. Tutt:*

Dear Sir—I wish to inform you, and if you desire you can publish it, that I have been afflicted for upwards of seven years with dyspepsia. I could eat nothing that agreed with me. I became emaciated, had no energy, and felt gloomy and melancholy all the time. I have been using your Liver Pills for three weeks, and have experienced the greatest benefit. I have a fine appetite, and can now eat anything. I cordially recommend them to all who have Dyspepsia.

FROM NEW YORK.

Cigar makers, wood carvers, confectioners, German printers and barbers have combined for a strike.

The *Herald's* Madrid special says Dr. Howard's release has been officially demanded, otherwise the United States Government will take decisive action.

The insurrectionary news from Terra Gorra is alarming.

To-day is clear and warm.

It is said that three hundred women will join the striker's procession.

An immense crowd attended the baptism by immersion of Miss Emilley, the quakeress preacher, who will hereafter preach as an evangelical preacher.

CONGRESSIONAL.

Conference resulted in the withdrawal of the Democratic members and the adoption of by the remainder of the modification force bill requiring the application of ten instead of two votes to secure the Federal supervision at any voting precincts and limiting the number of marshals, passed.

The House rejected the Senate bill allowing boats used exclusively for towing and freighting additional steam.

The House has rejected the report of the conference committee on elections.

The amendments and bill were recommitted. The session is extended to 6 o'clock this evening, in the hope of a compromise. The light seems to be triangular. The more ultra radicals want an extra session.

The last hours of the session were spent in getting through several miscellaneous matters, principally for the benefit of clerks and employees.

The Senate amendments to House bill extending to Arkansas the advantages of the agricultural college bill were concurred in.

Dr. Mary E. Walker attempted to speak from the Speaker's chair in the House to-day during recess. The capitol police squelched her.

A stamp passage occurred to-day, when Speaker Blaine rebuked Representative Platt, of Virginia, who accused Blaine of false count. The House sustained Blaine, when Platt apologised, whereupon Blaine regretted that the unprecedented charge had provoked him to say that Platt was either grossly ignorant or grossly disrespectful.

The session to-day was prolonged from hour to hour. Finally the force bill to amend the act approved February 28th, 1871, passed as follows: that whenever in any county or parish in any Congressional District, there shall be ten citizens thereof of good standing who prior to any registration of voters for an election for Representatives in Congress, or prior to any election at which a Representative in Congress is to be voted for, shall make known in writing to the Judge of the Circuit Court of the United States for the district wherein such county or parish is situated, their desire to have said registration or election both guarded and scrutinized; it shall be the duty of the said Judge of the Circuit Court within not less than ten days prior to said registration or election as the case may be, to open the said Court at the most convenient point in said district, and the said Court when so opened by said Judge, shall proceed to appoint and commission from day to day and from time to time, and under the hand of the said Judge, and under the said Court for such election district or voting precinct in said Congressional district as shall in the manner herein prescribed have been applied for, and to revoke, change or renew appointments from time to time.

Citizens, residents of said election district or voting precinct, in said county or parish, who shall be of different political parties, and able to read and write the English language, and who shall be known and designated as supervisors of the election, the said court, when opened by the said judge as required herein, shall thereupon and thereafter, and up to, and including the day following the day of the election, be always open for the transaction of business under this act, and the powers and jurisdiction hereby granted and conferred, shall be exercised as well in vacant as in term time. A judge when sitting at chambers shall have the same powers and jurisdiction, including the power of keeping order and of punishing any contempt of his authority as when sitting in the Court, and no person shall be appointed under this act, as supervisor of election, who is not at the time of his appointment an actual qualified voter. A county or parish election district or voting precinct for which he is appointed; and no person shall be appointed deputy Marshall under this Act, or the Act of which this is amendatory, who is not a qualified voter at the time of his appointment in the county, parish, district or precinct in which his duties are to be performed, under section 30, of the act of which this is an amendment, shall be constrained to authorize and require the Circuit Courts of the United States in said section mentioned, to name and appoint, as soon as may be, after the passage of the Act, the Commissioners provided for in said section, in all cases in which such appointments have not already been made in conformity therewith, and the third section of the Act to which this is an amendment, shall be taken and construed to authorize each of the Judges of their Circuits of the United States to designate one or more of the judges of the district courts within his circuit to discharge the duties arising under this act or the act to which this is an amendment, and the words "any person" in section four of the act of May 31, 1870, shall be held to include an officer or other person having powers or duties of an official character upon this act, or the act to which this is an amendment: *Provided, further*, That the supervisors herein provided for shall have no power to make arrests, but are authorized to be in the immediate presence of the officers holding the election, and they are hereby authorized to witness all the proceedings including the counting of votes and making of all the returns thereof, as provided in the act to which this is an amendment and so much of said sum herein appropriated as may be necessary for said supplemental, and amendatory provisions is hereby appropriated from and after the passage of this act.

