Russia offers an open field to the Women's Rights people. True, they have not many rights there to lose, but there are many wrongs to remedy. Corporal punishment, however, which has been the penalty for several offenses, will be less frequently inflicted in the future. It is doubtful if the substitute proposed will not be regarded by the fair sufferers as more of a curse than a boon. A Government committee, appointed to inquire into the effects of flogging women, find that the fear of this brutal punish tends to prevent their misconduct and sobedience to their husbands and rulers. They suggest, however, that confir ement calls, at the rate of ten days for one blow from "the cut," and two days for a bk w from a cane, may prove as effectual, and

SERVINEL at the following rates per square one inch, or ten minion lines.

Onesquare one time.

Six Reasons Why

YOU SHOULD INSURE IN

# 921 CHESTNUT STREET.

1st. Because it is one of the oldest Companies in the Country, and past the

day of experiments.
2nd. Because every policy-holder is a member of the Company, entitled to all its advantages and privileges, having a right to vote at all elections for trustees, and

thus has an influence in its management. 3rd. Because it has as large a percent-age of assets to liabilities as any life Inarance Company in the Country. 4th. Because by economical ment, its ratio of expenses to total incom

is far below the average of Life Compan-ies. (See Official Insurance Reports.)
5th. Because it has declared more dividends in number, and of a Larger Average Percentage, than any Company in the United States.

For example: Policy No. 16, for \$5,000, has been paid to the widow of a Philadelphia Merchant, upon which twenty-three dividends had been declared. Averaging fifty-seven per cent. Had the dividends been used to purchase additions to this Policy, \$6,046 more would have been realized,—making the Policy worth \$11,-

6th. Because it is liberal in its management, prompt in its settlements, safe be-yond a contingency, and its rates are as low as any first-class Company 's the Country. PRINCIPAL FEATURES. -- Small expenses,

absolute recurity, large return premiums, prompt payment of losses, and liberality

prompt payment of losses, and trocast to the insured.
