NORTH CAROLINA.

The Siamese Twins Eng and Chang are as thick as ever. Nothing has ever occurred to sever the brotherly tie that binds them, and it is not true that one left the other sick at Wilkesboro, as erroneously believed.—*Vindicator.*

Sheriff Robeson of Lincoln, brought up one Calvin Finger, colored, to this place last week, charged with attempting to commit rape on the person of a white woman in this county. Finger was committed to jail, and afterwards released on bail.—*Vindicator.*

RATTLE SNAKES.—Some of the town boys who were up on the Negro mountain last Sunday returned late in the afternoon carrying with them two very large Rattle Snakes, which they had killed near the top of the mountain. The largest one measured 4 feet 10 1-2 inches in length and had 9 rattles and a button. This will do pretty well for a beginning.—*Jeff. Mes.*

Two miles east of this place on David Barringer's land is the ore bank from which was taken the first iron ore ever used in the State. The first forge was at Horse Pond creek two miles from Hickory. Under a grant from the King, for every twenty tons made he received three thousand acres of land, and after securing a grant for a tract of three thousand the proprietor abandoned the work.—*Vindicator.*

TO DR. HELMBOLD'S PATIENTS.—The celebrated Ext., Buchu of which Dr. Helmbold was the originator, is still performing wonderful cures of obscure diseases of the urinary organs, restoring shattered constitutions, and overcoming debility and diseases arising from imprudence and excess. The great diuretic never fails. Patients should be particular to get the genuine, which bears the Doctor's signature. All druggists sell it. John F. Henry, New York, Sole Agent. 26-eod1w

ADOPT THE PREVENTIVE POLICY.—Severe spells of biliousness, indigestion, chills and fever, diarrhœa, nervous headache and physical exhaustion are quite usual at this season. These are visitations which everybody is anxious to avoid, and as a course of Hostetter's Stomach Bitters will unquestionably fortify the system against them, the most valuable medical advice which can be offered at this time to persons subject to such complaints or at all sensitive to atmospheric changes, is to commence taking this powerful vegetable alterative and invigorant without delay. Forty-eight hours will not have elapsed after the first dose before a marked change will have manifested itself in the condition of the system. The ultimate result will be a habit of body as regular, a social condition as vigorous, and as never miserable life-season may chance to be, the system thus refreshed and refabricated will be in the best possible trim to encounter it.

HOME AFFAIRS.

Expected to Arrive.

We are pleased to learn that Dr. Charles E. Johnson, who has been at the Virginia Springs for some weeks, is very much improved in health and is expected home this afternoon by the Raleigh and Gaston train.

Acknowledgement.

The editors of the SENTINEL acknowledge the receipt of an invitation to be present at the Cincinnati Industrial Exposition which is to be opened on the 3d of September and continue until 4th of October.

Hon. D. M. Barringer.

We regret exceedingly to learn that the physicians who are attending this gentleman at the White Sulphur Springs, have no hopes of his recovery. All his immediate family are with him. We suppose the announcement of his death may be expected at any time.

Something of a Storm.

A terrific thunder storm passed over this city and vicinity yesterday afternoon about 4 o'clock. A great deal of rain did not fall, but the rapid peals of thunder and the vivid flashes of lightning were blinding and deafening. At this writing we have heard of no serious damage being done.

A Home Company.

We are glad to know that the N. C. Life Insurance Company is succeeding beyond the most sanguine expectations of its friends. It commenced business but a few months ago and has already issued upwards of 500 policies. Patronize State insurance comp... s and keep your money at home.

Death of a Prominent Citizen.

Just before going to press we learn from Salisbury, that John I. Shaver, Esq., one of the most wealthy and influential citizens of that city, died yesterday morning of erysipelas. Mr. Shaver was a man of great benevolence and the poor of that community have lost one of their best friends.

Sash and Blind Factory.

We call special attention to the advertisement of W. M. Jones, Esq., to be found in to-day's SENTINEL. It will be seen that this gentleman has purchased the Sash, Blind and Door Factory of Mr. A. F. Page, at Cary, and is prepared to fill all orders in that line at short notice. Mr. Jones is a young man of much energy and should be liberally patronized. See advertisement.

Parade.

Yesterday afternoon Queen of the South Lodge (colored) I. O. G. T. paraded through the streets of the city, headed by Stanley's excellent band, and we must say it was one of the most respectable colored parades we have ever seen. To Brother Ramsay is due all the credit for the organization of this Lodge of Good Templars, and no doubt the wives and children of some of these men will thank him for it.

Prices of City Real Estate.

