HOME AFFAIRS.

HURRYGRAPHS:

Editorials and other matter prepared for this issue are necessarily crowded out.

Our local editor is absent, which will explain the paucity of matter in these columns.

We give up variety for the present to political documents that are deemed necessary for campaign purposes.

We are requested to state that a certain stall in the market house has constantly on hand fly-blown meat.

A peculiar kind of worm is infesting the wells in some parts of the town, much to the annoyance of the drinkers.

We are in daily receipt of letters urging us to publish various documents. As fast as we can obtain them and our columns will allow it we will oblige our friends.

We had the pleasure of meeting on yesterday our old friend Capt. William J. White, of Warrenton, a true gentleman and capital merchant.

In to-days paper the conclusion of Judge Merrimon's exhaustive and very able speech is given. Although an *abstract* rather than a full report, it is well done.

Woodson when last heard from was on a prospecting tour on Neuse river in the direction of Wake Forest College. He was examining a sixteen-hundred acre tract for the purpose of engaging largely in the blackberry crop.

A lady, it is reported, asked Woodson on yesterday, "if he would take sugar in his,"—meaning his *coffee*. He replied in an abstracted manner—"No, thank you, I never drink anything stronger than *blackberry bounce*."

ANY one finding a fine gold sleeve button by leaving it with the Associate will be suitably rewarded.

I. O. O. F.—Regular session of McKee Encampment, No. 15, this (Friday) evening at 8 o'clock. *Election of Officers.*

The blackberry crop of Wake is very fine this year, and Raleigh editors are jubilant thereat, especially Woodson, of the *News*—*Wil. Star.*

WE are requested to state, by T. L. Love, of this city, that his hide houses, corner of Davie and Bloodsworth streets, have been thoroughly cleansed, and would have been long since, but he was disappointed in getting his chloride of lime, which he uses freely twice a week after being washed out weekly.

COTTON BLOOM FROM JOHNSTON.—Messrs. Greene & Hood, of Smithfield have sent us a cotton bloom the first heard of in that county. They write us that they have 180 acres in cotton, and that it is looking finely—equal to any in that section.

MISFORTUNES COME NOT SINGLE-HANDED.—The telegraph announces that Linden bridge, recently burned, has been washed away. The burning was bad, but to be washed away after burning was terrible. It strikes us that the smoke or ashes, or both, should have escaped the flood.

DEATH OF DR. L. S. PERRY.—It gives us unfeigned sorrow to have to announce the death of this excellent gentleman, which occurred on Wednesday night at his residence in our city. He died of disease of the heart. He was one of the truest friends the writer had. May a merciful and loving Father preserve and bless his bereaved wife and children!

CREAM PIES.—Four eggs beat in a half-pint of cold milk, with six large tablespoonsful of flour, a teacupful of sugar, a little salt. Heat one quart of milk nearly to boiling, then stir the eggs, etc. into the milk, and stir rapidly until it thickens. Add one teaspoonful of lemon. Make the pastry as for custard pies. When done pour the cream on the pies and set away until cool.

COTTON BLOOM.—Mr. J. M. Perkinson, living four miles south of the city, brings us the first cotton bloom of the season for Wake. Mr. P. is one of our best farmers and says he never had a better prospect for a crop. Mary Perkinson and her children work his farm. Mary is one of his former slaves. When the army advanced upon Raleigh he gave her his gold and valuables to hide; a part of them were hid under a setting hen. A hole was dug in the ground under the hen and the valuables placed in it. The hen was killed and eggs broken, but the valuables below were not discovered. Everything entrusted to Mary was returned when the pillaging foe disappeared.

BISHOP ATKINSON'S sermon at Washington and Lee University is thus spoken of in the Richmond *Whig*:

Attired in gown and bands, at the appointed hour, Bishop Atkinson, of South Carolina, appeared, and on reaching the speaker's stand kneeled and engaged in the usual inaudible payer. The appropriate liturgy was read, occupying just one hour.

THE SERMON

which occupied some thirty five minutes, was a plain, earnest, practical address to young men about to leave their place of training to enter the arena of practical life.

