## HOME AFFAIRS

JOHN SPELMAN, City Editor.

**New Advertisements.**

J. J. Litchford—A new store for rent.

W. H. Jones & Co.—Cows for sale, Southampton Hams, and Strawberries.

**Graham High School.**

We learn that Rev. B. Craven will deliver a discourse before the Graham High School the 30th inst., at 11 o'clock a. m.

**Job Office.**

We would remind our friends that we have a very complete Job Office. We have executed neat work at reasonable rates, and would be glad if our friends would remember us. Send in your orders.

**The Richmond Enquirer.**

This is one of the oldest papers in the country. It was established in 1804. In former years, when under the management of Thomas Ritchie, it was a power in the land. It is still well edited.

**Cool, Very.**

Sheriff Lee has written a letter to Gov. Caldwell reminding his Excellency that the 30th of May is the day set apart for the decoration of the graves of the Federal dead. He reminds the Governor, too, that the 30th of May is the day on which Simpson Mordecai and Thomas Griffice are to be executed in Wake county jail yard by him (the Sheriff,) and he asks that the death penalty be delayed till he has assisted in spreading flowers over the graves of some of his late comrades. We consider this refreshing.

**Wake Forest Commencement.**

The editors acknowledge with thanks the reception of an invitation from the managers to attend the Commencement of Wake Forest College on 24th, 25th and 26th of June next. The Associate will be present if possible. As before announced, Judge Merrimon delivers the Literary Address, and Rev. Dr. Hatcher, of Petersburg, the sermon before the Graduating class. The Marshals are W. D. Gulledge, W. N. Newbold, E. B. Jeffries, H. R. Scott, L. W. Bagley and W. W. Jenkins.

**State Agricultural Society.**

The Executive Committee of the State Agricultural Society met in this city yesterday, President Holt in the chair.

The only matter of importance transacted was that the building committee were authorized to contract for the necessary lumber and to proceed as quickly as possible with the erection of the buildings. It is feared the strike among the carpenters will in some degree interfere with the plans of the society but every effort will be made to push on the work.

The President has selected Maj. W. K. Davis, of Franklin, Chief Marshal for the next Fair, but the list of Assistants is not yet completed.

**Raleigh Female Seminary.**

President Hobgood makes the following gratifying announcement in the *Biblical Recorder*:

This school is now in the midst of the most prosperous session of its history. Ninety students have matriculated though on account of the unfinished state of our school building we were compelled to rent another house for this session.

The new building, which will be completed in a short time, will be large and handsome, and well adapted to our purposes. We are sparing no expense to furnish as fine facilities for instruction as any school in the South. We recently purchased a philosophical and chemical apparatus; and Mr. Redd has been released, for a few weeks, from his duties in the school room to visit the North to purchase pianoes, desks, globes, charts &c, &c.

**The Printers' Excursion.**

As has been before stated by us, the printers are making all the necessary arrangements for the next, or third annual excursion to Kittrell Springs on the 4th day of July next.

The committee have completed arrangements with that prince of hosts, Dr. G. W. Blackwall, for the dinner and supper, and those who are fortunate enough to be able to join them on the occasion will never have cause to regret it. The amusements of the day will be varied. Dr. B. has placed at the disposal of the guests the entire grounds and the use of the house. The billiard room and the pin alley will be open to those who may be fond of these games, while the ball room will be open for those who may wish to "trip the light fantastic toe," and for those who like neither of these amusements there will be afforded ample means of recreation and enjoyment.

The committee of arrangements have placed the fare for the round trip at the very low sum of $3 per head (including two meals, railroad trip, dancing &c.) thus bringing it within the reach of all who may desire to accompany them.

Ladies who may desire to attend with their children can rest assured that every thing will be conducted to please. No person under the influence of liquor or otherwise disturbing will be permitted to accompany the party.

The invitation and railroad tickets are now ready and can be had upon application to either W. J. Edwards, Z. T. Broughton or C. E. Lee.

**City Board of Commissioners.**

An adjourned meeting of the City Board of Commissioners will be held at the Mayor's office this evening. On Wednesday last, during our absence at the Editorial Convention at Goldsboro', the first regular meeting of the Board took place, the proceedings of which did not appear in the city papers. At that meeting the bonds of the officers elect, viz: Treasurer, Clerk and Chief of Police were filed and accepted. The election of police officers was postponed till this evening.

On motion of Mr. Prairie, a committee of three was appointed to enquire what amount of money would be necessary to carry on the city government for the ensuing year. Messrs. Prairie, Battle and Gorman were appointed said committee.

On motion of Mr. Battle, the street commissioner and the street committee were prohibited from entering upon any work, except ordinary repairs, without the previous consent of the Board, and requiring detailed statements of the probable cost of new work proposed to be submitted to the Board.

The following were elected Assessors: Eastern Ward C. H. Dunston, col.; Middle Ward Peter Francis; Western Ward Jno. R. O'Neal.

