LOCAL DOTS.

No cases at the Police Court.

Smelfungus Caldwell arrived in this city yesterday looking very blue.

Hon. W. N. H. Smith and family left yesterday for Asheville.

Old Smelfungus had Hawk Rogers, Henry Miller and a number of other prominent radicals in his office all day yesterday. When we passed Todd had his head on a desk sobbing convulsively over "blasted hopes."

HOME AFFAIRS.

LOCAL DOTS.

Read the new advertisements.

Judge Fowle has returned to Beaufort.

Local items are exceedingly scarce. Everybody is absorbed in the election.

Betting on the gubernatorial contest ran high yesterday.

Judge, or rather Governor Merrimon, was taken ill on Sunday night but we were glad to see him on the street yesterday morning.

Yesterday the ladies were busily engaged in decorating the Hall of the House of Representatives for the Temperance Convention.

Did Caldwell and Tim Lee give the ex Governor of Rham Katte that side of meat and bushel of meal which they promised for his voting the radical ticket.

James Southgate, Esq., agent for the Masonic Temple Association, is in the city.

There were sixty-eight deeds, mortgages, &c., registered in this county during the month of July.

JUDGE MERRIMON.

This distinguished gentleman was taken suddenly ill on Sunday night, but is now, we are rejoiced to say, convalescent.

MEETING OF THE BOARD OF COUNTY COMMISSIONERS.—Yesterday the Board of County Commissioners held an adjourned meeting. All the Commissioners present.

The County Treasurer was ordered to pay A. G. Dalby the sum of $350 for building the bridge across Neuse river at Boyce's Ford. The account of Chesley Jones for $47 for building the bridge across Lick Creek, near W. H. Nichols,' was ordered to be paid. Dr. Babcock, J. R. G. Roulhac, Jno. H. Cooper, Augustus Carter, G. W. Scarboro, S. M. Dunn & Co., R. F Bullock, R. K. Ferrell, A. G. Carr and H. Murdoch, were r fus d from paying double tax. The account of J. H. Pool $10 for arresting Young Ferrell was ordered to be paid.

Several small accounts were ordered to be paid. The Board then adjourned.

DISGRACEFUL ORGIE IN THE CAPITOL.—OLD SMELFUNGUS AND A NUMBER OF CHURCH SPIRITS HERAN BASKETS OF CHAMPAGNE, AND GET OF A DRUNK, &C.—On Saturday afternoon, having received false returns, the radicals began to feel a little jubilant, and they assembled in the Executive office, a number of leading white radicals some half dozen negroes. We happened to and pass the door and such a sight as presented itself. Negroes lolled upon the sofas or elevated their feet upon desks and blew the smoke of cincinnati cigars in the face of the Governor. White men were seen clinking glasses with negroes. All hands got gloriously drunk, headed by the Governor. The scene was in every respect a most disgusting one. Just think of a Governor bringing such disgrace upon the State over which he presides. If he will get on sprees with low characters, for decency's sake he should not prostitute the Capitol by making it the scene of his revels.

ELECTION RETURNS.

We give the returns as far as we have received them, up to 2 o'clock p. m., on Monday. We do not of course vouch for the accuracy of the returns. We have availed ourselves of every possible source, and have corrected the errors of previous returns as far as we have been able. We hope by to-morrow to be able to lay such additional returns before the reader as to assure him of the election of Judge Merrimon.

Above loss reported,	3,751	
Total loss in 77 counties	3,941	
Currituck, Dem. gain deducted	91	
Total loss in 78 counties,	3,850	

Deduct this from Shipp's majority, 4,905 and 1,145 majority remains to be overcome in 14 counties. Caldwell in 78 counties has averaged a gain in round numbers of 50 votes. If this ratio continues in the remaining 14 counties Judge Merrimon is elected by 445 votes.

Doubtless the reader will agree with us that this is rather close to be confortable. It leaves scarcely any room for rejoicing. Before our Rooster is brought out we must have additional news.

