A journal of the first session of the U. S. Senate has been stolen from the State Treasury. It contained the inaugural of Gen. Washington.

Though full congregations attended the various churches Sunday though the weather was too cool for new Summer toilettes and many a sigh of regret mingled with the prayers which fell from the lips of pious fair ones.

A couple, both foreigners, yesterday appeared before one of our clergymen for the purpose of being made one. On being asked for a license, the groom was forced to acknowledge that he was unprovided with such a document, not knowing enough about our laws to think that such a thing was required. The matter was duly explained, the license soon procured, and the happy couple joined in the holy bond of wedlock.

A GOOD JOKE.—Yesterday (Monday) morning Prof. Hicks, who is something of a ventriloquist, strolled into the establishment of a certain auctioneer and commission merchant on Wilmington street, and asked to see some picture frames. The polite merchant told him he could accommodate him and pointed to a room overhead, in which, he said, the frames were stored, along with hosts of miscellaneous articles. They had gottten hardly half way up the stairway when a voice was heard in the room overheard exclaiming, "Let me out, I have been here since Saturday!" The proprietor became very much alarmed, and instantly summoned, by his shouts, the available force of the establishment. Doors were shut by his orders, and all points of egress and ingress strictly guarded, and off in a rush to the Mayor's office, shouting at the top of his voice, "police! police!!" Officers Parris and Hunter came gallantly to the rescue, and a column of attack formed to storm the stronghold of this member of the Invisible Empire. The police officers, with their pistols and billies, heroically led the van while the proprietor, his clerks and friends firmly and unflinchingly brought up the rear. The room was entered, and in and behold nothing in the form of humanity was to be seen. Search was then made, even the key holes examined, but no one was found. Matters grew serious, conversation was carried on in low and tremulous whispers, for over the whole crowd an indescribable feeling of awe was stealing. One wanted to know "if anybody had died in that room." Suddenly some exclaimed "Prof. Hicks is a ventriloquist." A sudden light burst upon the crowd. The Prof. was sought for and was found across the street about to split right wide open with laughter.

DEATH OF MISS FANNIE HEARTT.—It is with heart-felt sorrow that we have to chronicle the death of this sweet and interesting young lady, daughter of L. E. Heartt Esq., of this city, which occurred this (Monday) morning at 1 o'clock, at the residence of her father. Only 15 years of age and an invalid for the last three, her parents and friends can experience great consolation in knowing that death releases her from untold suffering and that her sweet disposition, unmurmuring piety, assures an entrance upon that life which is a never ending state of beatitude. Though a blighted bud during the last years of her earthly existence now she is a lovely flower in heaven.

OUR SCHOOLS.—We invite the attention of our readers to the new advertisements of schools in to-day's paper.

St. Mary's School, Raleigh, N. C., under the management of Rev. Dr. Smedes, has made a reputation second to no school in our Southland. It has done a noble work for North Carolina and the South in educating so many young ladies. All over the land are ladies who occupy high social positions who were trained at this institution.

The Select Boarding and Day School at Hillsboro', N. C., under the joint management of the Misses Nash and Miss Kollock, is of the highest excellence. Its reputation is long established as one of the best female institutions in the United States.

Oxford High School, J. H. Horner and R. H. Graves, Principals, has for (twenty) years been regarded as the equal of any boys school in the Union. The write feels fully warranted in saying that it has no superior. The principals are gentlemen of learning and ability, and are enthusiasts in their profession.

TRINITY COLLEGE COMMENCEMENT—CONCLUDED.

The President's Report was very satisfactory every way. The regular classes were larger during the current year than they have been since the war, and have in all departments and in scholarship so acquitted themselves as to win the commendation of the Faculty.

By the method of grading students it is possible for all to obtain the first honors, but three only can have *distinction* in one class. 100 is the highest grade. Whoever obtains an average of 95 has the first honor; 90 the second, and 85 the third. Of those taking 95 or more, the highest takes first distinction, the next has second, and the next, third.

The following students secured distinctions:

FRESHMAN CLASS: W. F. Tillett, of Lumberton, first distinction; W. H. Page, of Wake, second; and W. H. Watkins, of Rockingham, third.

SOPHOMORE; J. C. Black, Randolph, first; E. D. Wooley, Montgomery, second; and T. Colson, Stanley, third.

JUNIOR: W. H. Pegram, Harnett, first; G. B. Everett, Everettsville, second; and S. Simpson, Caswell, third.