**Board of County Commissioners.**

The Board of county commissioners have been in session in this city during the past three days, hearing appeals on assessments and taxation. The following are the only matters of a public nature acted upon:

On the 19th G. H. Wilder, Drury Partin and R. B. Saunders were appointed a committee to let out the building or repairing of the bridge across Crabtree, near Major Manly's, with the right to reject bids in their discretion.

On the 20th, Sundry accounts were allowed, amongst them $42 to J. C. King, Chief of Police of this city, for expenses in arresting Thomas Griffice and Simpson Mordecai, the Hicks burglars.

On the 21st, the Board failed to supply the vacancy in the office of Raleigh Township Constable—the four members of the Board being equally divided between the two applicants, W. W. Wynne and E. W. Watson. The matter went over to the next meeting of the board on the 3d prox.

At this day's meeting arose an important matter growing out of the scholl law of 1871-2. It appears that Miss Mary E. Conn taught a school in Raleigh Township for six months, the continuation beyond the term of four months prescribed by law, it was alleged, being without authority. A majority of the school committee refused to sign the certificate and the chairman and secretary of the Board also declined on that account. The matter came up on the claim of Miss Conn for the two months pay for services as teacher. On motion of H. C. Jones, col., the claim was allowed, R. W. Wynn voting in the negative. This is a bad precedent, allowing one township to have schools of indefinite duration to the detriment of other townships which may have none.

The question of the repairs or reconstruction of the Courthouse and Jail was deferred.

The question of a foot bridge over Rocky Branch, at Tucker's Mill, was referred to a committee composed of Stewart Ellison, J. P. Prairie and Peter Stendman.

The affairs of Sheriff Lee with the county treasurer stand as follows. The county claims of the Sheriff about $37,000 in settlement of all taxes due the county, some $8,000 of which is reported as school moneys. The Sheriff has available offsets of $12,000 to county claims and his commissions on the amounts collected. Suit has been instituted on the Sheriff's official bond.

**The Builders' Strike.**

No new development in the progress of the strike in the building trades was made [illegible] his arrangement will shortly be brought about, but on what basis we could not learn. The employers, we understand, have no great objection to the ten hours system, except in so far as it affects contracts they have already entered into. They say they cannot save themselves if forced into this measure at present and are willing to entertain the proposition on and after the 1st of August next. One of the large contractors, it is said, offers to throw up a large contract and allow the journeymen to take it at their own risk.

In regard to the statement made by the chairman of the strikers' meeting on Tuesday night, that Messrs. Betts, Alsop & Co., had yielded to the ten hour demand, we are told it is an entire mistake. They have done nothing of the kind, and stand with the employers in resistance to a "snap demand." Some of the hands lately employed by this firm offered to resume work pending the settlement of the difficulty, but the firm refused to employ any hands not in the employ of the firm at the time the strike commenced.

As to the strike extending among the farm laborers, we are pleased to learn that that is a mistake. We have seen and conversed with some of the largest planters in the county and they so assure us. The hands are at work as usual, and there is no [illegible] expect to labor at $1 per day.

## THE LABOR STRIKE.

**Third Meeting.**

The strikers connected with the building trades of this city held their adjourned meeting last night at Metropolitan Hall, Thos. Coates in the chair and M. B. Barbee acting as Secretary.

The meeting was well attended notwithstanding the inclement weather.

The committee appointed at the last meeting to confer with the employers reported that they could not effect a meeting, the employers refusing to recognize the movement in its present form.

The meeting adopted a resolution requesting all men now employed to cease work at once pending the settlement of the difficulty.

It was stated on pretty good authority that the employers had no great objection to adopting the ten hour system, but they did object to any demand being made upon them by a combination controlled by men in no way to be affected by the result. It was the belief that the demand for ten hours was to be followed by a demand for higher wages. The employers desired each of the trades interested to consider their own case, settle on what and all they proposed to ask, uninfluenced and uncontrolled by outsiders, and the demands would then be respectfully considered.

The following were appointed a committee of conference to meet the employers to-day and to report to an adjourned meeting to-night: J. W. Dickinson, J. H. Jones, M. B. Barbee, Reuben Rhodes, Patrick McGowan and Patrick Spencer.

The meeting then adjourned.

**Mr. Barnes' Entertainment.**

The attendance at Tucker Hall, last night, to hear Wm. H. Barnes, Esq., must have been gratifying to that gentleman, especially as it included quite a number of ladies, who went thither in a deluge of rain. We are satisfied the audience enjoyed the evening and are fully convinced that Mr. Barnes knows how to "entertain an audience." The rendering of "Bingen on the Rhine" and his singing "Twenty Years Ago," alone compensated the time spent. As a speaker, singer and mimic he is capital. We have no time to say more, but recommend to our friends to avail themselves of the first opportunity and hear him. Mr. B. will "entertain," we trust, a large audience at Wilmington to-night.

