SUMMARY OF LOCAL

Mrs. Addison, to whom belongs the Mansion in Raleigh, is held for postage.

Mrs. H. W. Miller's Boarding House has several vacant rooms since the adjournment of the Legislature. See her advertisement.

FEMALE CRUSADING.—Pope says he does n't want de Ladies praying in de public, dey pray for him in dere chamber where dey'se ladies should pray, den he 'se tend out. De Pharisee prayer at de corner was not acceptable, de prayer of de lady in de grog shop be less acceptable.

L. BRANSON,
C. B. EVERETT, } Com.
T. R. PURNELL,

The Charlotte *Observer* says: The graded school in this city is now a success. The experiment has been tried, and the results are ful'y up to our most sanguine expectations.

What has become of the proposition to establish a graded school or schools in Raleigh?

The 'latest agony' in the whiskey war is for the women warriors to pitch tents in front of doomed saloons.

A gentleman afflicted with an impediment in his speech, was one day looking at the Siamese Twins when they were on exhibition. After examining them for some time in silence he turned to the showman and inquiringly remarked:—"B-b b-brothers, I presume?"

Nannie Bunker, a daughter of one of the Siamese Twins, died recently of consumption.

Dr. D. R. Wallace, a native of North Carolina, has been appointed Superintendent of the State Lunatic Asylum, by Gov. Coke of Texas.

CANADIAN LORD.

A fine chase is going on up the North Carolina Road in the direction of Hillsboro. Officers and men from Clarkesville, Va., are in pursuit of one Lord Beardson, who hails from Canada and plaid off upon the good people of Clarkesville, as did Lord Wood upon the people of Raleigh, only more so. Lord Beardson hired a spanking pair at the livery stable and trotted with his mistress into North Carolina at the rates of 2.40 on the pike. His pursuers struck his track at Henderson and Morrisville, and he had no time to play his lordly tricks on Simon Kittrell, the landlord at Henderson. The chances are that the officers of the law with fresh horses will overtake him before he can reach Hillsboro to play off on mine host, L. L. Hassell, the proprietor of the Orange Hotel.

MISCELLANEOUS.

The House of Representatives passed bills granting a pension of $50 per month each to the widows of the late General Canby, General Meade, Commodore Elliott, and to the mother of the late General McPherson.

Judge Woods, of the United States Circuit Court in New Orleans, has issued an injunction restraining the State Auditor of Louisiana from executing the funding bill recently passed by the Kellogg Legislature.

The declaration of principles put forth by the National Grange, at St. Louis, is certainly a striking and able document. The aims and objects of the Patrons of Husbandry, as therein stated, are designed to harmonize capital and labor, promote the greatest good of the greatest number, and clothe the brotherhood with all the elements of the highest manhood and citizenship. If the Grangers will live up to this admirable declaration, they will confer a lasting benefit on the whole country.

HOW ALEXANDER H. STEPHENS STARTED IN LIFE.

When Stephens was a boy, two sisters, old maids, attracted by his brightness, adopted, educated, and destined him for the church. But a few months of theological training convinced the young student that the profession had no attraction for him, and he announced to his benefactors his intention of exchanging the pulpit for the bar. Shortly after he was admitted to his new profession, a lawsuit arose involving the estate of the younger sister, the other having in the meanwhile died. He asked her to let him manage the case for her, but she, fearful of his inexperience, preferred looking for some older lawyer. At last one wrote to her whom she approved, and having asked the advice of her friends she confided the matter to him. The contest was warm, vexatious and long; but he came out so triumphantly of what had been regarded as a hopeless

PUBLIC PRINTING.—This question was definitely settled last week by a decision of the Supreme Court. It decides that the public printer is not an officer, and that therefore the Governor had no right of appointment to the premises.

A question has thus been litigated for the last two months without a cause except the vindictiveness of the Governor towards Josiah Turner.

It was transparent from the beginning that the public printer is the mere creature of the Legislature. All rights of precedent, and all decisions of the courts had made that fact clear. Yet against advice, against precedent, against common sense, Tod R. Caldwell has waged a relentless war against the *Sentinel*, to the detriment of public interest, and to the injury of private right.

Verily, we live in strange times indeed, when private griefs control public affairs, and when personal malice over-rides all considerations of public interests.—*Hillsboro Recorder.*

The Newbern *Republic Courier*, edited by a Northern Radical, of the straightest sect, thus "goes for," Maj. W. A. Smith, the great Blower:

The following amendment passed in the House on the 27th of January, by a majority of 85 to 15.

"But no person shall be a Director in said Consolidated Company, who has heretofore or may hereafter decline to testify before any Committee, legislative or otherwise, in regard to any matter touching or growing out of his conduct while President or Director of any railroad, or while acting in any other public fiduciary capacity, on the ground that if he were to testify he would criminate himself, or any kindred grounds."

Mr. Bean, Republican, moved to strike out the above amended clause, upon which an animated discussion arose, during which Mr. McGehee, Democrat, of Person county, said: That, 'he was astonished that such a proposition should come from any gentleman on the floor. Did the gentleman and his party propose to still further bolster up men who stood before the world self-convicted of dishonorable conduct," &c.

There is not an honest republican in the State who does not do full justice to the integrity, patriotism and high tone of Mr. McGehee for his conduct in this matter.

