W. W. HOLDEN, P. M.

HOTEL ARRIVALS.

YARBOROUGH HOUSE—*G. W. Blacknall, Proprietor.*—A H Wiley, Salisbury; Geo Grats, Hillsboro; Miss Jenkins, city; Miss Lake, Rockingham; W H Satterble, N C W L Twitty, Rutherford; L L Hendren, Greensboro; R M C Williamson, Fayetteville; G L Bayteaux, Rev Mr Trimmer, N C; M P O'Conner and wife, California; J M R McIlhenny and wife, Miss Lisa McIlhenny, Wmington; H F Slater, J J Young and wife, N C; T A Jones, Va; Mrs M L Taor, Mrs C G Blacknall, Kittrells; W Haynes, Baltimore; Mrs Gov Pickens and daughter, S C; Miss Bogg, Georgia.

NORTH CAROLINA.

The Smithboro *Advance* says that the Express train was thrown off the track on Sunday night, near Whitaker's, by obstructions log placed on the road by some fiend inuman shape. Fortunately no one was seriously hurt. Mr. Taylor, the engineer was slightly injured.

EXTRAORDINARY COTTON.—Mr. J. J. Pearce, of Hillardston, has one acre of his extra cotton, on which he has been offered 10 bales ordinary cotton, equal to about $700. The acre will yield about 2 bales, and the party, offering to purchase, wants it for the seed which sold last spring at 10 cents a piece.—*Smithboro Advance.*

We learn from the Washington *Express* that an effort has been made by the county commissioners of Beaufort for a vote of the citizens of the county in regard to issuing $60,000 in bonds of the county, payable in thirty years at six per cent. interest, in order to complete at once the Washington and Jamesville Railroad, which is said to be now within 11 miles of the former place.

REPORT OF MAJOR YOUNG, OF DUPLIN COUNTY.—The scheme proposes the construction of a branch canal from the New River Canal to the North East river. The point of junction with the New River Canal would be some eight miles from its terminus at Banperman's, connecting with the North East river, in Duplin county, near Deep Bottom or Chinquepin, or may be carried as far up this river as the mouth of Goshen. This canal will afford navigation without locks as high as Chinquepin; above this point, to avoid the expense of locks, aprons would have to be used.—*Wil. Journal.*

DIED.—We regret to hear of the death of Mrs. Sarah Simms, an estimable old lady, mother of our worthy townsman, Mr. J. J. Simms. Mrs. Simms died at the residence of Mr. C. B. Copeland at Bloe creek on Friday last, the 19th inst., of bilious pneumonia. She was 69 years of age at the time of her death.

We also regret to hear of the death of Mr. James Stephen Barnes, who died at his residence in this county on Friday last, 19th. He was the father of elder Wm. Barnes son of this county.—*Wilson Plaindealer.*

DEATH OF ELDER HART.—Elder R. D. Hart, of the Primitive Baptist Church died in this place at the residence of his son-in-law, W. D. Johnson, Esq., on Wednesday morning last, the 24th inst. Elder Hart was about 65 years of age, was a native of Edgecombe county and had raised a family of six children, four sons and two daughters, now settled in different parts of this State. These and a large number of friends and brethren in the Church will mourn the departure of this worthy man and servant of God. His remains were taken to Rocky Mount yesterday for interment.—*Wilson Plaindealer.*

Mass meetings of the Friends of the Wilson Tenneville and Tar River Railroad will be held at the following times and places:

Wilson, Wednesday,	Oct.	8th.
Stantonsburg, Friday,	"	10th.
Farmville, Saturday,	"	11th.
Greenville, Monday,	"	13th.

It may be as well understood at once that the friends of this road are in earnest and intend to make every effort to secure the road that is proper and just which may lay in their power. The necessity for this very road from Wilson to Greenville must impress itself more and more forcibly upon all who think of it. It is what Wilson and Wilson county wants.—*Wilson Plaindealer.*

The bloodless drill of the San Francisco cadets is attracting the wonder and admiration of New York people. But it isn't after all to be compared with the bloodless drill of the negroes in the Retreat league in the South.

