in North Carolina, and goes into more than twenty States.

It is therefore the best ADVERTISING MEDIUM in Raleigh. We advertise at as mode any other paper. Try us,

BLOW YOUR HORN BILLY. SAMBURY, Dec. 80th, 1873.

Capt. G. P. Enwis, Treas,

Dear Sér: Order the conductors to
collect fare from the members of the Legislature.—The road is too poor to let Solmons ride free.

Yours truly, W. A. SMITH, Receiver. Yes, and the Legislature should be too conest to let Gov. Caldwell - follow any longer the evil example of Gov. Holden in appointing spotted men to fill high

Let the Solomous, as Billy calls the nembers of the Legislatury, read the re port made by a committee of the Legislature to inquire into railroad frauds and swindles, and then sek themselves if Gov. Caldwell does his duty in appointing directors for the North Carolina Railroad. and if they perform their duty in silently tolerating such appointments by the Governor. Read the evidence. We copy from the report of the committee ap-

now due on our books to make us rich if not answer as it might lead to questions criminating himself. In this we believe Hes the true secret of the lease. Major Smith takes the position that he is not cipline of Judge Lynch, but these are in compelled to give evidence against him-self, as shown by the following question

and answer:
Question, "Do you know of any sum
of money or any other consideration whatever having been paid or promised to be paid to any person in this State or out of paid to any person in this case of our or it for the purpose of procuring the lease of the North Carolina Railroad or in any way consected with said lease I Answer, "That he declined to answer, as the answer might criminate him or ead to information that would criminate

We find the following by law of the N. C. R. Co., under contract 3 : " Neither the President or any director or any other officer or employee of this company shall during the term of his office or service be interested directly or indirectly in any matter of contract with the compan whereby he or they shall or may derive any pecuniary benefit, and any one who shall become so interested shall forfeit his have been stopped on their way to our effice to advertise stray mules, by the

office or place." What will the Legislature do in this matter, will that body take suggestions from Billy Smith or Gov. Caldwell upon the subject of comolidation and the sale of bends, and the distribution of the State's money by the million to tunnel the Blue Ridge !

When Gov. Holden appointed Andrew Jones and Dr. Sloan Presidents of ratiroads, he forfeited the confidence of all honest men, because he knew of their dishonest cutton transactions. We further said that all three should be in the penitestiary, Holden for appointing, and Siosa and Jones for their guilt in the cotton

When Gov. Caldwell, after the evidence published against Smith, re-ap-pointed him President of the North Caro-lina Railroad, he forfeited the confidence of the people.

If the Legislature does not take som steps to remove Billy, the people should hold them responsible.

LET US HAVE PRACE. Instead of lawing with us any longer, we propose peace to Gov. Caldwell, Jorthrow the State Government, which they dan Stone and the railroad presidents, Hawkins, Smith and Buford, and the backers in the Legislature.

To the Governor we say leave out Dave Jenkins, who closed the Treasury without orders, and we will agree that the Governor's Cabinet or council, composed of the heads of the State departments, shall, including the Attorney General, say who shall, or rather who the law gives the public printing to. What say you Govproort Gal E

We say to Jordan Stone, if there is township sepresented by a Democrat in the Legislature that will give you the State prioting, you shall have it now: We will agree to name a township in Nash County, where the editor, Capt, Sam Williams lives, or in Mecklenburg County, where Mr. Waring and McAden lives, or in Madison County, where Mr. Craige lives, or in Madison County, where Mr. Gudger lives, and if a township in any one of the counties, will, yote the printing to Mr. Stone and the News they shall have it yet,

We will name the first featurday February as the day to vote, Stone be present and read the Btone and Me Adem card. Mr Waring may be present and repeat his reason for voting the Mone the printing to-wit; a proper reward to Capt. Sam Williams for his splendid campaign against John T. Deweese, a reward to Stone & Uzzell for having shouldered muskets in defence of their country in the late war. Governor Vence may be present, by war of comparing his levalty to the party with our own. After a full hearing the vote shall be taken, by a magistrate of the Town ship, preclaiming all those in favor of giving the public printing to Mr. Jordan

Stone of the News go to the right, and hose opposed to it go to the left. We make this proposition in good carnest, and it is a popular and seay way to settle the much vexed question of the

sublic printing. What says the Governor | What say

CIVIL RIGHTS AND PRIDE OF RACE

The papers North and South, except in North Carolina, are full of discussion upon these two questions:

The last report is that General Grant has gone back upon Sumner and the negroes, Grant expressing himself against mixed schools.

