Life Insurance Decision.

The following important decision was recently rendered by the Circuit Court of the United States for the Western District of Tennessee:

CIRCUIT COURT OF THE UNITED STATES FOR THE WESTERN DISTRICT OF TENNESSEE.

W. E. Tait, et al, Heirs of Doctor Samuel Bond, deceased, vs. New York Life Insurance Company. Commons, J.

A policy of insurance which indemnifies a public enemy against loss in time of war is unlawful; and where entered into before hostilities, is abrogated when they occur. The relations it establishes are illegal between belligerents.

Where a life policy provides that it shall be void upon the non-payment of premiums within the time prescribed, such payment is a condition precedent; time is of the essence of contract, and there can be no recovery if punctual payment is omitted.

Where the performance of a condition precedent becomes unlawful, or by the act of God, impossible, this will not authorize a recovery upon the contract without performance. Such case distinguished from those in which subsequent impossibility and illegality are relied upon as a defence.

A contract of insurance, the continuance of which depends upon the election and acts of the insured, is not like a debt, the obligation of which is absolute, and which is suspended only by war.

The relations between the members of a corporation for mutual insurance present all the evils and are dissolved by war for the same reasons as those between ordinary copartners.

The reasons for the dissolution of executory contracts by war are not alone that such contracts involve inter-communion across the hostile lines, or that they relate to property liable to capture; but more especially because their execution increases the resources of the enemy.

A court of equity has no authority to decree the specific performance of an agreement in favor of a party who has failed to perform a condition which is of essence of the contract, although prevented by its becoming subsequently illegal or impossible by act of God.

A court of equity will not relieve a party from the effect of omitting to perform an act, although the omission was caused by subsequent illegality or impossibility arising from the act of God, where such act was merely optional, and the other party had no right to enforce its performance.

The agency of one representing an insurance company, authorized to receive premiums and renew policies, becomes unlawful when the insured and insurer become public enemies.

Haines & Foster, for plaintiff; Randolph, Hammond & Jordan for defendants.

Cundy. Cundy.

A new home enterprise—A. D. Royster & Bros., Raleigh, N. C., are now manufacturing daily every variety of plain and fancy candies, cocoanut and fruit candies, a specialty, and make every day; no stale candy offered for sale. Try their molasses cream taffy. It is the best ever offered in this market. All their candies, plain, stick and fancy, are warranted perfectly pure. Give them a trial.

For the Sentinel.

MESSRS. EDITORS: Why is it that the resolutions and speech of Mr. McGehee of Person, upon the back salary grab bill not appear in the SENTINEL? Why is it that the editors of the State have been silent on this disgraceful business. The resolutions were good, and the speech excellent. Can you publish the speech and resolutions, and oblige a reader of the SENTINEL?

YES, yes, send them to us.—EDITOR.

Carriage Manufactory.

HOME AFFAIRS.

No Paper To-morrow.

As Thursday is a legal-holiday there will be no paper issued from this office until Saturday morning.

To Be Observed.

We are requested to state that Thanksgiving will be observed by the post office employees to-day.

Thanksgiving Day.

There will be religious services at the Presbyterian, Methodist and Baptist churches this morning at the usual hour.

Errors.

There are many errors on the inside for which the writer is not responsible. In one place for "negro" please read "regard." For "quasi" read "pseudo." This is a substitution.

Gov. Graham.

The Wilmington *Journal* announces that Hon. Wm. A. Graham has accepted an invitation extended to him by the Library Committee of the Wilmington Library Association, and will lecture in that city at some date yet to be decided upon.

Public Printing.

For two days a rumor has prevailed on the streets, that the Conservative caucus on Monday night agreed by vote that the committee should give the public printing to the SENTINEL. The vote was made unanimous. The local can state such a rumor without indelicacy.

Infant Found.

We learn that a dead infant was found on yesterday in the rear of the schoolhouse in the Episcopal Church lot. Some of the children discovered blood on the ground and upon examination found a little infant who had been murdered. Up to this time no clew to the murderer has been found.

Pleasant Entertainment.

In England and in the North recitations by accomplished artists are always popular, because of the pleasurable form of the entertainment. On to-night, at Tucker Hall, our Raleigh people will have an opportunity of hearing Mr. J. W. Hartley, an English elocutionist, who is highly indorsed. Selections from the great English masters, as well as amusing pieces by the two most humorous Americans, Artemus Ward and Mark Twain, will be recited. We hope a large and appreciative audience will be present. Admission 50 cents.

Thanksgiving Exercises.

We learn that Religious exercises for the Deaf and Dumb will be held in the Chapel of the Institution, at 10 o'clock to-day.

A lecture, appropriate to the occasion will be delivered in the Sign Language. Members of the General Assembly, and the public generally, are respectfully invited to be present.

The occasion will be interesting to those unacquainted with the manner of worship by the Deaf and Dumb.

