### NORTH CAROLINA.

Tarboro' contributes $152.25 to the relief of the Memphis sufferers. Well done. We gather our information from the *Southerner*. Other sums had previously been sent, and the Odd Fellows are also gathering a fund.

PROLIFIC.—Mr. Jno. M. Brown has presented us with a short pear twig bearing 5 well grown pears, and which are the 2nd growth of the tree this season. The five weighed 22 ounces, net. Trot out your best, father *Chronicle*.—*Kinston Gazette*.

A protracted meeting is now in progress n Tryon Street Methodist Church, and services are held each day and night,—prayer meeting in the morning and preaching at night. The pastor has been assisted in the services by Revs. W. S. Black, V. A. Sharpe and D. R. Bruton.—*Char. Observer*.

A CURIOSITY.—We were shown yesterday a curiosity in the shape of a pig with eight feet and legs, four ears, two tails and two bodies from the shoulders back. These, including the two bodies, are perfectly distinct. Two of the fore feet and legs are on the back of the animal, while two of the ears are on the side and two on the top of the head. The head, legs and feet are all well formed.—*Star*.

THE NORTH CAROLINA COUNTERFEITERS, &c.—*Greensboro', N. C., Oct. 30.*—The United States commissioner to-day examined William Bryant, Joseph Gray, W. R. Blackwelder, and Edward and Daniel Lipe, charged with passing counterfeit money. Gray and the Lipes were bailed in the sum of $5,000 each; Bryant and Blackwelder were committed in default of bail. Pleasant Black, heretofore bailed, was discharged. Forty others will be examined at Asheville on Monday. Others will be arrested.

The yearly meeting of Friends begins at New Garden to-morrow with the prospect of a large attendance.—*Special to the Richmond Dispatch*,

We extract the following from a letter recently received from Vienna:

"One of the most attractive features in the machinery department of the Vienna exhibition, is the collection of Fairbanks & Company's Scales, and a large crowd is frequently gathered around it. Several of the royal and imperial visitors have shown great interest in the weighing apparatus, and some of them have tried their weight upon one of the scales. The Austrian Emperor made a careful examination of this part of the American section, and after looking at the different varieties, from gold and letter up to the railway scales, paid a high compliment to the skill and enterprise of the inventors. Fairbanks' Scales have become the standard in several European countries, and their adoption by Austria can be regarded as among the certainties.

"Many of the foreign visitors to the Vienna Exposition are greatly puzzled over the scales exhibited in the American department by Fairbanks & Company. They can understand the apparatus for weighing small articles and all the dozen or more ordinary varieties of scales, but when they come to the railway scales for weighing several loaded at once, they are quite bewildered. Such a scale is beyond their comprehension and they examine it with much doubt. The agent of the Fairbanks house has a great many inquiries to answer daily, and the questioners frequently remark, when their curiosity is satisfied, that they never before understood the greatness of America."

### THE WELDON FAIR.

[Special Correspondence of the Index and Appeal.]

WELDON, Oct. 31, 1873.

This being the last day of the fair, of course, as is customary, there was a small crowd in attendance, compared with the preceding days; but there was a larger crowd to-day than there was the last day of the fair last year.

During this fair there has been more entries than there was last year by an excess of two hundred and fifteen, and in every way it has proved much more successful, both pecuniarily and agriculturally.

There was some trotting to-day, which seemed to have created a good deal of excitement and interest, the following being the entries: Joe Haywood's Fanny A. Purvy's Sallie Patchin, E. Pomeroy, Quirk. The first won the race, having made the best time, which was 2.07, 2.05, 2.01.

At 3½ o'clock a purse of five dollars was gotten up for the one who proved successful in a foot race. Several negro men entered into the contest, and one by the name of Arthur Jones, was declared the victor. This race seemed to have been the sensation of the day.

The Roanoke and Tar River Agricultural Society elected the following officers for the ensuing twelve month: President, R. A. Smith, of Halifax; secretary and treasurer, Jordan Stone, of Raleigh. The executive committee will be appointed by the president.

There is to be the ball of the season at the Exey House to-night, on which occasion your city will be well represented by 40th sons.

**A Treat Looked For.**

Rev. John Russel, Grand Lect— the Independent Order of Good Temp... will speak in this city on Wednesday 10th, inst. Mr Russell will stop at the National Hotel.

**Guano Depot.**

The court house of Wake county has been turned into a depot for guano. There is loud complaint that a place which gentlemen and even ladies are compelled to visit should be used by the sheriff for such a purpose.

