

THE SENTINEL.

SATURDAY MORNING, JULY 12, 1873. JOSIAH TURNER, Jr., T. R. KINGSBURY, Associate Editor.

For House of Representatives, GEORGE H. SNOW, OF WAKE.

ELECTION BY THURSDAY IN AUGUST. THE UNIVERSITY.

It is a reproach to the State that this institution should occupy such a low position... It strikes the reflecting man with astonishment and sorrow to think of the condition of the University...

The University, after years, attained the summit of greatness and success. At one time she had more of her alumni in the Senate of the United States than any other institution of the country North or South...

We repeat, we have reached that point when action in regard to the University can no longer be delayed. We have written Sheriff Hughes, of Orange, a note telling him when he starts upon his tour of tax collecting to call for public meetings...

GOV. PALMER, OF ILLINOIS. This gentleman is evidently a man of parts. As Governor of Illinois he displayed ability and conscientiousness of a high order...

The Chicago Tribune remarks that the ex-Governor did not suggest a remedy for existing evils other than a general committal of the whole question into the hands of the people.

It is well known that Judge Pearson has been working for some time to secure the position of Chief Justice upon the Supreme Court Bench of the United States.

THE NEW ORLEANS PICAYUNE

This paper was founded by Mr. Lumden, a native of this city, who once worked at the case in this office in the days of Joseph Gates Senior, the founder of the Raleigh Register.

There are some facts as stated by the New York Tribune: Jacob Hawkins, the plaintiff in the case, is well known here by name as a member of the Lynch Retaining Board...

The proprietors of the Picayune met the complaint with a plea of justification. They propose to show that Judge Hawkins took an oath, as returning officer, that he would 'carefully and honestly canvass and compile the statements of the voters, and make a true and correct return of the election...'

Our readers know that we believe in libel suits, but this case looks like gross and unvarnished oppression. The acts of a public officer are legitimate subjects of discussion, and if any functionary has violated his oath, or proved unfaithful to his trust, it is not only the right but the duty of the press to denounce him in language of appropriate severity.

It is well known that Judge Pearson has been working for some time to secure the position of Chief Justice upon the Supreme Court Bench of the United States.

electioneered personally for his present place on the bench years ago, we do not believe he has written his own petition and recommendation. We do not believe he has personally appealed to any negro or white man to sign his petition.

But, Oh! Oh! How sad stands before the country unmade at last. He may now be seen in his true colors, in all his 'naked ugliness.' He was at the head of the Freedmen's Bureau and during his administration there were some enormous frauds and pilferings.

WHAT TEXAS HAS LOST. The commission upon the Texas outages, report that the people of that State have lost by Mexican and Indian depredations in destruction of cattle, six millions of dollars.

Canada Letter. We are honored with a letter dated and mailed in Canada, and from a bondholder. The bondholder expresses regret that one of our high character should repudiate the honest bonds which he and other Canadians hold against the State and paid as high as 80 cents in the dollar for.
