NORTH CAROLINA.

THE PROPER PLAN.—We learn that Bethpage and Sugar Creek Churches have each raised funds for the education of the sons of their Pastors at Davidson College. The fund is to be expended under direction of the Faculty and is to be applied solely to the payment of tuition fees—the fathers of the students being expected to pay board and all other expenses.—*Southern Home.*

APPOINTMENTS.—The following are the appointments of Rev. P. A. Strobel, Districs Superintendent of the Bible Society for North Carolina:

Morganton, Thursday	9th, 7 p.m.
Shelby, Sunday	12th, "
Dallas, Gaston co., Tuesday	14th, 7 "
Lincolnton, Thursday	16th, 7 "
Newton, Sunday	19th, "
Hickory, Tuesday	20th, 7 "

RAILROAD ACCIDENTS.—The Central Railroad train from Charlotte to Lincolnton has been, three times, thrown from the track in the last months by some vile wretch, who has malice at the officers of the road or is moved by some other wicked purpose. The switches have been twice changed and a cross tie placed on the rails.

There is no doubt some organized band of villians engaged in this work, and we hope every good citizen will be watchful to detect them and bring them justice. We think the railroad authorities should offer a large reward for the offenders, such as will justify some person to make it a business to detect them.

We are no advocates of lynch law but if anything would justify its administration this offence would.—*Lincoln Progress.*

Hon. A. W. Venable, who has spent the summer in Statesville, returned to his friends in Granville county last Tuesday. We regret to part with one who, on such short acquaintance, had so endeared himself to us by the exhibition of those amiable and gentlemanly qualities which have made him what he is. During his short stay here he acquired a host of friends who will not soon forget him.

He belongs to the honest old school of politicians, which are fast passing away. We only wish that we could promise ourself that the rising generation of politicians would imitate the example of those patriarchal gentlemen.

Ours is a progressive age. They have some evils which we must correct, but when the mind reverts to Clay, Calhoun and Webster, with whom Mr. Venable was contemporary, we fear we shall not much improve upon their honesty of purpose.—*Statesville Intelligencer.*

Gen. Joseph E. Johnston and the late Generals Sterling Price, of Missouri, and Henry W. Allen, of Louisiana, were born, says the Petersburg *Index*, in Prince Edward county, within three miles of each other.

A WEEK CURRENT RELIGH.—The memory of Dr. Winer is embalmed in the hearts of thousands whom the *Redeemer of Wild Cherry* has cured of coughs, colds, consumption, or some other form of pulmonary disease. It is now over forty years since this preparation was brought before the public, and yet the demand for it is constantly increasing.

HOME AFFAIRS.

Personal.

J. P. Caldwell, Esq., the active Local of the Charlotte *Observer* is registered at the National.

Business of the Court.

The business of the Superior Court of Wake yesterday, after the disposal of the case of the State vs. King, consisted of a few minor cases of larceny.

Delightful Weather.

The weather yesterday was warm and pleasant, strongly contrasting with the cold and wet weather of Monday and most of Tuesday.

Stirring Times.

Judging from the show of dry goods and other packages in front of our city stores, stirring times are looked for next week in the way of trade. Now is the time to advertise.

Our Streets

Yesterday were thronged with strangers and our own people—many of the former here for the circus and the Fair, the latter tempted by the lovely spring-like weather.

Henderson Fair.

We regret to learn that the attendance yesterday at this Fair was but meagre though to-day a large crowd is looked for. We have a reporter present, but have not heard from him.

Central Association.

This body meets with the First Baptist Church of this city to-day. The committee on hospitality will be at the Church at 10 o'clock s. m. to assign delegates to homes.

The Cotton Market.

The cotton market was quiet, in this city yesterday and prices without change. Sales reached 114 bales, the highest figures being 15 1-2.

No change in the New York or Liverpool markets up to noon.

Disorderly.

A number of the United States troops stationed at this post were arrested and committed to the guardhouse by Mayor Whitaker, on Tuesday night and yesterday morning for drunkenness and disorderly conduct on the streets. Generally the troops here are well behaved.

The Fayetteville Presbytery.

