Rose and Harry Watkins.

These highly popular artists produce to-night, at Tucker Hall, the grand drama of "Trodden Down, or, Under Two Flags." This is, in our opinion, their master-piece. It is one of the few plays that make a lasting impression on the mind, to be called up in after years as a pleasant reminiscence of the past. Pressed for time, we append an extract from one of our exchanges:

The most quiet and orderly audience that has graced the Opera House at any recent representation of the drama, assembled there on Saturday evening to greet Rose and Harry Watkins, in their presentation of the play entitled, "Trodden Down, or, Under Two Flags." Of the two bright particulars stars, Mr. Watkins is an admirable comedian of original stamp, blending his comedy with pathos and a terrible energy seldom found united on the stage, though seldom apart in nature. It is not too much to say that in the new drama he plays the part of the *Shingawn* as well as it can be played, and that he fills the three acts with a life and vigor to which we have been unaccustomed of late. Rose Watkins, too, is a fine actress, her action and reading excellent, and she rises at critical moments to true tragic power. In her defiance of Wolff, when she brands him as a liar and a traitor, her acting evoked a roar of applause, which broke spontaneously from the entire house. And in the reading of her mother's legacy, she evinced the most exquisite pathos. When we say that she supported Watkins well, we have given her the highest praise in our power, for his acting was so full of life, and passion so terrible in its wrath, as majestic in its development of paternal love, that an ordinary actress would have been crushed into insignificance. For Watkins' rendition of *Shingawn*, it was admirable, and we compliment highly upon the manner in which he played a man of comparatively humble position without ever making him vulgar. It is evident throughout that *Fergus McCarty*, the patriot officer of 1798, has not much education, and has held no high rank in the world, but he is never commonplace, and never vulgar, and when he knows that he has a right to defend the lair being whom chance and fraud has put into his power, he does so with a passionate love and undaunted courage which speaks strongly to the heart of every spectator. This piece has been presented in a large number of our principal cities and everywhere it has met with the most unbounded success, in almost every place they have appeared they have been urged to repeat their visit. On Saturday evening the house was completely filled, and the immense obdience sat breathless under the thrilling passages until their silence was broken into prolonged applause.

Franklin Steam Washer.

This North Carolina invention is now being exhibited in our Fair and attracts as much attention as any other thing on exhibition. It requires no labor to operate it, and properly managed, does its work thoroughly, and must, in a very short while, be in use in every well regulated family. We believe it to be far superior to anything of the kind ever invented. The following we copy from the Franklin *Courier*, a paper published in the town where the proprietors of the machine reside:

It is with pleasure that we again call attention to the advertisement of the above named "Washer," to be found in another column of this week's *Courier*. There are so many humbugs upon the market, and our people have been so often imposed upon, that when an article of merit is presented or offered to the public, it is a pleasure, and we believe a duty the press owe to its readers, to speak out and let the public know its merits or demerits. Believing this to be a duty we owe our readers, we take pleasure in assuring our friends that the "Franklin Steam Washer" is all that its proprietors claim for it—a complete success. It is a Franklin county invention, and we do not believe that we hazard anything in saying that nothing has ever been put upon the market that meets with such universal favor. It is being used all over this town and in every part of the county, and we are yet to hear of the first one that does not give entire satisfaction. The proprietors do not claim that their "Washer" will do all the work incidental to washing, but that it will do as much for washing as a sewing machine will for sewing—of this we are thoroughly convinced. In other words, it rubs wash day of all its terrors, and must, in a very short while, take the place of every thing else. In addition to their factory here, they are having them made in the northern cities of large quantities to meet their demand. All of the adjoining counties have been sold to other parties, and we understand that it is moving with unprecedented favor wherever introduced. Applications for about forty counties have been received within the last two weeks. For the benefit of our readers who are not acquainted with Messrs. Barrow & Pleasants, we will say that they are gentlemen of high character and standing, and in every way reliable and responsible.

HOME AFFAIRS.

Sheriffs at the Fair.