It will be seen from what follows that the Asheville Pioneer has gone back upon the 80,000 negroes who constitute the whole Republican party in North Carolina, except the head. Says the Pioneer

On Wednesday morning last, a young white man named William Huntley, formerly of Rutherford County, for the past two years a resident of this place, created a disagreeable and disgusting sensation by driving down Main Street in a buggy with a mulatto girl, known as Belle Greenles. Huntley boards with the mother of this girl, and we are creditably informed is in the babit, at night, of ex-certing her home from the house of one pose of getting married, the hare of process for mouning a man (though signard) in his taste) to cap the climax of his sonegro. It is said that Thomas Scott is very ac tive in Washington in the furtherance of his various schemes, and is assisted by Ben. Butler and J. W. Forney, who is merested in the Texas Pacific Railway Company. - Raleigh News.

Yes, and he has assistants from North Carolina, and he has assistants in Raleigh and Charlotte, When Billy Smith Buford, Sibley, McAden and Wilson, the President of the Southern Security Company, met in Wilson's room on Broad Street, New York, to talk over the consolidation of the railroad system of North Carolins, Tom Scott was represented by Wilson. Tom was not there in person, When Buford watered the Stock of the Richmond and Danville road, and sold the State's interest or stock at just half he sold the individual stock, Tom was not present. Tom works like the devil through agents and agencies. As sure as the devil is present where a drink of whiskey is drank, just so sure you will find Tom Scott where a steam whistle blows, or consolidation is to be made.

JUDGE DURKLL

This corrupt Judge, one of Grant's superserviceable minions, is in a fair way to come to grief. A Congressional Investigating Committee has been prying into his conduct, and the evidence taken thus far is of a damaging character. Hon John A. Campbell, ex-Judge of the supreme Court of the United States testified to the virulent, rude and insulting conduct of Judge Dungan on the occasion of a certain trial, when he (Judge CAMPBELL) was denounced by Judge-D. on a troary - rebel; who ought to be hung. Ex-Chief Justice MERRICK testified that he has been frequently treated by Judge DURRELL in a violent and besulting manner, so as to satsty his mind that the judge was under the nfluence of stimulants. He deposed that he had even seen him in the cars in an in toxicated condition.

Other citizans testified in a manner that ould not prove specially pleasing to "His Disbonor" as the Augusta Constitutionalist

On the point of corruption in the adminstration of the bankrupt law, while Dun-RLL was not proved directly guilty, it was shown conclusively "that there was no conceivable extertion, oppression and group doing towards parties involved in bankrupt proceedings which had not been committed by the General Assignee, and that all efforts to arrest or repair these wrong doings by appeal to Dunners. were thwarted by the influence which the General Assignce wielded over him, and by the extreme intimacy which existed be-

It is reported that the Congressions Committee stand aghast at the corruption and vilsiny that have been uncovered [And still Durell m's proper man in the estimation of Grant and his set. It is believed that Dure'l will be impeached,

WHO PAID HIM! The endorsemedt of ex-Governor Walker by the ENQUIRER, the principal organ of the Penneylvania Central ristroad in Virginia, this morning, seems to have rather thrown a damper on prospects of the "late sycamore of Binghampton," and it is now intimated that he can secure the coveted honor of a Senatorship only by a bolt of his friends from the caucus, their being sided by the combined Re-publican vote, if the fusion can be made."

Of course, we cannot tell who remu ated the Radical organ for a malicious and mentacious assault on the Enquiren. As to the connection of the ENQUIRER with the Penn-ylvania Central railroad, the the Penn-ylvania Central railroad, the Journal has simply "Med." As to Governor Walker's disposition to bolt the party cancus, we say that the ex Governor would accept no nomination not tendered by a majority of the Conservative members of the General Assembly. And we say fur ther, that any man who distrusts the loyal concentration of the Conservative party will deserve and meet the opposition of the Esquines. Governor Walker cannot get any Bailiesi votes.—Richmond Esquirer.
