St. John's Day, June 24th, is to be appropriately celebrated by the Masonic fraternity of this city. We learn that Ex-Gov. A grand banquet is also in contemplation.

It has been remarked that ladies have generally a great fear of lightning, and this has been superficially ascribed to their natural timidity; but the real truth is that it arises from their consciousness of being attractive.

COMMON SCHOOLS.—The amount paid to the several counties of the State since, the 1st of January last, as the apportionment of school fund for the year, 1874, is $31,767.12. Wake county received the largest share, $1,190.80.

ON TO SALISBURY.—His Excellency, the Governor, Blow Your Horn Billy, and a number of others go to Salisbury to-night to attend and run the Consolidation matter in the Stockholders meeting to-morrow. Lot Humphrey departed for that point last evening.

ON DIT.—The latest in city political circles to-day is that the Sewing Machine Men are on the eve of naming a candidate for the coming Mayoralty election, and if such proves to be the case we hope the Insurance departments will not allow the Knight of the Needle to have a walk over the course, but immediately thrust one of their rank forward.

ARTICLES FOR THE NEXT FAIR.—The Secretary of the State Agricultural Society is daily in receipt of letters, home and abroad, from persons who promise to contribute and exhibit many valuable articles besides stock, &c., at the next Annual Fair. A letter from a gentlemen in West Virginia to-day, states that he will be in Raleigh at that time with two car loads of splendid cattle. Many special premiums from different persons have been offered.

MAY PARTIES AND PICNICS.—May day parties and June picnics are already being talked of elsewhere, and we are glad to know Raleigh will soon hold her own usual full hand in this line. We are assured that Sunday Schools are rapidly filling up *la* Christmas-tree times, and that pupils that never came before with their bright smiling faces are now regularly putting in an appearance bless their pious little souls! so one of our teachers audibly remarked the other day, and new undusted benches have to be brought in to accommodate this outside picnic brigade, most of whom we are glad to learn, are urchins, and almost exclusively compose the Sunday fishing club. Shall we say it—"club 'em in"—now.

MEMORIAL DAY—GEN'L W. R. COX, SELECTED ORATOR.—The ladies composing the Memorial Association of this city, have chosen Gen'l W. R. Cox, as the Orator for Memorial Day. That gentlemen, we are pleased to learn, has signified his acceptance of the same. A true and brave soldier, it is, but fit that he should join fair woman in paying tribute to the memory of the gallant dead. The appointment of a Chief Marshal has not yet been made, but will be in the course of a few days.

This year, the day we celebrate in this holy cause, falls on Sunday, and in consequence the ceremonies will transpire on Monday following.

Work on the Wilmington Cotton Mills will soon commence.

RESURRECTING THE SHELLS.—The hands on the Government Building struck the mine of bomb-shells yesterday afternoon, and were engaged till after nightfall in resurrecting them. Some two hundred being safely taken out with no accident. We have not heard what disposition has [illegible] reasonable to [illegible]

"Cousin Phil's" quarry down the Raleigh and Gaston Rail Road, provided an old Government powder proof car can be obtained. Our late Post Master, Calvin J. Rogers, was no doubt in ignorance of this terrible mine being in such contiguity to him, for his summer evening smokes would not have been indulged in so quietly and pleasantly. Should they have gone off we are confident more mileage would have been demanded.

REVIVAL AT THE PERSON STREET CHURCH.—We learn that there is a gracious revival of religion now in progress in the Person Street M. E. Church in the Eastern Ward of this city, under the Pastoral care of Rev. Mr. Cole, of the N. C. Conference. During the last week there have been several hopeful conversions, and a number of penitents at the altar of prayer. There is great seriousness among those in attendance, and the Church is labouring zealously for their conversion. It is with pleasure that we record these gratifying results of the labours of their beloved pastor and hope that a very large number may be added to his Church.—Services will be held nightly, the public are most cordially invited to attend.

DISCRIMINATION AGAINST PETERSBURG.—Reports come to us to the effect that the Raleigh & Gaston Railroad has put into operation a new tariff of rates, which discriminates against this city, and in favor of Norfolk, to the amount of at least ten per cent on goods shipped by merchants of Petersburg, to their correspondents on the line of the Raleigh road; and that the same discrimination prevails on produce coming to Petersburg from the same locality.

