THE CHAMPION GAME.—The Athletic Base Ball Club, at a meeting on Saturday, accepted the challenge of the Wilson Club to play a match game for the championship of the State, on the 14th instant, on the Baptist Grove grounds. It promises to be the best game of the season, and we have no doubt will be witnessed by a large crowd of our citizens.

YALE PROFESSORS ON A PROGRESSIVE TOUR.—Two Professors of Yale College arrived in this city a few days ago, and in company with Capt. Wm. E. Pierce, of this county, left the city to-day with an ambulance and two horses westward bound. They come more particularly to examine the mineral lands of North Carolina, and will go as far west as Asheville, viewing on their route all objects of interest, including the famous Bald Mountain. They expressed a desire to attend a political discussion down South, and they will stop at Franklin's store this afternoon, for that purpose. Our Senator accepted an invitation to accompany them to the speaking, and will have more to say tomorrow. We wish them a pleasant and profitable trip.

WATERMELON FARM.—The model farmer of Wake County, our friend Simon H., who has a splendid lot of the celebrated Jackson watermelons, and proposes in a few days putting them on sale in our city. On yesterday evening he was visited by quite a number of town folks who shortly after arrival at his residence were joined by the Equine neighbors, who were many. The square had a room full of his delicious melons. He was thinking of sending some of them to market to-day, but after the visitors had worked upon them awhile, Simon concluded he would wait until after the next rain, for they only left him too little steaked ones, though for seed. Simon says it is the "cuttingest" watermelon he ever struck, and he is evidently of the opinion that it was a put up job.

CIVIL RIGHTS OR BLOOD.—A negro named Evans, working in Pogge's tobacco factory, at Hillsboro, owed Mr. Joe Rice eighty cents, and handed him a \$3 bill to pay the debt. The negro insisted the debt was only fifty cents, and becoming impatient about it, Mr. Rice handed him back his two dollars, and said he would have his whole debt or nothing, and he would have no more dealings with Evans. At night when Mr. E. was on his way home from his place of business, Evans set upon him in the dark with a stick, knocking him down and beating him severely. The negro was captured and lodged in jail. The cowardly assault excited great indignation against the negro. Mr. Rice is an old citizen of the town, and was never known to have angry words with white or black before. Such a brutal and cowardly assault demands another than Fourges upon the bench.

GREEN'S OXYGENATED BITTERS.
The stomach is one of the most delicate organs of the human system, and the indigestible food crowded into it by the requirements of modern society, keep it in a state of chronic disorder, which is followed by a resort to tonics and alteratives for relief. It unfortunately happens, however, that many of the medicines used for this purpose contain alcohol, which, poured into a diseased stomach, produces irritation, creates inflammation, and does more injury than good.
OXYGENATED BITTERS CONTAIN NO ALCOHOL.
but are a purely medicinal preparation, which in cases of Dyspepsia, Heartburn, Indigestion and other like disorders, at once restores the stomach to its
NATURAL CONDITION OF HEALTH.
The Oxygenated Bitters have been the most popular remedy for the above complaints for the last thirty years, and still maintain their unrivalled popularity.

ARE YOU GOING TO PAINT?
The best is the Averill Chemical Paint, because:
1st. It has been thoroughly tested by chemists, and over 250,000 owners of residences throughout the United States for the last seven years, and pronounced by them to be the most durable paint known.
2nd. For beauty and retention of color it stands far ahead of any other. Buildings have been painted with it in part, and partly with the best of any other, and the result is in favor of the Averill Chemical Paint, and it is (judicially) the best and most of the other paints free from lead. It will not blacken or discolor by the action of the atmosphere, or by the action of our marshy rivers and coasts.
3rd. Requires no skilled painter. Any one can apply it.
4th. It is in liquid form and all ready for use. Purest White, or any desired shade, can be obtained without subjecting the buyer to the annoyance of purchasing oil, pigments, coloring matter, driers, etc. It is easily spread from the brush, affords firmity to every substance it may be applied upon. For wood, brick, iron, or for any painting purpose where durability, beauty and preservative properties are requisite, it stands unrivalled. Through composed of the most indestructible material known to science, the Averill Chemical Paint is so made that it is (judicially) the best and most of the other paints free from lead. It will not blacken or discolor by the action of the atmosphere, or by the action of our marshy rivers and coasts.
5th. Requires no skilled painter. Any one can apply it.

THE CASE OF WILSON ET AL.
North Carolina, vs. the Treasurer of North Carolina, will be heard at Chambers before Judge Watts at Franklinton on Friday next. The suit is for the purpose of compelling the Treasurer to pay certain interest upon the old and new bonds.
Capt. L. R. Exline, late of the firm of Alcott & Co., of this city, has removed to Lenoire, on the Raleigh & Augusta Railroad, where he proposes engaging in business and at the same time acting as railroad agent at that point. A most clever gentleman we part with him with regret, wishing him unbounded success in his new field.
Owing to the inclemency of the weather Saturday night there was not such an assemblage as would have been at the meeting of the Davis Club. Messrs. Ashe, Fuller, Strong, McGowan and C. M. Beebe made short but eloquent speeches. A resolution was adopted asking the Conservative merchants of the city to close their places of business on Thursday the day of election and give one day to the cause. We earnestly trust the resolution will be complied with.
The cathartics used and approved by the physicians comprising the various medical associations of this State are now compounded and sold under the name of Parsons' Purgative Pills.
We copy the following from an exchange, which is important, it is true—Chronic diarrhoea, long standing, also dysentery, and all similar complaints common of this season of the year, can be cured by the use (internally) of Johnson's Anodyne Linctum. We know whence our pills.

Owing to the inclemency of the weather Saturday night there was not such an assemblage as would have been at the meeting of the Davis Club. Messrs. Ashe, Fuller, Strong, McGowan and C. M. Beebe made short but eloquent speeches. A resolution was adopted asking the Conservative merchants of the city to close their places of business on Thursday the day of election and give one day to the cause. We earnestly trust the resolution will be complied with.
The cathartics used and approved by the physicians comprising the various medical associations of this State are now compounded and sold under the name of Parsons' Purgative Pills.
We copy the following from an exchange, which is important, it is true—Chronic diarrhoea, long standing, also dysentery, and all similar complaints common of this season of the year, can be cured by the use (internally) of Johnson's Anodyne Linctum. We know whence our pills.

THE CASE OF WILSON ET AL.
North Carolina, vs. the Treasurer of North Carolina, will be heard at Chambers before Judge Watts at Franklinton on Friday next. The suit is for the purpose of compelling the Treasurer to pay certain interest upon the old and new bonds.
Capt. L. R. Exline, late of the firm of Alcott & Co., of this city, has removed to Lenoire, on the Raleigh & Augusta Railroad, where he proposes engaging in business and at the same time acting as railroad agent at that point. A most clever gentleman we part with him with regret, wishing him unbounded success in his new field.