His subject: Considerations as to best method of securing temporal happines.

Text—Isaiah 1, xviii, Come now let us reason together.

The writer is mistaken as to the State from which the venerable Bishop now hails. He is a native Virginian, but the Bishop of the Episcopal Church in *North* Carolina.

WAKE FOREST COMMENCEMENT—THIRD DAY.—The exercises of to-day (Thursday) were of much interest and were witnessed by a large and appreciative crowd. The train from Raleigh came down loaded with beautiful ladies and gallant beaux. When the College was reached a large crowd was assembled and the Raleigh Brass Band, arrayed in neat uniforms, was on hand rendering stirring and excellent music. We soon found our way to the beautifully decorated chapel. This room is 50×40, and in every way adapted for the purpose for which it is used and possesses admirable acoustic properties.

At 11.30 the President and Board of Trustees ascended the rostrum and were immediately followed by the two Literary Societies of the College—the Philomathesian and Euzelian—who took the front seats which had been reserved for them.

The exercises were opened by prayer by Rev. Dr. Brown of Va.

Mr. J. S. Mitchell, who was to have delivered the Latin Salutatory, was prevented from appearing by severe indisposition.

The "Die Bewillkommung," [the Welcoming] was delivered by Mr. J. H. Garvey, of Ashe county. From the easy manner in whsch this gentleman acquitted himself we should judge that he has become a complete master of the German language. He retired from the rostrum amid loud plaudits.

The Oration: *The Graduate*, by Mr. C. H. Martin, of Franklin, was indeed an able effort. The orator displayed a graceful self-possession and an extraordinary self-possession and an extraordinary command of language. His subject was thoroughly handled and analyzed, and his exposition of theduties which await the graduate in after life were true to the life, and the whole clothed in language both chaste and appropriate. If the orator was faulty in any respect, it was by the rapidity with which he spoke.

The Oration: *Oratory of the Past and the Present*, had to be postponed on account of the sickness of Mr. Mitchell as above mentioned.

"*The Wilderness Shall Bloom*, was the subject of the next oration, by Mr. J. H. Garvey, of Ashe. Mr. G. seemed perfectly at home in the rostrum, and handled his subject with skill and ability. The contrast which he drew between the present condition of our country and the barbarism of a few centuries back, was a bold and striking one. He proceeded to show, by logical deductions, that the greatness of the future was dependent upon the moral and intellectual culture of the people.

The Valedictory Address, by Mr. Martin, of Franklin, was most happily conceived and finely delivered, and in which a glowing tribute was paid to the President and Faculty of the College for their patient and careful instruction and unvarying kindness. His parting words to fellow-students and class-mates were peculiarly affecting, and the tender emotions which this parting called up exhibited themselves in earnest faces and tearful eyes. At the conclusion of the address the orator was the recipient of several beautiful boquets sent by admiring fair ones.

The President, Rev. Dr. Wingate, then conferred the degree of B.P. upon Messrs. J. H. Garvey, of Ashe, C. H. Martin, of Franklin and J. S. Mitchell of Hertford, (absent on account of sickness) members of the graduating class. The President then addressed the graduating class in words replete with wholesome advice and encouragement to pursue that path through life which virtue and a determination to do that which is right, marks out. He spoke feelingly of the obstacles with which they might meet in their career and sought to impress upon their minds the true manner with which to cope with them. At the conclusion of the President's address, Rev. Dr. Pritchard, of Raleigh made a statement in behalf of the Board of Trustees. He congratulated the friends of the College upon the prosperous condition of the institution. He announce that no change would take place in the Faculty and that the question of employing a tutor during next term, if it should become necessary, is left with the executive committee in conjunction with the Board of Trustees. The Agent for the College had procured $11,000 in bonds and $1,000 in cash. The Doctor's address elicited much applause and had an admirable effect upon his auditory.

An announcement was made that at 4:30 there would be a mass meeting of the two Societies, and afterwards a meeting of the Alumni Association would be held.