The sheriffalty is well represented at the Fair, many of them taking this occasion to settle with the Treasurer. Among them is Sheriff Harris, of Person, Sheriff Hughes, of Orange, Sheriff Stonestreet, of Davie, and others.

Attention Soldiers and Sailors of the late C. S. A.

Bear in mind that there will be a meeting of the soldiers and sailors of the late C. S. A., in the Senate chamber this morning (Friday) at 9 o'clock, for the purpose of organizing a society auxilliary to the Southern Historical Society.

Fire at Kinston.

From a private dispatch we learn the following:

There was a large fire in Kinston on Wednesday night last. The Episcopal church and West's and Parrott's stores were burned. The courthouse and several buildings, the property of Messrs. Hunter & King, were on fire, but saved with difficulty.

Valuable Land For Sale.

See the advertisement of Dr. Smith for the sale of valuable iron lands in Chatham. The land advertised has several pits and veins opened and tested, and the ore by the best judges pronounced superior and inexhaustable. Persons desirous to purchase would do well to call and see Dr. Smith, who has long owned the property and did not purchase it for speculation, but for farming purposes.

Pickpockets—Be on the Lookout.

Mr. S. S. Turner called yesterday and informed us that his pocket had been picked of $80 while getting in the cars at the Fair Grounds to come to Raleigh. He says that when he went to get on the train some one threw a shawl over his right hand, which he thought at the time was accidental. Let our people be on the lookout. What are the police employed at the grounds for if not to protect our citizens in their life and property?

Brethren of the Press.

Among the brethren of the press in attendance on the Fair, are Wilson, of the Kinston *Gazette*, Jones, of the Statesville *Intelligencer*, Thorpe, of the Rocky Mount *Mail*, Engelhard, of the Wilmington *Journal*, Baker, of the Franklin *Courier*, Matthews, of Winston *Sentinel*, McDiarmid, of the *Robesonian*, P. F. Duffy, Greensboro' *Patriot*, Stewart, Salisbury *Watchman*, Bonitz, Goldsboro' *Messenger*, Cameron, Hillsboro' *Recorder*, Biggs, Tarboro' *Southerner*, Pool, Newbern *Journal of Commerce*, Myrover, Fayetteville *Gazette*, Harrell, Henderson *Tribune*, Harris, Concord *Sun*, Yates, Charlotte *Democrat*, Jones and Caldwell, Charlotte *Observer*, Manning, Roanoke *News*, Foote, Warrenton *Gazette*. Among the foreign editors we notice only Woodard, of the New York *South*, and McNeill, of Virginia.

A Veteran of the Turf.

We had the pleasure of an introduction on yesterday at the Fair Grounds to Captain John Belcher, of Virginia. The Captain is 77 years old and has been on the turf for 60 years. He is the trainer of the celebrated racers "Virginia, Timoleon" and "Boston," and was the owner of the noted "Red Eye." He is, we are pleased to be able to add, hale and does not look sixty years old. He informs us that his old pet "Red Eye" in his day ran forty three races and won thirty-three of them. Of this number he ran eleven four mile races and won them all. The entire distance ran by "Red Eye" in all his races was 265 miles. Capt. Belcher is a gentleman who always in his sporting days bore an unblemished name and was noted for his integrity. He is a link between the days of honorable dealing on the turf and the present age of jockeyism. He says we have the finest fair grounds in America and the best half mile track he ever saw. The friends of our Fair will be pleased with his high opinion of our grounds and track, and *his* very many friends will be pleased to learn that he is in excellent health.

Stammering Cured.

DR. MOSES.—This scientific gentleman who is now stopping at the Yarborough House has effected several astonishing cures of stammering in this city. His success is attested by many testimonials. We cheerfully recommend him.

RALEIGH, N. C., Oct. 11, 1873.

This is to certify that I take great pleasure in recommending Dr. Moses to all persons who are afflicted with stammering. He has made a very radical cure in me, as all my friends can testify, and I would earnestly advise all persons who are afflicted to give him a call and let him cure them. EDWARD F. FISCUS.

We fully indorse the above.

WESTON'S PEDESTRIANISM.