**Corton Chopper.**

In answer to a correspondent we have to say that the "Diamond Cotton Chopper and Cultivator," on exhibition at the late State Fair, took the first premium over all competitors, and the special premium of $25 as the "most important invention pertaining to agriculture patented within the last two years."

**Hon. Nathaniel Boyden.**

We regret to learn that there is no improvement in the condition of this gentleman's health and no hope of his ultimate recovery. He is said to suffering from no disease; he is sinking from sheer inanition. And yet, to use the language of a gentleman who recently visited him, his mind is as clear as a diamond.

**The Wood Question.**

We suggested a few days ago the propriety and the necessity of having an Inspector of Fire Wood in our city, and called upon our City Fathers to provide one. The Fathers have met twice since the time of our suggestion and have had an angry quarrel about hard *brick*, &c., forgetful of the "hard *times*" before the poor this winter. We have done our duty in the premises. Let the City Commissioners carry their responsibility as best they can.

**Kindly Said.**

The Salisbury *Watchman* has this to say of our best boarding houses:

While in Raleigh in attendance at the Fair, it was our good fortune to occupy a room at Mrs. Evan's, a lady who keeps one of the nicest boarding houses it was ever our pleasure to stop at. It is really a nice place for a gentleman and lady to stop on visiting Raleigh.

We have several excellent boarding houses—as good as any town can boast of. Mrs. Pullen's, on McDowell street, is also a capital "place to stop at."

**Ihne & Son's Pianos.**

We neglected to state on yesterday that in consequence of a clerical error a diploma instead of a silver medal was awarded to Dr. A. Doepp, of this city, for the excellent piano he had on exhibition at the late State Fair. The error has been corrected and the medal granted. This piano was from the factory of the celebrated Ihne & Son, New York, whose pianos alone Dr. Doepp deals in. To show the value of these instruments we are permitted to publish the following paper. We need hardly add that Dr. Von Meyerhoff is fully as competent to judge of the merits of a piano as any other professor in America:

RALEIGH, N. C., Oct. 16, 1873.

DR. AUGUST DOEPP:—*Sir*:—Permit me to State that I have called at your warerooms but did not happen to meet you.

Will you accept this my written order for one of Ihne & Son's pianos, of New York? I think they surpass Steinway's and Chickering's pianos in *singing* quality, which is the best and only lasting quality of a piano.

Would you oblige me by placing the instrument in the Ladies' Parlor of the National Hotel?

Anticipating the pleasure of a reply. I remain,

Very respectfully, your's truly,
DR. L. VON MEYERHOFF.

**"Exploring Historical Channels."**

Our friend of the *Observer* is quite lively over Mr. Goodloe's historic explorings. He says:

Our esteemed cotemporary is mistaken if it thinks the *Observer* has once "d Mr. Goodloe. We only laughed at him. When we deal with *absurdities* we never put a serious mouth on; we prefer to go about it in a good humored way. A man living in Mecklenburg, knowing the history of the county, can't help smiling when he is told that there is a live man down in Warren county—a grave old philosopher, who has made the wonderful discovery that the Mecklenburg declaration is all a myth!

Mr. Goodloe is entitled to his own opinions. He, no doubt, is honestly convinced that the world for nearly a hundred years has labored under a strange delusion about the Mecklenburg Declaration; and he has a right to publish his opinions. But we must reserve the right to laugh at him.

We presume Mr. Goodloe will not object to this good-humored raillery. It is much better than alone. But take care, Mr. *Observer*, that Mr. G. does not make you laugh in the end "on the wrong side of the mouth." When Galileo came forward with his theories he was laughed at and ridiculed, and even persecuted. But now the world knows he was right. Mr. Goodloe is one of the most intelligent minds in the State—a gentleman of decided ability, and who well knows how to conduct any kind of controversy. For years engaged upon the columns of one of the great New York Dailies, both as editor and correspondent, he can neither be suppressed by laughter, fun, nor ridicule. The only weapon that will be found successful against him is—argument.

**Meeting of the City Commissioners.**

An adjourned meeting of the Board of City Commissioners was held at the Mayor's Office on Friday evening, Mayor Baker in the chair, Commissioners H... Prairie, Johnson, Clawson, Ellison, dal Bevel... Ricks being present.

...ngers, agent for Mr. Fen... claim of that ...rveyor, presented the for surveying and ...mounting to $192 presented by Mr. Bevel... a plat of the had been refused on the gro... ment charge was excessive. Mr. Roger... the that the amount charged was for the tual number of days engaged in the work under the per diem agreement with the Surveyor.

Mr. Johnson said there was no question as to the amount per day agreed upon. If there was no objection as to the correctness of the account it should be allowed.

