It was finally decided that Maniton should not attack Beecher or confirm Tilton further than by the submission of papers called

General Butler read the long statement the same night, and advised its suppression for future use. In consequence of Kingsley's information, and Gen. Butler's advice Moulton changed his statement but forget to alter the Chicago correspon dent's letter. Kingsley's only suggestion of paying money to Tilton was a remark made publicly by him in a restaurant, to the effect that "Titton need not want for money, he could have \$5,000 if he wanted