At 12 m. Weston the pedestrian commenced his feat of Walking five miles in one hour, half a mile of the distance backwards. The following is the record of his time as announced by the judges.

				m. s.
1st	half	mile,		5 35
2d	"	"	(backwards)	6 30
3d	"	"		5 59
4th	"	"		5 50

6th	"	"		5 35
7th	"	"		5 40
8th	"	"		5 39
9th	"	"		5 32
10th	"	"		6 39

Making the five miles in 56 minutes and 17 seconds.

To add to the interest of this race, the committee, by consent of Mr. Weston, permitted the following to join in: Jas. Chestnut, of Johnston, Rufus Powell, of Wake, J T Teasley, of Wake and Sterling Alston, col., of Alamance. These competitors walked two and a half to three miles and showed remarkable agility, but finally caved in. Chesnut, of Johnston, is a capital walker and can beat the champion in speed.

Mr. Weston is a first rate, honest walker. He informed us that this was one of the severest feats he ever performed. In the first two miles he lost two minutes, and the half mile backward walk made him almost despair of making his time. The vertical sun upon the white surface of the track was almost too much for him and he feared a shock of sunstroke similar to one he had a year ago. Nothing but his self-pride and a wish to keep faith with our people sustained him. He added, however, that the track was one of the best he had ever walked over.

It is thought Mr. Weston will repeat his feat to-day.

THE RACES.

The fist race in the trials of speed was for a purse of $350, mile heats, best three in five. The entries were

Harvey's Top.
Haywood's Fannie.
Purnell's Prince of Wales.

Top cleverly won in three straight heats. Time 2.54 1-4, 2.53 and 2.50 3-4. Fannie won the second place in the first two heats and consequently the money. Prince of Wales was second in the last heat.

SECOND RACE.

The second was a running race for a purse of $200 one mile and repeat. The entries were:

James' Bonne Bell.
Gant's Lady Washington.
Emery's Piney Woods.
Norwood's Jack Roulhac.

The first heat resulted:

Piney Woods,	1
Lady Washington,	2
Bonnie Bell,	3
Jack Roulhac,	4

Time, 1.55.

Jack Roulhac was withdrawn after this heat, he being a little lame, caused by striking a hurdle in his trial for the hurdle race the previous day.

The second heat was won by Lady Washington, Piney Woods second, and Bonnie Bell third, in 1.56.

Bonnie Bell was now withdrawn, and the third heat resulted in Lady Washington winning in two seconds by a length. The contest between Lady Washington and Piney Woods was most exciting.

THIRD RACE.

This was a trot for $150 mile heats and repeat. The entries were

McCall's Orange Blossom.
Haye's Mattigrass.
Weatherington's Roanoke.

Orange Blossom won in two straight heats in 3.01 and 2.59. Mattigrass won a fair second in both heats.

FOURTH RACE.

The fourth was a running dash of one mile for three year olds and for a purse of $20. The entries were:

Norwood's Captain Jack.
Emery's Lightwood.
Staton's Emily Long.

Lightwood won in 1.58. Emily Long second and Captain Jack third.

THE CROWD.

The number of visitors at the Fair yesterday we estimated at fifteen thousand. We are used to large crowds and we compared notes with several we thought competent to form an opinion. The railroad alone made thirty-six trips—eighteen each way—with a train capable of carrying comfortably six hundred persons each trip, and the conductor informed us he carried during the day several times as many as one thousand persons. Besides the railroad large numbers went and came by the ordinary roads. We thinks 18,000 a safe estimate.

CLIMBING THE POLE.

There was considerable amusement afforded by the efforts of the youngest to climb a forty foot greased pole for a gold watch placed on top. The highest point reached did not take the contestants one-fourth of the highth. The watch is there still.

FINE PIANO.

Dr. August Dropp, of this city, has on exhibition at the Fair Grounds a splendid piano, made by the firm of Ihne & Son, New York. It was played on by Dr. Myerhoff of this city, and attracted crowds.

GIFT CONCERT.