Sheriffs Settling.

Yesterday the following Sheriffs settled with the Treasurer. We give the gross amounts of each Sheriff.

J. M. Stafford, Guilford,	$17,638.37
J. G. Hill, Forsythe,	10,844.50
J. G. Neal, McDowell,	2,426.64
A. J. Borders, Cleaveland,	5,906.86
A. F. Stevens, Union,	6,029.94
J. M. Wall, Anson,	6,263.53

Up to the 26th of November last, forty Sheriffs had settled with the Auditor. Up to the same date this year forty-one had settled, the aggregate gross amount of whose taxes is $245,199.54.

Hon. Reverdy Johnson and Cuba.

This eminent gentleman, now at the Yarborough House, has written a letter to the Baltimore *American*, in which he declares the capture of the Virginius to have been illegal—that the object of the enterprise is no justification—that the offence of the Virginius was one against the United States—that Spain's responsibility for the outrage is too plain for controversy, and that it is his belief that the Castelar Government will make every reparation. Distinguished publicists and writers on international law seem to differ as to some of these points, and we doubt if the Congress will indorse all that Mr. Johnson has written. We feel quite assured that no war will come out of the difficulties, which seems to be the opinion of Mr. Johnson.

Terrible Accident.

On Tuesday morning as a party of young negroes were attempting to cross Crabtree creek, on the plantation of C. W. Williams, Esq., just below Bater's mill, in a wagon drawn by a pair of mules, were swept down by the flood and three of them and the mules drowned—two boys and a girl. There were three girls in the party, two of whom caught hanging boughs as they floated down, and were rescued by persons from the opposite side of the stream. The driver was the uncle of all the parties drowned and, with the rest, was related to the neighborhood, and knew the fords well, and in this case the ford was some four feet higher than usual high water mark. An inquest on the bodies found will be held to-day.

A Field Day in the U. S. Court.

On Wednesday, the case of Swazy vs. the N. C. R. R. Co., involving the question whether the State's stock in the same can be sold to pay for the accrued interest, was called, and opened on behalf of the plaintiff by Hon. F. C. Brewster, Attorney General for the State of Pennsylvania, who presented an elaborate brief, holding in substance that the 11th amendment to the constitution of the United States did not apply to this suit, because the object therein sought was not to bring suit against the State, but to subject the property of the State, in the hands of the State's commercial agents, to the payment of the debts which the State had contracted to pay as a commercial party. He was followed by Hon. W. H. Battle, Messrs. Gatling and Moore, and Hon. W. N. H. Smith, who made able addresses, holding in substance that the State was not a party to the record, though its agents were, and yet this suit did hold the State directly liable, and therefore the 11th amendment to the U. S. Constitution did apply, and was invalid. They were succeeded by Mr. Badger, U. S. District Attorney, who cited many authorities. Mr. Brewster closed the argument, when the Judges took the papers and reserved their decision.

No doubt the suit will be now finally dismissed.

In Distress.

Fat Carrow, Tim Lee and Swepson are in great distress at the prospect of the SENTINEL, getting the public printing. The Radicals caucused on it Tuesday night. Brogden, the President of the Senate, has appointed Mr. King on the committee, with a view of defeating the action of the Democratic caucus who voted the printing to the SENTINEL by a majority vote, which was made unanimous in caucus.

If Judge Watts were on the committee instead of Mr. King, we are inclined to the opinion, if we had any of Billy Smith's talent for trade, we could, with $5,000 Josie Special Tax Bonds, buy him over. The Ring and holders of special tax bonds in this city would pay in cash (not Josie bonds) $20,000 to defeat the SENTINEL.

When Mr. Brewster, of Philadelphia, was delivering his able argument before the Federal Court, so much like Mr. Badger used to do, he expressed the hope that the salaries of the Judiciary would some day be increased. We whispered to a member of the bar, that there was no necessity for an increase of salary when a Judge, for a short injunction, not as long as his "*bull's tail*," can get $5,000 special Josie tax bonds.

We have a suit pending before Judge Watts against Governor Holden; but we do not believe this little political paragraph will prejudice our cause in the judicial mind.

We have often called upon the Legislature to impeach his Honor, but they will not, and we must patiently endure the judicial curse until the Lord or the Granges relieve us.

The Shingle Business.

We find some facts stated in a recent letter that appeared in the Norfolk *Landmark*, signed H. B. J., that may be of interest to many of our readers. They show that there are many ways of making money, and tell something of the uncommon resources of our State.

In Columbus county, in the neighborhood of Flemington, "the soil is of light sandy loam, with good clay subsoil, very productive and almost inexhaustible. The richest marl is abundant, but the natural productiveness of the soil is so satisfactory to the husbandman, that it is but little used. A bale of cotton or seventy-five bushels of corn is an average yield per acre, and double this amount both of cotton and corn has been produced on the improved lands here."

