LOCAL DOTS.

Colonel J. B. Long, Postal Agent, is in the city.

The Mayor's Court was without cases yesterday.

Peru Settle shed the light of his serene countenance on our streets yesterday.

Chicken thefts are of nightly occurrence.

Organ-grinders and harpists are now making our streets resound with unmusical music.

Young ladies are now wearing their sash ribbons free on the right side of the waist, instead of at the back, as heretofore.

A colored boy was accidentally shot in the face by a comrade while hunting near this city on Wednesday morning. The wound is a slight one.

Double-breasted jackets—similar to those worn last winter—will be fashionable among our Beau Brummels once more. Those of heavy cloth are preferred, as they are sufficiently thick to do away with overcoats.

Ellen Coats, a colored inmate of the county work house, is giving a good deal of trouble to the authorities there. The other day she threw herself on the ground and swore she would do no manner of work. After exhausting persuasion, the overseer put some hands to work and constructed a substantial pen around the sullen damsel and left her in this plight to "chew the cud of sweet and bitter fancies."

JOHNSTONE JONES, ESQ.—We were glad to receive a visit from this gentleman in our office yesterday. Mr. Jones is now conducting the Charlotte *Observer*, and is making it a live and able journal. He has some editorial experience and this, combined with a natural sprightliness of humor and a cultivated mind, enables him to present to his patrons columns at once attractive in their matter and varied in their interest. The section in which he is located should extend to him a liberal support, and we have no doubt but it will, and it will give us sincere pleasure to chronicle his success, and see him take that prominent stand in the profession which he has adopted to which merit and capacity entitle him.

A BRIEF BIOGRAPHY.—Our brother Mills of the *Recorder* wields a very caustic pen. In his last issue, he hits the *Religious Herald*, of Richmond, Va., between wind and water. The *Herald* has often taken a tilt at Mills, but has invariably come out second best. Amongst other things in the last *Recorder*, Mills gets off the following bit of biography:

Several times the editors of the *Herald* have shown an itching to write our biography. We therefore, as we do not expect to live very long, take occasion to request them not to preach our funeral; nor write our obituary. But the editor of the *Biblical Recorder* wishes to inform the editors of the *Herald* that he was born on the 9th of July, 1831, in Halifax county, Virginia, near Milton, on Dan River. He went to school in North Carolina, and became a citizen of this State. He never voted in Virginia, but voted first in Oxford and still feels more at home in Granville than in any other place.

A MUSICAL ITEM.—An ardent admirer of Shakespeare, one who has read, studied and fully appreciates his sentiment that "he who hath not music in his soul is fit for treason, stratagems and spoils," has a local habitation near this office. This disciple of the bard of Avon seems to be very fearful of being taken for a traitor and constantly attempts to prove that he is not one of those individuals upon whom the post was so severe. We have made no charge that he was, and have not heard of any one else's having done so; and it strikes us that the gentleman's windy denials are out of order. Daily, hourly, minutely he makes his melancholy complaint of "man's inhumanity to man." The delusion that he is accused of traitorous deeds weighs heavily upon his soul. We offer him our sincerest condolence but wish he would "horn," to some one who would appreciate him more. We assure the industrious musician that the Grand Jury have no idea of indicting him for treason, but we do think that an indictment for the meanest music ever made would stick. He may have music enough in his soul but he certainly has considerable difficulty in expressing it. *Verb sap.*

MULES! MULES!—Wm. T. Rogers one of the most favorably known mule dealers that ever visited our market is in town with 40 head of fine Kentucky mules, and may be found at Dunn's stables. He has also three or four extra fast buggy horses, all of which he will sell on favorable terms. Call early. 2it

REGISTRATION.—Since the opening of the registration books in this city the following additional names have been placed on them. This is owing to persons becoming of age since the last election, change of residence, &c.:

Eastern Ward—White, 2; Colored, 8.
Middle Ward—White, 6; Colored, 1.
Western Ward—White, 5; Colored, 9.

