ELECTION IN THIS STATE.—We copy from the columns of the Wilmington *Star* the following in regard to the radical programme in the approaching Presidential election in this State:

"On high authority it is said that the infamous Judge Bond, a thribble X Jefferies, has taken steps to have the enforcement act, as amended by the last session of Congress, put into force into this State at the Presidential election in November, and that the supple tool to carry out the programme of infamy will be the notorious Shaffer, of bankruptcy and U. S. Commissioner reputation. * * * * * * *

A CYCLOPEDIA of the Best Thoughts of Charles Dickens, compiled from His Works, and Alphabetically Arranged, by F. C. De Fontaine; E. J. Hale & Son, New York. This work will be completed in six numbers, each number containing the matter of a $1 50 book, and each number complete in itself; price fifty cents. It is a well executed work every way. The author, in a pleasant and well written "Introduction" says: "The object of this volume is to present in a compact form—alphabetically arranged for ready reference—a solution of the Best Thoughts of Charles Dickens." Thus far the editor has done his work with taste and skill. Those who love Dickens—and who does not—can renew in these inviting pages their acquaintance with the fourteen hundred and twenty five creations of his fecund brain which have delighted the literary world for the last thirty five years. We commend the work to our readers. We are glad to see our favorite North Carolina house in New York making such steady advances.

Mr. R. S. Pullen appeared before the Board and made a statement in regard to the streets which he had opened at his own expense, giving to the city land to the amount of over 5 acres. The Board, as a compromise, allowed him $660—the amount of his taxes for this fiscal year.

A pump was ordered to be place in the well on Bloodworth street.

Mr. Battle, from the special committee to prospect a street leading from Manly street to the Fayetteville road, submitted a report favorable to the undertaking.

On motion, the report was adopted and and the City Surveyor ordered to lay out the street, and a committee of 5 freeholders appointed to assess damages.

The Committee on Oakwood Cemetery was granted further time in which to submit a report.

WANT OF VITALITY.—If a deficiency of vital energy is not a disease in itself it is a condition which lays the system open to the attacks of all conceivable maladies. Night and day we are surrounded more or less by deleterious influences. No atmosphere is entirely pure, no water utterly free from injurious particles; while in many localities both are positively unwholesome. What defence has the weak, languid system, in which the vital principle is deficient or dormant, against any of the morbid influences, which produce epidemic and other diseases? None whatever. There is no safety save in artificial reinforcement. Hostetter's Stomach Bitters have, beyond all question, a vitalizing effect. If the nervous forces of the body have been recklessly expended in exhausting physical or mental labor, or dissipated in the indulgencies of a "fast" life, this powerful vegetable tonic and corrective will restore them. If the defective vitality is a constitutional evil it can be remedied to a great extent by this wonderful invigorant. At a season of the year when the air is more or less impregnated with the seeds of periodic fevers, it is especially desirable that the digestion should be perfect, the habit of body regular, the liver active, the blood pure and the nerves firm. These conditions are the best protection against all disorders, and the rare conditions which the Bitters are better adapted than any other medicinal agent to promote and secure. See to it, however, that no imitation or counterfeit is substituted for the genuine article, and let all who value health and have an antipathy to poison beware of the moral bitters made from condemned drugs and vilely adulterated alcohol, which have sprung up like mushrooms all over the country.

Scrofula.

Is the dread disease which annually sweeps its thousands to the graves. It is ken its appearance in many forms: in Consumption, Glandular swellings, Rheumatism, Cutaneous diseases, many of the affections with which females are troubled, &c. Perhaps no one is wholly free from its taint, the only way it can be successfull treated is through the medium of the circulation. It has stood the test, Dr. Tutt's Sarsaparilla and Queen's Delight possesses the qualities to expel it from the system and restore perfect health. Being free from violent minerals, it may be taken with safety by old and young. The most delicate female may take it any time.

If your child has worms, or a bad breath, or sallow complexion, or restless at night or no appetite, or gen ral bad health, give it Dr Tutt's Liver Pills, it will soon be restored

SUBSTITUTES IN THE DENTAL ranks are not desirable; therefore, keep the natural teeth sound and pure with that wholesome vegetable elixir Sozodont. Do this, and they will last as long as the breath lasts, and the breath itself will never be tainted

PHYSIOLOGISTS say that our bodies are renewed once in seven years. The material of which they are reconstructed is the blood, and unless it be fully charged with the elements of vitality, the strength and health of the system decline. Of all blood depurents, Dr. Walker's Vinegar Bitters is the safest and most infallible. There is no disease, arising from the deprivation of the blood, which it will not speedily cure.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 300,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling it. A Jamestown, Dakota territory, despatch states that the government troops surrounded that town yesterday and seized and destroyed all liquors in the place, and imprisoned half a dozen whisky dealers.

William Saunders, colored, was arrested to day, in Jersey, at the Communipaw Ferry. On him were found three hundred thousand dollars in U. S. bonds and Maryland bonds. He is said to be one of the perpetrators of the Maryland bond robbery. A dispatch from Baltimore says Saunders is wanted for other crimes.

MASSACHUSETTS.

LYNN, Aug. 28.—General Banks addressed a crowded Greeley and Brown meeting. He was frequently applauded.

FROM WASHINGTON.