On motion of Mr. Clawson the account was allowed without dissent.

SOFT VS HARD BRICK.

Mr. Ricks, col., one of the Street C... mittee, reported that the brick being used to pave the sidewalks were not such as had been ordered by the Board. Hard brick had been ordered, but an inferior soft brick was being put down.

Street Commissioner Backalan said he had purchased the brick in question from Mr. Prairie as the best he could at the time find. He admitted some of them were not fit for the sidewalks, but it was the best he could do.

Mr. Prairie did not think Ricks knew what a soft brick was. He (Prairie) had to be importuned to sell the brick and placed no restrictions upon the city workmen in selecting such as they required from a kiln of $130,000. The brick, however, were not soft.

Mr. Ricks, col., knew as well as Mr. Praire what a soft brick was. He had helped to make brick and doubted if Mr. P. ever had.

Mr. Clawson moved to refer the brick question to a select committee.

Mr. Jones, col., thought this a reflection on the street committee.

Mr. Clawson said that if the street committee had not done its duty in the premises it should be reflected upon.

Mr. White moved to adjourn. Not agreed to.

Mr. Ellison, col., (one of the street committee,) was in the habit of looking after the interests of the people of Raleigh as much as Mr. Clawson, and more so. No complaint had been made to him by Mr. Backalan in regard to the brick. He could not help it if Ricks went off half cocked on the brick question. He, (Mr. E.,) did not like the reflections of Mr. Clawson.

Mr. Clawson disclaimed any personal reflection, but was responsible for what he might say.

Mr. Ricks, col., returned to the charge. As a member of the street committee he has done his duty in reporting the brick. The street commissioner admitted the brick to be unsuited to the work and Ellison know they were.

Mr. White moved to adjourn. Not agreed to.

Mr. Clawson's motion was now adopted and Messrs. Clawson, Ellison and Johnson were appointed as the special brick committee.

Mr. Clawson moved to adjourn. Not agreed to.

Mr. Ellison, col., moved to reconsider the vote by which the special committee was appointed. Concurred in.

Mr. Clawson moved to adjourn. Not agreed to.

Mr. Ellison, col., moved as a substitute for Mr. Clawson's resolution that the brick question be referred to the street committee. Adopted.

THE DESTITUTE SICK.

Mr. Ellison, col., offered a resolution providing for a Public Dispensary to supply the destitute sick of the city with necessary medicines.

Mr. White moved as a substitute that a collection for the specified purpose be at once taken up among the members of the Board. He would give $25 towards it.

Mr. Ellison, col., said his proposition would not preclude Mr. White from contributing his $25. He, himself, would contribute $5.

Mr. Clawson proposed that the City Treasurer be authorized to contribute to the proposed Dispensary $500 and that each commissioner be assessed $100 for the same purpose.

Mr. Ellison, col. "That proposition is rather thick for me." (Laughter.)

Here followed three different motions to adjourn.

The Dispensary resolution of Mr. Ellison, col., was then adopted, and he, Mr. Johnson and Mr. Jones, col., were appointed a committee to report a plan of operation.

ELECTION OF POLICE, &c.

The election of police officers being now in order, considerable filibustering took place; the "Right" wishing to stave off the elections, the "Left" determined to bring them on. During the confusion a white member of the "Right" called a colored member of the same a "d—d liar!" and the indignant colored Righter sprang to his feet and grabbed for a chair, but was ordered by the Mayor to sit down—which he did. The "Lefts" defeated every effort to stave off the elections and they were proceeded with, with the result recorded in our last.

OTHER BUSINESS.

On motion of Mr. Ellison, col., a committee of three freeholders was appointed to assess the damage to his property on Peace Street, claimed by Mr. J. B. Martin.

The petition of Mr. Patrick McGowan in regard to the increase in the assessed value of his property was referred back to the assessors.

On motion of Mr. Jones, col., the pay of the night police was raised from $40 to ... per month, the Captain to receive ...

Treasurer of Mr. Clawson the City ... Victor Fire ...instructed to purchase for ... Hand Engine, ... a No. 1 Side-Stroke ... $1,500. ...not to exceed ...

On motion of Mr. Claw... er was authorized to purchase Treasur... Bucket Crate for the Bucket ... new new ... amended by Mr. Ellison, col., by ... pany, ... 100 new buckets.

The Board then adjourned.