In the most central business localities in this city land is worth $3.33⅓ per square foot; in Chicago it is worth $36.67 per square foot; in San Francisco it is worth $22; in New York it is worth $113; and in the *village* of London a square foot of ground is worth $135. From the above figures it will be seen that Raleigh real estate is costly, but not so much so as some of the larger cities. Who can say that the day will not come when Raleigh property will be as valuable as that of Chicago or San Francisco?

Moore County.

The heavy and continuous rains of last week, we learn, did some damage as well as much good. On some of the creeks and water courses there were considerable freshets; some small bridges were swept away, and in places the cotton and corn on the lowgrounds were flooded and injured. The cotton on uplands has been delayed, but is boiling well. The corn, especially the late corn, is doing excellently well. In some parts of the county, before the recent fall of rain, there was considerable drought, and the rains could not save the early corn.

The "Comfort" Stove.

Messrs. Thos. H. Briggs & Sons advertises this celebrated stove in this issue. Read what is claimed for its superiority on the following points. 1st, Its economy of fuel. 2d. Its healthy heat. 3d. Having a cast iron inside cylinder. 4th. Its heat is radiated at the bottom as well as top. To establish these points, reference is made to Col. H. P. Jones, Principal and Proprietor of Hanover Academy, who has a dozen or more in use; Trustees of Public Schools in Henrico county, Va.; Maj. James Sloan, of Greensboro', who says: "You may say all you can in its praise, and I will endorse it;" Mr. J. W. Allison (firm of Allison & Addison, dealers in Fertilizers, &c.) who testifies "that one cord of wood sufficed to run it during the winter;" Mr. J. W. Barclay, of Lexington, Va., who testifies "that it takes only one-seventh the wood that an open fire-place takes to make a house comfortable."

FINE CUT.

The editor is attending Warren court.

A horse made a short run on Fayetteville street yesterday.

A "high-land" Moccason was killed on McDowell street yesterday morning.

Col. Ike Young and lady returned to the city yesterday, from their visit to Cape May.

Wiley Clifton will open his restaurant and billiard saloon, at Prairie's old stand on Thursday, with a free lunch.

Some ungallant old batchelor says "He who takes a cat by the tail, or a woman by the tongue is sure to come off empty handed."

Messrs. Jenkins and Liddins will visit Newton at early day and give one of their delightful concerts in behalf of the Orphan Asylum at Oxford.

We are glad to learn that Gov. Graham, who is on a visit to the Catawba White Sulphur Springs, is steadily improving in health.

In the leading editorial on the inside for-sixdict read verdict—a typographical error. There are some errors also in the article on "Littell."

Pink Hardie's tobacco store is still the centre of attraction for smokers and chewers. He keeps constantly on hand all the best brands of foreign and domestic cigars.

At a revival at Sharon (Presbyterian) church in Mecklenburg county, there have been 39 conversions. The revival was conducted by Messrs. Parks, Rose, Pharr, McDonald, and Hunter, of the Presbyterian church.

Knights of Pythias

The members of Centre Lodge, No. 3, are requested to attend at their hall this evening at 8 o'clock. The Deputy Grand Chancellor will instruct the members in the secret work of the order. A full attendance is requested.

The Way it is Done.

Our respected contemporary of the Lincoln *Progress*, refers very kindly in its last issue to the DAILY SENTINEL, and wonders how *one* man can get it up so well. Our friend is mistaken in the "one man." The writer now receives excellent assistance from Mr. J. S. Hampton, an old typo, formerly of Salisbury, who for some weeks has been doing a great deal of the "localizing" for our paper. We jointly work from ten to fourteen hours a day, and that is "the way it is done." The main secret of whatever success we have secured, and some of our contemporaries are ready to say for us that we have obtained some, is in—hard, persistent *work*.

Educational Meeting.

In another column we publish a call for a meeting of the citizens at Metropolitan Hall, on Monday evening, September 1st, to take into consideration the establishment of a free school in this city for white children. This is a move in the right direction. The poorer classes of our white citizens have long felt the need of a school for their children and we hope that this meeting will be largely attended and that steps will be taken at once to open such a school as will at least give the white children an equal chance for learning with the colored children. Heretofore the colored children have had all the advantages.

Mansard Roofs.

We see that Mansard roofs are gradually going out of fashion in the larger cities of the country. Raleigh has only one of these roof, and if the report of James E. Harrison, Superintendent of Rates and Surveyor of the New York Board of Fire Underwriters is correct it is fortunate we have no more. Mr. Harrison says in his report that within the past five months forty-five Mansard roofs have been entirely removed, having been declared unsafe. The recent resolution of the New York Board of Underwriters to charge one per cent. extra after January 1st, on all Mansard roofs is having a very healthful effect in the removal of danger from fire.