The Daily Sentinel.

VOL. IX. RALEIGH, N. C., SUNDAY, SEPTEMBER 28, 1873. NO. 45

HOME AFFAIRS.

Returned to Jail.

H. M. Miller returned from Danville on Friday evening with Frank Harris, the man who attempted to make his escape, and lodged him in Jail.

Passed Through.

Rev. W. B. Wellons, of Suffolk, Va., editor of the Christian *Sun*, passed through this city yesterday afternoon on his way to Durham, where he will deliver a sermon to-day.

Quickest on Record.

On Monday last in this city Jos. Betts, Esq., died; he was buried on Tuesday, letters of administration, on his estate, were taken out on Wednesday, sale advertised on Thursday, and his personal effects were sold on Saturday.

Cotton on Saturday.

On yesterday cotton was dull and still declining, 14¼ cents being the highest figures reached during the day. Seventy-three bales were disposed of at from 13 1-2 to 14 1-4 cents, with few buyers even at those prices.

Fresh Oysters.

The thanks of the entire SENTINEL force are tendered Maj. J. M. Blair, of the National, for a large tureen filled with nice, fat, fresh, Norfolk oysters, sent them last night.

Returned from Europe.

We have not seen him, but we are informed that Col. William H. Tucker arrived in the city yesterday afternoon from his European tour. It will be refreshing to see again the Colonel's genial face after so long an absence.

New Commission House.

We direct the attention of our readers to the advertisement of Messrs. R. F. Jones & Co., cotton factors and general wholesale and retail grocers, Wilmington street, opposite market square. This firm is composed of as reliable and energetic gentlemen as any in the city, and we bespeak for them a liberal share of the public patronage.

Presbyterian Church.

Rev. Daniel McGilvary, who has been a missionary to Siam for fifteen years, will deliver an address at the Presbyterian Church this morning on Siam. At night he will preach a sermon. Mr. McGilvary is a native North Carolinian, and is commended to us as a gentleman of rare Christian worth and modesty.

State Fair.

Every citizen of Raleigh should read the card of Dr. Blacknall. The city will be crowded with visitors from all parts of the country during the State Fair. Now the question is, shall we after doing so much to get up the Fair Grounds in such magnificent style, let persons come here and not find quarters. Report to Dr. B., the number you can take care of, and he will send them to you.

Something New.

A pair of belted or Dutch cattle have been presented to the North Carolina Agricultural Society by that enterprising and liberal gentleman, Mr. Geo. G. Lobdell, of Wimington, Delaware. Mr. L. is a gentleman of large means, and spends his money liberally towards getting up the best cattle, horses, &c. He also thinks of donating a Devier colt. May his Iron investment in Chatham county make him millions is the wish of every enterprising man.

Lecture Bureau.

Theo. N. Ramsay, will establish in this city in a few days, a Southern Bureau for Public Lectures and Readings. He is now preparing his list for publication. The list comprises some of the finest orators in America. We are glad to learn this. Public lectures will do more towards educating the public mind than all the shows that flood the country. Mr. Ramsay is busily engaged on his lecture, "Men and Things I saw in Europe," which he proposes to deliver during Fair week.

Attention Grangers.

We are requested to State that there will be a meeting of Raleigh Grange, Patrons of Husbandry, at Oak City Hall on Saturday the 4th of October. All members are expected to be present.

We learn that at the meeting held in this city on yesterday, thirteen new members were added to Raleigh Grange, the largest number ever before initiated at one meeting. The Grange now numbers 70 odd members, a large number of whom are the best farmers in the county.

Removed.

As will be seen by reference to our advertising columns, Messrs. Williamson, Upchurch & Thomas, have removed from their old stand on Martin street to their splendid new building on the West side of Fayetteville street, a description of which appeared in these columns some days ago under the heading of "The Mammoth Building." It is well arranged for the cotton and general commission business, and judging from the immense quantities of goods already in store this "mammoth" pile is not a square foot too large for the convenience of this energetic, "go ahead" firm.

