PATENTED

For the protection of the Planter.

A SPECIALITY FOR COTTON!!

ITS MERITS HAVE BEEN PRACTICALLY TESTED BY SOME OF THE MOST PROMINENT AND SUCCESSFUL PLANTERS IN NORTH CAROLINA AND SOUTHEASTERN VIRGINIA.

And is too well known to need any praise at our hands.

We refer you to those PLANTERS who have tried it, and will give any party, upon application, A LIST OF THEIR NAMES, and furnish them A PAMPHLET OF THEIR TESTIMONIALS, giving their opinion and experience of its great fertilizing properties under COTTON. That it matures the Cotton sooner by several weeks and nearly doubles the yield, and that the increase of the product is a clear to make its use profitable with Cotton at a low price. Test it for yourself.

C. W. GRANDY & SONS,

Special Agents Norfolk, Virginia.

THIS STANDARD FERTILIZER,

Made especially for the

COTTON CROP,

has been used throughout the cotton growing regions of North Carolina and Southeastern Virginia with such flattering results that the Southern Fertilizing Company of Richmond, Virginia, have found it necessary to double the power of their works to meet the demand. It is conceded by those who have used it that it is equaled by no other manipulated guano. To meet the general enquiry we have provided

WE WILL

ESTABLISH OTHER AGENCIES AT DIFFERENT

LOCALITIES THE COMING SEASON.

THE COTTON FERTILIZER has received the highest praise from all sections of country and the DAILY PRESS throughout the State. We give below a few extracts from communications of correspondents in various localities of country to the daily papers, the reporting the voluntary, unsolicited commendations of the cotton planters relative to the action of the Cotton Fertilizer, and the high repute in which it is held by the planters, as matter of public interest and benefit—writing from the spot and giving the open, exultant lands tone of the whole people, who had tried and seen its effects, many of whom are the best men, and most successful farmers in North Carolina and Virginia. These extracts are the UNSOLICITED REPORTS of newspaper correspondents in their communications to the Press, whose business is to note and relate matters of general news and interest of public importance and concern.

OPINIONS OF THE PRESS.

Extract from correspondent of the Eat Ilsboro' Advance, (Nash county,) in its issue of the 23d of August last:

* * * "Of the commercial manure used through our section, it is the opinion of those who have applied it that Gilham's Cotton Fertilizer, manufactured by the Southern Fertilizing Company, Richmond, Va., is decidedly the best in the market."

From the Raleigh Sentinel of August 14th, we make the following extract:

* * * "In conclusion allow us to speak of the favorable impression among our excellent farmers created by Gilham's Cotton Fertilizer. No section of the State can produce an a cotton fiber as Edgecombe, and many of them say this Cotton Fertilizer is equal, and some of them say superior, to Peruvian. This is saying much for it, but if we are to be guided by the many crops around here, which show its excellencies, we have not exceeded it too high praise. Nothing is more needed than a good fertilizer, and we inform our readers of the effects of this fertilizer, and the high opinion of it by the cotton growers in this section for the benefit of the farming interest throughout the state."

From a correspondent of the Tarboro' Enquirer, writing from Battleboro', N. C., we make this extract from an article in that paper of the 31st August last:

* * * "Gilham's Cotton Fertilizer is recognized by some of the best plants a have to be the best manure seen in this section."

From a correspondent from Margaretteville to the Raleigh News, August 27th, we take this paragraph:

"Most of the farmers who used Gilham's Cotton Fertilizer say it is better, for many reasons, than Peruvian Guano. We were struck by the high repute in which this fertilizer is held by those who have used, and are using it, and the good opinion entertained by those who have witnessed its effects under cotton. It is unquestionably very marked."

From a communication from Whitakers to the Biblical Recorder, we make the following quotation:

"On asking the farmers' opinion as to the manures, all who have used it pronounce the Gilham's Cotton Fertilizer the best; saying it stands dry weather better than the Peruvian, is equal to it in every respect, and among it in short, with the second express their intention of using it again. This is saying a good deal for the Gilham's, inasmuch as Peruvian costs much more, and has stood so long without a rival, but facts are stubborn things."

OFFICE OF

P. F. PESCUD & SON,

GENERAL LIFE & FIRE INSURANCE

AGENTS,

No. 12, FAYETTEVILLE STREET,

RALEIGH, N. C., APRIL 5TH, 1873.

KEEP YOUR MONEY AT HOME!

Is the argument employed by agents of the North Carolina Life Insurance Companies. To reach the large class thus influenced we have induced the

National Life Insurance Company of the United States of America

to establish a

LOAN AGENCY

in Raleigh, N. C., under the management of a Board of not less than 25 Directors.

QUALIFICATIONS.

Each Director must hold a Policy in said Company for not less than $3,000.

INDUCEMENTS.

Each of the said Directors will be allowed the local agent's commission on their own premiums and on all Policies issued through their agency. This is a rare opportunity to all wanting Life Policies as the rates of the National are much lower than most of the companies represented in North Carolina.

SECURITY.

The NATIONAL commenced business in 1868, with a million of dollars paid up capital, and her assets now exceed $2,500,000.

SUCCESS.

The interest on the National's investments has largely exceed its losses by death. Nearly $400,000 have already been paid to widows and orphans, out of its interest fund.

WHAT WE WANT.

We want 1,000 additional Policy Holders in North Carolina this year, and in order to secure them Boards of Directors will be formed in the principal towns as fast as inducements are offered

All persons desirous of membership in the Raleigh Board will please make application this month.
