LEGISLATIVE SUMMARY Sensta. The

greater part of the morning was taken

up by a discussion of the New River

Canal Company. This is a project to

open a canal to connect the waters of

ape Fear River and Albemarle Sound.

Several Senators participated in the dis-

cussion. Senator Scott, of Onslow, ac-

quitted himself with ability, and it is

owing to his popularity and talents that

the bill passed its final reading by a de-

eided majority. The bill appropriating

\$65,000 for the support of the Insune

Skinner, Esq., departed this life at Henderson, N. C. Not twelve months ago this sweet and lovely lady was married, and now she lies in the parrow house awaiting the resurrection of the just. Amiable, upusually bandsome, he favorite of many, the affectionate daughter of a devoted mother, the faithful wife of a loving husband, she has passed away from earth with its sorrows and joys in the very spring of life.

" WHO IS SIBLEY ?"-Our attention was called to an editorial in the SENTINEL of the 18th last, headed "Who is Sibley," in which the following sentence occurs; "He, Gen. Sibley, says, as we have heard, hat he loaned Gen. Littlefield, through his bankers \$175,000, when Holden talked about removing Littlefield as President Littlefield and his friends were in a tight place and paid bim \$50,000 for the ac commodation," He by some careless readers has been made to refer to Holden instead of Sibley. Sibley and not Holden was the man paid \$50,000 for the accou modation of \$175,000. We did not in tend, nor does our language charge, that Holden received \$50,000.

McCrary of Iowa, called for the year and pays. of Ohio, to be Chief Justice of the Su-

preme Court was a surprise to Senators. Speer, of Pa., inquired whether the question of consideration could be raised. The Speaker said that that question

was raised, the motion was to suspend that rule and other rules. Dawes, of Mass, remarked that the

subject was before two committees at present and had been discussed in the House last Saturday. He suggested that instead of having a vote new, the resolution be simply introduced and set down for debate at some time, so that the various views of members might be brought out, and that the Committee on Ways and Means and the Committee on Banking and Currency might have the benefit of those views. The Committee on Ways and Means proposed to report something to morrow which would be the subject of debate confined to this matter.

Randell, of Pa, remarked that the committee on Banking and Currency was holding sessions every day, even during the sessions of the House, listening to the views of gentlemen from different parts of the country.

Wilson said that this question of in creased currency was exciting a great deal of public attention, and therefore he had drawn these resolutions for the express purpose of testing the sense of the House and let the country know whether or not there was to be an increase of currency.
