Eli Wood, Esq., of Edenton, passed through the city yesterday *en route* for Asheville.

Hereafter the Eastern and Western gates of Oakwood cmetery will be kept open in the afternoon. This will obviate the necessity of driving parties having to ascend the high hill on the Cemetery road.

COL. MCAFEE.—We are glad to see in our midst again this distinguished gentleman, late member of the Legislature from Cleaveland county. In April last Col. McAfee left the State for Galveston Texas, his new home. Immediately his enemies, for political effect, declared he had fled to avoid trial for kukluxing. Col. McAfee left with the knowledge of the Solicitor for the government, as well as his bail. He was to return when telegraphed for. Judge Battle, his counsel, telegraphed him and he is here to answer. More than a year ago Col. McAfee was published, by Radical papers, as having fled the State to avoid arrest when, in fact, he had gone to South Carolina to bury a child in his wife's family burying ground in Yorkville. Such publications and calumnies must needs be annoying to sensitive natures, but it is the food upon which Radical malignity feeds.

FASHION ITEMS.

Feather trimmings in the maroon, straw and drab tints, are worn round basques. Plume trimming, which was only adopted in winter, will be in favor at the seaside and watering places this summer, but the light shades only. Feather fringe is also to be sewn on basques; it is made, too, in sewing silk and floss, in all colors, and is then called butterfly fringe. It is very appropriate for light lawns and drab muslins. Basques are elaborately worked in the mouse shades or Paris brule and in maroon. Maize silk has just appeared, embroidered with nut brown, each flounce being dented, and showing beneath these dents nut brown silk lining. When embroidery is used on basques, the fronts and sleeves, which latter are very wide and long, have to correspond. The prettiest chatlies are striped, half *ecru* and half stain; or insertion of white open work worn over colored silk petticoats, which have a deep kilted flounce that is headed with chicaree ruche frayed out to look like plumes.

Riding habits are of tight fitting blue cloth, and the only hat is a *demi tall*, with a turtle scarf around it. A bright necktie and plain sets of linen collars and *manchettes* cuffs complete this gentlemanly attire. The favorite flower in one's button hole is the Begonia or half-blown tea rose.

The reign of white muslin tunics over light underskirts will be absolute. They are to be puffed and edged with frills, which are to be edged with plain washing tulle, thus presenting a very snowy appearance. Black velvet ribbon will lightly loop these drawn over-garments. Silk sleeves, to correspond with the underskirt, will be worn on all muslins and lawn ecrus. Faille de Vichy has re-appeared with plaited frills and Valanciennes borders. It is cool and *neglige*.

Pelerines of white cloth are being embroidered with garlands, and are not unlike coachmen's capes in cut, but this is worked by trimmings of white chuny all round.

Braiding is still the fashionable passe temps. Brown Holland suits are environed by very pretty work, the Russian stitch being preferred. Black and colored spencers, with no sleeves, are made of satin, and worn with driving toilets.

CLOSING STORES.—In almost all of our city exchanges we find it announced that the merchants, and especially the dry goods houses, have consented to close their stores during the summer months at 7 p. m., in order that their clerks may have some little time for recreation. This arrangement is to last until the 1st of September. We hope some arrangement of this kind will soon be made in this city.

HON. SION H. ROGERS.—Yesterday we had the real pleasure of seeing this distinguished gentleman in our sanctum. Mr. Rogers looks to be in high health, and is in every way confident of giving his radical opponent for Congress in this district, Blow-Your-Horn Billy, an unmerciful drubbing in the next election. Mr. Rogers has long since earned, and still retains, a prominent place in the affections and esteem of the good people in this district, and will be returned to his seat in Congress by a rousing majority.

U. S. CIRCUIT COURT.—This court assembled yesterday (Friday) at 10 a. m., Judges Bond Brooks presiding. Cases for the civil docket were called. The case of W. H. Porter *vs.* Chas. W. Woolen, Cumberland county, was taken up. The jury rendered a verdict for the plaintiff in the sum of $104 which was the whole amount sued for. T. C. Fuller appeared for the plaintiff and M. A. Guthrie for the defendant.

At the hour of going to press, this was the only case of any importance tried.

EXCURSION PARTY.—Yesterday (Friday) an excursion party came down to this city from Sanford. The party consisted of about one hundred and among them were many ladies. On arriving at the depot they proceeded to Mordecai's Grove, where, we hope, they spent a merry time. They returned home late in the afternoon. We trust they enjoyed their visit to our beautiful city and carried back such pleasant impressions that they will soon be induced to visit us again. We regret that our engagements will not permit a more full and particular notice of the visit of our Chatham friends.