2nd P. S.—We have additional returns from Jones. We lost 40 instead of 21 as credited above. Wilkes has gone over 200 majority for the radicals. So 219 votes must be deducted, which will leave 926 votes to be overcome in 13 counties.

WOMAN KILLED.—Just as we are going to press we learn of the death of a woman at Durham's caused by being caught upon the cow-catcher as she was endeavoring to catch her child. Our informant did not know whether she was white or colored.

The State Temperance Convention will assemble this morning at the Common's Hall at 10 o'clock. Hon. J. J. Hickman will not arrive in time to speak to-night as heretodore announced. At night there will be a grand Temperance rally at the Common's Hall at 8 o'clock. The citizens generally are invited to be present.

SMELFUNGUS OBFUSCATED.

His Excellency, the Governor of the State, was gloriously drunk on Saturday about the streets, if we are correctly informed. What he got drunk for we cannot imagine. If it was because he was defeated, he may get sober enough to find he is elected; and *per contra* if he, like "honest Tam," got "o'er all the ills of life victorious," because he was elected, he may yet discover that he crowed too soon, even before he was out of the woods. We recommend Smelfungus to a life of greater sobriety. The Governor of a great State should set a good example.

WEEDING POTATOES WITH SHEEP.—It may not be known to farmers in general that it is a common practice in some of the potato growing districts to turn flocks of sheep into the potato fields for the purpose of eating down the weeds. The sheep will not touch a potato vine. Thus pasturing with sheep is very advantageous when the crop is a late one, so that the hoeing cannot be completed until haying or harvesting is finished. At the growing season, it is the planter's aim to keep down the grass and weeds so that they may be covered with dirt by a cultivator and hoe, when these are used. Pastoring with sheep will attain this object. Early planted crops, the cultivation of which is completed in the first half of the summer, frequently become grassy and weedy before the time of digging, when the size of the tops precludes cultivation. In this stage the sheep are economical weeders. It is hardly necessary to mention that the feed thus given to the sheep makes a double profit, inasmuch as it costs absolutely nothing, while labor is saved and weeds prevented from seeding.

The Blessing of the Age.

No more Sick Headache, no more Dyspepsia, no more Indigestion no more Piles, no more Liver Complaint, no more Jaundice, no more Pain in the Back, no more Kidney Disease, no more Costiveness, no more Heartburn Tutt's Vegetable Diver Pill is a certain guarantee against all these distressing complaints

ATLANTA, June 29, 1869.

Dr Wm. H. Tutt:

Dear Sir—I am a tailor, and, from want of exercise, lost all appetite, and what little I did eat soured on my stomach. I bought some of your Liver Pills from Redwine & Fox, and have been entirely relieved by them. My appetite is good, and I digest what I eat. I now sleep sound at nights, which I had not done for months.

WHAT WE NEED WHEN DEBILITATED.—Appetite and digestion languish at this season. At the very time when the body most needs renovation and support, the stomach, its commissariat department, is apt to prove delinquent. Under such circumstances the necessity for a wholesome stimulant, tonic and corrective is self evident, and consequently the demand for that peerless combination of the three required elements Hostetter's Stomach Bitters, is never more urgent than at midsummer.

It is true that a few medical bigots—fossils "left over" from the dark ages—recommend violent purgation and water gruel as a cure for indigestion and its accompanying ills; but they make few proselytes. The majority of the community are sane, and all sane people are aware that a pure and powerful vegetable tonic with alterative properties, like Hostetter's Bitters, is the only cure for dyspepsia, biliousness, constipation, nervousness and the "consequential damages" they inflict.

The human intellect, unless hopelessly diseased or egregiously humbugged, declines to nourish the weakened human stomach with fierce catharties that, rushing like an avalanche through the intestines, threaten to tear the inner membrane with them. To use a significant catch-phrase the knock-down-and-drag-out methods of treatment are "played out."

