LECTURE.—Our thanks for an invitation to a lecture at the Peace Institute this evening at 8 o'clock, by Prof. W. C. Kerr—subject—"Coal."

THE ADJUTOR.—E. L. Thomson, the highest bidder.

NEW SEWING MACHINE OFFICE.—The field is ample, & the cry is, still they come, for a new Sewing Machine Agent. (The Domestic) has vacated the office lately vacated by the Howe, and will in a few days occupy it.

Military Notes.
Major Allen, of the second Heavy Artillery stationed at present at Fort Macon, N. C., we learn will relieve Gen'l Fitzhugh, Commandant of this Post, on the 1st of May. Gen'l Tidball has been ordered to Fort Monroe, to assume charge of the Artillery school at that point.

Gen'l T. is a clever gentleman, a fine soldier and many friends and acquaintances made in this community, will regret his departure. There is at present three companies of Federal soldiers at the Garrison of this city.

CLOVER AND GRASS CUTTING.—Major Miller, the new keeper of the Capitol and grounds, has his hands engaged in cutting the splendid clover and grass. The clover is exceedingly rich looking.

The old white cow, the "bummer" of Fayetteville street and Market street, seemed to have snuffed this clover from a far for this morning, she was merrily on the outside of the grounds, no doubt socializing. "Oh for some of that clover, I could afford to let up for a few days on Bradley's luscious oranges."

THE PRESS EXCURSION.—We are in receipt of an invitation from Col. Thomas M. Holt and A. G. Moore, Proprietors, of the Granite Factory and Haw River Flouring-Mills, to visit Haw River on the 14th of May, the occasion of the Press Excursion, and witness the Operations of their Mills and Cotton Factory. We will be glad to avail ourselves of the pleasure if in our power. The invitation is beautifully executed, containing a gilt cut of their Factory and Mills.

PRESIDENTIAL.—Donald W. Bain, Esq., the efficient and gentlemanly clerk of the Public Treasurer, is we are sorry to learn quite sick being confined to his room.

H. Y. McAden, Esq., of Charlotte, is in the city.

J. W. Temple, of Chatham, an insane person, was brought to the Asylum to-day.

TOWNSHIP MEETING.—On Saturday the 23rd of May, there will be a meeting of the Democratic Conservative party of the Raleigh Township, to elect delegates to the County Convention.

M. HARRISON,
J. H. SEPARKS,
M. H. BROWN,
Executive Committee.

FOR SALE.—A Billiard Cloth, good as new. Address Box 163, City Postoffice, ap 24-43t

TO THE VOTERS OF EASTERN WARD.—I take this method of announcing myself as an Independent Candidate for election in the Eastern Ward, and if elected shall endeavor to have the city government managed on an economical as possible.

T. L. LOVE, ap 24-44d

THE RALEIGH AND SEABOARD RAILROAD.—We understand that the engineers who completed the survey of this railroad, and who passed through our City some ten days since, will make their report to their head quarters on the 30th of this month. Directors mostly composed of North Carolinians will soon be chosen and the building of the road will commence at an early day. We are confident that this road will be of more material benefit to the City of Raleigh than any road that now enters it. It will usually place in this city at least ten thousand barrels of the great Staple—Cotton. Our Capitalists, Business men, and Citizens generally, should bestow all the aid in their power to this work.

THE PROHIBITION MEETING LAST NIGHT.—According to an announcement a good audience assembled at Metropolitan Hall last night. Rev. H. W. Whitaker was the first speaker and he was listened to with considerable interest for an hour or more both by friends of the Prohibition question and many who were opposed to its adoption. Mr. W. spoke at length of the evils of intemperance in its various bearings, more especially its injury to the working class, and was pretty severe upon the Government for its inaction in the matter. He urged the great necessity now that the Legislature had at last given us the privilege to be heard on this subject, to vote on the 4th of May to prohibit the sale of liquor at all in Raleigh township. Mr. W. interspersed his remarks with anecdotes and met with much applause. James H. Harrison and E. L. Bidwell followed Mr. Whitaker, and the friends of Prohibition seemed much cheered with the enthusiasm they met with.

New Books.
ARMADALE.—A Novel, by Wilkie Collins. The American public are prepared to judge favorably of any book from the pen and brain of the author. We say "judged by the glass-top morality of the day." Armadale may be considered a daring book, but judged by christian morality it will be found to be a book daring enough to speak the truth.