Mayor's Court.

The business before this court, we are sorry to say is considerably on the increase. Two cases were heard yesterday morning. The first was an affray between Charles Lang and Osborne Hunter. Each fined $5 and costs.

The second was a cutting affray at Wynne & Yancey's stables between J. Miller, C. Howard and Ed. Lane. It seems that the difficulty grew out of the fact of Mr. Miller putting his little dog into the trough used at the stable for watering the horses. Lane remonstrated with Mr. Miller in a very insulting manner. Miller replied and an altercation ensued in which Lane received several slight cuts about the face. Some of the witnesses testified that Mr. Howard was trying to separate the parties and prevent a fight, while another witness testified that he assaulted Lane with a knife. The Mayor announced that as this was not an affray, and did not come under his jurisdiction, he would hold Messrs. Miller and Howard in a bond of $400 each for their appearance at the next term of Wake Superior Court. The bonds were given.

Tom Taylor, Dock Alston and Frank Reed were arraigned, charged with disorderly conduct on Sunday night at Hayes' church. Dismissed on payment of costs.

Court adjourned.

ELECTRIC SPARKS

[BY TELEGRAPH TO THE SENTINEL.]

The National Temperance Convention is in session at Saratoga.

Monselle, Postmaster-General of England has resigned.

A terrific storm at Halifax, Nova Scotia. Some damage to shipping.

Bleetz's Malt and Ice houses were burned at Cincinnati, loss $300,000—insured for $225,000.

An Express train near Batavia, N. Y., collided with a carriage killing both occupants.

The *Herald* balloon ascended from Philadelphia on the 25th and travelled 52 miles in 50 minutes.

Steamship Hibernian has arrived at Halifax with Miss Bird and fifty girls and fifty boys who are destitute.

A severe fight at Estella, Spain, between 5,000 government troops and 3,000 Carlists—latter defeated, and their commander, Ollo, wounded.

N. Lancaster, of Chicago, had taken from him by the custom-house officials at N. Y., diamonds valued at $30,000. He denies that he was attempting to smuggle them.

A Remarkable Achievement.

Since the introduction of postal cards there has been great competition between certain gentlemen as to who could write, legibly, on a postal card the largest number of words. Of those who competed in this city Mr. James Briggs was the champion. A day or so ago the Petersburg *Appeal* told us of a man in Charleston who had succeeded in writing 3,020 words on a card. But the following, which we take from the Augusta *Constitutionalist* is above and beyond anything we have yet heard:

"Mr. Louis E. Grouse, a clerk in the establishment of Messrs. Myers & Marcus, of this city, has performed a feat in postal card wrsting which takes the rag off the bush in that department of microscopic literature, and completely throws in the shade all similar attempts. Mr. Grouse has written, with the naked eye, on a single postal card, 5,026 words from the Book of Job. Mr. Grouse has room to spare for 200 more words and has no doubt of his ability to put them within the prescribed limit."

This is a remarkable achievement, and until somebody surpasses it, Mr. Grouse can claim the champion-belt in this particular exhibition of ingenuity.

For the Sentinel.

EDUCATIONAL MEETINGS.

The school fund of Raleigh Township the present year will be more than three thousand dollars. This sum may be supplemented by assistance from the Peabody fund and other sources, and by individual subscriptions and contributions, so that it will be sufficient to maintain two graded schools ten months—one for white and the other for colored children.

To the end that these schools may be established, it is the request of many citizens of Raleigh including the Mayor of the city and chairman of the School Committee, that all persons who are interested in establishing a school in the city for white children will meet in Metropolitan Hall Monday evening, September 1st, at 8 o'clock; and that all who are interested in establishing a school for colored children will meet at the same place on Wednesday night, September 3d, at 8 o'clock p. m.

MANY CITIZENS.

DIED.

In Louisburg, on the 19th inst., of heart disease, Maj. DANIEL S. HILL, in the sixty-first year of his age.

The death of Maj. Hill is a loss to our community not easily repaired. A useful citizen, he espoused with contageous energy, every enterprise for public good and information; a warm patriot, he labored with earnest zeal yet without violent partisanship for the political prosperity of his State and country; a hospitable, genial gentleman, his doors were ever open to strangers and friends, no one of whom can ever forget his cordial welcome and courteous entertainment; and a devoted christian, he was unwavering in piety, consistent in precept and example and true to the interests of his church.

