OVIDE DUPRE.—The card of our friend and late townsman Ovid Dupre will be found in the SENTINEL. Mr. Dupre has located in the great city of the continent, and soon to be the great city of the world—New York.

We regret to lose a citizen so valuable and a lawyer so able and learned. Mr. Dupre will make more friends in the great than he could in our small city, but they will not be warmer or truer than those he left behind. Mr. Dupre's knowledge of the French and other languages will give him an advantage in the practice of the law in a large city which few young men possess. We hope and believe that New York will soon learn to value and appreciate our friend as did the city of Oaks.

MEDICAL COLLEGE OF VIRGINIA.—We call attention to the advertisement of the Spring and Summer Course of Lectures in the Medical College of Virginia, and recommend young men who are interested in the question of fitting themselves for the responsible duties of the physician, to send at once for an announcement. With a strong faculty, an ample supply of patients for clinics, subjects for dissecting, and other facilities for illustrating the Science and Art of Medicine, and this in a home city, of easy access, congenial society, and where a regard for the usually impoverished condition of the young men of the South has established special provisions for securing the student cheap board, we are satisfied, to say no more, that the young man thinking of becoming a doctor ought at least to carefully inquire into the matter as to whether it will not be in every way to his interests to repair to Richmond. Send for the announcement.

EXCELLENT PAINTING.—We would advise the lovers of true art to call at the handsome store of T. H. Clawson, immediately above Tucker Hall, Fayetteville street, and examine a few portraits recently finished by our distinguished artist and townsman W. Gurl Brown. We saw them yesterday portraits of Col. Jno. D. Whitfield and the late Capt. George B. Baker, formerly of Fayetteville and late business manager of the SENTINEL, with those of two of Raleigh's highly distinguished and estimable ladies. The paintings are undoubtedly works of art of a high order, worthy of Mr. Brown, and fully sustain his great reputation. The portrait of our late and lamented friend Capt. Baker is the very image of what he was when we first knew him in the early years of the war, and before disease had marked him as its own. George Baker was an honest, intelligent man and a gentleman of God's own make. The artist knew him to be all this, and has told so on the glowing canvas. Call and see these excellent portraits.

Mr George Peter Hoffman, for four years past cashier of the Baltimore advertising agency of Messrs. Griffin & Hoffman, and cousin to Mr. Hoffman of that firm, died of consumption on the 29th ultimo. Mr Hoffman was very popular, personally, with Southern publishers, and with the business men of Baltimore, and possessed the confidence and respect of all with whom he had business and social relation. He was a son of Peter Hoffman, Esq., one of the earliest and most prominent merchants of Baltimore.

Ceremonies are different in every country—but true politeness is everywhere the same. Ceremonies which take up so much of our attention are only artificial helps, which ignorance assume in order to imitate politeness, which is the result of good sense and good nature. A person possessed of those qualities, though he had never seen a court, is truly agreeable and if without them would continue a clown, though he had been all his life a gentleman usher.—*Goldsmith.*

Senator NYE, the wag of the Senate, hearing the other day that Patterson talked of going before Poland's committee to explain his "scarlet" letter, went to his desk, slapped him on the back and said: Patterson, if I wanted to take out a patent for a d—d fool, I'd send you to the Patent Office as my model.

That would be needless labor, however, as Patterson is patent fool already.—*Courier Journal.*

Among the bills which passed the House of Representatives in Washington, on Saturday last, is one which will sound strange to the country at this day. It was the payment for a runaway negro during the war. While the twenty-seventh Wisconsin Regiment, Colonel W. L. Utley, was in Kentucky, a young negro belonging to Chief Justice Robertson, of that State, ran away and took refuge in the Colonel's camp. Judge Robertson demanded his property, but Colonel Utley responded that "he did'nt enlist to catch negroes." Robertson thereupon brought suit and got a judgment against Utley. The statutes of Congress step in and hold the officer harmless, but only by the assumption of the liability. Hence, the House on Saturday passed a bill to pay $8000 for Judge Robertson's little negro.

"THE BEST AND CHEAPEST HOTEL IN AMERICA."—There are a great many hotels in this country whose proprietors, with a sense of confidence, that is truly touching, will believe that the above heading refers to their particular hotel, and no other. If these proprietors were all assembled in a body at a certain time and place and a trumpet was to sound the above quotation, couldn't each and every proprietor there cry out as in with one voice: "That's my house!" We say, "No!" But our traveling correspondent," whose perambulations extend through every quarter of the globe, says, it is "Alas, too true!" and we submit to his superior judgment.

We mean, however, to speak of New York Hotels. There is one hotel on Broadway, that certainly is the largest, best and cheapest first-class hotel in that city.