The Presbytery of Fayetteville meets today (Thursday) at Laurenburg, Richmond county. There are in this Presbytery nineteen ministers and forty-six churches. Its territorial extent is not large, but the Scotch population of Cumberland, Robeson, Richmond and more counties make the strength of the body.

Married.

Yesterday morning at 9 o'clock, at the residence of the bride's father, by Rev. Dr. Smedes, Olivia, an accomplished daughter of Maj. W. A. Blount, and A. G. Sanders Esq., of the firm of A. G. Sanders & Co., all of this city. At a quarter to 10 the happy couple took the northern bound train.

Norfolk Fair.

We regret to learn that rain and very cold weather marred the opening day of the Norfolk Fair. Still there was a respectable sprinkling of visitors present. One race took place, McCall's "Orange Blossom" beating Bunting's "Nellie" and Wilby's "Don Juan" in two straight heats. Time slow, though the *Landmark* says they have three minute-horses there.

Departed.

Hon. A. S. Merrimon left for the Henderson Fair yesterday to deliver the Annual Address.

Hon. M. W. Ransom also left the city yesterday evening for Salisbury, to deliver the Annual Address at the Fair at that place.

Able addresses may be expected from both of these distinguished gentlemen.

Oxford, N. C.

The Presbytery of Orange holds its two hundred and seventh semi-annual session in this pretty little town during the current week. A Sunday School Convention was to meet also on Tuesday evening, to be participated in by the members of the Presbytery. The towns of Lexington, Greensboro', Hillsboro', Raleigh, Newbern and Washington, are included in the bounds of this body, and this session promises to be one of more than usual interest. Rev. D. McGilvary, Missionary to Siam, who recently visited this city, will be present. The Presbytery consists of 26 ministers and 31 churches.

"Western N. C. Tobacco Leaf."

The "Greensboro Tobacco Leaf" has been enlarged and much improved under the title of the "Western N. C. Tobacco Leaf and Planters' Journal," and is now published at Statesville, J. R. Morris, Esq., Managing Editor. This publication is in the interest of the tobacco growers of the South, particularly of this State, and from the number before us is destined to do much good. It is to be published monthly at $1.00 per year, and contains twenty-eight columns of reading matter. Address J. R. Morris, Statesville, N. C.

FINE CUT.

Maj. Jno. C. Winder has made Raleigh his permanent residence.

Dancing, like new milk, strengthens the calves.

The population of Shreveport in 1870 was 4,598—2,430 white and 2,168 black.

A PIG PUN.—The *Courier-Journal* says Cincinnati's panic motto is: *In hog signo vinces.*

The Hillsboro *Recorder* says a chicken snake five feet five and a half inches long was killed on the premises of Hon. Josiah Turner on Sunday last.

Mr. B. S. Johnson, of Lincolnton has the second crop of peaches this year from the same tree.

The Catholic Bishop of Tuam, Westford, Ireland, has forbidden his parishioners to dance waltzes, polkas, or galops within his diocese.

Superior Court.

The case of the State vs. Ben. King, charged with burning the grist and saw mills of Willie Lynn, in 1863, was resumed at 10 o'clock yesterday morning, Maj. A. M. Lewis closing the argument for the State, followed by Mr. R. H. Battle in the closing argument for the defence.

Soon after 12 o'clock the case was given to the jury by Judge Watts.

In opening his charge to the jury, and referring to the declaration of the accused, as deposed to by the witness Massey, that even if he had burned the mills no harm could come of it, for that he (the accused) "was a good republican and so was the judge"—Judge Watts said he was now too old to be turned from his purpose to discharge conscientiously a high public trust by the gabblings of the foolish or the carpings of the vicious. He then proceeded to review the testimony, and charged the jury that if the testimony of Hill was to be believed they should find accused guilty as to the fact. [The testimony here referred to was that which represented King as attempting to induce Hill to perjure himself in his behalf whilst admitting his guilt.] Judge Watts cited the material points of the testimony, particularly those claimed by the State as confessions of King, viz: the declaration of King in his conversation with the witness Adams in which he said he owed him and the other militia officers engaged in his arrest a debt which he intended to pay. Being asked by Adams if he had paid Lynn's debt (he being one of the officers alluded to) he replied "I have already done enough for him—did I not burn his mills!" Also his declaration to the witness Massey that he wanted him (Massey) to be a juror in his case, his being a republican, &c.; his admission to Hill that he had burned the mills, and his acknowledgment of this admission to the witness Moring.

