"THEIR NAME IS LEGION," may be applied to those who die annually of Consumption, although science has of late years sensibly diminished their number. It is gratifying to know that the general use of *Dr. Wistar's Balsam of Wild Cherry* is largely instrumental in attaining this end.

HOME AFFAIRS

EASON.—In the quotation from Shakspeare at the close of the editorial on Strauss, read "dies" for "bliss" as printed. There are other errors for which the writer is not responsible as he was necessarily absent at the time of proof-reading.

Rev. Edward R. Reid has formally accepted the call tendered him by the [illegible] Church, and will preach in Tarboro' [illegible] Sunday next at 11 o'clock, and also in the afternoon.

The Sunday School will meet at the former place at 9 1-2 o'clock Sunday morning.

CAROLINA BAPTIST.—We have received a copy of this paper published at Oxford, and edited by Capt. Wm. Biggs, for many years, editor of the *Tarboro' Southerner*. It is neatly printed and evinces tact, experience and ability in its general "get up." We wish it success. It is Conservative in politics, and is published at $3 a year.

HON. T. C. FULLER.—We had the pleasure of spending an evening last week with Hon. T. C. Fuller, visiting Fayetteville on business connected with his profession. Our town and section sustained a great loss when Mr. Fuller left us; but his conspicuous talents and shining legal abilities, displayed now in a broader field, render him one of North Carolina's prominent men, in whom we all feel a pride.—*Gazette.*

PROF. HARTLEY.—This admirable elocutionist will give one of his tasteful and excellent entertainments at Oxford to-night, and at Wake Forest College, on Saturday evening.

Billy, the horn-blower, has introduced a bill proposing to abolish all internal revenue taxes on whiskey and tobacco, and to collect an equivalent amount of income by means of increased duties on imported goods. The bill was referred to the Committee on Ways and Means. The fate of the bill will show the people who expected to get free whiskey and free tobacco, what Billy is worth as a Congressman.

LEGISLATIVE SUMMARY—*Senate.*—A long debate occurred on a resolution of Mr. Love, the object of which was to obtain the opinion of the Attorney General, as to the constitutionality of that part of the act amending the charter of the North Carolina Railroad, by which Billy Smith was excluded from being either President or Director of said road. Dr. Love and Messrs. Welch and Gudger (all Democrats) spoke earnestly in favor of the resolution. Mr. Merrimon made two able speeches in favor of standing by the action of that body. The resolution was lost. The bill in regard to legal interest, also provoked much debate. Eight per cent was finally fixed upon during the afternoon session.

DISRAELI'S GOING INTO POWER.—The triumph of the Conservatives or Tories in England will necessitate a readjustment of the Ministry at the opening of Parliament. It is not difficult to see who will hold the reins of government. It is the not very singular fortune of British politics to have but two men who stand head and shoulder above the crown—Disraeli and Gladestone. Hardly ever has the following of the great leaders of England been so weak. Of the Tories, the Earl of Derby can now scarcely be counted upon for any strength. After him, comes who? Can the reader remember without reference to book or pamphlet? From the Liberals take away Gladstone, and Bright, and is not the party a body without a head? So Disraeli will probably come into power without a strong following, but with one quiet the equal of its opponents. Moreover, it is not committed to any definite policy, except to deal with the chronic discontent of Ireland in a more soothing manner, and to follow a more vigorous foreign policy. Though the Conservatives are Tories, and may dislike some things already accomplished, the general policy of England at home and abroad will be practically the same.

BRADLEY'S PATENT ENAMEL PAINT.—It is but a little over a quarter of a century since the art of mixing paint was confined almost exclusively to a few, comparatively speaking. Now, however, through the ingenuity of BRADLEY, A PRACTICAL PAINTER, as well as CHEMIST, we are not only enabled to apply the PAINT, if we desire, but can see the shades in advance, BEAUTIFUL SAMPLE CARDS, being furnished GRATIS, with the different shades, or tints numbered. Not having used the ENAMEL PAINT, we can't "of course speak from experience, but we have not a doubt, it is all that is claimed for it, and must evidently supercede the OLD STYLE PAINT." As an evidence of the great worth of the ENAMEL PAINT, we most respectfully request all of our readers, to carefully read the excellent testimonials of Mr. C. P. Knight, on the 4th page of of our paper.

LOST.—An envelope containing insurance premium notes, the finder by kindly returning them to Mr. G. V. Strong will be rewarded. LAWRENCE COX.

SCIENTIFIC AND SAFE TREATMENT

When applied with Dr. Pierce's Nasal Douche and accompanied with Dr. Pierce's Golden Medical Discovery as constitutional treatment, Dr. Sage's Catarrh Remedy produces perfect cures of the worst cases of Catarrh and Ozena of many years standing. This thorough course of medication constitutes the only scientific, rational, safe and successful manner of treatment this odious disease that has ever been offered to the afflicted. So successful has it proven that the proprietor has long offered a standing reward of $500 for a case of Catarrh which he cannot cure.

INDISPUTABLE EVIDENCE.

THOS. J. BISHOP, of South Brooklin, N. Y., writes that his wife had suffered since a child with Catarrh until it had resulted in what eminent physicians pronounced Consumption; that she had used Dr. Sage's Catarrh Remedy with Dr. Pierce's Golden Medical Discovery, and they had worked wonders with her case.

STEALING OUR THUNDER.

People should beware of those impostors who not only try to imitate Dr. Pierce's Family Medicines but also copy his original style of advertising, by offering various sized rewards for cases of Catarrh and other diseases which they cannot cure. Those who do not possess sufficient intelligence to write an original advertisement are not likely to have made great and valuable discoveries in Medicine.
