WAIFS AFLOAT.

Detroit convicts write dime novels. Even jail life is no help to their depravity.

The retail merchants of Nashville are organizing a mutual co-operation society for protection against men who don't pay their bills.

LOCAL DOTS.

Our foreman and three of our compositors are sick.

Hon. Jno. Manning, of Chatham, was in the city yesterday.

Doepp & Jones have excellent chewing tobacco.

In many localities in this city back lots sadly need attention.

Hon. W. T. Dortch and lady, of Goldsboro', are in the city.

The Board of County Commissioners meet on the 28th inst.

The city is very quiet and orderly. For several days past the docket of the police court has been clear of cases.

There is a letter in the postoffice addressed to Mrs. L. A. McKay, Clinton, N. C., held for want of postage.

Victor (colored) Fire Company of this city propose to have an excursion to Fayetteville on the 4th of next month.

The members of the Typographical Union of this city have definitely decided upon having an excursion to Kittrell's Springs on the 4th."

We see by our exchanges that the summer campaign against dogs has commenced in a number of cities. When are operations in this direction to begin here?

The accomplished and beautiful Miss Jeannie Patterson, who made such a favorable impression in this city, is most handsomely complimented by the Wilmington papers.

Judge Merrimon, left this (Wednesday) afternoon for the west to fill his appointments there. He expects, we understand, to be absent from the city most of the time between this and election day.

The Annual Examination of the pupils of the Deaf and Dumb and Blind Asylum (white) takes place next Monday and Tuesday. On Tuesday evening there will be an exhibition in the Chapel of the institution.

E. A. Pou, of Johnston county, was in the city yesterday. We understand that he designs shortly to take up his residence in this city and open a law office. Mr. Pou is a gentleman of high culture and a lawyer of first rate ability.

PERSONAL.—Major F. H. Cameron, of Wilmington, and Secretary of the Wilmington North Carolina Life Insurance Company, arrived in this city Tuesday afternoon. We were glad to see the Major looking so well and to hear him speak so encouragingly of the prospects of the company which he represents. The Wilmington is a reliable, first class company, and being a home enterprise should not look for patronage in this State. All of its officers and directors are gentlemen of prominence and well known integrity.

Head of Lee, and "Rock of Ages," tonight at Tucker Hall.

THE TRIBUNE.—This is the title of H. H. Helper's new paper just started at Salisbury, the first number of which we have received. It will be a permanent institution and not a campaign paper as first purposed. The editor says:

"It will be devoted to the cause of Liberal Republicanism and Reform in North Carolina. It will labor with all its energies to secure the election of Greeley and Brown, and those candidates who may be their supporters. No pains will be spared to make it equal to any weekly paper in the State. Occasionally editorial contributions to its columns will be furnished by writers of experience and acknowledged ability."

It has our best wishes in its efforts to carry out a thorough reform in all branches of the government, which so sorely needs it. Price $2 a year. 10 copies to one address, $18 00.

U. S. CIRCUIT COURT.—The Court met at the usual hour, Judge Brooks presiding. The jury in the cases of James Forsythe vs. S. T. Carrow, and Caulfield, Randall & Co., vs. S. T. Carrow, rendered a verdict in favor of the plaintiffs amounting to $4,052 28.

The case of U. S. vs Rayford Royall and 26 others, Sampson county was called. This is a "kuklux" case, and the indictment has a murder count in it. Rayford Royall, Hardy Royall and Isham McClamm are the only three defendants that have been arrested, and they were remanded to the custody of the Marshal (who put them in jail) until the question of the jurisdiction of the Court, shall be argued and decided.

Up to the hour of going to press nothing of importance had transpired save the above.

UNIVERSITY OF VIRGINIA.—The literary bill of fare spread before visitors to the Closing Exercises of the famous institution, is very appetizing. Just think of it, a sermon by Rev. Dr. Palmer of New Orleans, one of the pulpit giants in this land, a sermon by Rev. Dr. Granberry, of Richmond, one of the best sermonizers now living, a literary address by Hon. A. G. Thurman, of Ohio, one of the ablest men now living in America, and an Alumni Address by Gen. Quarles, of Tenn. We would like to attend. How long before our University will be open and able men will be heard once more within its ancient halls?

