SPECIAL NOTICES

Corn and flour are staple articles; but not more so than Johnson's Anodyne Liniment, where known. It is good for children or adults, for any internal soreness of the chest or bowels, and the best Liniment prepared, under whatever name.

Dr. A. Johnson, one of the most successful practitioners of his time, invented what is now called Johnson's Anodyne Liniment. The great success of this article in the cure of Bronchitis and all diseases of the throat and lungs will make the name of Johnson not less favorably, if less widely known, than that of Louis Napoleon.

An Irishman called at a drug store to get a bottle of Johnson's Anodyne Liniment for the Rheumatism, the druggist asked him in what part of the body it troubled him most, "Be me soul," said he, "I have it in my houl and corner er me."

For loss of cool, horn all, red water in cows, loss of appetite, rot, or murrain in sheep, tick and broken wind, and rotting, and for all obstructions of the kidneys in horses use Sheridan's Country Condition Powders

There are several kinds of worms which trouble horses; the pin-worms (pointed at both ends) are the most common and most dangerous. Sheridan's Country Condition Powders will in a few days effect the worms, and the horse will begin to thrive.

Factories and machine shops should not be allowed to run a day without Johnson's Anodyne Liniment. In case of a sudden accident, an immediate use of it may save weeks of suffering, and perhaps a limb, or even life.

He all gone feeling which people sometimes speak of, is caused by want of prope-riety of the liver and heart. These may be assisted, and the bowels regulated, by Purson's Purgative Pills in small doses.