The drawing at the prize in the Gift Concert of the N. C. Agriculture Society takes place to-day beginning at 10 a. m.

HON. DANIEL VOORHEES ADDRESS.

Hon. Daniel Voorhees will deliver the annual address to-day at the Fair Grounds. He arrived in the city last evening.

TROOPS OF ALL MENTS VANQUISHED.

On account of the prominence with which it stands the fevers generated by unhealthy exhalations, Hostetter's Bitters is considered an indispensable family medicine on the borders of our Southern and Western rivers, and in new settlements where the plough and the axe are for the first time disturbing the subtles of nature. Its reputation, however, is not confined to such localities. Wherever the rudiments of disease are rife it is the surest safeguard of health; wherever sickness prevails, it is effective as a remedy. Among the various diseases which it is guaranteed to control are indigestion, biliousness, and all the minor ailments connected with derangements of the stomach, the liver, and the bowels—such as heartburn, headaches, faintness, nervousness, nausea, distaste for food, languor and debility, palpitation of the heart, trembling of the hands, suburs in the ears, disordered vision, disturbed sleep, and mental depression.

Davenport Brothers.

The world renowned Davenport Brothers gave one of their awfully mysterious seances at Metropolitan Hall last night to a large and highly intelligent audience, Col. Carter and Mr. Mathews officiated on the stage and secured the performers with ropes sealing the knots, and guarding every avenue. While the Brothers were tied in the most secure manner, profound and startling wonders and mysterious movements were produced by some invisible power, and every one present was completely dumbfounded. We have not space to go into details, surfice it to say that the Brothers give their last exhibition to-night when those who have a curiosity can see for themselves.

North Carolina Agricultural Society.

We were unable to attend the regular evening session of the members of the Agricultural Society Wednesday night, but learn that it was the fullest and most enthusiastic agricultural meeting every held in the Capitol. Mr. Vice-President Dancy, of Edgecombe, presiding at first and afterward, President Holt, of Alamance, relieved him.

Mr. Latham, of Washington delivered a very interesting discourse on the use and manufacture of tiles, and the success that he had experienced in the East, benefit to land, cost, &c.

The Hon. Wm. Harper, of Caldwell county, made some remarks on the grasses and hay and climate of the highlands and advantages of stock raising in the West.

Mr. Burnell, from Penn., was called on and gave his experiences and impressions of the advantages of the agriculturalists of N.C. in stock raising, &c., and advised that the Fair Grounds be layed out and kept as a park sowed down in Timothy, orchard, blue grass and clover, that there would soon be enough good manure saved on the grounds themselves to enrich them sufficiently to grow the valuable kind of grasses, &c.

Gov. Caldwell said that he was gratified to know that the Northern farmers who had settle amongst us, were taking so much interest in the development of our agricultural resources, and had accomplished so much in so short a time, and sincerely hoped that more skilful farmers from the North would come South, and show by practical demonstration, what was best to be done with our worn out old lands, that we were all anxious and willing to learn from them. And that we should all extend to them a welcome and helping hand.

Mr. Sampson from down East in old Maine said what he had seen done for years in that old cold State. That the grasses could all be grown here as well as anywhere. That he had cultivated fields in Guilford, and also in Lenoir. He stated what he had already accomplished, and what he had discovered was needed in the East as well as the West, that hay of the native grasses were good enough for him, he had tried them. That old "Crop grass" or "Crab" would make most excellent hay, and advised all to try it, &c. Stock must have hay, &c., &c.

Mr. Morgan, of Ohio, said that he had been talking iron all day and was tired, but that he would have something to say on the iron question to-morrow, that N. C. possessed as good ores as any country, and the time had come to develop our rich ores and prove it.

Mr. Lobdell, of Wilmington, Delaware, stated what great improvements had taken place in Delaware recently in agricultural, and especially in manufactories, and advised our people to do likewise, &c.

Miller & Chilton having entered into copartnership, have fitted up the establishment known as Prairie's old stand, in excellent style for the Restaurant business. Fine elegant carpets, neatly papered rooms, and a large spacious Billiard Hall. oct 12-tf
