A negro cropping with him was posed to idle and waste much time, Mr. Allen undertook to advise with him about his work, and losing so much time The negro said it was none of his business The negro went from insolent words to rock. Allen, upon the approach of the negro with the rock drew his pistol. The negro advanced, and Allen fired to scare him, without intent to hit. The negro continued to advance, when Allen fired and killed him. Mr. Allen went in search of the Sheriff and surrendered. Two sons of the negro stole two of Mr. Alien's mules and fled. If the Legislature could take some of our elections off of our handle it would have a tendency to give quiet and peace to the country. I would the Legislature would elect a Superintendent of Public Instruction, instead of baving blur to canvans at great personal labor and expense all over the State. Judges, too might be elected in the old way. It was good enough for our fathers and the old constitution, and I think it would work well with us.
