LOCAL DOTS.

Police Court without items yesterday.

Raffling is now all the rage.

Read the new advertisements.

The Associate returned yesterday afternoon.

Wood and chicken thieves are becoming somewhat numerous in this locality.

The coming of Ole Bull is creating excitement.

Seven marriages are counted up for this winter in this city.

The butchers of this city last week killed 32 beeves, 17 hogs, 12 sheep and 2 calves.

John Pool is in the city. Gratifying news, truly.

Wild ducks have put in an appearance in this market.

See if your name is properly registered. All sorts of dodges will be resorted to to cheat you out of your vote.

Two white men, from the country, had a scrimmage on McDowell street yesterday. Nobody hurt.

We hear that the Board of City Commissioners will at their meeting this (Wednesday) evening, consider the matter of lighting up the streets.

A little colored boy was seriously injured on Fayetteville street yesterday morning, by being run over by a dray.

The time and attention of the local being taken up with other duties his column is very scantily furnished in this issue.

Betting on the result of the election in this State is getting lively. Four, amounting in round numbers to $2800, were made yesterday.

Sheriff McMillian, of Robeson county, yesterday settled his taxes with the State Treasurer. They amounted to $5,242. Sheriff McMillian is the third on the list, but has the credit of having paid in some $3,000 of this amount some time in July last.

GOOD TEMPLARS.—Thos. N. Ramsey Esq., lecturer for this Order in this State, organized last week Lodges at Rosedale, Pasquotank county, Sawyer's Creek, Camden county, and at Elizabeth City. We are glad that Mr. R. meets with so much success and trust that his labors will continue to be crowned with success.

STATE STATISTICS.—By an examination of statements in the Auditor's office we learn the following statistics: Value of land and town property in the State, $82,180,068; value of farming implements, $23,879,880; value of horses, mules, cattle, &c., $17,467,655. Total value of real and personal property, $123,513,628.

LOOK TO YOUR LOCKS.—We understand that a company of Gypsies passed through our city yesterday morning, going South. It may be, they have pitched their tents just outside the city limits in order to evade city taxes; nevertheless, the State taxes will not be evaded, and we doubt not the proper authorities will secure the hundred of dollars taxes to the use of our State Treasury.

It has become proverbial that Gypsies are dishonest, it is a fact, however, that they travel in good style, and have the appearance of being "well to do," in a financial sense, yet *they never work.* This is not the kind of people to make our barren places blossom, and we do hope they will find this locality an unpleasant place, and "jog on."

CYCLOPEDIA OF THE BEST THOUGHTS OF CHARLES DICKENS. By F. G. DePontaie.—The second number of this interesting and valuable work is to hand. It is one of the best of recent contributions to literature, and is of great value as a book of reference. It is being published by Messrs. E. J. Hale & Son, 17 Murray St., N. Y.

MOORE SQUARE.—We notice that the dead trees are being removed from Moore Square, better known as the "Baptist Grove." It is a matter of regret that these noble old oaks are dying out, the result of inattention on the part of the State authorities, who ought to have kept the roots well covered with earth, and protected them from the camp fires of parties who, for years, have made that locality a general camping ground.

THE DEVIL TO PAY LAST NIGHT (MONDAY) AT TUCKER HALL.—We don't mean there was a "row" or anything of that sort, but only and literally that Professor Anderson was the payee in question and a delighted audience of four or five hundred spectators were the mystified, gratified and satisfied spectators.

"Give the Devil his due" is an old adage, more honored in the breach than the observance, but we predict an exception all this week in the case of Professor Anderson. He is ridiculously skillful, and moreover young, good looking, and entertaining of speech. That's enough for one sex. For the other, it will be "enougher" still to know that one of his imps—Miss Leona Anderson—is bewitchingly beautiful.

Lastly he runs a "lottery" in connection with all, and distributes gifts with the lavishness of a Santa Claus.

HYMENEAL.—We witnessed the ceremony of marriage yesterday, (Tuesday) morning, at 9 o'clock, at the Baptist Church, between Mr. Edmund Jones, of Lenoir, Caldwell county, and Miss Eugenia Lewis, of this city. Rev. Dr. Pritchard officiated, pronouncing most impressively the solemn and beautiful nuptial ceremony of his church. The attendance was an ovation of the elite of Raleigh, well deserved by the high character of the contracting parties. After the ceremony—and amid the crowding congratulations of friends—some smiling, more tearful—the happy pair rolled away in the carriage to the Raleigh & Gaston depot, to leave for New York on the 10 o'clock train. They were accompanied to the depot by a numerous cortege of friends in carriages and on foot. As for ourself we could not trust ourself to see the sweet bride off, but with all our heart we say:

"Smile heaven upon this fair conjunction."