It is clearly understood that a restorative stimulant is essential to the renovation of an exhausted frame and that you cannot strengthen man or woman by dosing them with prostrating preparations. This is an era of common sense, and common sense approves of Hostetter's Bitters as the best article extant for invigorating, regulating and purifying the system and defending it against poison in the air we breathe, or the water we drink.

AN ESSENTIAL OF LOVELINESS.—To be entirely beautiful the hair should be abundant and lustrous. This is absolutely essential to complete loveliness. The most regular features, the most brilliant complexion as pearl and teeth fail of their due effect if the hair is thin, dry or harsh. On the contrary the plainest face, if it be but surmounted by luxuriant and silken tresses, is apt to impress the beholder with a sense of actual beauty. The crowning ornament of her sex is, happily, within the reach of lovely woman, and being as indiscriminating as she is lovely, she long ago discovered that Lyon's Kathairon was the sure means of securing it. No preparation for the Hair ever enjoyed a tithe of its popularity, and no wonder since it produces such gratifying results. Applied to the waste and barren place of the scalp, it fructifies and enriches them with a new and ample growth. It is not, of course, pretended that it will do this if the capacity for reproduction is extinct, but so long as it remains that wonderful rehabilitant will assuredly propagate the germ of the hair into life and activity.

FROM WASHINGTON.

WASHINGTON, Aug. 3.—The President comes Friday.

FROM NEW YORK.

NEW YORK, Aug. 3.—The *Herald* London dispatch says that Stanley was invited to dine with Lord Stanley and lady Franklin, and other distinguished persons.

Greeley has gone to Rhode Island, and will be the guest of Senator Sprague.

A Washington dispatch says that the United States revenue cutter Merreasin is still watching the Cuban privateer Pioneer, at Newport. Her guns are shotted, and her orders are to sink the Pioneer should she attempt to escape. These orders withdraw the Merreasin from police duty, and it is rumored that the Cuban sympathizers have taken advantage thereof, and have started another expedition to Cuba under the most favorable auspices.

The *Herald's* London dispatch has letters received by Stanley from Viscount Enfield, Earl Granville and a son of Dr. Livingstone, Lord Enfield in the name of Earl Granville, acknowledges the receipt of letters and documents from Livingstone, delivered by Stanley to Her majesty's Ambassador at Paris for transmission to foreign departments.

Earl Granville says in his letter that he has no doubt of the genuineness of the letters purporting to come from Livingston. Livingstone's son says he has no doubt that the papers and letters brought to him by Stanly are from his father.

The Democrats fired 100 guns in the City Hall Park this noon in honor of the victory in North Carolina. The firing party carried a banner with the words, "North Carolina pronounces in favor of reconstruction, union and peace."

FROM ST. LOUIS.

ST. LOUIS, Aug. 3.—It is reported that some 3,000 coal miners of St. Clair, Ill., opposite this city, are on a strike.

Two buildings in Keokuk, Iowa, fell down yesterday, burying seven women and children in the ruins. One woman was fatally wounded, and all were more or less injured.

FROM LONG BRANCH.

LONG BRANCH, Aug. 3.—Milesian won the hurdle race. Lochiel second time 3:32 1 4. Princess won the second race. Fadladeen second time 1:45. Sandford's Mate won the third race. Extracts second, times 3:15.

FROM FRANCE.

PARIS, August 3.—*Le Temps* is inclined to doubt the authenticity of Livingstone, published by Stanley. It gives the opinion of the German philosopher, Kiepert, who discovered various geographical blunders in the letters. He thinks a part of the narration was invented by Mr. Stanley, and hence the whole is valueless, and hints that it is possible that Stanley never saw Livingstone.

LONDON, Aug. 3.—Lieut. Dawson, chief of the English search expedition, which sailed from this country in the steamer Abydos before Stanley's first dispatch, announcing his meeting with Livingstone, was received. He left Zanibar for England on the 21st of May, and is expected to arrive in London about the middle of next month.

It is the general opinion of the press that the letters of Sumner and Banks advocating the election of Greeley, together with a Democratic victory in North Carolina, indicate beyond doubt the election of Greeley and Brown in November.