It is needless to say that the above amendment points at Smith & Humphrey, the former having joined the Republican party and the latter now trying to creep in. How can we ever expect our party to stand up under such burdens? The National party has "commenced to unload." Is it not time for our State Republican party to "throw over" men, who, in the words of Mr. McGehee, "stand self-convicted of dishonorable conduct? The people of this part of the State are waking up to a sense of their wrongs and will hold every one who has betrayed them to a rigid accountability. If the Legislature and our citizens desire a thrifty immigration of skilled mechanics and capital to develop the vast resources of our State, they must never let our last remaining railroads pass under the control of our grasping and insidious Piedmont ring.

LATEST DISPATCHES.

THE CATHOLIC PILGRIMAGE—FEMALE STRIKES—WONT GIVE BAIL—STATEMENT OF THE CAPTAIN OF THE EVERETT GRAY—STRIKE OF THE ERIE EMPLOYEES

NEW YORK.—The Catholic Pilgrimage Committee gives notice that the time originally appointed for the departure of pilgrims for Rome, which will not be later than the middle of May, is to be adhered to. The name of the steamer, day of sailing and other necessary information will be communicated to those enrolled soon after the 20th instant.

The female umbrella and parasol makers of the leading house in this city are on a strike for an increase of wages.

Ex-President Baez is still a prisoner at the Brevoort House. His counsel advises him not to give bail.

The Captain of the bark "Everett Gray," which was searched by the Spaniards, says that the vessel was a league from the shore of Cuba at the time. No violence was attempted. Since the proclamation of conscription was made a strict look out has been kept upon shipping. The Spanish residents profess to be ready and eager for a fight, but more than one of them offered the Captain money to take them away secretly.

The employees in the Erie shops at Susquehanna depot struck at 9.30 a. m., yesterday. The alleged reasons for the strike are that new regulations had been introduced; many of the best and oldest workmen are discharged witout any assigned cause; wages cut down, and paid when it suited the Company, having been for the last four months kept two months in arrears; passes restricted and few men utterly unskilled in the trade placed to work on the same wages as skilled mechanics.

NEW YORK, MARCH 3.—At an early hour this morning a murder and suicide occured, in Prince street, between two former partners in business. The names of the men are Anthony Barli and Peter Tarchini. They were formerly in with another man named Sygandy. Barli did not attend properly to the business, which was the source of repeated quarrels between him and the other partners, who bought him out two months ago. Barli and Tarchini met a week ago and quarreled. They did not meet again until this morning, as they were going to work. They quarreled again, when Barli drew a revolver and shot Tarchini in the breast, after which he shot himself in the head, both men being instantly killed.

BUFFALO, March 3.—The condition of ex President Fillmore has remained unchanged since last night.

DECISIONS OF THE SUPREME COURT—NOMINATIONS — CONGRESSIONAL NEWS.

WASHINGTON.—Among the decisions of the Supreme Court to-day were the following: In the case of Chaffe *et al.* vs. the United States, brought to recover the penalty provided by the forty-eight section of the Internal Revenue Act of June 30, 1874; against the plaintiffs in error for having in their possession certain distilled spirits for the purpose of sale, with the design of avoiding the duties imposed thereon. This Court reverses the judgement of conviction on various grounds of evidence, and for the following error in the instruction to the jury: The Court, in substance, instructed the jury that in this class of cases the government need only prove the defendants presumtively guilty. Another duty thereupon devolved upon them, viz, to establish their innocence, and if they did not they were guilty beyond a reasonable doubt. On this point it is held that the error is palpable on its statement. All the authorities condemn it; it sets at nought established principles and justifies the criticism of counsel, that it substantially withdrew from the defendants their right of trial by jury, and converted what at law was intended for their protection, the right to refuse to testify, into their machinery for their sure destruction. Mr. Justice Field delivered the Court's opinion.

Mr. Sherman suggested that the centennial bill could be disposed of in an hour, and that the finance resolution, which had been postponed until to-day, could be proceeded with.

Mr. Sumner advocated proceeding with the appropriation bill, and expressed the belief that if Congress went into the centennial business it would result in an expenditure of thirty millions.

The motion of Mr. West was lost, ayes 16, noes 30.

Mr. Carpenter said: That to-morrow when the Senator from Indiana, Morton, who was now detained from the Chamber by indisposition, would be present, he would ask to take up his Louisiana bill for the purpose of making his promised remarks.

Mr. Hamilton, of Md., gave notice of his intention to submit remarks upon Louisiana affairs.

The centennial bill was discussed to adjournment.

HOUSE.—The House took up the bill to secure homesteads to actual settlers on the public domain. The bill was amended by adding a proviso, that no oath should be required of any one desiring to secure a homestead, except the oath to support the Constitution of the United States. This was mainly for the benefit of the people of the Southern States who, under the existing laws requiring the iron clad-oath, cannot avail themselves of the benefit of the preemption laws. It was further amended by a proviso, that all lands granted to railroads shall be subject to the provisions of the bill in all cases where such roads have failed to comply with the conditions of the law. The bill then passed as amended.

The House had under consideration the bill reported from the Committee on Railways and Canals to regulate commerce by railroad among the several States, and which proposes to prevent the imposition of unreasonable rates, and to prohibit discrimination of rates. It provides for a Board of Commissioners, to be appointed by the President, who are to institute a thorough investigation and inquiry into the rates of toll and compensation charged for transporting freights and passengers, and into the reasonableness thereof. The Commissioners are to fix for each railroad line a separate schedule of reasonable maximum rates of charges for the transportation of freight and passengers, and for cars loaded and unloaded, and the railroad companies are to be bound by these rates.

Speeches were made by McCreary, of Iowa, in support of the bill, and by Arthur of Ky., against it. The bill is a special order from day to day.