THE "PEACE INSTITUTE."—Notwithstanding the unfavorable weather there was a large and appreciative company at the "*Peace Institute*" last evening. The building was illuminated from top to bottom, and the effect was very fine. The visitors were shown thro' all the Halls, recitation rooms, libraries, and other departments of this very promising Female Institute, now in the tide of most successful experiment under the guidance of experienced and accomplished teachers and managers. Every body was pleased with all they saw, and to crown the enjoyment of the evening, the company were favored with exquisite music in the largest Hall or Lecture Room, or Chapel (whatever they call it) by Professor Baughman and his accomplished wife, a real artiste, in music, and also by *Miss Hannah*, of Va.; who would receive applause on any musical stage in Europe, where true music is so well understood.

Miss Lacy also performed on the piano excellently well.

Among the pieces played was an original composition (Duett) by Prof. Baughman, entitled "Hope"—which was executed, without fault by himself and Mrs. Baughman and elicited much applause.

At a late hour the assembly of visitors dispersed, all well pleased.

The "Peace Institute" has everything to make it a great success—a splendid building, well situated; commodious spacious, in the metropolis of the State, good climate, moral judicious influence, and a corps of intelligent and most competent teachers.

MESSRS. EDITORS: As the Legislature will very soon assemble, I wish to call the attention of the members of the House of Representatives to the claims of Capt. W. Thornburg, of Company Shops, for Engrossing Clerk.

Capt. Thornburg is a high toned gentleman, a wounded soldier, a true Conservative and possessed of very superior business qualifications, and will make a good and efficient clerk, if the House of Representatives will assign him to that position. M.

Messrs. A. & C. Black, of Edinburgh, purpose publishing a new edition of the late Lord Cockburn's works, in two volumes, the first containing the life and correspondence of the late Lord Jeffrey, and the second Lord Cockburn's memoirs.

NATIVE DIAMOND.—While at the State fair last week Prof. Kerr showed us a native diamond, picked up in some of the mines in the western part of the State, and sent to him by Gen. Clingman. It was valued at about $75.—*Cr. Patriot.*

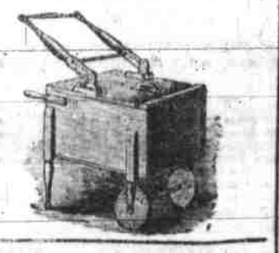
THE TIP TOP WASHER.

(Patented Feb. 28, 1871.)



THIS MACHINE COMBINES SIMPLICITY AND DURABILITY.

ACKNOWLEDGED TO BE THE BEST REGARDLESS OF COST.

PRICE $12.

The most perfect Washing Machine yet invented is the TIP TOP MACHINE, which for utility and durability can never be surpassed, if equaled. The public have ever demanded a simple machine which all can easily understand and keep in order. No invention has ever met with more favor or success in so short a time, than the Tip Top Washer has. For the reason that it is cheap and durable, not liable to get out of order. It is self adjusting, easily operated and easily handled, being mounted on rollers. It wears clothing much less than any other Machine or process as it washes the dirtiest clothing perfectly clean by a rapid succession of pressures or squeezes, thereby saving them from the wear and tear always sustained by the old process of washboard or rounder. This machine requires no washing fluid or chemical operation. None but common soaps need be used to make your clothing white or clean. This Machine will not damage the most delicate fabric or tear off buttons, yet it will wash any sized piece of clothing from a bed quilt to a pocket handkerchief. It will pay for itself every year in the bare saving of clothing. This alone should place the Machine in the hands of every family whose economy is at all desired. If you wish to save labor and preserve your health, try it. The Tip Top Washer needs only a fair and unprejudiced trial to convince the most skeptical of its complete success. We invite from them the most rigid test and only ask that our directions be strictly followed, which will accompany each machine sold. Every machine is warranted and in every case the money will be refunded on return of the machine in good order if it does not give perfect satisfaction and has been used according to directions. This Machine needs only to be seen to be appreciated.

A few active agents wanted. Upon receipt of $13 we will send one of our machines to any desired point. Parties desiring the machine will remit us the amount per express or by registered letter and we will forward them the machines immediately.

Persons desiring to act as agents will address us for further particulars. Communications solicited from Manufacturers.

DR. TUTT'S SARSAPARILLA & QUEEN'S DELIGHT.

No remedy possesses so many valuable Medicinal Properties as this combination of Roots, Herbs and Barks. The Queen's Delight is acknowledged by physicians to be the most powerful remedy known for Impure Blood, Liver Complaints, Nervousness, Female Complaints, Constipation, Rheumatism, Disease of the Kidneys, Syphilitic Affections, Skin Diseases, Chronic Complaints, &c. But in this preparation Sarsaparilla combined with other vegetable products, which render its virtues doubly valuable. Most diseases have their origin in the blood, and as a Blood Purifier the Sarsaparilla and Queen's Delight has no equal. It requires but a trial to convince the most sceptical.