COL. H. C. JONES.—The report that this gentleman has given in his adhesion to this disreputable and ridiculous movement called the "straight out," is but another instance of the unblushing and barefaced system of slander and lying which the Radical scribblers have adopted. Col. Jones was among the first of the leading gentlemen of the West who indorsed the claims of Horace Greeley and is actively engaged in canvassing for him and will, on Monday next, address a Greeley and Brown mass meeting which is to be held in Charlotte at that time. We have high authority to brand the report as another of the wilful radical falsehoods; the party penning it knowing well at the time that he was giving to the public a statement utterly devoid of truth.

THE ANALYSIS.—The readers of th paper will remember that a local notice appeared, stating the analysis of the stomach of the late Rev. J. B. Smith had been nearly completed. As may be gathered from the letter to Coroner Magnin it is highly probable that the analysis has been concluded, and that a full report will be given to the public in a few days:

UNIVERSITY OF PENNSYLVANIA,
Philadelphia, Oct. 27th,

ALBERT MAGNIN, Esq., Raleigh, N. C.,

Dear Sir: Your letter of 22d reached me only last Friday. Not having heard from you, I paused—not knowing what was the matter, and when your letter came it was so cloudy that I could not make any microscopic observations. I hope to have a bright day to-morrow, when I shall finish my observations and write the report, which I shall send in the course of the week.

Yours truly,
F. A. GENTH.

MEETING OF THE BOARD OF CITY COMMISSIONERS.—On Wednesday evening last the Board of City Commissioners held their regular monthly meeting. Mayor Whitaker presided, and Messrs. Gorman, Stronach, Upchurch, Johnson, Prarie, Ellison, col. and Dunston, col., Commissioners, were present.

The report of the five free-holders appointed to assess damages resulting from the opening of Swain street was submitted and read.

On motion of Mr. Prarie, the report was recommitted to the Committee in order that the report might be made to include all property-holders living along the line of the street, and also to set out the advantages accruing.

Ellison, col., offered the following resolution which was adopted:

Resolved, That the City Attorney be authorized to consent to a "case agreed" for the purpose of bringing before the Supreme Court the question as to whether the city levy on credits, bonds, &c., is legal, and be instructed to appear for the city in said court.

The petition of S. F. Phillips was read and referred to a committee consisting of Messrs. Prarie, Stronach and Gorman, and the said committee were instructed to inform themselves as to the feasibility of widening the northern portion of Wilmington street.

On motion the City Treasurer was authorized to renew the insurance upon Metropolitan Hall.

On motion of Ellison, colored, the resolution which passed at last meeting, amendatory of the ordinance in relation to hucksters, was so amended as to give them permission to commence purchasing at 9 a. m., instead of 11 a. m.

On motion of Dunston, colored, it was ordered that property owners on the south side of Cabarrus street, from Askew's corner to Merrill's corner, be notified to fix their sidewalks with gravel.

The petition for a well in the Western Ward, at the corner of Lenoir and South streets, was referred to the Commissioners of this Ward for their report.

Several licenses for restaurants, and the retail of liquor, were granted.

The Committee appointed to confer with the authorities of the R. & G. R. R. in regard to Johnson street, reported that the Railroad Company had agreed to make the necessary crossings within thirty days.

Claims against the City, to the amount of $8,118.14, (monthly expenses,) were ordered to be audited and paid.

On motion of Mr. Prarie, the Mayor was requested to instruct the police to enforce Sections 9 and 18, Chapter 2, of the City Ordinances. The sections referred to read as follows:

9. If any person shall feed any horse, mule or other animal on any street except in the vicinity of the railroad depots, or shall hitch either of said animals to any shade tree in the city, or to any post within four feet of the footway, he shall forfeit five dollars for every offence, with the cost of the warrant.