SENIOR: W. L. Terry, Little Rock, Ark., has the first; C. B. Townsend, Robeson, second; and J. L. Tomlinson, Randolph, third.

The following young gentlemen were graduated with the degree of Bachelor of Arts, viz: J. A. Barringer, Greensboro, L. L. Doub, Trinity, Millard Mial, Wake, J. A. Monroe, Fayetteville, W. C. Norman, Caswell, W. L. Terry, Ark., C. B. Townsend, Robeson, J. L. Tomlinson, Randolph, J. A. Worthy, Moore, T. W. Willborn, Randolph.

The President then addressed the Graduating Class in appropriate and touching terms. He then presented the Diplomas. The lowest grade of any of the graduates was 93 4 100, whilst the highest was 99 20 100. This grade was won by W. L. Terry, Ark., who attained a higher grade than has ever been attained by any other Senior in the history of the College.

The degree of M. A. was conferred upon Rev. Jno. Franklin Heitman, of N. C. Conference, W. K. Gibbs, Tenn., and Sam'l. Tomlinson, President of the Institution for the Deaf, Dumb and Blind, Raleigh.

The degree of A. B. was conferred upon Rev. Gabriel Johnston, of Brownville, N. Y.

The degree of D. D. was conferred upon Rev. F. M. Kennedy, editor of Southern Christian Advocate, Macon, Ga.

The degree of LL. D. was conferred upon the ablest man in the State, Judge A. S. Merrimon, of Raleigh.

The Hesperian Society, through its representative, S. Simpson, and Columbian, through its representative, I. J. Austin, Miss., requested that some very tasteful gold medals be presented to the graduates from each society. This was done in a felicitous little address by Governor Vance.

The President then presented each graduate with an elegant copy of the Bible with the name of the recipient printed in gilt upon the lid. Then came the Valedictory, a rather ordinary production, and the entertaining ceremonies were closed with the Benediction.

We have attended many Commencements in our younger days, but we have attended none that surpassed the one just visited by us in general interest. This is our honest, candid judgment. The proceedings throughout were distinguished for taste, dignity and ability. The audiences were large, the decorum perfect, the attention marked. The weather was propitious, and the ladies, many of them very handsome, thronged the corridors and halls, and cheered all with their bright presence. There were many distinguished visitors, and it was observed that a higher grade of intelligence characterized the visitors than formerly.

Trinity is looking upward under the able management of its distinguished President—a gentleman of vast energy, tact, and talents. By the next Commencement the new building will probably have been completed, as the brick-making has already begun, when the young ladies and gentlemen can have range and scope enough for intellectual and social enjoyment. The new chapel it is thought will seat fifteen hundred people.

Among the Board of Trustees are Maj. J. H. P. Ruse, Maj. Seaton Gales, Rev. J. B. Bobbitt, K. P. Battle and M. A. Bledsoe, Esqs., of this city. The whole number of students in attendance during the year was 158. There were 27 law and 17 theological students.

And now for a few candid remarks in concluding our hastily prepared report. The scholarship of Trinity is advancing. Let it continue in that direction. It is much higher now than it was ten years ago—let it be made very much higher yet.

Great care is bestowed upon declamation; the result is nearly all the boys declaim well. We noted, on the other hand, that their pronunciation was sometimes quite defective. We suggest more attention to that graceful branch of study. They pronounced, however, quite as well as our lawyers and ministers generally do. We would have them pronounce their vernacular as educated Southern gentlemen should—according to the best *English* standards, and *not* according to Cape Cod Noah Webster. The Senior speeches were in the main *original*—a fact we do not remember to have observed on similar occasions. The behavior of the students during our three days at Trinity was excellent—worthy of all commendation. We never heard an oath, we never saw an intoxicated person, or even smelt the noxious breath of decayed whiskey.

The Alumni Association held a pleasant reunion which we were unable to attend, much to our regret, although kindly invited. We enjoyed ourself so little, and are indebted to Gov. Vance, Gen. Leach, Maj. Dowd and others for much social pleasure. It was worth a trip to Trinity to hear Vance give an account of a long chat he had with Deavens, in Washington, or to see Gen. Leach electioneer. He can beat the world on that line. We had the great pleasure of meeting after a long interval many old acquaintances and friends, and of forming many new and agreeable acquaintances.