Judge Watts left the character of the witnesses and the weight of the testimony with the jury.

Addressing himself to the law of the case, the Judge told the jury the question as to whether the crime came within the provisions of the amnesty act of 1866 was made a matter of fact by the decision of the Supreme Court in the case of the State vs. Shelton, which took the question from the court and left it with the jury, and which extended the provisions of the act of 1866 beyond the limits set to it by the decision in the case of the State vs. Cook. If, therefore, charged his honor, you find the defendant guilty of the burning, and that the burning was the result of the bad feeling engendered by and growing out of the war, you will give the defendant the benefit of the amnesty act of 1866, and say he is not guilty.

In the course of his charge, Judge Watts stated the provisions of the act of 1866 as defined by the Supreme Court, and said there was no question as to the defendant being included in the term soldier, he belonging to the militia branch of the service, and Lynn, whose mills were burned, being a militia officer engaged in the arrest of the defendant just before the burning.

At half-past 12 the jury retired and in about thirty minutes found a verdict of *not guilty.*

Lent's Great Circus.

We remind the public once more that this great exhibition will reach Raleigh on Friday morning and will be open to the public at noon and at night, and will remain but one day. We have abundant testimony as to the merits of the exhibition. Its street parade in the morning is said to be the most imposing ever witnessed in this country; its collection of animals, reptiles, birds, &c., is the largest and most varied "on the road," whilst its equestrian performers, male and female, and its acrobats, gymnasts, &c., are of the first in the profession. Be sure to go and witness the exhibition.

Tobacco Market.

No auction sales have yet been made as Change, but there is considerable doing at private sale. The want of currency is very much felt by our manufacturers, and most of them are curtailing operations on this account. Sales being private, we have no means of giving reliable quotations, but would remark that prices are generally 50 cents to $1.50 below what they were before the suspension.—*Petersburg Index 9th.*

Fireman's Convention.

A convention of the colored firemen of North Carolina is called for the 15th inst., in this city. This body will meet in the Hall of Victor Fire Company at 10 1-2 a. m., on that day. The call which is signed by leading firemen of Raleigh, Newberne, Wilmington and Fayetteville, says:

The object of the Convention is to establish a united understanding with all the colored firemen in the State, in regard to our future welfare and prosperity. We believe it to be our duty to assist in extinguishing any and all fires that may occur in any city or town in this State. We believe a good reliable fire company in any town is as good as an insurance company. We further believe our movement will encourage those who are ready and willing, to build up the good old North State. We hope that all colored companies in North Carolina whose intentions are to protect property with their labor against fire will comply with the request for a Convention by sending delegates thereto. The said Convention will be composed of five delegates appointed from each colored fire company in the State, or each company is entitled to five votes on all questions in Convention. Also every company is solicited to attend in full as it is an important object.

Correspondence.

We have been permitted to use the following correspondence, and take much pleasure in concurring in the expression of Messrs. Hawkins, Heck & Hoke. To Dr. Blacknall's energy and financial ability we are much indebted for the magnificent new Fair grounds, which are an honor to the city of Raleigh and also to the State of North Carolina:

RALEIGH, Oct. 5th, 1873.

Dr. G. W. Blacknall, Raleigh, N. C.:

DEAR SIR:—As a token of the Society's appreciation of your valuable aid rendered in various ways for months past, and for your zeal and great effort in behalf of our approaching Fair, the Executive Committee at its last meeting unanimously voted to present you with a handsome watch and chain. The under signed appointed a committee to purchase and present you with this gift, have fixed Thursday, October the 16th, at the Fair Grounds, immediately preceding the Grand Gift Concert, as an appropriate time and place for presenting to you publicly the testimonial so properly conferred.

Respectfully yours,
W. J. HAWKINS,
J. M. HECK,
R. F. HOKE.

RALEIGH, N. C., Oct. 7th, 1873.