To-night (Thursday) the Commencement closes with a party for the benefit of the young people, and we hope they will enjoy themselves to their hearts' content.

The marshals from the Philomathesian were Messrs. W. D. Burney, of Ala., A. W. Moye, of N. C., and S. F. McDaniel, of N. C. The Euzelian Society was represented by Messrs. J. G. Vann, of N. C., N. B. Canaday, of N. C., and R. V. Royall, of S. C.

The order of exercises was well arranged and carried out with precision and system. Everything passed off in a most agreeable manner; the evident regret with which the students bid each other adieu was the only thing that marred the general enjoyment.

We return thanks for the many courtesies extended by the President and Professors of the College and the marshals.

AT a regular meeting of Raleigh Lodge, No. 65, I. O. O. F., held on Monday night, the 24th inst., the following officers were elected for the ensuing term, viz:

Willie H. Hicks, Noble Grand.
Leroy G. Begley, Vice Grand.
Albert Magnin, Recording Secretary.
J. C. Brewster, Treasurer.
Leroy G. Begley, Thomas Badger and W. H. Hicks, Trustees.

FROM NEW YORK.

NEW YORK, June 26.—A call signed by Joseph R. Flanders and John Van Allen states that after a conference between many Democrats of the city and State of New York who will not support Greeley, suggests as the most practicable way of giving expression to such opposition to invite such Democrats to meet in Baltimore on July 8, for conference. The invitation extends to all such Democrats throughout the Union.

The police commissioners gave the delegation of Orangemen permission to parade on the twelfth of July. The delegation organization numbers six thousand.

The twelfth juror in Stokes' case was obtained this afternoon. The case was opened by the District attorney, who claimed that but one verdict could be rendered, if it was proved the prisoner deliberately shot Fish. He urged the jury to lay aside all impressions and act upon the evidence laid before them. The case was then adjourned till to-morrow morning.

FROM ATLANTA.

ATLANTA, June 26.—The Georgia State Democratic Convention was as large and able a body as ever assembled in Georgia. The action was entirely harmonious. The President was Hon. Albert Lamb, of Muscogee county. The resolutions are that the Democratic party of Georgia stand upon the principles of the Democratic party of the Union, bearing into special pre-eminence as applicable to the present extraordinary condition of the country, the unchangeable doctrine that this is a union of States, and that the indestructibility of their equality with each other is an indispensable part of our political system.

Resolved, That in the approaching election the democratic party invites everybody to co-operate with them in a zealous determination to change the present usurping and corrupt administration, by placing in power men who are true to the principles of constitutional government and a faithful and economical administration of the public affairs.

Resolved, That in our opinion the delegates to the Baltimore convention should go unmolested by instructions and should act with all the rights before them they deem best for the good of the party and for the welfare of the country. The delegates from the State at large are Gen. H. L. Benning, Gen. A. R. Wright, of the Augusta *Chronicle*, Col. Tom. Hardeman, Col. Julian Hartridge, Gen. A. H. Colquit, Col. J. W. Avery, of the Atlanta *Constitution*, all are conservatives favorable to harmonious action at Baltimore.

FROM SPRINGFIELD.

SPRINGFIELD, June 26. The city is crowded with delegates to the State Democratic and Liberal Republican Conventions which meet here to-day. It is generally conceded that the Conventions will unite in nominating a Liberal Republican for Governor, and it is believed that ex-Governor Koerner will be nominated, although a strong effort will be made in behalf of Senator Trumbull. Neither Convention will probably do more than organize to-day.

The Liberal Republican Convention met at noon in the hall of the House of Representatives, which was crowded. Gov. Palmer was elected temporary chairman.

A letter was read from Schurz. He regrets his inability to attend. He desires to address his constituents before taking part in the campaign elsewhere. The Convention has his earnest wishes in this effort to rally against Grantism all elments. It is time the North and South were united by inspiring a consciousness of a common nationality, its rights and duties, and to this it is necessary to break traditional barriers. (Three cheers were moved for Schurz.)

