COTTON MARKET.—Reported by Lynn dams, Grocer and Commission Mer chant, South Market Street: RALMON, Dec. 17.

CITY TAXES-CUMULATIVE SUPPRAGE It is a well-known fact that the taxpaying citizens of this place are taxed in most burdensome manner. This hardship can be traced directly to the fact, that the property-awners of the city have little or no voice in the administration of city affairs, being over-ridden by a radical negro mejority. It strikes us that the oppressed minority might find some relief if the cumulat ve suffrage was adopted and thus given a representation on the Board of Commissioners, which might toud to check this extravagant system of taxation and lavish outlay of money. Let those in terested take the matter in hami and act upon the suggestion. The camulative system has been adopted in that negroridden city of Wilmington and found to work wall. We feel assured its adoption here would work advantageously for those who are now forced to pay extravagantly high taxes. We hope our friends will act at once in the matter. We are sure the Legislature would grant this relief if asked

The Christmas Number of To-Day, th popular illustrated weekly, of which Dr. Dio Lewis is the editor, has just been issued. It is one of the most brilliant and effective periodicals over published in this country. It contains twice the usual number of pages; and these are filled with choice stories, interesting sketches, delightful humor, spicy material from Dio Lewis, Christmas music and poetry, and unusually attractive general reading suits ble to the festival season, Several authors of reputation are represented, among them, Edmund Yates, T. S. Arthur, Christian Reid, Jean Ingelow, John D. Stock-

The number is rich in exquisite illustrations, drawn by some of the best artists in the country, and executed by one of the

most skillful engravers in the professior. To-Day must inevitably find its way the land. It is just the paper for the fireside and the family. We cordially recommend it to the public; and we assure those who desire employment that they cannot do better than to canvass for Tocommend it to the public; and we assure those who desire employment that they cannot do better than to canvass for To-Cannot do better than to canvass for ToDay, which offers specially good terms
and a marvelously beautiful chromo to
each subscriber. Maclean, Stodart & Co.,

nce of Mr. Turner, who is at his homabored day and might and gone through ur years, to secure the ascendency and success of the Conservative party. He has fought boldly, fearlessly and all the time against Radicalism and all its hosts. He has braved every danger and stopped; at no sacrifice. He has, in short, we under take to say, done more to relieve the poo-'carpet-baggers" and Radicalism than

any man in it. Two years ago and a year ego, his agents took the Public Printing at the hands of his party in the Legislature at ruinous rates of pay for it—he last by it hundreds, say, thousands of dollars. This he did to keep the printing which ought to have been done by the Cocacrvatives, from going into the hands of the Radicals. He has literally empoverished himself for the people and for his party.

We say upon every considerate airnous and justice, to say nothing of ourtesy, the public printing ought to ave been awarded to Mr. Turner at this smion of the Legislature at a fair price. But so it is. The printing is put at a air paying price, and it is given to our

neighbor, the Nees, a party paper, that N. C. Railroad. sprang up le a than a year ago in the sunshine of party success, axenred in a great seasure, by the labors and sacrifices of Mr. Turner!

We do not wish our neighbors of the News harm or evil, but we do say this is gross injustice! It is rank ingratitude!

"Blow, blow, thou winter wind. Thou art not so unkind As man's Ingratitude; Thy tooth is not so keen, Because thou art not seen, Although thy breath be rude!"

HISTORY OF CHRIST CHURCH, RALLIGH. -In our short sketch of the history of Christ Church, Raleigh, either by a slip of the pen or by mistake of the printer, it was stated that Dr. Freeman, on the question "whether it is proper for communicants to attend or give dancing parties, &c," took the affirmation side. text shows so plainly that the Rev. Dr. took the negative side of the question that we would not trouble to correct the error, except to add that after the contro versy between Dr. F. and the vestry closed, it was taken up by the late Rev. Dr. Jarvis B. Buxton, of Fayetteville. The reply of Hou, George E. Badger to him is one of the ablest controversial papers we have ever read—an exceedingly strong, and to our mind conclusive, defence of the liberty of professing Christians in engaging in ments, harmless in themselves, and only claimed to be wrong because opposed to the prejudices of some good people.

All acquainted with Raleigh society know that the Vestry came off practically victorious, as at the present day few hes tate to attend private dancing parties, although some decline to engage in the
