THE SENTINEL.

JOSIAH TURNER, Editor.

WEDNESDAY, AUGUST, 19, 1874.

CLUB RATES.

Any person sending us six subscribers with the money for six or twelve months shall have the SENTINEL for the same time free of charge. Send in your clubs and we will whip the ring for the fourth time, God and the people willing.

DAILY PAPERS IN RALEIGH.

Raleigh has had some thirteen daily papers since the war. They have perished one after another where there was no ring to feed them. Manager Hearne with railroad money run the *Carolinian* avowedly "to break down or buy out the SENTINEL." He said the editor of the

Speaker Jarvis could not hold him up. Speaker Jarvis and other conservatives worked zealously in the interest of Manager Hearne and his paper. Hearne sold or pretended to sell his paper to Jordan Stone for $5,000. Jordan received Hearne's office and fixtures, but Hearne did not receive the $5,000, because the property was not his.

Stone employed Capt. *Sam.* Williams at $2,500 a year; Capt. Woodson at $1,500; Mr. Burton at $1,000, making with himself and Uzzell six editors, not to mention his bookkeeper and mailing clerk at $1,000 each.

Stone and Uzzell, the *New* editors, broke down six weeks ago, and Stone said the concern was out $35,000. Whose money was so lavishly expended?

A New Yorker tells us that Boss Tweed belonged to a big political ring in New York and his ring furnished money to run papers in the South including North Carolina. Best is in the penitentiary at Albany. How is it that even in New York a man stealing from the State can get in the penitentiary, and in North Carolina he goes scot free? The difference is in the judiciary. The New York judiciary never deliver opinions *in private* to individuals, and it can not be said of them as Swepson said, that he paid large sums of money to have a favorable adjudication of the bonds in his favor. Ring papers will make a corrupt judiciary.

PLATO DURHAM.

We are gratified at the defeat of Plato. He was certainly counted a Republican even before he voted for Grant and advocated in this city the election of John Pool to the Senate of the United States. We believed Plato had personal reasons for this growing out of his kuklux complications. We did not have it in our heart to up braid him for his seeming treachery. We thought he would return to his party allegiance as soon as the indictments against him for kuklUxing were compromised and settled. We thought too, that a compromise would be offered him, as it was offered to Capt. Shotwell. The latter would not bite at the bait, but preferred the penitentiary. Plato, we learn, wanted to fight us because we called him a Republican. We are willing that he should now be counted and count himself a Democrat. When he becomes an independent candidate we shall call him a brindle tail.

A SECRET.

A young man came to us with a state secret, to-wit: That Jordan Stone's card of Sunday was written by a little squatty lawyer. We told him what old Dr. Johnston said about writing sermons for stupid preachers. The Doctor said they paid him for his work and the sermon become their property. Now if Jordan Stone employs a squatty or a long drawn out lawyer to abuse us in a card, the card becomes Jordan's property.

MAJOR McRAE.

The enemies of railroad rogues and rings will have in Major McRae a staunch friend against depriving the State of the little property it has left. He has been fighting Andrew Jones, Tom Lattimore and the railroad manipulators for four years. The time, labor and study bestowed, makes him a graduate in the business. He will be a new but valuable member.

THE VICKSBURG "VICTORY."—And since we are masters of the situation, what, you might ask, are we going to do? There is but one idea on the subject, and that has a place in the mind of every white man in this city—employ only white labor as draymen, porters, clerks, mechanics; discountenance all negro hackmen, barbers, waiters, servants (male and female) and compel them to go back to their proper sphere—the corn and cotton fields. The war has commenced, and before it ends our city will have gained a large white population of honest, thrifty foreigners, and will have lost a large number of idle, vagabond negroes—the men infamous vagabonds all, the women unworthy of any name but strumpet. How pure and fresh will be our breezy southern air then; how healthy and invigorating our evening river breeze.

We need five hundred white men immediately. We do not want young gents with paper collars and tight boots on, but men who are willing to work in the same capacity here that they do in the North, East and West—men who can drive a dray or a wagon; who can work as porter, hostler, hack driver; who will take half a dozen acres of land on their own terms and cultivate a garden, or a vineyard, or an orchard; who will take a large interest on the same terms for farming purposes; who will do anything. In a word, that they are able to do, receiving compensation ranging from forty to seventy-five dollars a month. Twenty-five good white draymen can find work at ten to twelve dollars a week right now. Twenty-five white men will be employed as soon as obtained as porters. A white man's barber shop is wanted here, with a guarantee from one hundred men to have their shaving, &c., done the year round. White hack-drivers are wanted. Even the white boot blacks are patronized exclusively.—*Vicksburg Correspondence Cincinnati Commercial.*

This means that Vicksburg is fast finding out that poor men cannot afford to pay negroes or white men to do their work, and it is best and cheapest to do it themselves.