Wentworth moved the Democratic Convention be notified. A committee was appointed to confer with their Convention. The Cincinnati platform was unanimously adopted. (Cheers.) The Cincinnati Convention was endorsed amid great enthusiasm. Adjourned to 3 o'clock.

The Democratic Convention met at the Opera House. J. C. Allen, temporary chairman. He briefly advised conciliation looking to a union with another Convention.

FROM CLEVELAND.

CLEVELAND, June 26.—Many delegates to the Thursday's convention are already here. They are almost unanimous for the ratification of the Cincinnati nominations. It is believed the State ticket will be nominated, but the electoral ticket will be postponed till after the Baltimore convention. The liberal republican State Central Committee are here for consultation. Many prominent liberals are present. They will urge upon the democratic convention the postponement of the nomination of the State ticket till after the Baltimore convention.

FROM CINCINNATI.

CINCINNATI, June 26.—It is generally understood here as certain that Mr. Groesbeck will respect the decision of the Democratic Baltimore National Convention, and will not antagonize it by accepting the nomination made at New York, or by any other nomination made outside of the regular Democratic Convention.

FROM ELMIRA.

ELMIRA, June 26.—Tioga county is flooded and the railroads washed. Booms were swept with millions of feet of lumber. In the vicinity of Mitchells, the water is over the fence tops. The people are leaving their houses in boats.

FROM NEW HAVEN.

NEW HAVEN, June 26.—The House of Representatives repealed the usury law of two hundred years standing, and fixing the rate of interest at six per cent., by a vote of 131 to 46. It passed the Senate unanimously last week.

FROM CANADA.

TORONTO, June 26.—Dr. Rufus Beaton, recently kidnapped from Canada by federal officers, has been restored to Canadian jurisdiction and is now here.

QUEBEC, June 26.—Lord Dufferin has been inaugurated Governor General.

FROM EUROPE.

LONDON, June 26.—The Lords passed their amended Ballot Bill to a third reading.

The *Daily News* says, America agrees to be non-suited in her case so far as indirect damages are concerned.

VERSAILLES, June 26.—It is stated that negotiations for the complete evacuation of French territory by the German troops have been brought to a favorable conclusion.

LONDON, June 26.—The International copy right treaty between Great Britain and the German Emperor has been drafted at Berlin.

SIXTEEN YEARS OF SUCCESS.—In 1856 the now famous Mustang Liniment was first made known to the public by an extensive system of advertising. From that time to the present, the demand for it has been steadily increasing until it has taken the lead of all embrocations, lotions, ointments, and other external remedies, imported or domestic, ever introduced into the American market. In the most celebrated racing and trotting stables, in the establishments of stage and city car companies and in the stables of private gentlemen, it is the only recognized cure for such diseases of the horse as require outward treatment. Nor is it less valuable as a local application for some of the most distressing complaints to which man is subject. Rheumatism, stiffness of the joints, neuralgia, sore throat, tumors, wens, earache, toothache, yield to its pain-subduing, counter-irritant properties, and burns, scalds and cuts are healed with incredible rapidity under its operation.

$1,000 REWARD is offered by the proprietor of Dr. Pierce's Golden Medical Discovery for a medicine that will equal it in the cure of Bronchitis, severe Coughs, and the early stages of Consumption.

LOST HEALTH REGAINED.—Self-neglect lays the foundation of much bodily suffering. As a rule men are more solicitous to repair and preserve their houses, stock in trade and other perishable property than to repair and preserve themselves. They can see when a wall requires a prop, or a weak structure a girder, but appear to be unconscious of, or indifferent to, the cracks and flaws and evidences of decay in their own frail and sensitive organizations.

The consequence of this want of common prudence is that thousands fall by the wayside in the prime of life every year who might have lived to enjoy a hale and hearty old age, if they had resorted to the proper means of recruiting their failing vigor at the proper time.

Seeing what that famous vitalizing and invigorating elixir, Hostetter's Stomach Bitters, has done for countless multitudes of the enervated and broken down, and with the long, unbroken record of its cures before him, it seems amazing that any sufferer from premature decay, nervous weakness, dyspepsia, biliousness, chronic constipation, or disease of a remittent or intermittent character, should delay, even for an hour, to seek the aid which its toning, regulating and invigorating properties have never failed to afford.