ESCAPE OF A CONVICT.—On Thursday morning a colored convict in the penitentiary, named John Moore, sentenced to five years imprisonment for larceny, succeeded in making good his escape. John, on the morning referred to, was engaged, with a number of other convicts, in some work on the outside of the stockade, and taking it into his head that it was a good time to get away made for the bushes. By some means the sentinel guarding the working party did not see him, but a sentinel on the parapet of the stockade did just as he gained the edge of the bushes and fired upon him. John was observed to throw up his hands as if in pain, but he made no stop and sped away like a quarter horse. Pursuit was immediately made, but without result. The pursuing party tracked the flying convict for some three miles by drops of blood.

SUPREME COURT.—Yesterday the court met at 9 a. m. All the Judges present except Justice Rodman. The following cases were taken up and disposed of:

Elizabeth A. Maxwell *vs.* W. L. Houston, Union; argued. Phillips & Merrimon for plaintiff, and J. H. Wilson and Blackmer & McCorkle for the defendant.

Daniel B. Robinson of W. J. Willoughby, Union; argued. J. H. Wilson for the plaintiff, and Battle & Sons for the defendant.

E. P. Covington, ad'n., *vs.* Leak & Wall, ex's, *et al.*, Richmond; argued. J. D. Shaw for the plaintiff, and Smith & Strong for the defendants.

Jas. C. Dowd *vs.* S. W. Seawell, Moore; argued. B. & T. C. Fuller, and J. S. McIver for the plaintiff, and Neill McKoy, Busbee & Busbee, and A. R. McDonald for the defendant.

John McCrumin *vs.* Cyrus Bennett, *et al.*, Moore; argued. B. & T. C. Fuller, J. D. McIver and Neill McKoy for plaintiff, and B. Howze and A. R. McDonald for defendants.

Duncan McFayden *vs.* W. D Harrington, Moore; argued. A. R. McDonald for plaintiff and Battle & Sons, and B Howze for defendant.

The court adjourned until 9 a. m. to-day (Saturday.)

At the exhibition of Barnum's circus, in Easton, Pa., last week, to an immense crowd, gathered from the country forty miles around, the clown made some allusion to Greeley. At the mention of his name the whole audience rose to their feet and made the welkin ring with cheers. The Easton Postmaster and Revenue Assessor immediately jumped up and left, telling the doorkeeper "it was the poorest show that they were ever at in their lives."—*Maine Standard.*

WASHINGTON NEWS.

WASHINGTON, June 13.—An extract from the Indiana resolutions says: "Therefore it is the fixed conviction of this Convention that the Democratic Convention to assemble in Baltimore should adopt the nominees of the Liberal Republican Convention, instead of making other nominations for the Presidency and Vice Presidency of the United States."

The Vermont State Convention adopted resolutions endorsing the Cincinnati platform and favoring union with any party who held to its principles.

In the Missouri Convention, the action of the Kansas, Iowa and Indiana conventions was received with tumultuous applause.

The Ninth Congressional District of Massachusetts elected delegates to Baltimore, but refused to instruct them for the Cincinnati nominees.

The Missouri Convention passed resolutions, and instructs her delegates to Baltimore to vote as a unit against the nomination of candidates at Baltimore. Rounds of applause.

Numerous enquiries as to the exact status of the bill to refund cotton tax are received here. The bill is still hidden before the Committee on Ways and Means, and a report early next session is expected. The friends of the bill claim that Congress has manifested a feeling favorable to its passage by the defeat of Morrill's amendment, and prohibition, by almost unanimous votes, of the extension by the Secretary of the Treasury of 2 cents per pound tax from proceeds of cotton awarded by the court of claims.

Senator Wilson, in a letter accepting the nomination, reviews the history of the republican party, which in the language of the Philadelphia Convention, he considers a national necessity. He gratefully accepts the nomination, and says, if the people ratify it, he will endeavor faithfully to fulfil its duties.

A Circular has been issued from the Pension office, saying the Amnesty Act restores the right to hold offices to those not excepted, but does not in any other respect relieve those who have been disloyal from any of the legal penalties, restrictions or requirements consequent upon their disloyalty, or the presumption thereof, nor have any other effect whatever by this ruling. Old pensioners are still excluded from the lists.

THE DEMOCRATIC CONVENTION TO ASSEMBLE IN FORD'S OPERA HOUSE.

BALTIMORE, June 13.—The Grand Jury has presented L. D. Huston for adultery.

Ford's grand Opera House has been secured for the Democratic Convention.

NEW YORK NEWS.