FINE CUT.

A divorced Vinton, Iowa, man got married that same night.

The city scales will be repaired next week.

Blount street will be opened next week to Wilmington street.

A first class cook can hear something to her advantage by calling at this office.

The thanks of our citizens are due Commissioner Ellison for his efforts to secure "more light."

We are requested to state that the city Postoffice, on and after Monday next, will be closed at 6:30 P. M.

Miss Belle Inniss has entered the Ohio Agricultural College, and will be the only young lady student in the institution.

Somebody has made the discovery that grape seeds roasted and ground make a very tolerable substitute for coffee.

This is a Christian country, and to-day is the Sabbath day, and every person, unless Providentially prevented, is expected to go to church.

A London dressmaker, a Miss Ellis, has, upon Platonic theory, been bound over to keep the peace toward herself for the next four months. This precaution was taken by Justice D'Eyncourt against a fourth attempt at suicide by the young woman.

Wilkie Collins, who sailed from England to this country, Saturday, the 20th inst., tried his powers as a reader before a London audience before he started, and was pronounced a great success.

CITY FATHERS IN COUNCIL.

The Gas Question—New City Ordinances—Disbursements for month of September—Raleigh and Gaston Railroad to be Bridged—City Scales to be repaired, &c., &c.

On Friday evening the City Commissioners held their regular monthly meeting, Mayor Whitaker presiding. The following commissioners were present, Messrs Ellison, Prairie, White, Battle, Ricks, Johnson and Gorman.

The first business in order was the consideration of applications for retail liquor license.

Nine licenses were granted to parties to sell liquor in different parts of the city—among them Theodore Josephs, at the corner of Salisbury and Hargett streets. His petition was signed by respectable persons residing in the neighborhood.

A petition from Capt. Brain, President of the Schillinger Southern Artificial Stone Company, proposing to lay a sidewalk in and around Metropolitan Market at 30 cents per square foot, was read.

Mr. Battle said he would be very glad to see the pavement put down, but just at this time, considering the large indebtedness of the city, he thought it inexpedient and could not favor the proposition. The petition was tabled.

The report of Mr. V. Ballard, who was appointed to examine the accounts of the late M. W. Churchill, City Treasurer, was read. The report shows a deficit of $500 in the account.

On motion of Mr. Battle, it was ordered that the Clerk inform the administrator on Mr. Churchill's estate of the deficiency.

Mr. Ellison moved that the city gas lamps be lighted from October 13th to the adjournment of the session of the Legislature.

Mr. Prairie said he had always been in favor of gas, but he was not willing that the Gas Company should charge the city a half or a third more than they charged private individuals. When the Gas Company was willing to treat the city in the same manner that it treated its other patrons, he would vote to light the streets and not before.

Mr. Ellison said he was in favor of having the streets lighted at the Gas Company's figures. It was useless to talk about holding back and forcing the Gas Company to come to our terms—the Company didn't care whether the city took their gas or not—they were not dependent upon the city. He thought everybody ought to be satisfied by this time that the Company would not be coerced, and that if we got any light we must come to their terms. He was in favor of light. Every effort was being made to make the State Fair a grand success—thousands of people would be in Raleigh from abroad, and he wanted them to go away favorably impressed with the city, which they would not if we kept them in the dark. Salisbury and Charlotte had their streets lighted with gas, and we should have ours lighted.

Mr. Prairie said that if the Gas Company would establish three meters for the street lamps, to be located in different parts of the city, and charge the city according to those meters, he would be willing to have the gas turned on.

Mr. Ellison accepted the amendment, as he thought the Company would not object to the use of meters.

The motion as amended was adopted, and the Chief of Police was ordered to negotiate with the Company.

Mr. Gorman introduced the following ordinance which, after some discussion, was adopted.

Be it Ordained, That no wood or coal shall be allowed to remain on Fayetteville street for a longer period than 24 hours after the said coal or wood shall have been delivered to persons ordering the same; and in case of violation of this ordinance, a penalty of $5 shall be imposed, for each day the same may remain on said street, upon the party or parties who may have ordered said wood or coal to be so delivered.