For Female Complaints, whether in young or old, married or single, at the dawn of womanhood or the turn of life, Dr. Tutt's Liver Pills are an acknowledged remedy.

Dr. Tutt's Hair Dye is the best in the World.
oct 29-deodlw&wlw

As a remedy for Bronchial Affections and Chronic diseases of the Lungs, nothing ever before discovered equals Dr. Pierce's Golden Medical Discovery.

THE CULTURE OF THE HAIR.—Just as surely as a soil infested with Canadian thistles can be made to produce fine crops of golden grain, the scalp now sparsely covered with harsh, dry, unmanageable hair can be made prolific in silken tresses. All that is necessary to effect the change in either case is the right kind of fertilizer. Leaving the agricultural chemists to determine how the barren land shall be made fruitful, we positively assert that Lyon's Kathairon is unequaled as a fertilizer and beautifier of the hair. The twenty-five years of success is the basis of this unqualified statement. During that time it has been used by many millions of both sexes, and the first instance in which it has failed to fulfill the expectations of a rational purchaser has yet to be discovered. It will not cause hair to grow on a famished ground; but where the roots of the hirsute fibers remain undisturbed it will cause them to put forth new shoots, and in all cases where the hair has become thin it will increase its volume.

CRIMINAL IMPOSITION.

A bad bill substituted for a good one is simply a loss to the pocket of the taker; but a "poisonous slop" substituted for a life-sustaining medicine imperils the health of those who imbibe it, and the man who connects, or sells, or recommends such an article is a criminal impositor, and deserves to be visited with a heavier penalty than if he had counterfeited gold pieces or forged bank bills. Many vile and unwholesome potions now being offered for sale in various parts of the country as "tonics" and "restoratives," are recommended by their dishonest proprietors and venders as superior to the famous national specific, Hostetter's Stomach Bitters. Desperate attempts are made to thrust these pernicious compounds into the hands and down the throats of life long patrons of the great vegetable stimulant and stomachic; and although these conspiracies against health and life very rarely succeed, it nevertheless seems to be a duty occasionally to warn the credulous against them. Hostetter's Bitters, the unequalled remedy for cases indigestion, confirmed dyspepsia, biliousness, liver complaint, malarious fevers, constipation, constitutional weakness, and the functional derangement of the weaker sex, has for twenty years stood at the head of all medicines of its class—so far above them as to render competition futile. It has not yet reached the meridian of its popularity, its sale being larger now than at any period since its introduction. Its utility as a preventive of disorders engendered by an insalubrious atmosphere or unwholesome water is admitted by physicians practicing in unhealthy districts, and it is recommended as stimulant by many practitioners who will not take the responsibility of prescribing the adulterated liquors of commerce.

This is strictly a

HOME LIFE COMPANY.

Its officers and Directors are citizens of the State, of high character for business capacity, enterprise and probity. It offers every

SUBSTANTIAL BENEFIT

that Northern Companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster home institutions.

Another important fact to be considered is, that the Wilmington Life has this far obtained a very much larger interest for the money invested at home, than any of the New York Companies receive for their investments, according to their sworn statements before the Commissioner of that State.

These unquestionable facts should commend this Company, above all others, to our people. Let it be borne in mind that millions of dollars received for Life premiums have been sent North since the war, which at once drains the South and enriches the plethoric capitalists of the North. If there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should insure at home, this were more than sufficient.

THE WILMINGTON LIFE

has excellent special features.

It places no restriction on residence or travel; it makes no extra charge for female risks; and its Policies are incontestable after Five Years.

Its business is managed economically. Its risks are taken with great caution. Its investments are made judiciously.

Its motto is:

MEDICAL.

BALTIMORE LOCK HOSPITAL.

BALTIMORE, MD.

OFFICE—7 SOUTH FREDERICK STREET

DR. JOHNSON,

Physician of this celebrated Institution, discovered, while in the Great Hospitals of Europe, viz: England, France and elsewhere, the most certain, speedy, pleasant and effective remedy in the world for all diseases or abuses of the system.

Weakness of the Back or Loins, Stricture, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Irritation of the Heart, Timidity, Trembling, Diseases of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Lungs, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of the Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible, destroying both body and mind.

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young men contemplating marriage, aware of Physical Weakness, Loss of Procreative Power (Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS

Immediately Cured and full Vigor Restored.

This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons too often contract habits of self-indulgence from mere thoughtlessness, not knowing the evils consequent on such indulgences. Young persons too often contract habits of self-indulgence from mere thoughtlessness, not knowing the dreadful consequences that may ensue. Now, who that understands this subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility and Wasting of the Frame, Cough, Consumption, Decay and Death.

A CURE SPEEDILY WARRANTED.

Persons ruined in health by unlicensed pretenders who keep them trifling month after month, taking poisonous