18. No wagon, cart, carriage, buggy or other vehicle shall be permitted to stand in any street when not in use by the owner, under a penalty of four dollars for each offence, and the City Commissioners are hereby directed to be strict in the enforcement of this section.

On motion, the Board then adjourned.

AN INSTANCE.—As an instance of the manner in which former slave-owners of this section feel and act toward those they once held in bondage, we give the following: On Wednesday, at Hillsboro', Piora Hall, colored, was brought to trial in the Orange Superior Court, on the charge of infanticide and acquitted. Her former master traveled all the way from Winnington to be present at the trial, employed her counsel at his own expense and rendered every assistance in his power. Still, radical politicians and papers assert that Southern gentlemen cherish unkindly feelings against their quondam slaves.

RALEIGH FEMALE SEMINARY.—Desiring to see the excellent schools of this town prosper abundantly, we gladly copy the following just tribute to the above institution which appears in the *Biblical Recorder*.

This school has opened with an increase of patronage and has before it the prospect of a long and useful career. The property belongs to R. I. Pullen, J. M. Heck and J. G. Williams, and is leased at very reasonable rates, to F. P. Hobgood, the proprietor of the School. To facilitate the sale of lots and the building up of the North-Eastern part of the City, Blount Street will be extended during the winter vacation through the present premises down to the Halifax road. The buildings now in use will be moved to the Eastern side of the street and so altered as to be better adapted to the wants of the school.

Mr. Hobgood has proved himself a first class teacher. The writer of this article first brought Prof. Bohlman to the State and still rejoices in his success as an instructor, and in the excellence of his concerts. His assistant, Miss Jenkins, was for several months employed in this office and we deliberately testify that she is "the right man in the right place." Miss Raven, Miss Williams, Miss Taylor and Miss Allen are, by those who know them best, highly esteemed as faithful and efficient teachers. In writing this article, we have measured our language carefully, because we feel the importance of urging parents to send their daughters to school and of telling the exact truth when schools are commended to public favor. Raleigh Female Seminary is worthy of a very liberal patronage, and will continue to prosper.

PERSONAL.

M. de Voigt, secretary of the Mexican Legation is in New York.

Mr. Remington, the celebrated manufacturer of fire arms, is in Frankfort-on-the-Main.

Clusseret, the ex-Communist, it is now said, is living in retirement near Geneva engaged in writing his memoirs.

Mr. Gladstone's wife, it is said, devotes several hours every day to visiting and improving the condition of the poor.

Bayard Taylor is at Gotha, in Germany, with his family, intending to spend the winter there. He is writing a life of Goethe.

General Schenck, United States Minister to London, is in Italy with his daughters, intending to remain there until December.

The most of them were devotees at the Temple of Bacchus.—*Hickory Eagle.*

DR. TUTT'S SARSAPARILLA & QUEEN'S DELIGHT.

No remedy possesses so many valuable Medicinal Properties as this combination of Roots, Herbs and Barks. The Queen's Delight is acknowledged by physicians to be the most powerful remedy known for Impure Blood, Liver Complaints, Nervousness, Female Complaints, Constipation, Rheumatism, Disease of the Kidneys, Syphilitic Affections, Skin Diseases, Chronic Complaints, &c. But in this preparation is combined with other vegetable products, which render its virtues doubly valuable. Most diseases have their origin in the blood, and as a Blood Purifier the Sarsaparilla and Queen's Delight has no equal. It requires but a trial to convince the most sceptical.

For Female Complaints, whether in young or old, married or single, at the dawn of womanhood or the turn of life, Dr. Tutt's Liver Pills are an acknowledged remedy.

Dr. Tutt's Hair Dye is the best in the World.

CRIMINAL IMPOSITION.