NEW YORK, June 13.—Patterson, N. J. was visited last evening with a severe thunder storm, accompanied by a hurricane. Merrill's flouring mill was struck by full force of wind and almost entirely demolished. A now three story frame building was blown down and many buildings unroofed and otherwise damaged. Losses supposed to be large. At Erie the Railroad track was obstructed and trains were delayed an hour.

Emil Andree, in a fit of jealousy, shot his wife dead this evening.

Three hundred strikers appeared before Steinway's piano factory to-day, and threatened to tear it down. A force of 50 police ordered them off, and on their refusal to retire, charged upon them, scattering them to all directions.

The funeral of the late James Gordon Bennett took place this morning from his late residence in Fifth Avenue. Among the mourners were Mayor Hall, Horace Greeley, Judge Bedford, James Brooks and a host of other celebrities. The funeral ceremonies were performed by Vicar General Starrs, who spoke feelingly of the goodness of heart and charitable disposition of the deceased. The funeral cortege, which consisted of almost a hundred carriages, started from the residence of the deceased at 11 o'clock and was preceded by a detachment of police, passed down to Hamilton Ferry on its way to Greenwood Cemetery. The streets along the route of the procession were lined with spectators. Flags throughout the city are hung half mast.

ALBANY, N. Y., June 13.—Twenty-three kuklux prisoners have arrived at the penitentiary here from Charleston, in charge of Marshal Wallace.

MISSOURI STATE DEMOCRATIC CONVENTION.

ST. LOUIS, June 13.—The Democratic State Convention Committee on Resolutions reported a long preamble setting forth that by the patriotism and a sense of justice of the Liberal Republicans and by Democrats, Missouri has been redeemed from the tyranny and oppression of a Radical minority, and stating that the Liberals stand ready to do the same thing for the country at large. That they have already placed a ticket in the field, to the support of which the liberal republican and democratic parties are already committed, and that it would not only be unwise but wicked trifling with the dearest interests of the people should the democracy place another ticket in the field, and thus ensure the election of Grant, the continued oppression and plunder of the people, and the destruction of liberty and constitutional government throughout the country.

FOREIGN NEWS.

FROM ENGLAND.

LONDON, June 13.—The details of the flood near Prague, caused by heavy rains of which a brief mention was made by telegraph on the 27th ult., show that the destruction of life and property was far greater than at first supposed. The water poured over the whole country, sweeping everything before it, while the fertile districts were devastated and a number of villages swept away. The loss of life is appalling; the number of persons who perished being estimated at seven hundred.

Henry won the gold cup at Ascot Heath.

CAUSELESS DEPRESSION.—This expression is often used, but it is manifestly absurd. Gloom and melancholy are not spontaneous. They are unnatural mental conditions and usually have corresponding causes. If there is no apparent reason for despondency, it is a symptom of physical disease. In nine cases out of ten the stomach, the liver and the bowels are responsible for the cloud which rests upon the brain. In all such cases immediate and permanent relief may be obtained by the use of Hostetter's Stomach Bitters. If the digestive organs are weak an invigorant is necessary; if the liver is disordered an alterative is required; if the bowels are constipated or irregular a gentle aperient is needed. In that famous vegetable remedy these three medicinal properties are commingled with several others of a scarcely less important character, and hence it speedily cures every species of hypochondria arising from material causes by removing the causes themselves.

In the summer, when disorders of the stomach and bowels, bilious complaints and all diseases which affect the assimilating and secretive organs are especially prevalent, the importance of having this invaluable tonic, alterative and corrective in every dwelling, and within the reach of all who travel by land or water, cannot be over-estimated. As it is a staple article throughout the country it would be next to impossible to find a settlement, near or remote, unprovided with a stock of it is famous vegetable restorative.

THE TRUTH OF TRUTH.—When a nation as clear headed as the Americans once becomes convinced, from long experience and observation, that an article possesses superior excellence as a medicine, not all the preposterous clamor of all the worthless nostrum venders in the universe can shake their belief in its efficiency. Truth is a very tenacious thing, as those worthies are beginning to discover. Plantation Bitters has too firm a hold upon the popular esteem to be in the slightest degree affected by the cold water distortions which the advertisers of fermented slops, "without a particle of alcohol," are so fond of launching against alcoholic preparations. The public knows very well that the peerless compound and tonic above named spirits, but it also knows that they are of the purest and most wholesome description, viz: fine old Jamaica, the most acrid and beneficial diluent of its rum dial and a vigorating properties throughout the system, which could possibly be obtained.

Pimples on the Face, Eruptions, Blotches, Scrofulous disease, and all sores arising from impure blood, are cured by Dr. Pierce's Golden Medical Discovery.