Be it further Ordained, That the Chief of Police and his assistants be, and they are hereby instructed to see that this ordinance is strictly enforced; and all fines imposed as herein provided shall be collected as like fines are collected for violation of city ordinances.

The following ordinance was adopted, on motion of Mr. Battle, for the benefit of the hoby-horse-whirligig or "Flying Dutchman."

Be it Ordained, That every exhibitor of any machine or apparatus designed for the public amusement, for seeing or using which compensation shall be charged, not specially mentioned in other ordinances, shall pay ten dollars for each six months or part thereof, the same shall be on exhibition; provided, that this ordinance shall not apply to exhibitions strictly scientific, nor to those where the entire proceeds shall be devoted to charitable, or educational purposes.

Mr. Johnson offered the following resolution, which was adopted:

Resolved, That the street commissioner shall, in all cases, make a requisition on the Mayor for all supplies wanted in his department, and if approved, he, the Mayor, shall order the Clerk to issue an order for the article wanted.

The Committee to whom was referred the question of privies reported through the Chairman, Mr. Battle, the following ordinance, which was adopted:

Be it Ordained, That no privy shall be allowed to be sunk in the ground within the city limits, except under the following conditions:

1. The excavations shall not be below ten feet in depth.

2. The bottom shall be of brick work, one foot thick, laid in hydraulic cement.

3. The sides shall likewise be of brick or stone laid in good hydraulic cement, the whole to be plastered with hydraulic cement and water-tight.

4. The ventilator to said privy shall open at least 25 feet from the surface of the ground.

All privies sunk in the ground not built according to the foregoing regulations shall be altered so as to be conformable thereto.

Persons offending against this ordinance shall forfeit and pay five dollars for each day the offence shall be continued; *Provided*, That persons now having privies sunk in the ground shall be allowed thirty days to alter the same. It shall be the duty of Commissioners of streets to see that the provisions of this ordinance are carried into effect, and after the expiration of thirty days as aforesaid, if the party shall neglect or refuse to alter his privy as required for ten days longer, it shall be the duty of the said Commissioner to fill up said privy.

Mr. Ricks, col., moved that the Street Commissioner be instructed to open Blount street to Wilmington street. Adopted.

Mr. Battle moved that the Mayor be requested to apply to the State authorities for permission to open a street through the property of the Governor's Mansion. Adopted.

A good deal of discussion was had over the building of the culvert on Martin street, near the residence of R. C. Pressport, but no definite action was taken, and the work goes on.

Mr. Ricks moved that the chief of police employ some competent person to repair the city scales. Adopted.

Mr. Battle moved that a committee of three be appointed to see that the action of the Board in the matter of bridging the Raleigh & Gaston Railroad near the western terminus of Morgan street be carried into effect. The motion was adopted. Messrs. Battle, Prairie and Gorman were appointed said committee, with instructions to see that the R. & G. R. R. Co have the bridge erected at once.

The expenses for the month were stated at $3,715.18.

A large number of accounts were approved, after which the Board adjourned.

Niagara.

The following lines on Niagara Falls were written by a Raleigh "poet" while gazing on the flood:

Roll on, roll on! thou deep and dark Niagara—
I wouldn't be surprised if you kept rolling on when I am gone away—
You ole cuss!

'Tain't much of a feat after all to roll over a place like that;
Git up and roll back again, if you want to gain relief,
You ole cuss!

Noose river is mighty and red, and not much on the "roll" of fame,
But I bet if she come to a place like that she'd tumble over all the same—
Without so much fuss—
You ole cuss.

CENTRE-SHOTS.

Colfax shuffled into the Conference meeting of the Northwest Indiana Methodists the other day, and Bishop Simpson greeted him, saying, "we all hope that your future will be more brilliant than your past." If Colfax's future isn't brilliant, it will be because burning sulphur will lose its habit of emitting blue blazes.

