WHAT THE WILSON BASE BALLIST EAT or Us - A correspondent of the Wilson Advance, a member, we take it, of the Wilson Base Ball Club, has the following

"Our boys left on the 13th for Raleigh, play the Athletic Club of that city. In Goldsbero, we were entertained by that gentime and scholasoned landlord, Dr. s. P. Wright, of the Hamphrey house, who furnished an excellent dinner for the whole Club without charge. We arrived in Ralelgh at 5:30, p. m., and were met by the Athletics and escorted to the Yarbore House, where we hung up during our stay in Raleigh, and leasted on the good things that may always be found where Dr. Blacknall has charge. The Yarboro House has been thoroughly repoyated and is now one of the finest bo tels in the South, and Dr. Blacknall can not be surpassed anywhere. He make all who come under his care feel at home and spares neither trouble nor expense to make them comfortable.

"Every courtesy and kindbess imaginable were extended to us by the Ath letics and citizens of Raleigh, and if we were defeated, we had a pleasant time which will long be remembered. On Friday, the 14th, at 4:80, p. m., the game was called, with the Athletics at the bat. Our boys were beaten after an interest ing game, by 16, the score standing 15 to \$1. Not being at all discouraged by our bud luck this time, our boys are deter mined to try the Athletics again upo our own grounds and if we do not beat them in the game, we will try, at least, to equal them, if possible, in the courtesics and kindness, which they showered upon us while in their city." \* \* \*

The Republican papers show symptoms of the sunusi pre-dection "Southern outrages" dodge. It must strike the intellirages" dodge. It must strike the intelligent stranger as remarkable that the Southern whites as variably choose the period immediately before the elections take place in the Morthern Blates to shoot Republicans and negroes. During the other parts of the year they are simiable and quiet, but just when violence will be of assistance to the Republican politicians they break out. A most chliging people truly. The fact is, the outrage mill has been started in every Republican powspa. been started in every Republican newspa per office about the middle of summer ev cry year since the party was formed. The outrage is an indispensable part of the campaign stock in trade. But the supply has been so great in the past that the public taste has palled. It will be difficult to stimulate the anger of the Northern people this year with more manufac tured outrages. The Republican editors if they had a particle of enterprise left in them, would invent a new juggle. But it it is evident that they have lost heart in the canvais, and that the old threadbar trick will be pressed into service cate more for want of something else. - N. T.

The story comes from Montgomer Lin. that United States District Jud Busteed, while a passenger on the West esp Railroad, in that State, "incited a ne gro riot" on the cars. The conductor orderod a negro out of the ladies' car, in which he had no right to a seat, when the gallant Busted took the side of the "cullud pusses," insisted on civil rights, and, with pistel drawn, at the head of fifteen of twenty blacks, gathered on the train, invaded the ladies' car in defianof one white man and three or four terrified females. We can scarcely credit the story. The ides of Dick Busteed, with a loaded revolver, leading anything, sounds about to New Yorkers. When Busteed was made a political "General" during the war he inquired of a friend what the people of New York said about his milltary promotion, "Say ?" was the reply ; "they doe't say anything. They laugh !" Busteed with any pistol but a "pocket pisto!" is a hage joke.—N. Y. Herald.

1. The great corruption that existed among the leaders of that party.

2. The fraudulers misuse of legislative power to fairen on our people a large and oppressive public debt still uspro vided for.

6. The denial to many of our citizen many of their dearest and most sacred rights, the free use of unia wint means to carry elections, and other invasions of the liberties of the people,

Yet the chief issue presented in the canvana, was one recently forcid on us by our political adversaries usually, that arising from the "Civil Rights Biff." A measure fraught with the most direful e-marquences to all of our people and especially to the laboring classes, being calculated to arouse the worst passion of the two saces, to dectroy the peaceful and even friendly relations existing between them, and to inaugurate an era of strife tive of our present prosperity. Its a foption would destroy the common schools of our State-so much needed in a country whose government must rest on the virtue and intelligence of the people, and where all men are invested with the elective franchise; whi'e its social features are violative of the dearest regists of frormen and in direct corflict with the principles of local self government declared

TO THE WHOLLSALE TRADE.

Judging the future by the past, we enter with confidence upon this our new enterprise. of separating our Wholesale from our Retail Trade, by having a separate and distinct House for each; and in doing so we flatter ourselves that it will not only meet the approval of our numerous customers, but that an "Exclusive Wholesale House" will bring us a large influx of new trade, and of a character not herstofore enjoyed. It must be obvious to every buyer that a strictly "Wholesale House," arranged and adapted for that trade only, with a corps of experienced Wholesale Salesmen, with a Stock carefully selected for that Trade only, and moreover, the avoidance of coulng in contact with retail buyers, which we snd you all have heretofore found to be so irk some, as it frequently happens that the retail buyer is your very neighbor, (perhaj your own customer), butch a house, we assert, must and will commend itself to the trade.

Four years ago we advertised that we in-

sert, must and will commend itself to the trade,
Four years ago we advertised that we intended to make Charlotte a wholeasie mart and ours "The Wholeasie Hones," We now have the proud satisfaction of seeing it an accomplished fact.
We now call your attention to the fact that we have converted our augers above into an exclusive Wholeasie Hones, where you can find all lines of goods necessary for a country store, to wit: Dry Goods, Clething, Boots, Shoos, Hats, Notions, Groceries, Hardware, Millinery, all in complete lines, bought in large quantities and from the very first hands.

Our stock is now arriving and will be conplete shout the lat of reptember, and will be the largest of any here, the pretembors of others to the contrary notwithstanding We respectfully invite your personal inspection, or write to us for circulars.

Very truly yours,

RETAIL.

Now, a few words about that. We now occupy the superb house heretofore so favorably known as the Messys. Brem, Brown & Co's., Dry Goods House, to carry on our Retail business, and as "Excelsior" is, and has always has been, our motto, we claim also in that line to excel in stock, to excel in lowness of prices, and to excel generally. We will, in that house, have a corps of thirty halesmen, and fields-Ladies, all experienced, affable, and obliging.

We will make the Millimery branch a speciality.