ADVICE TO THE GRANGERS.—Hon. Jas. B. Beck, of Kentucky, in a recent speech in this State, gave some wholesome advice to the Grangers. He says the Grange is not in any way connected with any of the great corporations or of organizations which are seeking special legislation or exclusive privileges. He asserts that "it is impossible to have just and honest legislation, State or Federal, so long as representatives are men who owe their election to, or are personally interested in great moneyed corporations or monopolies." He believes the Grangers have it within their power to prevent this evil—if it has not already reached the point where a corrective should be applied—without departing from their determination to exclude politics from their organization.—*Cincinnati News.*

The monopolists are trying to run the State Government as well as the General Government. Here in North Carolina the ring meddles in State, County and municipal elections and unless the farmers come to the rescue, the country will be ruined.—*Southern Home.*

That's so, General. What do you think of Buford and the Railroad furnishing $6,000 to run Hearne's paper, and then a few political men furnishing $35,000 to run the *News*? We have a number of letters for publication, complaining of the manner candidates were brought out in Wake. They shall appear by and by.

OXYGENATED BITTERS.

The stomach is one of the most delicate organs of the human system; and the indigestible food crowded into it by the requirements of modern society, keep it in a

A STATE OF CHRONIC DISORDER,

which is followed by a resort to tonics and alteratives for relief. It unfortunately happens, however, that many of the medicines used for this purpose contain alcohol, which, poured into a diseased stomach produces irritation, creates inflamation, and does more injury than good.

OXYGENATED BITTERS CONTAIN NO ALCOHOL,

but are a purely medicinal preparation, which in cases of Dyspepsia, Heartburn, Indigestion and other like disorders, at once restores the stomach to its

NATURAL CONDITION OF HEALTH.

The Oxygenated Bitters have been the most popular remedy for the above complaints for the last thirty years, and still maintain their unrivalled popularity.

ARE YOU GOING TO PAINT?

The best is the Averill Chemical Paint, Because

1st. It has been thoroughly tested by chemists, and over 200,000 gallons of residences throughout the United States for the last seven years, and pronounced by them to be the most durable paint known.

2nd. For beauty of combination of color it stands far ahead of any other. Buildings have been painted with it in part, and partly with the best of other paints, both in the interior and on the sea coast, and in no case has it been awarded for beauty or permanency of color.

3rd. It is economical, and in fact is no more than the best lead and oil, and being far more durable its covering about twice as much as the best of any other,) and beautiful, warrants the assertion that for a period of twenty years it will save the consumer fully 50 per cent.

4th. It is in liquid form and all ready for use. Purest White, or any desired shade, can be obtained without subjecting the buyer to the annoyance of packages of pigments, coloring matter, dryer, &c. It is easily spread, flows freely from the brush, clings firmly to every substance it may be applied upon. For wood, brick, iron, or for any painting purposes where durability, beauty and preservative properties are requisite, it stands unrivalled. Though composed of the most indestructible materials known to science, an analysis of the Averill Chemical Paint shows it to be (unlike lead and most of the other paints) free from poison. It will not blacken or discolor by the

VALUABLE FARM FOR SALE.

Having more real estate than I can, or desire to cultivate with such labor as I am able to procure, I offer for sale one of the most desirable farms in Johnston county. It is situated on the South side of Neuse River, in Smithfield's Township, adjoining the lands of the late Maj. Williams and Dr. John F. Sanders (dec'd). It is well adapted to the growth of both corn and cotton. Superadded to its present productiveness, the facilities for manuring are unsurpassed, there being an inexhaustible supply of rich decomposed vegetable mould convenient to every portion of the cleared lands. Open land enough for 6 or 8 Horses. Upon it there is a fine orchard now heavily laden with the choicest varieties of both the peach and the apple.

As a stock farm the uncleared lands cannot be surpassed for either hogs or cattle. Hogs do well the entire year with only such attention as is necessary to keep them gentle. The mast of the forest trees frequently make them sufficiently fat to be transferred to the smoke house. Cattle permitted to range the entire winter, keep in good plight in fact thrive better then when confined, sheltered and fed on dry forage.

Notwithstanding its proximity to the flats of the Neuse, the cultivated portion of this farm is not subject to inundation. The tract contains about 600 acres.

If a sale is not effected, it can be rented or leased for a term of years.

PEERLESS STEAM WASHER AND BLEACHER.

THE LATEST, BEST AND CHEAPEST

ASHE MADE.

That Steam Washers are better than others is now generally conceded. That the Peerless is the best of Steam Washers will be as readily admitted by every one who sees it and tries it with others.

Its construction is such as to rush the largest quantity of water through the clothing in the shortest time, and to compell all the water to go where it is desired, and prevent its going anywhere else. It has no tangling valves to make the water flow by fits and cease to flow at intervals—but causes it to flow steadily—pouring sixteen streams on the whole surface of the clothing. Then the water has not to descend to the centre or both ends of the false bottom to get back to its starting point but goes straight down from where it falls, washing all parts of the clothing—now untouched by its rapid current. It rushes through the clothing many times per minute and cleans them in 15 to 30 minutes! The cost of the machine may be saved very soon in difference in wear of the clothes.

It may be saved very soon in the difference of labor required.

A machine made to fit, can be used with any stove boiler or the boiler for the machine may be used for any other purpose.

This machine sells for less than any of its kind, and will do the work quicker and more thoroughly. As its name indicates it is

THE GREAT REMEDY FOR

CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