The statement that some of the jokes in the *Magazine's* brevity column require three illustrated columns of explanation, we consider exaggerated, and certainly premature. We have never seen any pun in that column that needed more than two volumes, with diagrams; and for most of them one volume sufficed.

Mr. Joseph Segar and General Henry A. Wise are exchanging mutually complimentary letters, which the Washington *Chronicle* publishes. The weapon are said to be sure to strike fire by rubbing two dry sticks together; but that is one of the old political arts.—*Appeal.*

For the Sentinel.

MR. EDITOR:—I was glad to learn yesterday through one of the very best financial mediums, that not only our banks but our business men generally were never in so good a condition, and but for the flaming telegrams would not know of any financial excitement any where. Our bankers do a prudent legitimate business, so does our mercantile men, and are satisfied with quickly turning an honest penny instead of dealing in Futures, Pacific R. R. Bonds and others, therefore, if all sent go to the Wall, they are none the worse thereby, and we really think that if any bank in the county were to suspend in one day that it would not serious effect ours. This is saying a good deal, but it now takes strong words to quell foolish and unnecessary public clamor. If every one would show the good judgment of our old friend H. who lives not a thousand miles north of Raleigh, we would have no trouble.

He heard of the excitement in Petersburg and quietly took the cars and came to Raleigh, and after looking around and getting posted he not only left his deposits in the bank, but deposited nine thousand additional. Mr. H. is one of the very shrewdest financial men in the State, and a man who *never runs any risks.* Why not every sensible man do likewise; inquire and find out for themselves instead of being carried away by excitement from other localities.

SANO CORPORE.—The influence of the stomach on the brain should be carefully heeded. Let the stomach be in slight degree disturbed, and the entire nervous system becomes a sufferer. Bring the stomach to a healthy tone, and the nervous machinery promptly resumes its perfect running order. Happily, there is no necessity for any long disarrangement of the functions of the stomach, since in AYER'S PILLS we have so perfect a combination, admirably adapted for relief. They have stood the test of years, and have exhibited stomachic properties most wonderful. Their wise use, by keeping the system in perfect order, promotes longevity, and what is far better, ensures the full enjoyment of the time spent here. We use them and know their value.—[*Florence* (Kans.) *Pioneer.*

All people would undoubtedly prefer a fine head of hair grown upon their own heads, to being bald, or of our learned men to find a remedy to restore the hair when it has fallen out, and renew its color after it has become gray. Such a remedy has been found and is now offered to the world under the name of Hall's Vegetable Sicilian Hair Renewer; and, to verify this statement, read the following:

This is to certify that I way very bald; in fact, my head was perfectly smooth; and it is common in my family to grow bald early in life. I have now used four bottles of Hall's Vegetable Sicilian Hair Renewer; and the hair has grown out all over my head, and is now a natural brown.

BARTLEY CONLON.

Scipio, Jennings co., Ind., May 28, 1868.

Personally appeared before me Bartley Conlon, and upon oath, says the above statement is true.

M. G. BUTLER, Notary Public.

THE SECRET.—Those who prize a beautiful head of hair, (and we know our lady friends all do), will thank us for a few words on the invaluable qualities of AYER'S HAIR VIGOR as a dressing. In our own case it heals a humor, keeps the head free from dandruff and scurf, stops the tendency of our hair to fall, and heightens its beauty. A slight touching with it removes the coarse and dry appearance which neglected hair puts on, imparts a rich gloss, and makes us presentable in the most fashionable company. Such rare qualifications, presented in a single preparation, create for it an enduring value; but add to these the faculty of restoring to gray locks their youthful color, and maintaining our good looks with so small an expenditure of time and attention, and you stamp it prime favorite with the public, and ensure its permanent and enduring popularity.—[Huntsville (Ala.) Republican.

HELMBOLD'S BUCHU is the only reliable remedy for diseases of the urinary organs. Take it in season, and do not be imposed upon by quacks and impostors.