GENTLEMEN:—Your polite and complimentary note has been received; it is very gratifying to my feelings to know that my efforts to aid the State Agricultural Society have called forth such a flattering recognition. I can assure you, gentlemen, that what I have done has been far short of my wishes, and I regret that I have not been able to do more. But, whatever service I may have rendered has been rendered freely, voluntarily and without any hope or desire of reward of any kind, other than to see our Fair a grand and noble success, an honor to the State of North Carolina. Believing that I have only done my duty as a member of the Executive Committee and a citizen of the State, I do not feel at liberty to accept the handsome present offered me by the Society, but while I decline the gift, I appreciate the high compliment conferred, and shall ever cherish it with gratitude and pride.

I am gentlemen yours very truly,
G. W. BLACKNALL.

To Messrs. Hawkins, Heck & Hoke.

RENTAL OF TRADE.—The produce markets at all points are becoming quite active, the exports within the last few days having materially quickened. At New York it is reported the ocean freight market is again decidedly stronger, rates on grain by steam to Liverpool and Glasgow having advanced one penny per bushel, with general cargo quotations also favoring ship owners, who were offering accommodation less freely. Here at Baltimore grain has been steadily going on shipboard to a large amount through all the panic, though mostly on prior engagements. Other branches of business are also fairly increasing in movement, though caution is exercised in purchases. Prices of the principal products of industry have not materially declined, which is an important and encouraging feature.—*Baltimore Sun.*

GREATEST INVENTION OF THE AGE.

Price Only $10!

THE VERY LATEST IMPROVEMENT.

Patented June 24th, 1873.

SATISFACTION GUARANTEED IN EVERY INSTANCE.

Other Machines have their Peculiar Merits—This has no Defect.

The washing of a Family of ordinary size easily accomplished before Breakfast

HAVE NEVER KNOWN ONE THAT FAILED TO GIVE SATISFACTION.

No other Machine can be sold after the "Franklin" has been Tried.

From one to two thousand dollars a year guaranteed to working men!!

Every County Sold in which it has been introduced.

WE CHALLENGE THE WORLD TO COMPETE WITH IT!!

The inventor of the "FRANKLIN STEAM WASHER" was owner of the right to manufacture the "IMPROVED" Woman's Friend in certain territory. While manufacturing these machines, and watching attentively their action and the manner in which they operated, and the results, he discovered certain prominent defects therein. He spent ten months in the study of the subject of finding remedies for these defects. He has at last succeeded—and as the result of his investigation and study, he offers to the public the "FRANKLIN STEAM WASHER," which is by far the best Washing Machine ever patented. We claim as an evidence of its merit that "LETTERS PATENT" were granted over all others.

It will wash anything from a Lace Collar to a Bed Blanket. It will cleanse the clothing without tearing, and more thoroughly than can possibly be done by hand labor or the use of the rubbing board. With one-fourth of the labor four times as much can be done in the same length of time as can be done by hand. We could publish columns of certificates of its worth from those who have used it, but for the present we prefer the Washer to speak for itself. We give a few below:

LOUISBURG, September 27th, 1873.

MESSRS. BARROW & PLEASANTS:—*Gentlemen.*—Mrs. Davis has tried the FRANKLIN STEAM WASHER and instructs me to say, in reply to your enquiry that she is well pleased with it, and believes it to be all that you claim for it as a labor saving Machine. It does its work well and diminishes, by more than half the labor of washing. She cheerfully recommends it.
JOS. DAVIS.

LOUISBURG, September 10th, 1873.

MESSRS. BARROW & PLEASANTS:—*Gentlemen*—Before I purchased your Steam Washer, I paid four dollars per month for our family washing; now without any additional help, I have the washing done at home and pay fifty cents a week to have the ironing done. In this way I save $2 per month, and my clothes are much whiter and I am satisfied, will last much longer than when washed by rubbing or the use of a board. It is all that you recommend it to be.
Very respectfully,
MRS. C. M. COOKE.

LOUISBURG, September 11th, 1873.

MESSRS. BARROW & PLEASANTS:—*Gentlemen*—I am using your Steam Washer, and it proves a success and I take pleasure in recommending it to the public, and testify to its being all that you represent it to be.
Very respectfully,
MRS. P. B. HAWKINS.

LOUISBURG, Sept. 8th, 1873.