Monday will be the observed holiday here and at Liverpool. The bank of England will be closed, and no business will be transacted either in stock or cotton exchange.

THE FIRE IN BALTIMORE ON WEDNESDAY NIGHT.—Though no definite idea of losses could be obtained; an approximate estimate places the total loss at not less than $50,000.

The building occupied by Drost & Jordan, owned by Mr. Augustus J. Albert, is valued at $35,000, which is damaged to the extent of at least $15,000, the whole interior being destroyed. There is no information as to insurance.

The stock of Messrs. Drost & Jordan, which had just been increased for the coming season, amounted to about $60,000 or $70,000, upon which there is an insurance of $30,000, principally in Baltimore offices. Messrs. Hollander and Pretcell carry a stock of about $80,000, which it is estimated is damaged by water from $10,000 to $15,000; partially insured in Baltimore offices.

Messrs. L. Passano & Co., No. 268, also carry a stock of from $75,000 to $.00,000. Their loss by water will probably reach $10,000 to $15,000, which is covered by insurance. The loss in this case may prove heavier, as the whole building was literally flooded by the fire engines.—*Sun.*

FLAMBLE POETRY.—Mr. Swinburne is now busily engaged in England in preparing his reply to Mr. Robert Buchanan's criticisms on the "Fleshly School of Poetry," as in words and manners his ideas of poetry are peculiarly his own. He claims that Byron, Tennyson and Walt Whitman all belong to his school; and he is no worse, perhaps somewhat better than any of them. Mr. Swinburne says that Byron lacks the divine harmony without which a really great poet can exist; Tennyson, in his opinion, is course; Whitman is at time a true poet, but he mixes his poetry with the coarsest and vulgarest commonplaces. But this is not the point; the point is that no poet is to be blamed for writing whatever he is in him; if he utters blasphemy he should write blasphemy, and no man should blame him for it; and if he thinks faith he should write faith and any one who objects is no ass and a villain.

THE YARBOROUGH HOUSE

FOR SALE.

By virtue of a judgment rendered at Spring Term, 1872, of the Superior Court of Wake County, in the action entitled William S. Pond, Executor of Edward Yarborough, dec'd, vs. Joseph H. Yarborough and others, the undersigned Commissioner will expose the property known as the Yarborough House, in the city of Raleigh, to public sale, at the Courthouse door in said city, on the 31st day of August next, (if not sooner sold at private sale, of which due notice will be given) to the highest bidder.

This property is situated on the eastern side of Fayetteville Street in the city of Raleigh and embraces about one acre of ground. It is one of the most central points in the city, being not more than four hundred yards from the depot of the Raleigh & Gaston, the Raleigh & Augusta Air Line, and the North Carolina Railroads; within one hundred yards of the proposed Masonic Temple; the same distance from the Postoffice and Federal Court Room; on the opposite side of the street from the Wake County Court House, and within five minutes walk of the Capitol.

The hotel building is three stories high and contains forty seven guest chambers, a dining room, two parlors, a reception room, office and three family rooms. The rooms are commodious and well ventilated; the passages broad and spacious; the dining room, parlors and office are large, well lighted and comfortable, both in summer and winter.

All the buildings on the premises are in excellent order, and afford every convenience to hotel keeping.

The terms are as follows: One-fourth of the purchase money in cash; the residue in three equal instalments, bearing interest, at six, twelve and eighteen months from the day of sale; the first of the credit instalments to be secured by bond with at least one good surety, title withheld until payment of the purchase money; and so long as any part of the purchase money remains unpaid, the purchaser to insure the buildings—and he, in a sum equal to such unpaid balance, the loss if any to be applied to the payment of said purchase money; and should the purchaser fail so to insure the said buildings, I shall have the power to effect such insurance and the money so expended by me to be deemed a part of the purchase money, bear interest from date of expenditure and be payable at the same time with the instalment of purchase money next thereafter falling due.
