This is an Investige of Power, whereby all friction is overcome. Its simplicity, Economy and Durability sationish all who see it. And the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate Follower Block and two 1.3-4 in squares from Bare, which are capable of enstaining a weight of 190,000 pounds; thus giving much if one strength than is required. With this Press isomes can park a bits of cottons with cases in close missing, veciping from four hundred in one strength missing, veciping from four hundred in of lifty possess, and can be invoved a close of the fruit not so great as usual at this sesson, of almost universal bankruptey at the planters are entertained.