Our thanks are due to the committee on invitation to attend the Final Celebration of the Washington Literary Society of Virginia, on June 24th, 1872. Mr. W. W. Dancy, of N. C. is of the committee.

THE ENTERTAINMENT at Tucker Hall to-night (Thursday) richly merits the attention of all patriots. Let it be remembered that one fourth of the proceeds will be contributed towards improving the Confederate Cemetery.

KITTRELL'S SPRINGS.—Weare glad to learn that this pleasant Summer resort is in tip top order, and that guests are already flocking thither. Why will parents, rich enough to do otherwise, keep their little ones in a hot town during the sweltering months when such a pleasant place as Kittrells is within such easy reach.

Paris unveiled to-night at Tucker Hall.

THE BALTIMOREAN is the title of a large, handsomely printed weekly, published by Crutchfield and Haas, at $2 00 per annum. We do not know what its politics will be. Mr. Crutchfield, we believe, some time after the war became a radical, and in consequence, was not sustained in Petersburg. If we are in error in our recollection we will gladly make the correction. As we have not read it we cannot speak of the character of the matter.

BRANSON'S N. C. BUSINESS DIRECTORY FOR 1872.—The editor, Rev. L. Branson, has laid upon our table a copy of his valuable Directory for the State. It is an improvement on the previous volumes and is a convenient and useful book of reference. It contains a good deal of useful information that has been gathered at much labor and expense. It is published by J. A. Jones, Raleigh, N. C., for the author. When Pamlico and Graham counties have been organized there will then be 93 counties in the State.

Fun, also, for young folks at Tucker Hall.

SUPREME COURT.—This Court yesterday (Wednesday) met at 9 a. m. All the the Judges present. The following cases from the 3rd district were argued:

B. M. Isler vs. Harriett M. Dewey, Wayne; argued. S. M. Isler, for the plaintiff and Smith & Strong for the defendant.

P. Holland vs. David Clark, Craven; argued. No counsel for plaintiff and J. W. Haughton, for defendant.

Ellis W. Sanders vs. Henry Jarman, Carteret; argued. Geo. Green for the plaintiff and Messrs. Hubbard and Haughton for the defendant.

S. W. Isler vs. Isaac Brown and W. A. Cox, Jones; argued. Geo. Green for the plaintiff and J. W. Haughton for the defendant.

IMPROVEMENT.—We learn that the contract for the extension of the north wing of the Deaf and Dumb and Blind Asylum has been given to Thos. H. Briggs, Esq., and the work has already commenced. This will add greatly to the appearance of the building in an architectural point of view, to say nothing of the comfort of the unfortunate inmates, who are at present uncomfortably crowded. Besides it will give the institution the capacity of accommodating some fifty additional pupils. Several bids were made for the contract, and it was given to Mr Briggs at $7,590, he being the lowest. The addition will be two stories high with a basement, and will contain some sixteen large and airy rooms. The work, it is said, will be completed by the first of next January.

REMARKABLE SUCCESS.—It is a singular and pleasing fact that Southern boys have in one of the highest honors at Princeton College, New Jersey, during the last three years. The late wonderfully gifted Theodorick Pryor, son of Gen. Roger A. Pryor, of Virginia, was graduated in 1870 with higher honors than were ever taken before by any student. In 1871, Skinner Lassiter, of Oxford, stood foremost in his class, and is now at Berlin, Prussia, in attendance upon the University, his Princeton scholarship supporting him. Whilst the other day, Richmond M. Pearson, Jr., son of Chief Justice Pearson, bore off the highest distinction in a class of ninety-six graduates. Both young Lassiter and young Pearson were prepared for college by our friend J. H. Horner, Esq., of Oxford High School.

