musical box, all combined with its own

Car and Repair Shops of the Raleigh & Gaston R. R Company.

The manufacturing of cars in this city commenced before the war and was continued during the time the Confederates held possession. It was resumed directly after the war. The company does the repairing of them and the locomotives for its own road only. The building of new care progresses as rapidly as they are needed. The Master Mechanic is Mr. J. B. Gayle, He has the building department, R. T. Bishop. The company does fifty per cent, more work than it did before the war. It is giving employment to about one hundred and forty men, in this city; all of subordinates as conductors, and the genai! along the line who have to do repairs ployed in this city, in and about the and the matter dropped. shops, about eighty five are heads of fam-Stewardship in the Deaf, Dumb and ilies. The company expends here annually, for labor and otherwise, about one hundred thousand dollars. The great advantage of the shops, to Raleigh, is

The whole quantity of gas consumed in this city, last month, was 293,000 cubic feet of which the city used \$142 worth in about fifteen days. The whole number of street ismps, at the present time, is 98. The quantity of rosin consumed in these works is from four to five thousand baris obtained from is 28 miles, "When these gas works were built," said Mr. Merrill, the Superintendent, yesterday, "we used to buy rosin at 70a80c, a barrel, and I have bought hundreds of burrels at 60c. Then we were selling gas at \$6 a Edward Carswell, the Great Canada thousand and there was no complaint.

Our contract now for rosin is \$2,75 a barrel. The \$7 a thousand we are charging now is only the same price as coal gas at \$4 a thousand; and for the reason coal gas is very heavy; it is not of the same volatile nature that rosin gas is. One of these burners (holding a five foot burner in his hand) will consume only one-half the quantity of rosin gas that it would if the gas passing through it were made fromcoal. And besides gas roain is from 22a24 candle-light while coal gas goes assistants now.

Interesting Bible-Meeting at Chapel Hill

SPECIAL COURSEONDENCE OF THE SENTINEL. CHAPEL HILL, March 17. A meeting, in the interest of the Bible ause, was held in the Baptist church, this place, yesterday evening. The Rev. W. T. Farrow, pastor of the church, conducted the religious exercises. The meeting was addressed by Rev. P. A. Strobel, District Superintendent for North Carolina and by Rev. W. T. Farrow. An election for officers resulted thus. Presielection for officers resulted thus; President, W. T. Farrow; Cor. Secretary, Thos. M. Kirkland; Treasurer, S. M. Barbee; Depositary, J. W. Carr; Vice Presidenta, Bingham Township, Alvis Dunham; Chapel Hill, J. B. Mason; Ex-Committee, E. H. Wilson, Jones Watson and W. J. Horzan.

logan. The superintendent received an order for \$400 worth of tasks to repleats the depository, and a donation of \$21.26 for the parent society. The townships of Ringham and Chapel Hill, will hereafter constitute the territory of this society and steps will be promptly taken to sup-ply any destitution which may be found

ed people, in the afternoon, yesterday, which was addressed by the superintendent. These people organized a "Branch Bible Society" to be under the supervision of the white society.

Three white men, named respectively Hardy Pernell, Charles Percell and James Odem, have been arrested and lodged in Lumberton jail on the charge of forcibly entering a shanty on the line of the Wilmington, Charlotte and Rutherford Railroad, three miles above Lumberton, on Wednesday night last, and making an assault with deadly weapons upon the person of Mr. J. A. Rhodes, an employee of the road, with the evident intention of robbing the shanty of the provisions which it contained.—Wilmington Star.

sarily made and sold there under the name of "ice cream," is mainly manufac-tured of corn starch, French clay, and olsonous coloring matter. The besutiful truning which pervades the trescherous impound comes from the cochineal bug. A continued course of such poison produces the most direful maladies. First dyspepsia, then acrofulous cruptions, accompanied by a loosening of the teeth and a dropping out of the hair. This agent of destruction is not confined to the treet corners alone. It is sold as well in unumerable gilded saloons and places of

DIET OF LITERARY MEN. -The Londo correspondent of a Birmingham paper alludes to a new book containing remarks about the diet of literary men, and states that he is acquainted with a well known writer who cleaves to oatmeal porridg when he is in working trim. In this re when he is in working trim. In this re-spect he imitates deraid Massey, who swears by oatmen! porridge as a brain-inspiring compound, and frankly ac-knowledges his indebtedness thereto. "There is a deal of phosphorus in oatmen!," Mr. Massey says, "and phosphorus is brain. There is also a deal of phospho-rus in fish. Consequents," rus in fish. Con equently, 'I never one of them is an artist, and most of them having a fish dinner at least once a week,