Early in life he embraced religion, and joined the Methodist church. At the age of eighteen he was honored by an appointment to the stewardship, and this position he held with efficient fidelity till his last sickness.

To his wise management and strict economy as county commissioner, the people of Franklin owe relief from pressing financial embarrassment more than years ago; and of his faithful services as commissioner for the relief of the poor during the war, many widows and orphans now bear grateful remembrance.

But in the great cause of temperance was his untiring zeal and effective energy chiefly displayed. Under what name soever they fought he was always foremost in the ranks of those who strove to remove this blight of homes and curse of our nation. Honored with the highest offices in the organization of the Sons of Temperance before the war, he was naturally looked up to for counsel and guidance in the formation of the Friends of Temperance in 1866. As an evidence of the appreciation of his services he was elected at the third session of the Supreme Council, Supreme President of the Order. Wherever vacancies called he was present, in the State and out of it, cheering, animating, and urging every one to aggressive work in the cause. In his death the Order has indeed lost a Nestor.

In all his domestic relations his virtues shone brilliantly, and the intense devotion of his family while he lived and their unconsolable grief now, bear testimony to his character as husband and father. To all who knew him his memory will be dear. If he had traits let them rest in his grave, while we cherish the recollection of his thousand good qualities of mind and heart, and imitate his example, emulate his virtues, and seek the eternal reward he has found.

OUR MOTHERS who were the best and tidiest housewives in the world—excepting our grand mothers!—took especial pride in the rows of tin ware that glistened like a polished mirror. Every article about their houses susceptible of polish, including the brass knocker, was regularly brightened up until it fairly gleamed. With their primitive materials such as Bath brick, emery, rotten stone etc., it was a serious labor, albeit one of pride. Now-a-days, however, their daughters use Sapolio, and in one hour can polish more articles and do it better than they could in a whole day. If you wish to assist your mothers in the brightness of your kitchen ware, use Sapolio.

PRATT'S ASTRAL OIL.

Absolutely safe. Perfectly odorless. Always uniform. Illuminating qualities superior to gas. Burns in any lamp without danger of exploding or taking fire. Manufactured expressly to displace the use of volatile and dangerous oils. Its safety under every possible test, and its perfect burning qualities, are proved by its continued use in over 200,000 families.

Millions of gallons have been sold and no accident—directly or indirectly—has ever occurred from burning, storing or handling it.

The insurance yearly loss in life and property, resulting from the use of cheap and dangerous oils in the United States, is appalling.

The Insurance Companies and Fire Commissioners throughout the country recommend the ASTRAL as the best safeguard when lamps are used. Send for circular.

For sale at retail by the trade generally, and at wholesale by the proprietors, CHAS. PRATT & CO., 108, Fulton Street, New York.

BANKRUPT SALE OF VALUABLE REAL ESTATE.

As Assignee of the estate of Archibald Taylor, and in obedience to an order of the District Judge, I will sell at public sale, to the highest bidder in the town of Louisburg, in Franklin county, N. C., on Tuesday, Sept 9th, 1873, the tract of Land on which the said Archibald Taylor lives, adjoining the Potts Gold Mine, in Franklin county, N. C. This tract of land has been divided, and will be thus offered, a plot of which will be shown on the day of sale, with each lot accurately calculated.

Lot No 1, on the southeast corner of the tract, has 100 acres. Lot No 2, on the North of No 1, has 100 acres. Lot No 3, on the North of No 2, has 316 acres. Lot No 4, on the road, has 184 acres. Lot No 5, north of No 4, has 200 acres. Lot No 6, on the road has 100 acres. Lot No 7, north of No 6, has 98 acres. Lot No 8, north of No 7, has 100 acres. Lot No 9, on the road, is the Store House Lot with about 70 acres. Lot No 10, running from the road to the Creek, west of Nos 6, 7, and 8, containing the fine residence with all necessary buildings and several small settlements, has 640 acres. Lot No 11 is a lot of about 3 acres detached by turning the road. Nos 1, 2 and 3 contain a large amount of very rich bottom land on the creek. Other lots are thought to be rich in Gold too, especially Nos 1, 2, 3, 5 and 6.

This land will be sold on credit for cash, terms strictly to be complied with. The other half payable in six months, with interest from the day of sale until paid, the Assignee reserving the title, also retaining bond and good security of the purchaser. The title is good.

Creditors will please attend to sale.

RICHARD W. HARRIS,
Assignee of Archibald Taylor's Estate.
Oxford, N. C., August 1st, 1873.
