Mr. Holland was seven days going to Austin. In returning he was thirteen days coming from that city. His failures to make connection cost him thirty dollars more than when he went out. Railroads so contrive that freight and passengers can go cheaply out of the State, but can never return on the same terms. Mr. Hol land reports his Wake friends James Row and and others as well, and well pleased with their new home in the West,

The grave evidently had been taken good care of by some kind soul, but all traces of the remains are passing away. Maj. Mitter is certain of the following inscription: "D W. M., Co. B., 40th Als. SENATOR POOL TO BE URGED FOR CRESWELL'S PLACE.

[Telegram to Cincinnati Commercial.] The southern Republicans are begin mag to discover what they conceive to be beir rights, and like freemen they propose to maintain them. Not content with making an effort for either the Speaker or soner acknowledged to be his, and he acthe Clerk of the next House from their ection, the southern members and Senstors are now bent upon having a mem-ber of President Grant's next Cabinet, Heretofore Postmaster General Creawel has been supposed to represent the south in the Cabinet. It would appear, how ever, that he is not accepted by many States south of the Potoman as a representative southern Republican. The complaint is made that he does not represent anything but Margland, a comparatively small portion of the South. Since the defeat of the Hon. John Pool, of North Carolins, for the Senate, his friends, and out of Congress, have been actively at work making combinations to secure him a Cabinet appointment. The arguments in his favor are strong as well numerous. First of all, he is a native and to the manor-born Union man, In the Senate he has manfully acted with the Republican party, and has been a steady supporter of the Administration of President Grant. In his own State he has been regarded as the leader of the Reout for his efforts there would have been no Republican party to day in North Carolina. He was among the most efficithe punishment and suppression of the kuklux organization. He is regarded as

the first lawyer in his litate. These are some of the argument unged in his layor by his friends, who think he is entitled to a place in General Grant's next Cablest. It is understood that Sens. tors who signed a position for the appointment of Creswell propose to sign in favor of Schater Pool. Nor will they be content