**Arrest of a Fugitive.**

Sheriff A. G. Tweed, of Madison county, has notified Gov. Caldwell of the arrest and commitment to the jail of that county, of one B. V. Peek, on a bench warrant issued by Judge Henry. The prisoner is charged with grand larceny in stealing a horse and a fine gold watch, some four years ago, in Kentucky. He had previously been arrested and lodged in Madison county jail but broke out and escaped. The Governor of Kentucky has been notified of the re-arrest and the prisoner awaits a requisition from that State.

**Dastardly, or a Hoax.**

Mr. W. G. Longee, a native of New Hampshire, and brother of the late A. L. Longee of this city, who is here on business, and who has been here for several months, troubling nobody, received through the postoffice on yesterday the following, written upon a strip of card. We will attempt a *fac simile* of the effusion. If a hoax it is a very silly one, if otherwise it is the work of a dastard and cowardly fellow. Mr. Longee offers $100 to know his name or $200 to be brought face to face with him. The money will in neither case be claimed. See Mr. L's card elsewhere. The following is the communication as nearly alike the original as our types can make it:

LOUGE. IF YOU DONT LEVE HER IN 11. HOURS DEATH WILL BE YOUR LOT. NO FOLING.

**Heavy Rains.**

This city was visited on yesterday afternoon with an unusually heavy rain which lasted into the night. In the meantime the grass is getting off with the cotton.

**Crops in Granville.**

We learn from a gentleman recently from Granville, that the wheat and oat crops are looking very badly. There is a plenty of tobacco plants, and cotton is doing very well.

**Peace Institute.**

We understand the Board of Trustees of Peace Institute are providing an extensive gymnasium for the physical development of the young ladies of that institute. This is a branch of education too much neglected in our schools.

**A Mistake in Moving.**

Bro. Mills, of the *Recorder*, during his recent visit South, met several "tar heels" who had left the good "Old North State." He makes the following very sensible remarks, baring that "better government," which we respectfully commend to all who meditate the unwise purpose of a removal. We met in the South many just such cases as those referred to and saw several who confessed that they would like to get back to their old homes. Mr. Mills says very pointedly:

They are all doing well in their adopted homes; but it was very plain that all would have been happier, if they were settled in their former places of abode. The more we travel, the more we are convinced that the people of our State have reason to be grateful that we have a better government; a healthier climate, and a more prosperous country than can be found in any other spot on the earth. The proof of this is seen in the fact that so many of those who leave, find no rest till they return and many others would return, if they could only raise the money. We think it would pay the State to make an appropriation for the return of erring prodigals. Their influence at home would be salutary. Still we must remember that the difference between a wise man and a fool is simply this: A wise man profits by the sad experience of others, while a fool profits by none except his own and very slowly at that.

*WORDS OF CHEER.*

Asheville *Citizen*: We are truly glad to welcome back to the associate editorship and conduct of our able contemporary the Raleigh *Sentinel*, our esteemed friends T. H. Kingsbury and John Spelman. The *Sentinel* has improved as much if not more than any paper in the State, and this additional force but secures it a position among the ablest in literary as well as political ability. We heartily wish all the success they so well merit.

Cleveland *Banner*: On the 22d inst., in a neat and pointed salutatory, Mr. T. H. Kingsbury, formerly of the *Sentinel*, but for some time past engaged in other pursuits, associated himself again with Hon. Josiah Turner, Jr., on the editorial staff of the *Sentinel*. We congratulate the *Sentinel* on procuring again the services of this chaste, pointed, bold, eloquent and graphic writer.

*Salamanca*: We are gratified to notice that Messrs. T. H. Kingsbury and John Spelman have both returned to the Raleigh *Sentinel*. They are both experienced journalists, and with Mr. Turner himself will form an editorial staff of which any paper might be proud to avail itself. We wish them and the *Sentinel* unbounded prosperity and success.

The *Granville* estimates the losses by the freshet in Dan River at $60,000. It was the highest freshet since 1795. The water at the Milton bridge was 12 inches deep and it came very near carrying it off. Houses, furniture, &c., washed past of Milton. Wheat crops badly damaged and corn required replanting.

THE HOT SPRINGS, BATH COUNTY, VIRGINIA,

HAVE BEEN IMPROVED AND REFITTED for the season of 1873. The waters vary in temperature from 90 to 110 degrees. The BATHS have for nearly a century been used in the treatment of Gout, Rheumatism, Paralysis, Neuralgia, Diseases of the Liver, Bladder, Skin and Womb, Old Injuries, Cutaneous Affections, Contraction of Muscles and Joints, Chronic Diarrhœa, &c., and have attained world-wide celebrity for their efficacy in curing and relieving such diseases.

The bathing arrangements are extensive and complete, and include the new feature of Mud BATHS, which are now attracting the especial attention of the medical profession and invalids. The Drinking Waters include several varieties, among them a spring of chalybeate iron water equal if not superior to any of its kind in the United States.

These springs are easily accessible from the West via Cincinnati, thence by boat to Huntington, the terminus of the (recently completed) Chesapeake and Ohio railroad to Covington depot, and thence by stage 18 miles to the springs.