**A Union Meeting To-Night.**

The Young Men's Christian Association of Raleigh are determined to come up faithfully to the full measure of their duty. To this end there will be a Union Meeting of Christian people held to night in the Baptist Church, when Rev. Dr. Pritchard, the pastor, by request, will preach a sermon on "Charity," in behalf of the poor of Raleigh. The Methodists, Presbyterians, Baptists and all others whose hearts are warm with benevolence, and who love their poor neighbor "as themselves," will participate. We look for excellent results from this meeting. There is already much suffering in our midst, and when the Winter comes on,

"Clo hed all in friz,
Chattering his teeth for cold that did him chill,"

we may expect that suffering to be very greatly increased and intensified. Every kindly emotion of the human heart forbids indifference to such touching scenes of misery as may be seen in an hour's walk any day. Our people, who have been generous and kind to others, must not turn a deaf ear to the calls of the helpless and destitute in their midst.

"The drying up a single tear has more
Of honest fame, than shedding seas of gore."

A pagan orator said: "Men resemble the gods in nothing so much as in *doing good* to their fellow-creatures." A greater than Cicero said: "And now abideth faith, hope, charity, these three; but the greatest of these is CHARITY."

The Young Man in the Gospel was instructed by our Savior to "sell all that thou hast, and *distribute to the poor*, and thou shalt have treasure in heaven." He needed the discipline of *giving*—of abounding charity and benevolence. Do not you need the same discipline, courteous reader? Ask thy heart.

A disposition to give a cup of cold water to a disciple is praised by the Master, and is indeed a *far* nobler, more winning property than the profoundest learning or the highest eloquence. On the bloody field of Zutphen, where Sir Philip Sydney was lying on the ground dying from a wound just received, he saw a poor common soldier in the extremity of dissolution, crying out in his terrible thirst, for *water*. The chivalrous knight, the sweetest poet of his times, said to his attendant who had brought him a cup of water from a neighboring brook—"*Give it to him, his sufferings are greater than mine.*" What a lesson, what a sermon, on true chivalry, on charity, goodness, unselfishness!

Let all go to the Baptist Church and join in this movement for the relief of our suffering poor. The Associate will make a full report of what it has accomplished in the past that all may learn how much good has been done. Every man and woman in Raleigh is concerned in this meeting, whether he or she thinks so or not.

"In faith and hope the world will disagree,
But all mankind's concerned in CHARITY."

**Asheville Expositor.**

The last number of this paper contains the parting address of the editor T. D Carter, Esq. We regret to lose him as a member of the craft. He has made an effective, independent paper. We wish him all success in his future place.

In regard to our future course, it is, perhaps, due ourself as well as our patrons, that we should say, we intend for some time to come, to give our best energies to the preparation of a more extensive history of the railroad swindles and other wrongs perpetrated upon our people since the close of the late war, than we have been able to give through the columns of a newspaper.

W. H. Malone, Esq., a prominent lawyer of that section, succeeds Mr. Carter as editor and proprietor. In a capital salutatory he marks his professional bow. He says:

The politics of the *Expositor* will be devoted to the chief principles embodied in the Democratic platform, believing that they more fully tend to the restoration of peace and to the growth and prosperity of the people, both as a State and as a Nation. But loyalty to mere party organization, shall be of little effect, when in conflict with what is conceived to be the best interest of the county.

We extend him the right hand of fellowship and give him a cordial welcome. May prosperity attend him and troops of friends gather around the *Expositor*!

Not everybody appears to be panic stricken yet. We find that, Mr. Isaac Oettinger is receiving a second stock of Millinery and Fancy Goods, bought at panic prices and for cash. Mr. O. will surely give his many customers the benefit of these low priced goods. It

**Lecture.**

We learn that Mr. Theo. N. Ramsay has fully organized his Bureau for furnishing a series of lectures. Rev. John E. Edwards, D. D., of Richmond, Va., will lecture in the city of Raleigh, at "Tucker Hall" on the 16th and 17th of December next. Dr. Edwards is a native of North Carolina, but now lives in Virginia. He is widely known as a ripe scholar, and is particularly distinguished as a speaker of remarkable fluency, easy eloquence and brilliancy of thought. On Monday night, the 16th, he will lecture on "The Choice of a Wife." Tuesday night the 17th, on "Gradual Development of the law of permanent Progress."

The admission price will be 50 cents, Reserved seats 75 cents. Doors will open at 1 2 o'clock. Lecture to commence at ... o'clock precisely. We ...ejoice all persons to secure tickets at the ...kstores in order to avoid the rush at the door.