FROM NEW ORLEANS.

NEW ORLEANS, June 10.—Matamoras advices of the 8th report the revolutionists under Quiroga as having recaptured Monterey on the 4th inst. Before Gen. Cebellos could reach there with reinforcements, Quiroga turned on Cebellos with all his force and compelled him to retreat to Mier, where he was yesterday. It is believed to-day that Cebellos cannot remain in the field against the insurgents with his present force, and is retreating on Matamoras to shelter himself behind the forts and the national guard.

Several of General Cebellos' heavy guns have reached Heyness, having been sent in advance to prevent their retaking them in his retreat.

Gen. Quiroga's force is estimated at 5,000, he having impressed into his service 1,500 prisoners captured from Gen. Corrolos in the regiments at Monterey.

Gen. Ceballos issued a proclamation at Mier yesterday acknowledging the disaster at Monterey, and its reoccupation by the revolutionists. Their advance upon his force, and indicating the probability of his retreat here which is now being executed, another siege of Matamoras is imminent. The prestige of recent success is in favor of the revolutionists.

FROM HAVANA.

HAVANA, June 10.—Captain General Valmeseda has arrived at Nuevities. A severe engagement took place between Col. Bascones and Vicentegarcia. The Spaniards report the killing of twenty insurgents, including Alcogorrige, second in command of Garcias forces. Insurgents attempted to recapture Canzo after he was wounded, but were not successful.

LOST LAND WARRANT.

This is to give notice that I intend making application to the Commissioner of Pensions for a Duplicate Land Warrant, in lieu of one issued to "Martha R. Shaw, widow of Calvin H. Shaw, Co. H., N. C. Vols." Mexican war, for 160 acres of Land, which was issued about the year 1852, and was lost in the mail between Arkansas and Raleigh sometime in the year 1860 or 1861, and has never been recovered.

FLAVORING EXTRACTS are of primary importance in cookery; out of all articles of this description the highly concentrated Standard Extracts, prepared by Joseph Burnett & Co., Boston, are pronounced by leading cuisiniers—Professor Blot among the number—the purest and best.

HUMAN WRECKS.—Every day and hour we meet with broken down specimens of humanity—wrecks that seem past hope of salvage. At least seven eighths of these might be filled with new vitality, by a course of Dr. Walker's California Vinegar Bitters. Many are still rising from the reaction of rum political bitters or powerful mineral. It is characteristic of Dr. Walker's Great Restorative that it neutralizes the effect of these miscalled remedies, and accomplishes, in due time a perfect cure.

NATURE GIVES US TEETH, but she does not preserve and purify them. That must be done with Fragrant Sozodont. The dental bone and its enamel casing are made invulnerable to all destructive influences by the daily use of this beneficent preparation.

$50 000 DOLLARS WILL BE PAID for any remedy which will cure Chronic Rheumatism, Pains in the Limbs, Back and Chest, Sore Throat, Insect Stings, Croup, Dye stuff, Colic, Sprains and Vomiting, quicker than Dr Tobias' Venetian Liniment; established in 1847; never failed. Sold by all Druggists. Depot, 10 Park Place, New York.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 20,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling it. Off. House of that Pratt, established 1770, New York.

A BEAUTIFUL WHITE, soft, smooth and clear skin is produced by using Dr. W. Lazell's "Bloom of Youth." It removes tan, freckles, sunburns, and all other discolorations from the skin, leaving the complexion brilliant and beautiful. Sold at all druggists. This preparation is entirely free from any material detrimental to health.

JUST THE REMEDY NEEDED.—Thanks to Mrs. Winlow's Soothing Syrup, we have for years been relieved from sleepless nights of painful watching with poor suffering teething children.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers. The Peru-Phosphorated Elixir of Calisaya; made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

RISLEY'S GENUINE GOLDEN BELL COLOGNE WATER according to the original formula of Prevost, Paris, so long and favorably known to the customers of Maryland, Harral and Risley and their branches, for its fine permanent fragrance is now made by H. W. Risley and the trade supplied by his successors, Morgan & Risley, Wholesale Druggists, New York.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

CARBOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy ever known. Price 25 cents per box. John F. Henry, sole Proprietor, 8 College Place, New York.

CHRISTADORO'S HAIRDYE.—This magnificent compound is beyond contingency, the safest and most reliable Dye in existence; never failing to impart to the Hair, uniformity of color, nourishment and elasticity. Manufactory, 68 Maiden Lane, New York.

SYAPNIA is Opium purified of its sickening and poisonous qualities. It is a perfect anodyne not producing headache or constipation of bowels, as is the case with other preparations of opium. John Farr, Chemist New York.