A bad bill substituted for a good one is simply a loss to the pocket of the taker; but a "poisonous slop" substituted for a life-sustaining medicine imperils the health of those who imbibe it, and the man who concocts, or sells, or recommends such an article is a criminal impositor, and deserves to be visited with a heavier penalty than if he had counterfeited gold pieces or forged bank bills. Many vile unwholesome potions now being offered for sale in various parts of the country as "tonics" and "restoratives," are recommended by their dishonest proprietors and venders as superior to the famous national specific, Hostetter's Stomach Bitters. Desperate attempts are made to thrust these pernicious compounds into the hands and down the throats of life long patrons of the great vegetable attenuant and stomachic; and although these conspiracies against health and life very rarely succeed, it nevertheless seems to be a duty occasionally to warn the credulous against them. Hostetter's Bitters, the unequalled remedy for cases of indigestion, confirmed dyspepsia, biliousness, liver complaint, malarious fevers, constipation, constitutional weakness, and the functional derangement of the weaker sex, has for twenty years stood at the head of all medicines of its class—so far above them as to render competition futile. It has not yet reached the meridian of its popularity, its sale being larger now than at any period since its introduction. Its utility as a preventive of disorders engendered by an insalubrious atmosphere or an unwholesome water is admitted by physicians practicing in unhealthy districts, and it is recommended as stimulant by many prescribers who will not take the responsibility of prescribing the adulterated liquors of commerce.

FROM WASHINGTON.

WASHINGTON, Oct. 30.—R. B. Norris, of Alabama, has been appointed special Treasury Agent. The President to-day signed the proclamation declaring that all provisions of the acts imposing discriminating in foreign tonnage, and import duties in the United States are revived, and shall henceforth be and remain in full force as relates to goods and merchandise imported into the United States in French vessels from countries other than France, so long as any discriminating duties shall be imposed by France upon goods and merchandize imported into France in vessels of the United from countries other than the United States.

The Department of State has received confirmation of the burning of the Missouri. Names of the saved passengers are are as follows:

George Thackery, Eugene Eunrice, W. F. Turnel, Ebeneger Sanders, A. E. Outerbridge, James Eutmer, John Rehis. The crew saved are Wm. Jones, Lewis Babine, Patrick McGowen, Samuel Cone, Richard Murphy. She burned at Sea Tuesday 25th.

FROM NEW YORK.

NEW YORK, The horse disease has appeared at Port Jarvis, New York, especially affecting the horses on the Delaware & Hudson canal. It has also extended to Columbus, Ohio, where three cases have occurred. Oxen have been sent from the interior of New York to take the place of horses in this city.

The weather is favorable to-day. One hundred deaths were reported yesterday. The army horses are nearly all affected. Bergh announces his determination to prevent the working of affected horses.

Several companies have brought suit against Bergh for twenty-five thousand dollars, and praying injunction against him.

It is stated that fifty cows have died from the horse malady at East Orange.

The ocean steamers leave to-day with only a third of a load. Several sugar refineries have stopped. The stable superintendents think the working of the deceased horses will run the malady into glandors.

The steamboats running to different points on North and East river to accommodate travel are impeded by the malady.

This being the final day of the Hall trial a large crowd was attracted to the court room. Many were also present expecting Tweed to be brought in, as this was the day his trial was fixed for. The ex-Boss appeared, attended by a host of legal retainers, but learning he was not wanted to-day, abruptly left.

James H. Ingersoll and John G. Farrington appeared and were bailed for $5,000 each. Stroughton then proceeded with his address in behalf of the Mayor.

Mrs. Horace Greeley died this morning at the residence of Mr. Alvin Johnson. During the evening yesterday her symptoms were of such a favorable character as to inspire some faint hopes of her recovery, but such expectations however, proved unfounded, as she had two chill's during the night, after which she was very easy until she ceased to bre the at 4 a. m., passing away peacefully without any perceptible struggles. Her funeral will take place at Dr. Chapin's Church, at 12 o'clock Friday.

Specie shipments to-day $135,828.

Wm. M. Evarts and family arrived from Europe to-day. Also the Earl of Caithness, and Count De Sonneaux.