EXAMINATION OF THE PUPILS OF THE COLORED DEPARTMENT OF THE DEAF AND DUMB AND BLIND ASYLUM.—On yesterday (Wednesday) the pupils of the colored department of the Deaf and Dumb and Blind Asylum underwent a thorough examination at the hands of Professor S. F. Tomlinson, Superintendent of the Institution, and Messrs D. C. Dudley and L. F. Tillinghast, teachers in the white department. The colored department, the building of which is located on Manly street, has 40 deaf mute pupils and 12 blind. The deaf and dumb are divided into two classes and are taught respectively by Z. W. Hayes, a white deaf mute, and Osborne Hunter, colored. The blind class is instructed by Alice Brodie, daughter of Rev. G. W. Brodie, colored. The class of Mr. Hayes gave evidence of a most commendable proficiency which reflected no little credit upon Mr. H's ability as an Instructor. The examination of the other two classes was creditable alike to the teachers and pupils. We regret that our engagements will not permit a full notice of those most interesting exercises.

HURRYGRAPHS.

Mr. Barbee at High Point is an obliging landlord. We have seen better hotels several times than Frazier's hotel at Trinity. We shall long remember our *first* night at the late Commencement.

Major Seaton Gales, of our city, has consented to deliver an address to the Odd Fellows, of Norfolk, Va. He is highly gifted and will make an address of rare finish and eloquence.

Job work is coming in daily. Send on your orders. Neatness, dispatch and moderate charges, is our motto.

We trust our friends will make an effort to extend the circulation of the SENTINEL. It will be the very thing for the campaign. Read our rates published in another column.

Our friends in different localities will oblige us no little by sending any news they may have.

IS IT SO?

MR. EDITOR:—I write to tell you of a report which is current in certain circles in this city. The order has gone out, it is said, from Republican headquarters, that the Rads of Carteret must make no nominations, but support Dr. L. W. Martin, the Conservative member of the last House of Representatives from that county, who is to run as an independent candidate. Is it so? Respectfully,

X.

We copy the above from the *News*. There may be no truth in it. If Dr. Bell, the nominee of the party, will propose at each tax gathering or public meeting to leave it to the Conservatives and Democrats of the county who shall be the candidate, the truth of the matter can be tested. Dr. Martin was thought to be a little shaky when he was in the Legislature.

When the Daily *Telegram*, edited by Nichols and Gorman, of whom Holden said "they are with us," was assailing the Legislature of 1870 as no better than that corrupt body of 1868, we think the Doctor wrote congratulating the paper and promising the editors a large circulation in Carteret.

If there is no convention of Radicals and the Doctor is their candidate, it will look like there is a rat in the meal tub.

NEW MARRIAGE LAW.—For the benefit of those who contemplate matrimony we give the following information concerning the new marriage law, which goes into effect on the first of next month:

Upon application for license the following questions will be propounded by the Register of Deeds: Name of person applying for license; name of man to be married, in full; residence; age; white or colored; father of man to be married; mother of man to be married; living or dead; residence if known, if not, state unknown; name of woman to be married, in full; residence; age; white or colored; father's name; mother's name; living or dead; residence, if known, if not, state unknown.

If both parties should be under 18 years of age the written consent of the parents or guardians must be filed with the Register of Deeds. Section 5 of the act reads as follows:

"Every Register of Deeds shall, upon application, issue the license of any two persons: *Provided* it shall appear probable that there is no legal impediment to such marriage: *Provided, nevertheless* that when either of the parties to the proposed marriage shall be under 18 years of age, and shall reside with the father, or mother, or uncle, or aunt, or brother, or elder sister, or shall reside at a school, or be an orphan and reside with a guardian, the Register shall not issue a license for such marriage until the consent in writing of the relation with whom such infant resides, or if he or she resides at a school, of the person by whom such infant was placed at school, and under whose custody and control he or she is, shall be delivered to him, and such written consent shall be filed and preserved by the Register."

The law also requires that the minister's certificate shall be signed by one or more witnesses present at the marriage, and a penalty of $200 is imposed on the minister failing to return the license and certificate, duly filled and signed, to the Register within two months after the ceremony.

WHAT THE WEAK NEED.—Why do the debilitated and feeble dread the summer? It is because heat is an exhausting element, and they are not in a condition to bear the new drain upon their languid systems, which they think must necessarily commence with the warm weather. But cannot this evil be obviated? Most indubitably it can. What these weaklings need—in fact, what nine-tenths of us need at this season—is an accession of physical vigor, and this desideratum can be secured, with absolute certainty, by a course of the mightiest yet mildest, of all vegetable tonics, Hostetter's Stomach Bitters.

