

HARMONY.

No one is or can be more anxious for harmony in our party than ourselves, and we have done all we could to that end.

The right way to preserve harmony, is to avoid the excess that gave rise to discord. It is rank hypocrisy, and dissembling to see the seeds of discord, and when the natural fruits come, for those who sowed such seeds to cry out "harmony!"

We repeat, we want harmony and have contributed to it at a sacrifice to our feelings, in saying nothing of interest, which many of those who make a great bluster and blow about it, have not.

No man can say we have worked for office, or place, or money; our efforts have been disinterested and only in the interest of the people. We have fought the battle of right against might and corruption.

RADICALISM.

It is deeply to be deplored that the radicals carried the general election in this State last summer. That party undoubtedly has been the cause of all our political evils since the war, and they give the people no hope of reform for the future.

Now what can the people promise themselves from Gov. Caldwell's administration? Does he or any of his colleagues in office offer any new promise or hope? None whatever. What he has been, he will be. Even when he and his party went before the people last summer they offered no promise—indeed, they solemnly ratified, in their nominating convention, all the evils and evil policy they had practiced for the last four years.

When will a better day come! When will better and capable men fill our State offices! It is deplorable indeed, that a grand, patriotic, conservative people must be thus cursed and wronged!

CONVICTION OF STOKES.

On Saturday evening the Stokes trial came to a close with a verdict of murder in the first degree. This is one of the hopeful signs of the times, particularly for New York. Whatever the character of Fisk may have been, he undoubtedly ended his career by the hand of a cowardly assassin, and it is to be hoped that the gallow shall not be cheated of its victim by moneyed influence or otherwise.

KENNETH R. COBB.

The Washington letter of the Albany (N. Y.) Argus, of a recent date, contains the following allusion to K. R. Cobb: "A few days ago the President sent to the Senate a batch of nominations, included in which was the name of Mr. Cobb, a brother of one of the representatives of North Carolina, to be supervisor of internal revenue for the district embracing Tennessee, Mississippi, &c."

FORTUNES OF OUR PRESIDENTS.

Washington left an estate worth nearly \$500,000. The elder Adams left a moderate fortune at his death. Jefferson died comparatively poor. If Congress had not purchased his library at a price far above its value (\$50,000) he would with difficulty have kept out of bankruptcy at the close of his life.

A BEAUTIFUL INCIDENT.

Rev. Dr. Adams, in his beautiful book of "Thanksgiving Memories" gives us the following incident: "In the Cathedral of Limerick there hangs a chime of bells, which were cast in Italy by an enthusiast in his trade, who fixed his home near the monastery where they were first rung."

These joyous hours have passed away, and you may be sure that they were not to be repeated. How many a tale their music tells, Of youth a home, and that sweet time When first I heard their ringing chime.