MESSRS. BARROW & PLEASANTS:—*Gentlemen*—I have been using the Franklin Steam Washer for some time and can safely say it is far the best I ever saw. I could not do without it.
MRS. A. W. WILSON.

LOUISBURG, September 9th, 1873.

MESSRS. BARROW & PLEASANTS:—*Sirs*—Mrs. Gibbons has been using your "Franklin Steam Washer" for two weeks and pronounces it a grand success.
REV. H. H. GIBBONS.

LOUISBURG, August 4, 1873.

MESSRS. BARROW & PLEASANTS:—*Gentlemen*—I take pleasure in recommending your "Steam Washer." I acknowledge myself to have been incredulous with regard to yours, after having tested several others that had been so highly recommended to me; but the inconvenience to a large family, of not being able to get a good washer, regularly, induced me to give yours a trial. I am gratified to pronounce it a perfect success. I used it according to directions, and did two week's washing in two hours, nor did I give the first RUB. Whiter or more nicely washed clothes, I have never had. It only needs a trial to convince.
Respectfully,
MRS. W. H. PERSON.

LOUISBURG, July 10th, 1873.

MESSRS. BARROW & PLEASANTS:—*Gentlemen:* Through the kindness of your agent, *Mr. J. J. Person*, I have tried your "Steam Washer," and find it by far the best I ever used. It certainly saves a great deal of hard labor and does not damage the clothes. It is all that you recommend.
Respectfully,
MRS. DR. J. B. CLIFTON.

OURSELVES AS OTHERS SEE US:

"We take pleasure in saying that the "Franklin Steam Washer" is all that its proprietors claim it—a complete success. We heard nothing in saying that nothing has ever been put upon the market that more with such universal favor. We are yet to hear of the first one that does not give entire satisfaction.—*Louisburg Courier.*

"It is meeting with universal and unprecedented favor among domestic circles."—*Rocky Mount Mail.*

"Messrs. Barrow and Pleasants constitute one of the strongest and most reliable firms in Louisburg, and from what we have heard of the "Franklin Steam Washer" and the high character of the parties controlling it, we have no doubt but that it is all that they represent it to be."—*Biblical Recorder.*

"The patentees claim for the "Franklin Steam Washer" a superiority over all others, and from the discription we have had of its workings, we believe its claims are well founded."—*Christian Advocate.*

"We have known Messrs. Barrow and Pleasants from "our youth up," and know they would not recommend anything unworthy of patronage. They are leading merchants in Louisburg."—*Asheville Citizen.*

We have acquired by purchase of the Patentee, Mr. S. W. Barthol-mew, the sole right to manufacture and to sell the right to manufacture the "Franklin Steam Washer" within the United States and Territories.

We now offer the "Franklin Steam Washer" to the American people with full confidence that it will do all that we claim for it, and in order to introduce it as rapidly as possible, we are offering great inducements to working men who want to make money; we will sell State or county rights on very reasonable terms; for instance, we will sell the right to a county with ten thousand inhabitants for one hundred dollars. Within twelve months, if properly managed, the person can sell from three to five hundred Washers, at a profit of five dollars each, and his right will be worth more at the expiration of that time than it was at first, from the fact that it has been introduced and will sell in almost every family.

To parties wishing to buy State or county rights, we will send, on receipt of five dollars, just one half of the retail price, the "Franklin Steam Washer" complete, with instructions how to use, &c.; and after satisfying themselves that this what we represent it to be, they can correspond with us in regard to the territory wanted, our terms, &c. We desire a good reliable General Agent in every State in the Union, but we invite correspondence with working men who would like to make money. None need apply who cannot furnish satisfactory evidence of their integrity and reliability.

Any Tinner can make the "Washer" or parties buying County Rights, can obtain them from us at cost.

All persons are warned against manufacturing or selling the "Franklin Steam Washer" without authority from us. Any person infringing upon our rights to the same will be prosecuted.

☞ Our Mr. Pleasants will have rooms at the Tarborough House during Fair week and will give any information desired.

TO ALL WHOM IT MAY CONCERN.

We are well acquainted with Messrs. Barrow & Pleasants; as Merchants, they are doing a leading business in their town. They are men of strict integrity and in every way reliable and responsible. They do what they engage to do.