We wish to say, and experience will bear us out, that when a guest receives an elegantly furnished room, with meals, at his command, from early breakfast every hour till midnight, with a perfect *parlor on wheels* for an elevator, to carry him from one floor to another, and all for $3.00 per day, we think the proprietor of *that hotel* may come forward and claim the above title for his house. The Grand Central Hotel, on Broadway, upon which has been lavished nearly two millions ($2,000,000) of dollars, is that hotel. Its proprietor, H. L. Fowers, judiciously discriminates between the upper and lower floors, fixing the prices at $2.00, $2.50 and $4.00 per day, according to location. The Grand Central is the only hotel we know of, that does business on this system.

If you have a cough, do not neglect it; thousands go to an untimely grave by neglecting what they call "a slight cold." These slight colds are very insidious. They soon become deep-seated, and defy all remedies. DR. TUTT'S EXPECTORANT will cure it. It can be had of any Druggist.

TUSKEGEE, ALA., April 29, 1871.

DR. TUTT:

In gratitude for the benefit received by the use of your Expectorant, I do cheerfully add my testimony to its most wonderful effect in relieving Asthma or Bronchitis. For several years I had suffered dreadful y with severe attacks of Asthma or difficulty of breathing. I was induced by the high recommendation given to your Expectorant to try it, and found in it what gave almost immediate relief. It is about five months since I began its use; I have used six bottles, and have not had an attack since. It has been a great blessing to me; I cannot afford to be without it, and I heartily recommend it to all persons who are at all troubled with Lung or throat Diseases.

Very respectfully,
MRS. E. M. WELLBORN.

AN EASY WAY TO HEALTH.

The appetite is generally keener in winter than in summer, but the same low temperature which begets an increased desire for food is apt to decrease the ability of the stomach to digest it. The most aggravated cases of acute dyspepsia occur at this season; and the best, in fact, the only way, to control and cure them, is to stimulate and tone the stomach and invigorate and regulate the secretive and discharging organs. To do this promptly, safely and thoroughly (without involving any change in the ordinary habits of the invalid,) a course of Hostetter's Stomach Bitters will be necessary. In order to accomplish a radical cure of indigestion, it is not enough to influence the organs of digestion. The liver, the intestines, the circulation, every organ and every secretion concerned in the work of assimilating the food and in carrying off the waste matter of the system, must be brought into a natural condition. Upon all these portions of the living machinery, the great vegetable medicine, which stands at the head of all modern restoratives, acts powerfully and beneficially. The feeble should take at least one dose daily at all seasons of the year; and it may be taken with great benefit twice a day by all who are predisposed to dyspepsia, biliousness or a fever and ague attack. Ladies will find it a very prompt help in the latter state of complaint, and indeed in all the ailments incident to the sex.

SENATE.

MONDAY, Feb. 17.

The Senate was called to order at 10 a. m., President Bergdon in the chair.

Reports from standing committees were presented by Messrs. Love, Avery, Dunham, Welch, Price, Gudger, Todd and Murray.

INTRODUCTION OF BILLS.

Mr. Allen introduced a bill in relation to costs in civil actions.

Also, a bill to amend section 343, Code Civil Procedure.

Also, a bill to amend the Code of Civil Procedure in relation to appeals.

Mr. McCabe, a bill to provide for the filling of vacancies in the office county surveyor.

Mr. Seymour, a bill in relation to the terms of the Superior Courts of the second and third congressional districts.

All these bills were appropriately referred.

CALENDAR.

On motion of Mabson, col., the rules were suspended and the bill to regulate the sale of tar was put upon its second reading. [Proposes to sell entirely by weight on and after July next.

Mr. Ellis, of Columbus, opposed the bill as impracticable.

Mabson, col., urged the passage of the bill as a measure of protection to the producer.

Mr. Murphy thought the bill would work against the producer.

Messrs. Respess, Allen and Dunham opposed the bill.

On motion of Mr. Cunningham the bill was laid on the table.

CAROLINA CENTRAL RAILWAY CO.

The special order, the bill to incorporate the Carolina Central Railway Company, was taken up, the bill being on its third reading.

Mr. Humphrey offered a substitute for the amendment adopted on the second reading requiring the Company to complete the Wilmington, Charlotte & Rutherford Railroad to Rutherfordton by way of Shelby, Cleaveland county.

Mr. Love objected to the amendment of Mr. Humphrey.

Mr. Welch insisted upon the requirement to complete the road to Rutherfordton. On the faith of the State that the road would be continued to that town, the county of Rutherford had subscribed $60,000 to the capital stock, had paid some $30,000 of that subscription and had graded the road half of the distance it was intended to go into that county—in addition to the private subscriptions of citizens of Rutherford. Mr. W. said the purpose was to leave the line of the W. C. & R. R. R at Lincolnton and connect with the Western N. C. Road, and thus cut off even Cleaveland county. Such a course would be an imposition and a fraud upon the people of Cleaveland and Rutherford

Messrs. Allen, Humphrey, Dunham, Seymour and Murphy urged the passage of the bill without restriction.

The question was first on striking out, and it was agreed to by a vote of 24 to 14.

Mr. Miller moved to amend by requiring the building of the road to Shelby and that the continuation to Rutherfordton shall not be abandoned.

This amendment was adopted.