Thousands of men of badness, mechanics and professional men, break down, partially or wholly, under their summer labors, simply because they have neglected to reinforce the powers of nature in this way. To persons who use the celebrated invigorant and corrective regularly in hot weather, the exhaustion which excessive heat is apt to produce under other circumstances is unknown. They are not troubled with nausea, their digestion is excellent and their habit of body all that can be desired. This for twenty years has been the uniform testimony of all who have taken the Bitters as a summer tonic and alterative. Its efficacy is due to the care and scrupulous fidelity to the teachings of experimental science, with which its medicinal ingredients have been culled from the vegetable kingdom, the admirable proportions in which they are combined, and the unequaled purity of its constituent bases.

MEANS WHAT HE SAYS.—Though "confirmations strong as proofs of Holy Writ," and as numerous as the sands on the sea shore, were produced to prove that Dr. Pierce, the proprietor of Dr. Sage's Catarrh Remedy, is in earnest and means what he says, when he offers $500 reward for any case of Catarrh which he cannot cure, yet there would be some skeptics and fogies who would go time to shoot. "Humbug!" "Humbug!" "It cannot be, because Dr. Humbugum says Catarrh can't be cured." Now, this Dr. Humbugum is the identical good natured old fellow who honestly believes and persists in declaring that this earth is not round or spherical, but flat as a "flap jack," and does not turn over, otherwise the water would all be spilled out of Deacon Bacon's mill pond. But astronomical science has positively demonstrated and proven that Dr. Humbugum is wrong in supposing the earth to be flat and stationary, and astronomical science is daily proving the fact that he is no less mistaken and behind the times in regard to the curability of Catarrh. In short, it has been positively proven that the world moves, and that medical science is progressive—the opinion of Dr. Humbugum to the contrary notwithstanding. That Dr. Sage's Catarrh Remedy will cure Catarrh, thousands who have used it attest. Then buy it and use it, in doubt do not stand, You will find it in drug stores all over the land.

TALK AT THE TOILET.—Every lady's maid knows that the bewitching belle who pave the triumphant way with conquered hearts, regard a splendid head of hair the most effective of all womanly facinations. They believe and they are right, that they can lose as many hearts with the luxurious ringlets and glossy braids as they can "kill at sight" with their beaming eyes. Hence in their "toilet talk" among themselves and with their attendants, the merits of preparations for the hair are freely canvassed, and the latest result of this discussion seems to be the almost universal adoption of L. Lo on's Kalliaforon as an article better adapted to promote the growth and beauty of the "Chief Glory of Woman" than any other at present before the world. They say that without irritating the skin of the head it eradicates dandruff, and that it penetrates below the surface to the roots of the hair, endowing them with new life and vigor.

FROM ALBANY.

ALBANY, June 18.—At a meeting of the striking men this morning a committee was appointed to wait upon the Governor and report to the persons taken by the strikers, which they hold to be in accordance with the laws of the State. The Governor received the committee, but said they must embrace him from making a speech, as he views upon the question were matured ready to his message and elsewhere, and any speech he might make would be made public to misinterpret. He cautioned them to see to it that nothing was done to disturb the peace and order of the community or excite hostility in law-abiding citizens.

FROM PHILADELPHIA.

PHILADELPHIA, June 18.—The strikers at a meeting this morning numbered 19; men, the excitement appears to be dying out. We desire to call the attention of farmers to our manufacture of superior and greatly improved Horse machines within the last two years, and they are now superior to and better adapted to the wants of the Virginia farmer than any machines brought from the North as we our horse powers are the style of freight make them cheaper. We make and send with our machines the Curry or Fitz Horse Power, and Separator machines mounted on wheels complete with horse powers, &c., &c., for sale.

We had our wheat threshed during the past summer by a Cardwell thresher and cleaner, owned by J. W. Alley. The machine did excellent work, the clean every particle of wheat from the straw, and cleaned it out of the ears nicely. We can recommend the machines to any one wishing a good Thresher and Cleaner.