STEAMBOAT BURNT.

KEY WEST, Oct. 30.—The steamer Anna which arrived here at 3:30 o'clock this p. m., from Nassau, brought intelligence of the burning of the steamer Missouri en route from New York for Havana. Of all the persons she had on board, only twelve are known to be saved. The Captain and crew of the vessel are said to be among those who have perished.

LATER.

KEY WEST, Oct. 30.—The steamship Missouri, Captain Custis, which left New York Oct. 17th, for Havana and Nassau was burned off Abaco. Reported over 80 lives lost. The Steamer arrived here from Nassau this p. m., at 3:30 brings the above intelligence.

FROM MISSOURI.

ST. LOUIS, Oct. 30.—The Republican publishes a brief correspondence this morning from Texas, under date of Oct. 27th, it reports that the Indians had made a raid into Hood and Parker counties on the Brazos river, killing one woman and wounding several other persons. A party of the Indians still remained in Texas, and the citizens were organizing for the purpose of driving them out.

FROM EUROPE.

PARIS, Oct. 30.—President Thiers has informed Princess Clotilde, the wife of Prince Napoleon, that she is free to remain in France without interference by the Government authorities, if she so desires.

FROM OHIO.

CLEVELAND, Oct. 30.—One livery stable reported twenty-five new cases yesterday

☞ As a remedy for Bronchial Affections and Chronic diseases of the Lungs, nothing ever before discovered equals Dr. Pierce's Golden Medical Discovery.

THE CULTURE OF THE HAIR.—Just as surely as a soil infested with Canadian thistles can be made to produce fine crops of golden grain, the scalp now sparsely covered with harsh, dry, unmanageable hair can be made prolific of silken tresses. All that is necessary to effect the change in either case is the right kind of fertilizer. Leaving the agricultural chemists to determine how the barren land shall be made fruitful, we positively assert that Lyon's Kathairon is unequaled as a fertilizer and beautifier of the hair. The twenty-five years of success is the basis of this unqualified statement. During that time it has been used by many millions of both sexes, and the first instance in which it has failed to fulfill the expectations of a rational purchaser has yet to be discovered. It will not cause hair to grow on a fleshless ground; but where the roots of the hair are not entirely destroyed it will cause them to put forth new shoots, and in all cases where the hair has become thin it will increase its volume.

This is strictly a

HOME LIFE COMPANY.

Its officers and Directors are citizens of the State, of high character for business capacity, enterprise and publicity. It offers every

SUBSTANTIAL BENEFIT

that Northern Companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster home institutions.

Another important fact to be considered is, that the Wilmington Life has thus far obtained a very much larger interest for the money invested at home, than any of the New York Companies receive for their investments, according to their sworn statements before the Commissioner of that State.

These unquestionable facts should commend this Company, above all others, to our people. Let it be borne in mind that millions of dollars received for Life premiums have been sent North since the war, which at once drains the South and enriches the plethoric capitalists of the North. If there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should insure at home, this were more than sufficient.

THE WILMINGTON LIFE

Has excellent special features.

It places no restriction on residence or travel; it makes no extra charge for female risks; and its Policies are incontestable after Five Years.

Its business is managed economically. Its risks are taken with great caution. Its investments are made judiciously.

Its motto is:

MEDICAL.

BALTIMORE LOCK HOSPITAL.

BALTIMORE, MD.

OFFICE—7 SOUTH FREDERICK STREET

DR. JOHNSON,

Physician of this celebrated Institution, discovered, when in the Great Hospitals of Europe, viz: England, France and elsewhere, the most certain, speedy, pleasant and effectual remedy in the world for all cases or stages of the system.

Weakness of the Back or Limbs, Sciatica, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Diseases of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of the Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible, destroying both body and mind.

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or Young men contemplating marriage, aware of Physical Weakness, Loss of Procreative Power (Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily
