STATE PRINTING.

Complaints have been repeatedly made to me concerning the delay in printing the public documents. When the printing was done at a Republican office the Governor's message, Treasurer's and Comptroller's reports and other documents, were placed in the hands of the printer previous to the meeting of the Legislature, and thus were printed in time to be laid promptly upon the tables of the members upon their assembling.

The capital necessary to do the State work is considerable. In every State but one, the State printer receives \$1 per thousand ems. I am required to do it at 60 cents. This is very insufficient price to compensate the printer for the expense that properly belongs to the State.

The public printer under Executive rule only received \$27,000 for doing work that cost the State under Republican rule \$70,000. It is very apparent that it is impossible to do the work without loss at 60 cents. A few weeks ago the bill due Dudley & Co. for our work's work (composition, etc.) was \$39.00, whilst the State printer only received \$39.75 for the same, allowing but 75 cents to cover interest and wear on some \$6,000 worth of material, house rent, proof reading, fire wood, gas bill, etc. It is proper to state, that the loss does not fall upon me but upon the editor of the Sentinel. If it did fall upon me, I would be compelled to throw up the contract before night, and leave the State to seek redress upon my bond on file, which is ample and good for all deficiencies and shortcomings on the part of the public printer.

THE TYRANNY OF PARTY.

If an intelligent stranger were to read some of our North Carolina papers upon the election of Judge Merrimon as U. S. Senator, he would conclude that he was a traitor to his country in time of war, a traitor to his State in time of peace, and a traitor to his party in Legislative times. He would think that the largest assemblage of North Carolina gentlemen that has ever taken place was really a collection of fools and fanatics, for they selected "this fellow Merrimon" as their candidate for Governor over every other man in the State.

Now the fact is, that Judge Merrimon is a very able gentleman, of an unassailable private character as any man in the State, of high honor and integrity, of unswerving patriotism, and of unflinching devotion to the great principles which mark the party to which he has rendered such eminent services. He is as incapable of proving in any sense feigned to the great principles of virtue, honor and fidelity as any man within the circle of our acquaintance. A great clamor now fills the atmosphere, but a great character is not formed in an hour and will not expand in a day. It is the result of a long and arduous career. He is Senator for six years, and we doubt not that he will faithfully and ably represent the intelligence, virtue and worth of North Carolina. Said Charles James Fox when asked the difference between orthodoxy and heterodoxy: "Heterodoxy is my duty."

APPROPRIATIONS.

We have heard various rumors assigned by the radicals in the Legislature voted for Judge Merrimon in preference to Gov. Vance. That it was love that prompted them is very clear. They know Judge Merrimon's record too well for that. What then was the motive cause? We give this solution of the matter. Judge Merrimon had indicted John Pool for his infamous slanders, and the radicals knowing the justice and propriety of this action, took the occasion of the Senatorial election to manifest their approval of Judge Merrimon's course. Upon another ground, and a satisfactory account of Pool's conduct being given, they are sick of Pool and are well pleased at his indictment.

THE PRESIDENT'S MESSAGE.

As the Message of the President is a document of National importance, we have determined to lay the text in full before our readers. Owing to its length and the limited space at our command, it will require our readers at least to complete its publication. We shall have to sacrifice some editorial columns and greatly abridge our daily summary of current State news. As a matter of fact we would prefer not to publish it at all, but our country readers will probably desire to see it, and unless we publish it they might not be able to do so.

THE PRESIDENT'S MESSAGE.

To the Senate and House of Representatives: In transmitting to you this my Fourth Annual Message, it is with thankfulness to the Giver of all good that as a nation we have been blessed for the past year with peace and tranquility, and a general prosperity, notwithstanding the calamity which the year to record.

It is gratifying to note how like their fellow citizens of Chicago under similar circumstances a year earlier, the citizens of Boston are rallying under their misfortunes, and the prospect is that their energy and perseverance will overcome all obstacles and show the same prosperity soon that they would, had no disaster befallen them. Otherwise we have been free from pestilence, war, and calamity which threaten our country, and as far as human judgment can penetrate the future, no cause seems to exist to threaten our present peace. When Congress adjourned in June last, a question had been raised by Great Britain, and was then pending, which for a time seriously impeded the settlement by friendly arbitration of the grave differences between this government and that of her Majesty, which, by the Treaty of Washington, had been referred to the Tribunal of Arbitration which met in Geneva, Switzerland.

The Tribunal, which had convened at Geneva in December, concluded its labors on the 4th day of September, 1872, by a unanimous vote, and by a friendly arbitration of the grave differences between this government and that of her Majesty, which, by the Treaty of Washington, had been referred to the Tribunal of Arbitration which met in Geneva, Switzerland. Since my last annual message the Exchange has been made of the ratification of a treaty with the Austro-Hungarian Empire, relating to naturalization. Also of a treaty with the German Empire respecting consular trade marks; also of a treaty with the Kingdom of Norway, relating to navigation; and all of which treaties have been duly proclaimed.

Congress at its last session having made an appropriation to defray the expenses of Commissioners on the part of the United States to the International Statistical Congress of St. Petersburg, the persons appointed for such mission proceeded to their destination and attended the session of the Congress. Their reports shall in due season be laid before Congress. The Statistical Congress meets at intervals of three years, and has held its sessions in London, in 1853, in London, in 1856, in London, in 1859, in London, in 1862, in London, in 1865, in London, in