**Woman's Burdens Lightened.**

It is a common saying that a "woman's work is never done," and the saying is too true. From early dawn to dewy eve, and often far into the silent hours of the night woman finds, always, work for her busy hands. And thus it is that she sometimes is heard to exclaim that she "never has a moment to call her own." Work and toil by day—toil and work by night—unceasing drudgery—often illy paid for, or unrequited.—But science has come to woman's aid, and in some degree lightened her burdens. Elias Howe, *Jr.*, has proved himself the true friend of womankind, and by inventing and perfecting his Sewing Machine is entitled to the proud appellation of woman's benefactor. It were needless for us to more than call the reader's attention to the Howe Sewing Machine. In this community their superior merits are too well known to need any praise from us. And in all competition they have stood the test, and to-day stand before the country without a superior in public estimation. They are easily managed, and not liable to get out of order, and in the language of the Christian Intelligencer, "any family is made happy by the introduction of this trustworthy machine."

Now, it should not be with any man's question of dollars and cents whether he will have a Sewing Machine or not, for it is, whether he so regards it or not, a question of length of life and happiness to those in whom he is most interested—*his own family*. We know of no way in which money can be more judiciously spent than by investing in these beautiful and useful instruments. They can be obtained of J. H. Ferrell, agent at No. 7, Fayetteville street, Raleigh, who offers them now at lower prices than ever before.

Holmbold's Buchu is the great family medicine for diseases of the kidneys and kindrid organs. Full directions accompany each bottle. Look out for counterfeits. The genuine has the private proprietary stamp of H. T. Helmbold. It is not safe to take any other. None but the genuine guaranteed. John F. Henry, New York, Sole Agent. oct 19.

**Carriage Manufactory.**

I have a fine lot of Buggies, Phætons and Barkaways on hand, which parties would do well to examine before purchasing elsewhere. Place of business on Morgan street, next door to Wynne, Yancey & Co.'s Livery stable. R. S. HARP.

Miller & Clifton having entered into copartnership, have fitted up the establishment known as Pender's old stand, in excellent style for the Restaurant business. Five elegant carpets, neatly papered rooms, and a large spacious Refect Hall. oct 19-6

### NEW ADVERTISEMENTS.

SPLENDID CITY PROPERTY FOR SALE,
ON HILLSBORO' STREET.

I hereby offer for sale my new Residence, Store House and lot situate on Hillsboro' St., South side near Railroad Bridge.

The lot has 50 feet front on both Hillsboro' and Morgan Streets.

The Buildings are NEW, well built, in modern style. The Dwelling contains 9 rooms conveniently and comfortably arranged. It is so elevated that a basement may be made at small cost.

The Store is 42 feet long, 2 stories, with stairway, counters and shelving complete. Communication between the dwelling and upper part of store may be used or closed as desired.

It is a good stand for groceries and staple dry goods for town and country trade.

There is a well of most excellent water within ten steps of the door.

There is a Barn, &c., in the rear and room on Morgan St., for other buildings.

The location and neighborhood is one of the most desirable in Raleigh, and being where property is rapidly and constantly increasing in value it is a good investment for money, especially as the property may be rented for 12 per cent. interest on the money required to purchase. I more business and desire to sell, soon or not at all. The title is perfectly good.

For further particulars apply to

PROSPECTUS FOR 1874—SEVENTH YEAR.

*THE ALDINE*,

An Illustrated Monthly Journal, universally admitted to be the Handsomest Periodical in the World. A Representative and Champion of American Taste.

Not For sale in Book or News stores.

The ALDINE, while issued with all the regularity, has more of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of The ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, The ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number, of volumes for ten times its cost; and then, there are the chromos, besides!

PREMIUM FOR 1874.

Every subscriber to The ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of The Aldine, by Thomas Moran whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects are chosen to represent "The East" and "The West." One is a view in The White Mountains, New Hampshire; the other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenery therefore, is a pleasing contrast, and affords a good display of the artist's range and coloring. The chromos are each worked from thirty distinct plates, and are in size (13x 18) and appearance exact fac-similes of the originals. The presentation of a worthy example of American greatest landscape painter to the subscribers of The Aldine was a bold but peculiarly happy idea, and the successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

NEWARK, N. J., Sept 26th, 1873.

MESSRS. JAMES SUTTON & CO.

GENTLEMEN:—I am delighted with the proofs in color of your chromos. They are wonderfully successful representations by mechanical process of the original paintings.

Very respectfully,
(A good,) THOS. MORAN.

TERMS

$5 PER ANNUM, IN ADVANCE, WITH OR WITHOUT PREMIUM.

For 50 CENTS EXTRA, the Chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases where the certificate is given, bearing the fac-simile signature of JAMES SUTTON & CO.
