

REGISTRATION.

A new registration is not required for the August election, but every man who has changed his residence since last election, must register or he cannot vote.

POOL'S APPOINTMENTS IN THE WEST.

Col. Stephen D. Pool, our candidate for Superintendent of Public Instruction, has been appointed to the following places:

July 30, Stateville, Irredell county. July 31, Newton, Catawba county. July 33, Asheville, Buncombe county.

WAKE COUNTY CANTON.—The candidates of both parties will address the people at the following times and places to wit:

Panther Branch—Wednesday, July 15, at Township House. Middle Creek—Thursday, July 16th, at Uley's. Buck Horn—Friday, July 17th, at Lashley's. White Oak—Saturday, July 18th, at Apex.

Either side is at liberty to give such portion of their time as they may see fit to any announced candidate.

THIRD TERM—KEMPER REVIEWS GRANT'S TROOPS.

Recently at Old Point, Gov. Kemper reviewed Grant's troops. For fear the reader may conclude that we mean third time, we will say that it was the first time that Gen. Kemper reviewed for Gen. Grant.

Some malicious editors coupling the review with the Mobby letters, may construe it into practicing for the third term.

LATE FIRE AT CHICAGO.

The terrible disaster which has recently befallen this fire-tried city of the West has called forth a severe criticism upon the government of the city.

THE THIRD TERM.

Ex Governor Herbert, of Louisiana, is out in a letter favoring Grant for the third term. He says both of the political parties may nominate, and Grant, such is his popularity, could beat all opposition as an independent candidate.

The Governor wishes, or argues, Grant for the third term that he may restore property and happiness to the South. The South has had enough of Grant, Holden, Bullock, and Kellogg happiness.

Herbert, Mobby and such men are simply looking for that which will make for their own personal aggrandizement. If Governor Kemper is found again carrying on a private political correspondence with such men, he should be counted, like Col. Ruffin, not among the enemy, but one of them.

The third term will bring war, though its advocates say to the contrary. If war does not follow, the country and despotism will, down with the third term, and the third man.

TAKING LEAVE.

Stephens and Hill off to business of each other. Stephens took leave last, now it is Hill's time, and after this style he does it. Their leave-taking is not after the style of Romeo and Juliet, to whom parting was such sweet sorrow that they could say good night until it was to-morrow.

And now let me take leave of Alexander Hamilton Stephens. I have known him long and studied him well. In my opinion, he has inflicted upon the Southern people more injury than was ever inflicted upon any people by one civilian.

responsible. To what shall we liken him? We must not blaspheme the dead by hunting among them for his model. We will not insult the living by seeking among them for his rival. We cannot libel the innocent names by suggesting that among them he could ever have an imitator.

CHANGE OF SENTIMENT.

There was a time when our Puritanical brothers were greatly shocked at horse racing and dueling, so common in the South. The racing is now transferred to the localities North.

Up to ten o'clock last night there were sold at Johnson's, Broadway and Twenty-eighth street, 143 Paris mutual pools in the University race, divided in the following manner:

Harvard, \$47; Yale, \$36; Wesleyan, \$35; Columbia, \$14; Dartmouth, \$7; Trinity, \$4; Cornell, \$3; Princeton, \$1; Williams, \$3.

CIVIL RIGHTS.

At the last session of the General Assembly civil rights was discussed at length, when Mr. Houston, of Catawba, offered the following resolution by way of ascertaining who was for and who against civil rights.

A RESOLUTION ENTITLED A PROTEST AGAINST THE PASSAGE OF THE CIVIL RIGHTS BILL BY CONGRESS.

Resolved, That the General Assembly of North Carolina do most earnestly and respectfully petition the Congress of the United States not to pass the bill now pending in the House of Representatives, known as the Supplementary Civil Rights Bill, believing as we do that the immediate effects of such a law would be the suppression of our public schools for both white and colored; the closing of many of our houses of worship; the ruin of our landlords and hotel proprietors, as well as the thorough demoralization of our society and the cause of bitter strife between the two races.
