THE METH DLT SUNDAY SCHOOL SO CIETY.-The Sunday School Society of the Methodist Church of this State convenes this city the 14th last, at 10 A. M. The formal opening address will be delivered by R. T. G. sy Esq., of this city, on Thorsday exening. Distinguished divi-

shake the General by the head and have him again in our midst. They have taken sooms at the National Hotel.

Apoteneric -Mr. Turner, the Edito is absent from the City being at his home in Hillsboro, and a lack of editorial to-day is thus accounted for. He forwarded several articles which we regret came to hand too late for this issue. He sends an account of the Orange County Convenaction of the convention in regard to the Congressional nomination.

We learn from our triend James Webb Esq., of Hillsboro,' in the City to-day, that the Convention unanimously endersed, Josiah Turner, Jr. as their choice for the Congressional nomination at the District Convention in this City June 2nd.

THE MATCH GAME OF BASE BALL SATURDAY .- On Saturday afternoon a large concourse of spectators were present to witness the contest between the second tens of the Athletic and Pastime Clubs, on the Baptist Grove grounds, The Pastimes at first seemed to have at all their way until the third inning when the Athletics changed their pitcher putting their "Dummy" Holt in that position, when it soon became evident that his hot balls could not be batted and from that inning throughout the game the tide turned against the struggling Pastimes and the Athletics proved the champions, the score resulting: Athletics 39, Pastimes 23.

Time of game 2 hours and 15 min

The best feature of the game was to witness the exultation of the Deaf and Dumb, Holt, (the pitcher) at his success, making all kinds of motions and his countenance wreathed in smiles.

MATOR's COURT.-Too negro men were arraigned before His Honor, Mayor Holden, this morning, Henderson and Merritt, for an altercation, at one of the dens near the central depot. Nothing serious re- o'clock P. M., the complimentary dinner ity what they lack in quantity. They sulted from the difficulty. Merritt had a | will be given by Col. T. M. Holt, Presited cranium of Henderson, when the latter came after him in the razor style with his pocket knife ayowing he would work upon Merritt's internal improvement organs it that stick came down, Henderson swere out a peace warrant upon threats afterward of Merritt. The Mayor dismissed the matter after binding both of the severeigns over to put in their attendance upon Greasy Sam's next opening day, and issuing the peace warrant.

A NARROW ESCAPS,-A party of young ladies and gentlemen were on a fishing excursion to Yates Pend four miles from the city Saturday afternoon. One of the gallants invited a lady companion to take a ride in a cance. When rowing a short distance the little boat upset throwing the young lady out. The young man plunged in after her, both were on the point of drowning, when fortunately he seized hold of a stump and clung to it with his charge, until another boat reached the spot and rescued them. A parrow escape indeed. Beware of these little canoes young friends. We never saw one that would not tip over.

THE COMING RADICAL COUNTY CON PLICT ON PRIDAY MEET.-From the signs and doings among the faithful, when Friday's sur dawns upon this City of ours, we may be prepared to see the blackest crowd that has been in our confines since the days of Governor Holden's Jubilee on the night of fourth of July, in 1867, for Timothy has called the County Convention, and Mayor Jo, Genl. Gorman, and others; who want to shove Tim out, have called a grand mass meeting at the Baptlet Grove also where things are to be fixed up for the General and Joemes Harris, where the sovereigns are to be ted with barbacue and collards.

The General, Jeemes and Jo have had tiful cometery of the dead, to join in the their horsemen out fit is said, at full speed Memorial exercises, where, at the concludistributing their posters some days and sion of the cration by Gen'l. Cox, they calling upon the Coops to come forth will decorate the graves of the departed from their boles, for another day of Jubilee is on hand, and if they den't give them the forty acres and the mule they will fill them up, as eld Nancy Jones in the county, says, with good reform chain lightning and sweet "Bob Veal." We hear it rumered on the street, that Blow Your Hern Billy is one of the heavy contributors to this barbacue, having opped Tim so ungratefully too-afte his (Tim'e) getting the nomination for him at Franklinton two years ago, when there was such wavering in the scales. This is not to be unlooked for being characteristic of Radical gratitude. We the prof would hope to be saved from this grand | Miss Dr. Dimmock, of Baltimore, who outpouring, but the fiat has gone out was elected an honorary member last and the good citizens are to be jostled as year, has promised to be present.

Some information of great interest women will be found in the general report of the English census, lately. The facts of this report show that, without counting wives, the number of women of the age of fifteen and upwards, engaged in specific occupations, were 3 453,681. Within the past twenty years there has been a rapid increase in the number and proportion of women engaged in productive work, while there is no evidence of the increase of idle women, nor is any mention made of the number of women engaged in "worriting me.,"