It is no exaggeration to say that Hostetter's Stomach Bitters is the most faithful ally of nature, in her struggles with weakness and disease, that medical botany and honest chemistry have yet given to the world.

FLAVORING EXTRACTS are of primary importance in cookery; and of all articles of this description the highly concentrated Standard Extracts, prepared by Joseph Burnett & Co., Boston, are pronounced by leading culinaires—Professor Blot among the number—the purest and best.

HUMAN WRECKS.—Every day and hour we meet with broken down specimens of humanity—wrecks that seem past hope of salvage. At least seven eighths of these might be filled with new vitality, by a course of Dr. Walker's California Vinegar Bitters. Many are suffering from the reaction of rum-polluted bitters or powerful minerals. It is characteristic of Dr. Walker's Great Restorative that it neutralizes the effect of these misnamed remedies, and accomplishes, in due time a perfect cure.

NATURE GIVES US TEETH, but she does not preserve and purify them. That must be done with Fragrant Sozodont. The dental bone and its enamel casing are made invulnerable to all destructive influences by the daily use of this benificent preparation.

$50,000 DOLLARS WILL BE PAID for any remedy which will cure Chronic Rheumatism, Pains in the Limbs, Back and Chest, Sore Throat, Insect Stings, Croup, Dysentery, Colic, Sprains and Vomiting, quicker than Dr. Tobias' Venetian Liniment; established in 1847; never fails. Sold by all Druggists. Depot, 10 Park Place, New York.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 60,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling it. Oil House of Chas. Pratt, established 1770, New York.

A BEAUTIFUL WHITE, soft, smooth and clear skin is produced by using G. W. Laird's "Bloom of Youth." It removes tan, freckles, sunburns, and all other discolorations from the skin, leaving the complexion brilliant and beautiful. Sold at all druggists. This preparation is entirely free from any material detrimental to health.

JUST THE REMEDY NEEDED.—Thanks to Mrs. Winslow's Soothing Syrup, we have for years been relieved from sleepless nights of painful watching with poor suffering teething children.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers. The Ferro-Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

RISLEY'S GENUINE GOLDEN BELL COLOGNE WATER according to the original formula of Prevost, Paris, so long and favorably known to the customers of Haviland, Harral and Risley and their branches, for its fine permanent fragrance is now made by H. W. Risley and the trade supplied by his successors, Morgan & Risley, Wholesale Druggists, New York.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. P. C. Wells & Co., New York.

CARBOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy ever known. Price 25 cents per box. John F. Henry, sole Proprietor, 8 College Place, New York.

CHRISTADORO'S HAIR DYE.—This magnificent compound is beyond contingency, the safest and most reliable Dye in existence; never failing to impart to the hair, uniformity of color, nourishment and elasticity. Manufactory, 68 Maiden Lane, New York.

SYAPNIA is Opium purified of its sickening and poisonous qualities. It is a perfect anodyne not producing headache or constipation of bowels, as is the case with other preparations of opium. John Farr, Chemist New York.

THRESHING MACHINES, HORSE POWERS.

We desire to call the attention of farmers to our manufacture of separators. We have greatly improved these machines within the last two years, and they are now superior to and better adapted to the wants of the Virginia farmer than any machines brought from the North, while our lower prices and the saving of freight make them cheaper. We make and send with our machines the Cary or Pitt's Horse Power, and furnish machines mounted on wheels, complete with horse power, belts, &c., for $400.

We had our wheat threshed during the past summer by a "Cardwell Thresher and Cleaner," owned by J. W. Alley. The machine did excellent work, threshing every particle of wheat from the straw, and cleaned to our entire satisfaction. We can recommend the machines to any one wishing a good Thresher and Cleaner.

John R. Jones, Samuel Cottrell, Jr., Wm. C. Moncure, Wm. Shepperson, Alex. R. Holladay, J. L. Carlington.

We also make a good Two horse Thresher that we sell complete for $ 350.