THE OFFICE AND DUTY OF A CHRISTIAN PASTOR.—By Stephen H. Tyng, D. D., Rector of St. George's Church, New York.

NO NAME.—By Wilkie Collins.

NINETY-THREE.—By Victor Hugo. Translated by Frank Lee Benedict.

ANNUAL RECORD OF SCIENCE AND INDUSTRY FOR 1873. Edited by Spencer F. Baird, with the assistance of eminent men of Science. All for sale at the Book Store of Alfred Williams.

I announce myself an Independent Candidate for Commissioner in the Eastern Ward.

City Brevities.
"They say" Joe Prairie, Esq. wants to run as an Independent Candidate for Mayor, and we shouldn't wonder if he didn't provide he can arrange it so as not to be read out of the loyal grog.

Wm. H. Finch, Esq. has accepted the General Management of the Penn Mutual Life Insurance Company of Philadelphia.

The Masons we learn are taking the properties to have a grand celebration of St. John's Day, June 24th.

A store of Mr. F. W. Whitaker, son of our Mayor, at Fountain Hill, Greene County was totally destroyed by fire on Saturday night last. We are sorry to learn that nothing was saved, and that some \$400 in cash were burnt up in the money drawer. The store was insured for \$800 in the North Carolina Home Insurance Co. of this city. Probably incendiary.

Thomas H. Briggs and John Nichols, Esq. are spoken of as independent candidates in the Western Ward. Captain John Horton is also spoken of in the same connection.

What are our friends doing in reference to a County Convention? It is high time we should be bestirring ourselves.

Uncle Handy Lockhart would like to be Mayor mainly, and we don't see why he and Joe Prairie can't run without being "read out!"

Tim Lee is putting old "Pilot" through visiting his friends in the country. We think he will give Genl. Gorman a hard shake when the nominating Convention takes place. The General had better be "float looking" it with his little bugger and "Shucksy Jim" also. We hear to-day Squire Bob Wynne is about entering the contest too. Work up Radical gentlemen—the longest pole rakes the persimmons, you know.

The Odd Fellows will take the Citizens Cornet Band on their excursion to Kitter Springs Monday next. We understand a large number of our citizens contemplate joining the Odd Fellows on this enjoyable excursion.

Persons going will please purchase tickets before noon to-morrow (Saturday), as the Committee have to report the number sold at that hour.

Match Games of Base Ball between the Athletic and Social Clubs of this city at Baptist Grove, Saturday April 25th at 3 1/2 P. M. The ladies are especially invited to attend.

STATE NEWS.
CONSOLIDATION MEETING AT SALISBURY. The stockholders of the N. C. railroad assembled at Salisbury on the 19th to take into consideration the question of consolidation. The discussion between the friends and opponents of the measure was quite lively and after considerable skirmishing the act was adopted with the exception of the clause prescribing W. A. Smith and others by the following vote, 4,345 for and 3,347 against. The vote of the State was cast for the measure by Gen. Rufus Barringer, State proxy. Several protests were entered by Thos. Webb and other stockholders against the action of the meeting, declaring it illegal and in violation of the charter.

The opinion of some of the lawyers present is that the action of the meeting amounts to nothing as it could not accept a part without accepting the whole of the act.

The object of the meeting in thus accepting the act seems to be shaped expressly to bring influence to bear during the coming election and on the next legislature. In this point of view it will probably be effective.

We understand it is in contemplation to call a meeting of the stockholders of

the road at no distant day to take into consideration the course to be pursued by them, and see whether some measures cannot be adopted to foster our railroad interests, and at the same time prevent their stock from being sacrificed. Something of this sort should have been done

earlier. A Southerner writing from Washington, N. C. under date of April 14, says: A physician of this town brought to town this morning a couple of babies (colored) which were born last night near this place, and were connected similarly to the Siamese twins. The only difference that I saw from a casual notice, was that these were fastened by a ligament, about as thick as my hand and extending from about the centre of the breast to the middle of the abdomen or thereabouts.

A correspondent writing from Bald Mountain McDowell County, to the Piedmont Press, says: The Bald or Stone Mountain phenomena was revived during the past week—one shock on Monday, one on Wednesday and another on Friday. The last shocks are reported as being very violent in character, and felt and heard for many miles.