The writer gives a description of the "shingle business." He says:

"The best hands will make from 4,000 to 5,000 shingles per week. This work is done with the saw, and drawing knife, and with the exact nicety of machinery, of uniform size and thickness. They are then "bunched," or tied in bundles containing from 25 to 30 shingles, according to the size and quality, branded, placed upon hand-barrows, and rolled over a ten inch sleigh road, from a quarter to half a mile, where they are loaded upon a wooden railroad in cars and drawn by one mule to the shingle yard upon the lake shore, then lightered to the opposite shore, placed upon similar cars and railway, and carried a distance of three hundred yards to the Wilmington, Columbus and Augusta Railroad, and loaded and shipped to market via Wilmington.

Colonel Short owns over

SIXTY THOUSAND ACRES

of this swamp land, heavily timbered with juniper, cypress, oak, gum, holly, and other valuable trees. A large portion of these swamp lands were purchased from the Literary Board of the State, being public lands appropriated for educational purposes and sold by act of the Legislature in 1869. Under the present judicious management in making these lands accessible by bridges, sleigh roads and railways, they now furnish lucrative employment to hundreds of laborers, and yield a

RETURN OF WEALTH

second to no enterprise in the State, if in the whole country. Over six miles of railroad leading into the swamps have been completed, extensive wharves, and we may say hundreds of miles of sleigh roads built.

To give an idea of the magnitude of this business, we will state that in one day this week there were shipped from one depot fifty-two car loads, or about 600,000 shingles."

War Feeling in the Mountains.

Our sprightly contemporary, the *Piedmont Press*, gets off the following amusing account of "the war feeling in the mountains of North Carolina." It will be seen that "on to Cuba" is *not* the universal cry:

A reliable Bible agent informs us that he is just from a tour through the mountains of Burke and Mitchell counties, that there is a fearful state of excitement on the subject of war with Spain. Ex-bushwhackers in the late war are already seeking their old dens and caves. Our informant came very near losing his life as he was mistaken for an enrolling officer, and it was with great difficulty that he convinced them to the contrary. Many anxious enquiries were made for Kirk as they wanted him to organize a raid on Morganton, Lenoir and Hickory. No wonder the Governor wants the militia organized. But the panic is not confined to the Ex-bushwhackers alone, for the Wise boys wanted to know if Col. Tate was going to command the old 6th, if so, they "were in," and old man Barrier said he was coming down to see Col. Walton about getting off from serving with the Home Guards. Stephen Winters has a notice stuck up on McDowell's Chapel, "Fifty-two years old, and too old for the war," signed, &c. Alech Perry was working out his gun and Gabe Penley was fortifying the Springs. One old woman wanted to know if Todd was going to run the commissary of Hickory, and another asked if Col. McElrath would be sent agent for Burke county. Eve Blalock swears he'll have Avery and Nat. Miller this time, and Gen. Childs wanted to know if Confederate money would be taken in payment for taxes.

Capt. J. C. Mills has struck some very rich gravel in the Bridleston gold mines in Burke, averaging twenty-five penny-weights to the load employed.—*Fair. Press.*

Great Discovery,
"BRADLEY'S PATENT ENAMEL PAINT"
MADE FROM PURE WHITE LEAD LINSEED OIL ZINC.
MIXED READY FOR USE.
Sold by the Gallon only—"One Gallon Covers 20 Square Yards 2 Coats."
READ THE FOLLOWING TESTAMONIALS:
FROM PROF. W. G. SIMMONS, WAKE FOREST, N. C.
WAKE FOREST COLLEGE, Oct. 4th, 1873.
MR. C. P. KNIGHT—DEAR SIR: We have for several months been using your "BRADLEY'S PATENT ENAMEL PAINT," on our "College Building," and are well pleased with it. Though it was applied by one having no experience in such work, yet we have a good job. We shall continue to use it, believing that in point of economy, durability and facility of application, it is superior to any other pigment offered in the market.
Very Respectfully,
(Signed) W. G. SIMMONS.
THE PLAINS, Fauquier Co., Va., Feb. 6th, 1873.
MR. C. P. KNIGHT—SIR: The paint came safely to hand as ordered, two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself. Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials but I feel so forcibly the great adaptability of your Enamel Paint to the wants of our people in excellency of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter.
Very respectfully and truly,
S. McGILL, M. D.
BALTIMORE, December 10, 1873.
MR. C. P. KNIGHT—DEAR SIR: It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it.
Yours most respectfully,
ISAAC ALBERTSON, Mansion House Hotel,
Cor. Fayette and St. Paul Sts., Baltimore.
The following letter is strong and valuable:
BALTIMORE, MD., December 29, 1871.
C. P. Knight, Esq., agent Bradley's Patent Enamel Paint—DEAR SIR: The Paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard glose, which must, we think resist the action of all kinds of weather. This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.
Very respectfully,