The matter is of such grave import to our merchants and to the interests of Petersburg in general, that we suggest to our Board of Trade the propriety of some action looking to an investigation of the facts, and of providing a remedy for such a grievous wrong, if the reports prove true. —*Petersburg News.*

PROPOSALS FOR DIMENSION STONE for the United States Court House and Post Office, Raleigh, N. C.

OFFICE OF SUPERINTENDENT,
U. S. COURT HOUSE & POST OFFICE,
RALEIGH, N. C., April 6, 1874.

Sealed proposals will be received at this office until 12 m., of the 6th day of May, 1874, for furnishing and delivering at the site of the United States Court House and Post Office, at Raleigh, North Carolina, all of the dimension stone required for the exterior of said Building.

The species of stone from which a selection will be made will be confined to Granites, Marbles and Sand Stocks, and the qualities especially insisted upon will be uniformity of color and texture, durability, and the capacity for working under the chisel or hammer.

A sample block 12x12x12 inches must be submitted with each bid, showing on one face the natural fracture of the stone, and on the other different grades of cutting. The stone must have a good grain and be free from all discoloring substances, and the quarry from which it is procured must be fully opened and capable of furnishing the quality and quantity desired within one year.

About 20,000 cubic feet more or less will be required. The actual average of the stones can not now be given, but will approximate 10 cubic feet, the largest stones containing about 75 cubic feet. The stone will be ordered on a schedule of net sizes and allowance of one inch to each net face will be made for quarry dimensions, according to the rules made by this Department in order that the contractor may make proper allowance for cutting, in the quarrying, and on this schedule payments will be made.

Bidders will state how soon they can commence delivering the stone and the amount per week they can deliver. They will also state the average and maximum size of the stones that can be obtained from their quarry.

No bids will be received except from the owners or lessees of the quarry from which the stone is proposed to be furnished, and a certificate from the Recorder of the county in which the quarry is situated that the bidder is the owner or lessee of the quarry must accompany each bid.

All proposals must be made on printed forms to be obtained on application to this office, must be accompanied by a penal bond in the sum of five thousand dollars ($5,000) that the bidder will accept and perform the contract if awarded him, and give bond therefor in the penal sum of one thousand dollars, $10,000 and execute a valid and binding lease of the quarry to the Government as security for the faithful performance of the contract; the lease to take effect upon the failure of the contractor to comply with the terms of the contract, said lease to authorize the Government to take full possession of the quarry and work it at the expense of the contractor in case of default.

The Department reserves the right to reject any or all bids, or to divide the contract and use two or more kinds of stone.

Proposals must be enclosed in a sealed envelope and endorsed Proposal for Dimension Stone for the United States Court House and Post Office, Raleigh, North Carolina, and addressed to

DICKERSONVILLE, Stag co., N. Y., Feb. 20, '871.

About one year ago I caught a severe cold in the head, which terminated in a severe form of Catarrh. During the time ulcerations occured in the nasal passages, and I became wholly deaf in one ear, with partial deafness in the other. The inflamation had involved all the delicate structures of the ears, and was in immediate danger of permanent deafness. The discharge became profuse and fetid, both into my throat and from my ears. In this condition I called on Dr. Pierce for aid, who prescribed his Golden Medical Discovery and Catarrh Remedy, and under their use have rapidly recovered. My hearing is restored, and my Catarrh is entirely well.

MOTT'S Liver Pills!

An old physician once said that nearly all diseases originate from A DISEASED CONDITION OF THE LIVER, and this statement is true, although it may at first seem like an exaggeration. When the Liver is out of order the whole system and every organ and function suffer more or less in consequence. In the incipient stages of the disease a man

Does Not Know What Ails Him.

He is moody, restless and despondent; and that is the time to take a SIMPLE remedy that will restore him to health

IN A SINGLE DAY,

and prevent a whole train of diseases that may follow

MOTT'S LIVER PILLS cure torpidity of the Liver.

MOTT'S LIVER PILLS give tone to the stomach.

MOTT'S LIVER PILLS cleanse the system of bile.

MOTT'S LIVER PILLS drive out febrile affections.

MOTT'S LIVER PILLS strengthen the whole system.

MOTT'S LIVER PILLS regulate the Liver, and are more reliable as a Liver medicine than any of the *mineral preparations* that do more harm than good.

For sale by all *Druggists*. Price 25 cents per box.