Mr. Humphrey's amendment was then adopted, and the bill passed its third reading—32 to 3.

Mr. Waring moved to reconsider this vote and lay the motion to reconsider on the table. Adopted.

DUTIES AND SALARIES OF LEGISLATIVE OFFICERS.

Under a suspension of the rules the bill to provide for the biennial election of officers of the General Assembly, to define their duties and to fix their pay, was considered. The bill passed its second reading, and

On motion of Mr. Seymour, the further consideration of the bill was postponed till 12 o'clock to-morrow and to print.

[The salaries fixed by the bill are: Principal clerks $6 per day and each an office clerk at $5 per day, with $100 each for preparing the journals for the printer and $100 for indexing the same; Reading Clerks $6 per day; Doorkeepers $5 per day; Pages, three for each House, $3 per day; Enrolling and Engrossing Clerks $6 per day with authority to engage towards the close of the session, necessary assistants—with the mileage to be provided for members. These salaries to take effect from the commencement of the present session.]

Indefinite leave of absence was granted to Hyman, col., on account of sickness.

THE STATE DEBT.

Mr. Welch, by leave, introduced the following bill:

A BILL TO BE ENTITLED AN ACT DECLARING WHAT PORTION OF THE DEBT OF NORTH CAROLINA IS VALID AND TO PAY OFF THE SAME.

Whereas, The results of the late war and the legislation of the general government towards the people of this State since that unfortunate period, have destroyed at least two-thirds of the property of the State and thereby so impoverished the state as to render it highly impracticable and ruinous for the people to fully discharge the obligations which they had contracted before that time; and whereas, irresponsible legislatures since the adoption of the present constitution, without the consent of the tax payers proper of the State, have seized upon the people of the Six additional enormous obligations, thereby rendering impossible what before would have been onerous; and whereas, millions of the people's money have been extracted from the treasury of the state through fraud and collusion; and whereas, but a small portion of this money has been returned to the people in the internal improvements of the State, or otherwise; and whereas, according to the last census there are in North Carolina seventeen hundred and seventy deaf mutes and idiots and deaf and dumb and blind, only about two hundred of whom have been provided with even reasonable accommodations—many of whom are in jails and dungeons, and many more in suffering and want; and whereas, the poor children of the State are growing up in ignorance because of the inability of the State to supply them with public schools and at the same time meet the tremendous obligations created by an indebtedness, therefore,

Sec. 1. The General Assembly of North Carolina do enact, That the Governor is hereby empowered and authorized to appoint three discreet and able persons as commissioners on the part of this State whose duty it shall be to ascertain and estimate the State's interest in railroads, canals, and other public improvements.

Sec. 2. That the commissioners to be appointed by the Governor, as provided in the above section, are authorized and directed to ascertain the debt contracted by the State anterior to the war, as well as the amount actually expended for the legitimate purposes for which appropriations were made of the bonds issued from the public treasury during and since the war.

Sec. 3. That when these facts shall have been ascertained, the said commissioners are hereby empowered and authorized to assign all the interests which the State of North Carolina holds in all railroads, canals and other improvements of a like kind to the parties ascertained by the said commissioners as holding such legitimate claims against the State of North Carolina, in such proportion as the aggregate interest of the State in railroads, canals and other improvments of a like kind bears to the ascertained aggregate claims held against the State in consideration of the surrender on their part of all claims held by them against the State.

Sec. 4. That the people of North Carolina, in their representative capacity, hereby solemnly protest against any other compromise of their liabilities than that set forth in the above sections in this act, and further declare that no other claims held by any party or parties against the State of North Carolina shall ever be paid in part or in whole.

Sec. 5. This act shall be in force from and after its ratification.

On motion of Mr. Cowles, the bill was ordered to be printed and made the special order for Thursday next.

Mr. Morehead, of Guilford, introduced a bill to insure the completion of the Western (Coalfields) Railroad. Referred.

The Senate then adjourned till 7 1-2 to night.

Mr. Morehead, of Guilford, moved to reconsider the vote by which the latter bill passed, and on motion of Mr. Norwood the further consideration of the matter was postponed till 7 1-2 p. m. to-morrow.

Bills to authorize special taxes in the counties of Alexander and Stokes passed their second reading.

Mr. Grandy, by leave, introduced a bill for the relief of the heirs of Jesse McCoy, deceased.

Mr. Seymour moved to postponed the matter till Thursday next. Adopted.

CLIMAX

Wood Collars.

The Climax Collar is just the article wanted. It is made entirely of wood. The inside is of the exact shape of the Best Collar. The outside is concave so as to combine elegance, with great strength and lightness. It is inflexible, non-absorbent, durable and smooth to the skin, not half the weight of collars of equal size. It will prevent galls and scalds, and promote the comfort of the animal, and its use will save two-thirds the cost of Folded Collars every year. The collar requires no hames as they are filled with tug hooks of a new and improved pattern. These collars are suited for Omnibus, Express, Truck, Mining, Farm, or Plantation use.