WASHINGTON, Aug. 28.—Acting Assistant Secretary Richardson recently submitted for the opinion of the Attorney General the following question: "At what rates, in view of the amendments of June 5th, 1872, should internal revenue taxes be required upon tobacco which was stored in an export bonded warehouse on or since June 6th, 1872, when withdrawn for consumption or sale in this country?" After reviewing the law upon the subject, the Attorney General says: "Assuming that the word 'now' means the sixth of June, and it follows that there is no way in which tobacco stored in a bonded warehouse between said date and the first of July can, after the latter date, be withdrawn for exportation without a prepayment of the tax, for on the first of July the old law was repealed, and the right to withdraw tobacco after that date for exportation with respect to the time when it was stored is precisely the same as the right to withdraw tobacco for consumption or sale.

I do not see what difference it makes to the Government whether tobacco is taken from a bonded warehouse or manufactory after the 1st of July, upon the payment of the new tax, unless possibly the payment may be a little longer delayed in the one than in the other cases.

On the 6th of June it is said there were large quantities of tobacco *in transitu* from the manufactory to the bonded warehouses, and it certainly seems inequitable that tobacco which reached the warehouse on the fifth of June was withdrawn after the first of July should pay a tax of only twenty cents per pound while the same kind of tobacco that reached the warehouse two days afterwards and withdrawn at the same time is compelled to pay a tax of thirty-two cents per pound.

Congress, with a view to the injustice that might be worked by a change in the law before it could be known to those whose interests were to be affected thereby, provided that section thirty-one should go into effect on the first of July and the residue of the acts with a few exceptions on the first of August. When it was evident no harm could result, the act in a few instances and where it is expressly provided takes effect upon its passage. One of the evils of our legislation is the frequent changes in the revenue system of the county and unless it clearly appears that the intent of Congress is otherwise, they ought to be construed so as to affect with equal justice all these upon whom they are intended to operate. My opinion is that all tobacco stored in bonded warehouses and withdrawn for sale or consumption before the first of July, 1872, is subject to the taxes prescribed by the act of July 2d, 1868, and all tobacco in bonded houses on the said 1st of July, withdrawn after that date for the same purpose, is subject to the tax prescribed by the act of June 6th, 1872.

The cabinet meets to-morrow. Boutwell and Robeson are absent.

Warrants for the pardon of David Collins, Wm. Teal, Amos Owen and William Scruggs, who were convicted under the kuklux law, and now in the Albany penitentiary, are preparing and will be signed before the President returns.

FROM PENNSYLVANIA.

HARRISBURG, Aug. 28.—The Convention of Democratic soldiers and sailors opposed to Pittsburg Convention met at noon and was called to order by General Mulholland, who stated the object of the meeting. Gen. Wm. McCandless was selected President and made an address which was received with applause. He stated that the convention was preliminary to the call for a convention to be held at Phindelphia to enter a protest opposed to the Pittsburg Convention and suggested the organization throughout the State by counties and the selection of an executive committee.

WEST VIRGINIA.

WHEELING, Aug. 28.—Partial returns reduce Jacob's majority to 488 and against the Constitution to 120. It is conceded that the balance of the State will ratify the Constitution, but cannot overcome Jacob's majority. The proposition to prevent negroes holding office is undoubtedly defeated.

FROM MAINE.

PORTLAND, Aug. 28.—At a mass convention of union soldiers of Maine, Gen. S. Elden Connor presided. Burnside, Wilson, Butler and Gen. Hartlan, of Kentucky, were among the orators.

THE YARBOROUGH HOUSE FOR SALE.

By virtue of a judgment rendered at Spring Term, 1870, of the Superior Court of Wake county, in the action entitled William H. Pool, Executor of Edward Yarborough, dec'd. vs. Hannah H. Yarborough and others, the heirs and devisees of the said decedent, I will on the 31st day of August next, expose to public sale, to the highest bidder, the valuable property known as the Yarborough Hotel.

This property is situated on the eastern side of Fayetteville Street in the city of Raleigh and embraces about one acre of ground. It is one of the most central points in the city, being not more than four hundred yards distant from the depots of the Raleigh & Gaston, the Raleigh & Augusta Air Line, and the North Carolina Railroads; within one hundred yards of the proposed Masonic Temple; the same distance from the Postoffice and Federal Court House; on the opposite side of the street from the Wake County Court House, and within five minutes walk of the Capitol.

The hotel building is three stories high and contains forty seven guest chambers, a dining room, two parlors, a reception room, office and three family rooms. The rooms are commodious and well ventilated; the passages broad and spacious; the dining room, parlors and offices are large, well lighted and comfortable, both in summer and winter.

All the buildings on the premises are in excellent order, and afford every convenience to hotel keeping.

The terms are as follows: One-fourth of the purchase money in cash; the residue in three equal instalments, bearing interest, at six, twelve and eighteen months from the day of sale; the first of the credit instalments to be secured by bond with at least one good surety, title withheld until payment of the purchase money; and so much of any part of the purchase money remains unpaid, the purchaser to insure the buildings on said lot, to a sum equal to such unpaid balance, the loss if any to be applied to the payment of so much of the money; and should the purchaser fail so to insure the said buildings, I shall have the power to effect such insurance and the money so expended by me to be deemed a part of the purchase money, bear interest from date of expenditure, and be payable at the same time with the instalment of purchase money next thereafter falling due.