The literary festival closed with a party at night, which was attended by nearly every one. It would afford us pleasure to visit the Trinity Commencements in the years to come. We believe that this College is doing a useful work. It is meeting, to a considerable extent, the definition of *education*, as given by the illustrious Daniel Webster—"The *feelings* are to be disciplined, the *passions* are to be restrained; *true* and *worthy motives* are to be inspired; a *profound religious feeling* is to be instilled, and *pure morality* inculcated under all circumstances. All this is comprised in education." We believe that the Faculty understand this, and are faithful to the duties entrusted to their keeping. The great dramatist says:

"Now 'tis the spring, and weeds are shall w rooted;
Suffer them now, and they'll o'ergrow the garden,
And choke the herbs for want of husbandry."

Long live Trinity!

Died;

FROM WASHINGTON.

WASHINGTON, June 15—It is believed that the Board of Arbitration will adjourn immediately after meeting, but if an agreement to adjourn cannot be reached and the meeting is prolonged, the session will undoubtedly be secret.

The Internal Revenue receipts to-day were $42,754,897. Receipts during the present fiscal year have been $2,554,077,954, a larger sum already than was estimated. The estimate being only 125,000,000. It is probable that at least 50,000,000 more will be received this month, as daily returns now are quite large.

FROM NEW YORK.

Early this morning information reached the police headquarters that the strikers were massing in the 19th and 21st precincts, where are large cabinet piano factories. Superintendent Kelso ordered the reserves in the neighboring precincts to march to the threatened districts and to protect person and property at every hazard, and then went himself to the 19th precinct, while inspector Dilks went to the 21st. Steinway's factory was besieged by 300 men early as six o'clock, but the police drove them off.

Large crowds of strikers soon afterwards gathered in front of the cabinet factory on Forty second street near the third avenue. A sergeant of police and a patrol were stationed there and kept the strikers at bay until the arrival of a detachment of police who were obliged to use their clubs freely to disperse the strikers.

Several trees in the squares and in the Central Park were torn up by the tornado this afternoon and several small vessels in the harbor lost spars and had sails torn.

A tornado yesterday caused great damage. Many were hurt here and in Brooklyn.

A vigilance committee has been formed in Western New York to punish incendiarism.

The cotton arrearage for the present year is one and a half million bales, or about the same as last year. It is estimated that under the most favorable circumstances the crop cannot exceed that of last year crop, at present it is in a good condition, but backward and likely to mature later, except in Texas.

John Fabanbacck, of Cleveland, Ohio, President of the International Association of Machinists and Blacksmiths addressed his craftsmen in the German Assembly Rooms this morning. He counselled moderation and abstinence from liquors. If the authorities establish a system of organized terrorism workingmen will not be responsible for consequences. The men would commit no outrage, they were natives, and fear the acts of the Commune of Paris being committed in this city.

The German military music corporation of the Berlin Guard, Grenadier regiment which arrived in the steamer Rhein this a. m., was received with all possible enthusiasm and cordiality, by the Germans of this City, and Hoboken.

Excitement continues in 19th and 21st precincts, the strikers are upon men at work to join their ranks and in some cases forcing compliance with demands. The police in strong force have charge of works and Superintendent Kelso, has made his headquarters at Steinway's factory in 22nd street. Inspector Dilks went in command of reserves. Capt. Irving and others of detective force are moving among the strikers now on duty.

Senator Wilson, of Massachusetts, and Trumbull and Rice, are reported by the *World* as visitors to the liberal republican headquarters yesterday.

The damage to the fruit crops by the hurricane yesterday was considerable. Many persons in both New York and Brooklyn were injured, and in the latter place three persons were killed.

At Winfield, Long Island, a bell tower fell on a train of cars demolishing a portion of the train, none of the passengers were injured.

In Jersey City, the grain store house of the Pennsylvania Central road was burned on, causing a loss several thousand dollars.

It is reported that the amount involved in the suit against Jay Gould, brought by the Attorney General, is $20,000,000.

It was shown by testimony that Gall since the first internal revenue went into operation has paid to the government twenty two millions of taxes.

FROM NORWICH.

NORWICH, Conn., June 15.—A hail storm passed over Connecticut this afternoon, covering a belt of twenty miles, greatly damaging vessels and property.

FROM ST. LOUIS.

ST. LOUIS, June 15.—The Liberal State Committee meeting of the State Convention has been postponed until after the Baltimore Convention. Schurz and Brown were present. Both advised conciliatory course towards Democrats.

FROM LOWELL.

LOWELL, Mass., June 15.—San Francisco was selected for next place of meeting of the Young Men's Christian Association.