We are glad to learn that the absence of the celebrated Dr. Helmbold has not prevented the continued manufacture of the Buchu, so well known as the only efficient remedy for diseases of the kidneys and urinary organs. There are counterfeits of this most excellent medicine. Genuine has proprietor's private stamp. John F. Henry, New York, Sole Agent. eod1w.

Petersburg Tobacco Market.

There was nothing done to-day; holders could not sell except for currency, and as buyers could not furnish it the offerings were withdrawn. We quote the market nominal, there being no sales on which to base quotations. Logs at $6 00 to 5 00; working logs $6 50 to 8 25; shipping leaf, common to very good, $9 00 to 13 00; fine $13 00 to 14 00; filler leaf, common to good, $8 50 to $10 00; very good, $10 50 to $11 50; dark wavy leaf, (husky fired) suitable for black work $9 75 to $14 00 for common to fine; coal cured wrappers $15 00 to $75 00; nondescript leaf $9 50 to $11. Mouldy, warm and funked tobacco is selling very low.—*Appeal*, 26th.

REASONS FOR DRINKING.

A gentleman in a restaurant called "Waiter bring me a glass of brandy; I am very hot!" Another, "Waiter, a glass of brandy; I am dreadfully cold!" Mr. Twaddles who was present, cried out "Waiter fetch me a class of brandy, because *I like it!*" Twaddy only echoed the sentiment of mankind in general—we eat this and drink that, and so on, simply because "we like it," and in the way of "likes," what a stupendous "liking" the *American* public entertain for the *Rocky Mount* Cooking Stoves, especially since it has been so vastly improved! From all sections of the country, we hear the warmest encomiums upon the excellencies of this modern monarch in stoveldom, and he bids fair to sustain its exalted reputation. By corresponding with the manufacturers, Messrs. Stuart, Peterson & Co., Philadelphia, the firm will promptly respond to all inquiries relative to the operations of their famous stove.

WHOLESALE JOBBING DEPARTMENT complete. Attention of country merchants is called to our Wholesale Department.

sep 10 W. H. & R. R. TUCKER & CO

MARKETS.

Noon Report.

NEW ADVERTISEMENTS.

REMOVAL.

We have removed to our new building on Fayetteville Street, opposite Metropolitan Hall, where we extend a most cordial welcome to all our friends and acquaintances.

WILLIAMSON, UPCHURCH & THOMAS.

sept 28 1m

A CARD.

Anticipating many more persons than I can possibly accommodate at the State Fair, and even more than can be accommodated at all the Hotels, I would like to have the name of every private housekeeper who will consent to take a boarder during the Fair.

From present indications there will be at least twenty thousand persons each day in Raleigh, and we must not let our friends from a distance visit our State Fair and not be able to find comfortable quarters. Send in your names and the number you can take.

G. W. BLACKNALL,
Yarboro House.

COTTON FACTORS AND GENERAL WHOLESALE AND RETAIL GROCERS,

WILMINGTON ST., OPPOSITE MARKET SQUARE,

RALEIGH, N. C.

We present our Card and offer to the public our services as General Commission Merchants for the sale of Cotton and other produce, &c.

Our location is central, in the business part of the city and we offer especial advantages and facilities in the storage of Cotton &c., having a first class metal roof and fire proof store house, situated within a short distance of the police Station, and thereby less liable to the danger of fire. Those who design storing cotton will find it to their interest to communicate with us before storing elsewhere.

We are constantly in receipt of a line of General Groceries which we are selling at the very lowest market prices. Farmers supplies always on hand. Country produce in large or small quantities taken in exchange for goods.

We solicit consignments and will effect satisfactory sales and guarantee prompt returns for all articles entrusted to us. Our patrons and others will be informed from time to time of the general tenor of prices for Cotton and produce generally.

All communications of inquiry promptly answered.

THE SCHOOL BOY.

W. M. Burns, a student of the Mt. Vernon High School, is publishing a small weekly paper, styled "The School Boy." We pronounce it a rich little treat to all that hear, or see its stories. The writer is a schoolmate of Burns, and believes him to be one who possesses intellectual talents of greatness. Such tells largely for Capt. Hiter's School.