MEMORIAL.—The memorial services a honor of the Confederate Dead will be celebrated here (as we believe they will be, generally throughout the South) on Monday, 11th of May. Hon. A. M. Waddell will deliver the address, and the Independent and LaFayette Companies will parade in full uniform. We hope the saddest day will be generally observed by our citizens. —Fayette Gazette.

SUDDEN DEATH.—Moses Hayward, a well known citizen of Cumberland, died in this town, last Sunday morning, at about 4 o'clock.

We learn that on Saturday morning Mr. Hayward started to town on his wagon apparently in good health and spirits, being, in fact, unusually jovial and talkative. On the way, however, he complained to the driver of a violent headache, lay down in the wagon, and in a few moments was speechless. He was brought to Fayetteville, and carried to the store of Mr. W. C. Troy, where Dr. McDuffie was called in to attend him. But, notwithstanding the best medical skill, and the care and attention of the M. S. Troy and others, he never rallied, dying, we understand, of general paralysis of the whole system.

Mr. Hayward was a Mason, and on Monday morning was buried with the usual honors and ceremonies. —Gazette.

Many persons suffer with sick headache and nervous headache, usually induced by constipation, indigestion, &c. Such persons will find relief if not cured, by keeping the bowels open with small doses of **Pearce's Purgative Pills.**

Have you indigestion, sore throat, stiff joints, or lameness from any cause whatever? Have you rheumatism or other pains in any part of the body? If so, use **Johnson's Anodyne Liniment**, internally and externally.

Messrs. COLVER BROTHERS:
Having purchased for you, and had in use in our families for some time past, your Farina's Cooking Stoves, we cheerfully bear testimony to its many good qualities; its economy in the use of fuel, the rapidity with which it does its work, the uniformity with which its baking and cooking, and the many conveniences combined in it, all tend to make it, in our judgment, the best cooking stove in use, and as such we would recommend it to the public.

PROPOSAL FOR DIMENSION STONE
for the United States Court House and Post Office, Raleigh, N. C.
OFFICE OF SUPERINTENDENT,
U. S. COURT HOUSE & POST OFFICE,
RALEIGH, N. C., April 6, 1874.
Sealed proposals will be received at this office until 12 m., of the 6th day of May, 1874, for furnishing and delivering at the site of the United States Court House and Post Office at Raleigh, North Carolina, all of the dimension stone required for the exterior of that building.
The species of stone from which a selection will be made will be confined to Granite, Marble and Sand Stone, and the quality especially invited, will be the uniformity of color and the regularity and the capacity for working under the chisel or hammer.
A sample block 12x12x12 inches must be submitted with each bid, showing on one face the natural fracture of the stone, and on the other different grades of cutting. The stone must have good grain and be free from all discolored substances, and the quarry from which it is procured must be fully opened and capable of furnishing the quality and quantity desired within one year.
About 30,000 cubic feet more or less will be required. The actual average of the stones can not now be given, but will approximate 10 cubic feet. The largest stone containing about 75 cubic feet. The stone will be ordered on a schedule of set sizes and allowances of one inch in each cut will be made for quarry dimensions, according to the rules made by this Department in order that the contractor may make proper allowance for cutting, in the quarrying, and on this schedule payments will be made.
Bidders will state how soon they can commence delivering the stone, and the amount per week, they can deliver. They will also state the average and maximum size of the stones that can be obtained from their quarry.
No bids will be received, except from the owners or lessees of the quarry from which the stone is proposed to be furnished, and a certificate from the Recorder of the county in which the quarry is situated, that the bidder is the owner or lessee of the quarry must accompany each bid.
All proposals must be made on printed forms to be obtained on application to this office, and to be accompanied by a bond in the sum of five thousand dollars (\$5,000) that the bidder will accept and perform the contract if awarded him, and the bond shall be paid on or before the day of the opening of the bids, and the bond shall be forfeited if the bidder fails to comply with the terms of the contract. I am authorized to receive and work out the business of the contractor in case of default.
The Department reserves the right to reject any or all bids, or to divide the contract and award it to two or more kinds of stone.
Proposals must be made by a cash tender and endorsed "Proposals for Dimension Stone for the United States Court House and Post Office, Raleigh, North Carolina, and addressed to