The committee on resolutions made a report.

The first resolution pronounces total abstinence a test for membership, and the second declaring the use of tobacco as inconsistent with the highest type of christianity. The resolution will be discussed this afternoon.

The rules were suspended and when Garrison read the resolutions Beach was carried with such commotion yesterday relative to the Bible in public schools and pledging the efforts of the Association to place it in every Catholic family.

FROM MONTGOMERY.

MONTGOMERY, June 15.—In the U. S. District Court to-day, Judge Busteed confirmed the sale of the Alabama and Chattanooga Railroad, and issued an order to the assignees in bankruptcy to deliver the road to the State authorities.

FROM ALBANY.

Thirteen hundred machinists, carpenters and painters struck for 8 hours. Train hands, switch tenders and truckmen were induced to join the strike—said strike will extend along the entire road, and it is then it will reach the Boston and Albany Shops.

Advices from the city of Mexico, via Havana, June 9th, say Congress has adjourned after passing the tariff bill, and the bill granting ample facilities to the President.

Peace prevails in a majority of states. Disturbances continue in Jalisco, San Louis Patosi, the Sierra Puebla and northern provinces. Rumors of cabinet changes are current.

WHAT THE WEAK NEED.—Why do the debilitated and feeble dread the summer? It is because heat is an exhausting element, and they are not in a condition to bear the new drain upon their languid systems, which they think must necessarily commence with the warm weather. But cannot this evil be obviated? Most indubitably it can. Went these weaklings need—in fact, what nine-tenths of us need at this season—is an accession of physical vigor, and this desideratum can be secured, with absolute certainty, by a course of the mightiest, yet mildest, of all vegetable tonics—Hostetter's Stomach Bitters.

Thousands of men of business, mechanics and professional men, break down, partially or wholly, under their summer labors, simply because they have neglected to reinforce the powers of nature in this way. To persons who use the celebrated invigorant and corrective regularly in hot weather, the exhaustion which excessive heat is apt to produce under other circumstances is unknown. They are not troubled with nausea, their digestion excellent, and their habit of body all that can be desired. This for twenty years has been the uniform testimony of all who have taken the bitters as a summer tonic and alterative. Its efficacy is due to the care and scrupulous fidelity to the teachings of experimental science, with which its medicinal ingredients have been culled from the vegetable kingdom, the admirable proportions in which they are combined and the unequalled purity of its stimulative basis.

MEANS WHAT HE SAYS.—Though "confirmations strong as proofs of Holy Writ," and as numerous as the sands on the sea shore, were produced to prove that Dr. Pierce, the proprietor of Dr. Sage's Catarrh Remedy, is in earnest and means what he says, when he offers $500 reward for any case of Catarrh which he cannot cure, yet there would be some skeptics and fogies who would continue to shout, "*Humbug!*" "HUMBUG!!" "It cannot be, because Dr. Homespun says Catarrh cannot be cured." *Now*, this Dr. Homespun is the identical good-natured old fellow who honestly believes and persists in declaring that this earth is not round or spherical, but flat as a "slap jack," and does not turn over, otherwise the water would all be spilled out of Deacon Bascom's mill pond. But astronomical science has positively demonstrated and proves that Dr. Homespun is wrong in supposing this earth to be flat and stationary, and medical science is daily proving the fact that he is no less mistaken and behind the times in regard to the curability of Catarrh. In short, it has been positively proven that this world moves, and that medical science is progressive—the opinion of Dr. Homespun to the contrary notwithstanding. That Dr. Sage's Catarrh Remedy will cure Catarrh, thousands who have used it attest.

Then buy it and use it, in doubt do not stand, You will find it in drug stores all over the land.

TALK AT THE TOILET.—Every lady's maid knows that the bewitching belles who pay their triumphant way with conquered hearts, regard a splendid head of hair the most effective of all womanly fascinations. They believe and they are right, that they can have as many beaux with the luxuriant ringlets and glossy tresses as they can "talk at sight" with their beaming eyes. Hence to their "toilet talk" among themselves and with their attendants, the merits of preparations for the hair are free canvassed, and the latest result of this discussion seems to be the almost universal opinion of London Belgravia as an article to be adopted to promote the growth and beauty of the "Chief Glory of Woman" than any other at present before the world. They say that without irritating the skin of the head it eradicates dandruff, and that it penetrates below the surface to the roots of the hair, enlivening them with new life and vigor.
